7. **TIPS Sales and Supplemental Agreements.** If awarded, when making a sale under this awarded contract, the terms of the specific TIPS order, including but not limited to: shipping, freight, insurance, delivery, fees, bonding, cost, delivery expectations and location, returns, refunds, terms, conditions, cancellations, defects, order assistance, etc., shall be controlled by the purchase agreement (Purchase Order, Contract, AIA Contract, Invoice, etc.) ("Supplemental Agreement" as used herein) entered into between the TIPS Member Customer and Vendor only. TIPS is not a party to any Supplemental Agreement. All Supplemental Agreements shall include Vendor's Name, as known to TIPS, and TIPS Contract Name and Number. Vendor accepts and understands that TIPS is not a legal party to TIPS Sales and Vendor is solely responsible for identifying fraud, mistakes, unacceptable terms, or misrepresentations for the specific order prior to accepting. Vendor agrees that any order issued from a customer to Vendor, even when processed through TIPS, constitutes a legal contract between the customer and Vendor only. When Vendor accepts or fulfills an order, even when processed through TIPS Vendor is representing that Vendor has carefully reviewed the order for legality, authenticity, and accuracy and TIPS shall not be liable or responsible for the same. In the event of a conflict between the terms of this TIPS Vendor Agreement document and those contained in any attachment, the provisions set forth herein shall control unless otherwise agreed to by the Parties in writing. The Supplemental Agreement shall dictate the scope of services, the project delivery expectations, the scheduling of projects and milestones, the support requirements, and all other terms applicable to the specific sale(s) between the Vendor and the TIPS Member.

8. **Payment for TIPS Sales.** TIPS Members may make payments for TIPS Sales directly to Vendor, or as otherwise agreed to in the applicable Supplemental Agreement after receipt of the invoice and in compliance with applicable payment statutes. Regardless of how payment is issued or received for a TIPS Sale. Vendor is responsible for all reporting and TIPS Administration Fee payment requirements as required by the TIPS Contract.

9. **Right of Refusal.** If awarded, Vendor has the right not to sell to a TIPS Member under the awarded agreement at Vendor's discretion unless otherwise required by law.

10. **Reporting TIPS Sales**. If awarded on this TIPS Contract, for the duration of the contract, Vendor shall provide a RS Means line-item estimates to TIPS for each anticipated TIPS project or sale. When a TIPS Member Customer seeks a quote or proposal for a TIPS sale, Vendor shall always supply a line-item estimate to TIPS for review and approval. If awarded, Vendor must report all TIPS Sales to TIPS. If a TIPS sale is initiated by Vendor receiving a TIPS Member's purchase order from TIPS directly, Vendor may consider that specific TIPS Sale reported. Otherwise, with the exception of TIPS Automated Vendors, who have signed an exclusive agreement with TIPS regarding reporting, all TIPS Sales must be reported to TIPS by either: (1) Emailing the line item quote and purchase order or similar purchase document (with Vendor's Name, as known to TIPS, and the TIPS Contract Name and Number included) to TIPS at tipspo@tips-usa.com with "Confirmation Only" in the subject line of the email within three business days of Vendor's acceptance of the order, or; (2) Within 3 business days of the order being

accepted by Vendor, Vendor must login to the TIPS Vendor Portal and successfully self-report all necessary sale information within the Vendor Portal and confirm that it shows up accurately on your current Vendor Portal statement. No other method of reporting is acceptable unless agreed to by the Parties in writing. Failure to report all sales pursuant to this provision may result in immediate cancellation of Vendor's TIPS Contract(s) for cause at TIPS' sole discretion. Please refer to the TIPS Accounting FAQ's for more information about reporting sales and if you have further questions, contact the Accounting Team at accounting@tips-usa.com.

11. **TIPS Administration Fees.** The collection of administrative fees by TIPS, a government entity, for performance of these procurement services is required pursuant to Texas Government Code Section 791.011 et. seq. The administration fee ("TIPS Administration Fee") is the amount legally owed by Vendor to TIPS for TIPS Sales made by Vendor. The TIPS Administration Fee amount is typically a set percentage of the amount paid by the TIPS Member for each TIPS Sale, less shipping cost, bond cost, and taxes if applicable and identifiable, which is legally due to TIPS, but the exact TIPS Administration Fee for this Contract is published herein. TIPS Administration Fees are due to TIPS immediately upon Vendor's receipt of payment, including partial payment, for a TIPS Sale. The TIPS Administration Fee is assessed on the amount paid by the TIPS Member, not on the Vendor's cost or on the amount for which the Vendor sold the item to a dealer or Authorized Reseller. Upon receipt of payment for a TIPS Sale, including partial payment (which renders TIPS Administration Fees immediately due), Vendor shall issue to TIPS the corresponding TIPS Administration Fee payment as soon as possible but not later than thirty-one calendar days following Vendor's receipt of payment. Vendor shall pay TIPS via check unless otherwise agreed to by the Parties in writing. Vendor shall include clear documentation with the issued payment dictating to which sale(s) the amount should be applied. Vendor may create a payment report within their TIPS Vendor Portal which is the preferred documentation dictating to which TIPS Sale(s) the amount should be applied. Failure to pay all TIPS Administration Fees pursuant to this provision may result in immediate cancellation of Vendor's TIPS Contract(s) for cause at TIPS' sole discretion as well as the initiation of collection and legal actions by TIPS against Vendor to the extent permitted by law. Any overpayment of participation fees to TIPS by Vendor will be refunded to the Vendor within ninety (90) days of receipt of notification if TIPS receives written notification of the overpayment not later than the expiration of six (6) months from the date of overpayment and TIPS determines that the amount was not legally due to TIPS pursuant to this agreement and applicable law. Any notification of overpayment received by TIPS after the expiration of six (6) months from the date that TIPS received the payment will render the overpayment non-refundable. Region 8 ESC and TIPS reserve the right to extend the six (6) month deadline if approved by the Region 8 ESC Board of Directors. TIPS reserves all rights under the law to collect TIPS Administration Fees due to TIPS pursuant to this Agreement.

12. **Confidentiality of Vendor Data.** Vendor understands and agrees that by signing this Agreement, all Vendor Data is hereby released to TIPS, TIPS Members, and TIPS third-party administrators to effectuate Vendor's TIPS Contract except as provided for herein. The Parties agree that Vendor Data is accessible by all TIPS Members as if submitted directly to that TIPS Member Customer for purchase consideration. If Vendor otherwise considers any portion of Vendor's Data to be confidential and not subject to public disclosure pursuant to Chapter 552 Texas Gov't Code (the "Public Information Act") or other law(s) and orders, Vendor must have identified the claimed confidential materials through proper execution of the Confidentiality Claim Form which is required to be submitted as part of Vendor's proposal resulting in this Agreement and incorporated by reference. The Confidentiality Claim Form included in Vendor's proposal and incorporated herein by reference is the sole indicator of whether Vendor considers any Vendor Data confidential in the event TIPS receives a Public Information Request. If TIPS receives a request, any responsive documentation not deemed confidential by you in this manner will be automatically released. For Vendor Data deemed confidential by you in this manner, TIPS will follow procedures of controlling statute(s) regarding any claim of confidentiality and shall not be liable for any release of information required by law, including Attorney General determination and opinion. In the event that TIPS receives a written request for information pursuant to the Public Information Act that affects Vendor's interest in any information or data furnished to TIPS by Vendor, and TIPS requests an opinion from the Attorney General, Vendor may, at its own option and expense, prepare comments and submit information directly to the Attorney General stating why the requested information is exempt from disclosure pursuant to the requirements of the Public Information Act. Vendor is solely responsible for submitting the memorandum brief and information to the Attorney General within the time period prescribed by the Public Information Act. Notwithstanding any other information provided in this solicitation or Vendor designation of certain Vendor Data as confidential or proprietary, Vendor's acceptance of this TIPS Vendor Agreement constitutes Vendor's consent to the disclosure of Vendor's Data, including any information deemed confidential or proprietary, to TIPS Members or as ordered by a Court or government agency, including without limitation the Texas Attorney General. Vendor agrees that TIPS shall not be responsible or liable for any use or distribution of information or documentation by TIPS Members or as required by law.

13. **Conflicts of Interest.** Vendor confirms that they have not offered, given, or accepted, nor intend to give at any time hereafter any economic opportunity, future employment, gift, loan, gratuity, special discount, trip, favor, service to the other in connection with this Agreement. Vendor affirms that, to the best of Vendor's knowledge, its proposal has been arrived at

independently, and is awarded without collusion with anyone to obtain information or gain any favoritism that would in any way limit competition or give an unfair advantage over other vendors in the award of this Agreement. Vendor agrees that it will/has disclosed any necessary affiliations with Region 8 Education Service Center and the TIPS Department, if any, through the Conflict of Interest attachment provided in the solicitation.

14. **Volume of TIPS Sales.** Nothing in this Agreement or any TIPS communication may be construed as a guarantee that TIPS or TIPS Members will submit any TIPS orders to Vendor at any time.

15. **Exclusivity.** Any award under this solicitation is non-exclusive and TIPS reserves the right to award multiple vendors or not award any vendors. TIPS reserves the right to re-issue a solicitation or solicit the same or similar solicitation categories for additional similar awards at any time at TIPS sole discretion.

16. **Best and Final Offer.** Vendor's proposal shall be their best and final offer although deviations may be addressed and Vendor's TIPS Pricing may be updated as provided for herein.

17. **LIMITATION OF LIABILITY – Waiver.** BY SUBMITTING A PROPOSAL, OFFERER EXPRESSLY AGREES TO WAIVE ANY CLAIM IT HAS OR MAY HAVE AGAINST BOTH THE INTERLOCAL PURCHASING SYSTEM REGION 8 EDUCATION SERVICE CENTER, ITS DIRECTORS, OFFICERS, ITS TRUSTEES, OR AGENTS ARISING OUT OF OR IN CONNECTION WITH (1) THE ADMINISTRATION, EVALUATION, RECOMMENDATION OF ANY PROPOSAL; (2) ANY REQUIREMENTS UNDER THE SOLICITATION, PROPOSAL PACKAGE, OR RELATED DOCUMENTS; (3) THE REJECTION OF ANY PROPOSAL OR ANY PART OF ANY PROPOSAL; AND/OR (4) THE AWARD OF AN AGREEMENT, IF ANY. The Bonds shall be issued in the total aggregate principal amount of not exceeding $159,000,000 and shall be issued as fully registered bonds in the denomination of $100,000 or any integral multiple of $5,000 in excess thereof, shall mature not later than June 15, 2059, and shall bear interest at a fixed or variable rate not to exceed 7.13% per annum on a tax-exempt or taxable basis, all as set forth in the Indenture.

SECTION The Authority hereby authorizes the sale of the Bonds to the Underwriter pursuant to the terms of the Bond Purchase Agreement to be entered into by and among the Underwriter, the Borrower, the Operator and the Authority. The sale of all or a portion of the Bonds to the Underwriter at a price of not less than 90% of the principal amount thereof (inclusive of underwriter's discount in an amount not exceeding 3% of the principal amount thereof) is hereby approved.

SECTION The form, terms and provisions of the Indenture and the Loan Agreement are hereby approved in substantially the same form as submitted to the Authority and filed with the official minutes of the Authority, all of the provisions of which are hereby made a part of this resolution, with such additions, omissions and changes as may be approved by bond counsel to the Authority. The Chairman or Vice Chairman and the Secretary-Treasurer or an Assistant Secretary of the Authority be and they are hereby authorized, empowered and directed to execute the Indenture, the Loan Agreement and the Bond Purchase Agreement for, on behalf of and in the name of the Authority, in accordance with the provisions and requirements of the Act.

The Bonds are issued under and secured by the Indenture which provides a complete description of the pledged property and revenues constituting the Trust Estate, as defined in the Indenture (which includes, among other things, all of the Authority's rights, title and interest in and to payments under the Loan Agreement and mortgages on the facilities and assignments of leases and rents by the Borrower and by the Ground Lessor in favor of Regions Bank), the nature and extent of the security, a statement of the terms and conditions on which the Bonds are issued and secured; the rights, duties and obligations of the Authority, the rights, duties and immunities of the Trustee, and the rights of the owners of the Bonds.

The Bonds are hereby expressly authorized to be signed by the Chairman or Vice Chairman of the Authority, said signatures shall be attested by the signature of the Secretary-Treasurer or an Assistant Secretary of the Authority, and the signatures of the Chairman or Vice Chairman and Secretary-Treasurer or Assistant Secretary may be evidenced by their facsimile signatures.

The Bonds are limited and special obligations of the Authority and do not constitute or create an obligation, general or special, debt, liability or moral obligation of the State or of any political subdivision thereof, within the meaning of any constitutional or statutory provisions whatsoever, and neither the faith or credit nor the taxing power of the State or of any political subdivision thereof is pledged to the payment of the principal of, premium, if any, or the interest on the Bonds. The Bonds are not general obligations of the Authority (which has no taxing power and receives no funds from any governmental body), but they are limited and special revenue obligations of the Authority payable from the income, revenues and receipts derived or to be derived from payments made pursuant to the Loan Agreement and the Borrower's lease of the Project to the Operator, and are further secured by the Multiple Indebtedness Leasehold Mortgages, Assignment and Pledge of Leases and Rents and Security Agreements by the Borrower in favor of the Mortgagee and the Multiple Indebtedness Mortgages, Assignment and Pledge of Leases and Rents and Security Agreement by the Ground Lessor in favor of the Mortgagee.

The Chairman or Vice Chairman of this Board of Trustees is hereby authorized, empowered and directed to execute and deliver the Limited Offering Memorandum to the Underwriter in accordance with the terms of the Bond Purchase Agreement.

SECTION The Chairman or Vice Chairman and Secretary-Treasurer or Assistant Secretary of the Authority shall have prepared and shall execute for and on behalf of the Authority the Bonds, and shall deliver the same to the Trustee for authentication. The Trustee shall, upon authentication of the Bonds, deliver the same in one or more series to the Underwriter in accordance with the Indenture and the Bond Purchase Agreement and shall receive from the Underwriter for the account of the Authority the purchase price and shall hold the proceeds of the Bonds in the funds and accounts as prescribed in the Indenture. The Trustee is hereby requested and authorized to authenticate the Bonds.

SECTION The Chairman or the Vice Chairman and the Secretary-Treasurer or an Assistant Secretary of the Authority are hereby further authorized and directed, for and on behalf of the Authority, to accept, receive, execute, seal, attest and deliver all such documents, certificates and other instruments as are required, necessary, convenient and appropriate in connection with the authorization, issuance, sale and delivery of the Bonds, the Indenture and the Loan Agreement, including, but not limited to, the Tax Regulatory Agreement by and among the Authority, the Trustee, the Borrower and the Operator, and to take such further action as may be required by the Commission or bond counsel to the Authority or appropriate or required by law in connection with the authorization, issuance, sale and delivery of the Bonds. Top-seeded Aryna Sabalenka won 28 of her 36 first-serve points to beat Peyton Stearns 6-2, 6-4 in the Mutua Madrid Open on Tuesday.

Sabalenka, Swiatek, Keys reach Madrid QFs

Field Level Media

No. 1 seed Aryna Sabalenka of Belarus sailed past American foe Peyton Stearns 6-2, 6-4 on Tuesday to reach the quarterfinals of the Mutua Madrid Open.

Sabalenka headlines an intriguing final eight at the WTA 1000 event, which will also feature a duel between No. 2 seed Iga Swiatek of Poland and No. 5 Madison Keys of the U.S. after they took care of business Tuesday.

Sabalenka saved 12 of 13 break points, including 10-for-10 in the first set, while winning 28 of her 36 first-serve points (77.8 percent).

It marked the World No. 1's 28th match victory this year, which leads the WTA Tour by one over Jessica Pegula.

As she searches for her second WTA 1000 title of 2025 following last month's triumph in Miami, Sabalenka will face Ukrainian No. 24 seed Marta Kostyuk in the quarterfinals. Kostyuk was a 6-3, 6-2 winner over Russia's Anastasia Potapova in the Round of 16.

Swiatek fended off a push from Russian 13th seed Diana Shnaider and won 6-0, 6-7 (3), 6-4 on Tuesday.

Swiatek felt she moved better and put greater spin on her shots during the third set, when she won all five of her service games and 14 of 19 first-service points.

"In second set it got pretty windy, and I didn't move my legs properly," Swiatek said after the match. "I played some shots like not being ready, you know, so for sure that kind of kept my rhythm off. And then Diana also used her chances, and she was more proactive than in the first set. So I think it was a mix of different things."

Australian Open champion Keys eased past No. 19 seed Donna Vekic of Croatia 6-2, 6-3. Keys saved 2 of 3 break points while converting 5 of 8 break-point opportunities against Vekic.

Keys faces a tall task in the quarterfinals against her Polish counterpart. Swiatek is 4-2 against Keys all-time.

"I think obviously you look at matches that you won and you figure out why you won them, and you look at matches why you lost, and you try to figure out what you did wrong or what she did really well that day and then you try to come up with a game plan," Keys said of facing Swiatek.

"I think obviously it's a little bit different when you're on a surface that she loves (clay) and she does really well on and all of that. I think you have to take that into account and just kind of go one step further with that and just try to figure out how do you kind of elevate your game a little bit more because I think you have to."

Also Tuesday, No. 17 seed Elina Svitolina of Ukraine beat Greece's Maria Sakkari 6-3, 6-4, and Japan's Moyuka Uchijima overcame No. 21 seed Ekaterina Alexandrova of Russia 6-4, 7-6 (5).

The quarterfinals will also see No. 4 seed Coco Gauff take on No. 7 seed Mirra Andreeva of Russia. Gauff and Andreeva won their Round of 16 matches Monday before a nationwide power outage occurred in Spain, postponing the tournament.

For the second consecutive year, Francisco Cerundolo, seen here on April 18, defeated Alexander Zverev to advance to the quarterfinals of the Madrid Open. On Tuesday, Cerundolo won 50 of his 70 total service points to dispatch the top-seeded Zverev 7-5, 6-3.

Cerundolo downs top seed Zverev in Madrid Open

Field Level Media

No. 20 seed Francisco Cerundolo of Argentina dismissed top seed Alexander Zverev of Germany 7-5, 6-3 on Tuesday to advance to the quarterfinals of the Madrid Open.

Cerundolo defeated Zverev in the Round of 16 at this ATP Masters 1000 event for the second year in a row. He is 3-0 against Zverev all-time, including a quarterfinal victory over him in Buenos Aires earlier this season.

"I'm super happy because I know he loves playing here. He told me last year when I beat him," Cerundolo said post-match. "He's an incredible player. I have a great relationship with him, so super happy to get another win and to be in the quarterfinals again."

Cerundolo won 50 of his 70 total service points (71.4 percent) and went 7-for-7 on points at the net. Zverev managed only six winners with 23 unforced errors.

After he ended Zverev's seven-match winning streak, Cerundolo's next task will be to face Czech No. 22 seed Jakub Mensik, who is on a nine-match winning streak dating to his ATP 1000 title in Miami last month.

Mensik breezed past Kazakhstan's Alexander Bublik 6-3, 6-2 in just 56 minutes in their Round of 16 match. Bublik was caught on camera facetiously asking the chair umpire, "Remember when tennis was easy? ... Now this guy (Mensik) is not even Top 5, not even Top 10. (Expletive) is that?"

In the same region of the draw, No. 14 seed Casper Ruud of Norway knocked out No. 3 seed Taylor Fritz of the United States 7-5, 6-4, in the late match of the day. Ruud had a 27-19 edge in total winners and also won 9 of 10 points at the net.

Ruud will face No. 9 seed Daniil Medvedev of Russia in the quarterfinals after Medvedev rallied past American No. 31 Brandon Nakashima 3-6, 6-1, 6-4.

The rest of the matches Tuesday were Round of 32 affairs, as the tournament plays catch-up after a nationwide power outage Monday interrupted the event.

British No. 5 seed Jack Draper advanced when his opponent, No. 30 seed Matteo Berrettini of Italy, retired after Draper took the first set 7-6 (2).

Australian sixth seed Alex de Minaur defeated Canadian No. 29 Denis Shapovalov 6-3, 7-6 (3), while No. 10 Lorenzo Musetti of Italy topped No. 17 Stefanos Tsitsipas of Greece 7-5, 7-6 (3).

Two more Americans advanced to the Round of 16 when No. 11 seed Tommy Paul outlasted No. 24 Karen Khachanov of Russia 6-3, 3-6, 6-2, and No. 16 seed Frances Tiafoe swept Frenchman Alexandre Muller 6-3, 6-3.

Canadian lucky loser Gabriel Diallo remained alive when he charged past Great Britain's Cameron Norrie 2-6, 6-4, 6-4.

JHX Hoops will co-host the TBT's Kansas City Regional with Kansas State's alumni team, Purple Reign. The regional will be held July 19-23 at Kansas City's Municipal Auditorium.

Additional roster announcements will be made in coming weeks.

This will be the third straight summer Vick plays for KU's alumni team, formerly known as Mass Street.

Vick has averaged 10.7 points and 3.3 rebounds per game in TBT in the last two years, helping lead the Kansas alumni to back to back regional final appearances.

Vick spent four years at Kansas (2015-19). He began his professional career in Taiwan in 2019 and has since played professionally across South America and New Zealand.

Timberlake will be making his TBT debut for JHX Hoops. He competed at KU in 2023-24. He spent spent his first professional season playing in Portugal and England.

The winner of the Kansas City Regional will advance to TBT's quarterfinals on July 28. The semifinals will be held on July 31, and TBT's $1 million championship will be played on Aug. 3.

For the first time, TBT will give each host team the opportunity to have home court advantage for the quarterfinals, semifinals and the $1 million championship game. Should two regional hosts face off, the tiebreaker will be determined by which host sells 4,000 tickets first.

No KU Jayhawks or KSU Wildcats are invited to NBA pre-draft events this year

BY GARY BEDORE
gbedore@kcstar.com

Kansas Jayhawks seniors Hunter Dickinson, Dajuan Harris, Zeke Mayo and Shakeel Moore will not be attending the 2025 NBA G League Elite camp Friday through Sunday at Wintrust Arena in Chicago.

Their names, as well as the names of Kansas State men's hoops players Coleman Hawkins and David N'Guessan, were not among the 45 pro prospects asked to participate in strength and agility drills and 5-on-5 games. Those 45 will also have their measurements taken in front of scouts, front office executives and coaches at the weekend event.

Seventy-five pro prospects were asked to attend the 2025 NBA Draft Combine, which runs Sunday through May 18 in the Windy City.

Incoming KU senior wing Melvin Council Jr., a transfer from St. Bonaventure who has entered his name in the 2025 NBA Draft, was not invited to either pre-draft event. He has until May 28 to remove his name from the draft if he wishes to play a final season of college basketball at KU.

Missouri's Tamar Bates and Caleb Grill received invitations to the G League camp Monday with Big 12 players Keshon Gilbert and Curtis Jones of Iowa State; Caleb Love of Arizona; Chance McMillan of Texas Tech; and Joson Sanon of Arizona State.

If the two Tigers fare well at G League camp, they could be extended invitations to stay in Chicago for the Combine.

Player agents are free to set up workouts with individual NBA teams in advance of the NBA Draft, slated for June 25-26 in Brooklyn.

Texas Tech's Darrion Williams and St. John's R.J. Luis, who are in both the draft pool and transfer portal, have been invited to attend the NBA Draft Combine Sunday through May 18 in Chicago. Both are considering KU as transfer destinations.

Big 12 players who have been invited to the 2025 NBA Combine include: Carter Bryant, Arizona; Egor Demin, BYU; VJ Edgecombe, Baylor; Javon Small, West Virginia and Milos Uzan, Houston.

There is still a slight chance KU's Mayo, a 6-4 senior from Lawrence, could return for a fifth college season. He has entered his name in the NCAA transfer portal with a no-contact tag in case the NCAA approves a proposed rule granting fourth-year players a fifth season.

★★★★★ **Lightweight wheelchair**

It's so light weight that it's no problem to lift in and out of the back of my car. It's also easy to set up and collapse down. It is very compact and the wheels come off for compact packing alongside luggage or groceries etc. My Mom finds it very comfortable to ride in as well and enjoys the look. We both love it.

NFL POWER RANKINGS

Where do all 32 teams stand with draft complete?

Nate Davis
USA TODAY

Among the prominent players to watch in 2025 will be, from left, Patrick Mahomes, Travis Hunter and Aaron Rodgers.
ILLUSTRATION BY SPENCER HOLLADAY; PHOTOS BY IMAGN IMAGES AND GETTY IMAGES

NFL power rankings with the 2025 draft now complete (previous rank in parentheses):

1. Philadelphia Eagles (1): Even coming off a dominant Super Bowl triumph over an active dynasty, it very much feels like this team is positioned to achieve even more – which may be especially true given executive vice president/general manager Howie Roseman somehow winds up with a player like LB Jihaad Campbell joining the roster at the end of the draft's first round. Rich and richer, etc., etc.

2. Baltimore Ravens (3): Perhaps you don't love the choice of second-round OLB Mike Green philosophically – which is especially puzzling for an organization that now appears appropriately poised to part with K Justin Tucker after drafting a new one. Yet it's also hard to deny that a team that's gone 25-9 over the past two regular seasons seems to be picking up steam, especially given QB Lamar Jackson's amazing knack for continuous improvement.

3. Los Angeles Rams (4): Once and future kings? Three years removed from winning the Super Bowl, the new-look Rams were the only team to challenge Philly in the playoffs. Now they've swapped out WR Cooper Kupp for Davante Adams, added more fresh talent to the defense, and are set up to replace QB Matthew Stafford (if need be) with multiple first-round selections in 2026.

4. Kansas City Chiefs (5): Speaking of that aforementioned dynasty, if ever a perennial contender coming off a 17-3 season, its ninth straight division title and fifth Super Bowl berth in six seasons felt vulnerable ... well, maybe that notion has actually already passed? Whenever he's physically ready, first-round LT Josh Simmons seems capable of stabilizing QB Patrick Mahomes' blind side for a very long time. Mahomes' comfort level should be further improved by the return of WR Rashee Rice, even if he has to serve a suspension, from injury. The road to the AFC crown still very much runs through Arrowhead.

5. Buffalo Bills (2): This slightly subdued ranking is less a suggestion that they're dropping but more an acknowledgment that the other closely packed Super Bowl aspirants have improved more significantly – not to mention the likelihood that the AFC East probably won't be the cakewalk it's been in recent years. But we don't mind you passing on wide receivers in the draft, Brandon Beane.

6. Washington Commanders (6): A team that did a notably poor job of drafting prior to the arrival of GM Adam Peters and HC Dan Quinn in 2024 now seems to be steadily building a strong foundation, yet shouldn't need to be overly reliant on its latest crop of rookies in 2025.

7. Detroit Lions (7): Hard to argue with any draft that strongly resources the trenches. The biggest question in Motown remains how well the two-time defending NFC North champs transition to two new coordinators.

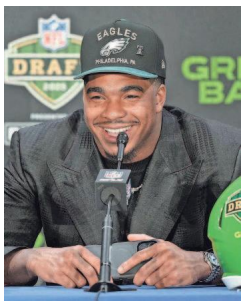
8. Green Bay Packers (8): As good as they were in 2024, the sum of the parts seemed greater than the whole in what was something of a mirrored outcome compared to the 2023 team. But the newest part, first-round WR Matthew Golden, and the apparent retention of another, Pro Bowl CB Jaire Alexander, could be signs that the "Go Pack Go" you heard throughout draft weekend could continue deep into the upcoming season.

9. Tampa Bay Buccaneers (9): They're quite obviously capable of running the NFC South for the foreseeable future. But do they have the juice to consistently make deep playoff runs, especially after picking another receiver (Emeka Egbuka) in the first round when difference-makers for the defensive front seven seemed readily available?

10. Houston Texans (18): Sure seems as if they'll need to mount an exceptional effort ... to *not* win the AFC South in 2025. That might explain some of their willingness to make so many fundamental changes to the offense, modifications surely aimed at much bigger objectives than obtaining another divisional crown.

11. Los Angeles Chargers (10): The 49ers reached the Super Bowl in their second season under Jim Harbaugh (of course, they also qualified for the conference championship round in their first). For the Bolts to match those 2013 Niners in Year 2, they'll need to leverage the advantage of their hefty continuity while hoping Harbs can help the roster's young core truly blossom.

12. Cincinnati Bengals (13): Their draft wasn't especially inspiring. But this club's primary obstacles still seem to be issues that must be solved from within – giving DE Trey Hendrickson the raise he deserves and avoiding another disastrous September start, problems that threaten to become disastrously intertwined.



13. Denver Broncos (17): It's easy (and justifiable) to link their quick turnaround to HC Sean Payton and QB Bo Nix. It also seems a bit easy to lose sight of what an elite defense this could be, especially with the arrival of first-round DB Jahdae Barron.

14. San Francisco 49ers (11): We're eight seasons into the John Lynch-Kyle Shanahan regime – half ending outside the playoffs, the other half extending at least as far as the NFC title game. Despite a significant offseason recalibration, the Niners seem too good to miss the postseason again ... assuming they don't get swamped by another litany of injuries.

15. Seattle Seahawks (12): Speaking of recalibrating, they could have five new starters on offense, most notably QB Sam Darnold and Kupp. If first-year coordinator Klint Kubiak can balance the unit – meaning sustained emphasis on the run, which is what HC Mike Macdonald wants – feasible chance they don't wind up a tiebreaker shy of the playoffs again.

16. Pittsburgh Steelers (26): Despite an ongoing offseason of uncertainty, no one should suggest switching out Russell Wilson for Aaron Rodgers – assuming he ever signs a contract – is a lateral move at quarterback. Forward lateral? Maybe. But if the Steelers truly hope to punctuate another 9-8 season with a long-awaited postseason win, the most important components could be third-round RB Kaleb Johnson and a young offensive line that needs to fully coalesce.

17. Arizona Cardinals (15): A team that (quietly?) doubled its win total from four to eight in 2024 has basically left an 11th-ranked offense untouched while overhauling a 21st-ranked defense. What it means is TBD, though it would be easier to back the Cards as a dangerous 2025 dark horse if they weren't stuck in a division that's probably the league's roughest top to bottom.

18. Minnesota Vikings (14): Admittedly, they were devalued at this time a year ago – basically universally – given the unknown at quarterback. And while the totality of talent on the roster (and coaching staff) might be in sharper focus now, the unknown at quarterback remains.

19. Chicago Bears (16): Did you know they haven't won a playoff game in 14 years? Perhaps the organizational penchant for disarray quells what looks like a very good team on paper – for the second year in a row. But let's give highly recommended rookie HC Ben Johnson and his new staff a year to settle in before they're forced to prove these aren't the same old Bears.

20. New England Patriots (19): Whereas Johnson is an unproven commodity as a head coach, Mike Vrabel most certainly is not. Aside from his return to the sideline, the Pats' 22 starters in 2025 may look at least 50% different from last year's 4-13 edition. Don't be surprised if this is also a formula for the victory column to undergo a twofold upgrade.

21. Las Vegas Raiders (30): The marriage of an excellent draft headlined by RB Ashton Jeanty, a veteran infusion on defense, arrival of Geno Smith to settle the quarterback position and – perhaps most important – new head coach Pete Carroll's competitive culture should make the Silver and Black a far more competitive operation in 2025, if one that still has an uphill battle to escape last place in the AFC West.

22. Dallas Cowboys (20): Their draft was solidly promising – and Jerry Jones and Co. definitely seemed to follow the "best player available" axiom rather than drafting for need. That said, the Cowboys have more work to do on this roster heading into next season and could be a team especially focused on reeling in some of the more notable free agents who have taken their time picking new destinations.

23. Carolina Panthers (23): If QB Bryce Young can maintain his trend line from the second half of last season – eminently reasonable given his young weapons and HC Dave Canales – a defense that ranked dead last in 2024 may be the primary factor hindering this team from possibly contending within this division. However, getting DE Derrick Brown back from his knee injury could be a game changer ... literally.

24. Miami Dolphins (21): Gotta commend them for targeting big guys in the draft ... yet unclear if they targeted the optimal ones. The secondary still looms as a problematic issue, especially with the presumption CB Jalen Ramsey is on his way out of South Florida. It adds up to the daunting prospect of QB Tua Tagovailoa having to potentially drop back 40 times per game.

25. New York Jets (25): Clearly, the expectations in 2024 were too outsized (raises hand). Maybe the expectations in 2025 are too downsized (slowly raising hand?). But a largely measured approach to free agency and the draft signal an encouraging start for a new regime that seems fixated on keeping the main thing the main thing.

26. Jacksonville Jaguars (24): The arrival – at significant cost – of 2024 Heisman Trophy winner Travis Hunter could make them a curiosity they haven't been since joining the league 30 years ago. But rookie HC Liam Coen must do for QB Trevor Lawrence what he did for Baker Mayfield in Tampa if the Jags are to become legitimately relevant again.

27. Atlanta Falcons (22): Maybe they finally solved their years-long pass rush deficiencies. Maybe they paid way too exorbitantly to do it. Maybe this roster will just be hopelessly out of kilter as long as its backup quarterback is making nearly $30 million (or more) annually.

28. New York Giants (32): This draft will doubtless ultimately be defined by the success or failure of first-round QB Jaxson Dart. But it sure appears like a strong haul – even if the results aren't immediately apparent in the win column for the team with the league's toughest schedule (based on opponents' 2024 winning percentages) in 2025.

29. Cleveland Browns (27): Their surprising approach to the 2025 draft suggests they're far more focused on the 2026 draft – and consequently worth wondering how far Joe Flacco or Shedeur Sanders or Otto Graham could carry this offense as currently constructed.

30. Indianapolis Colts (28): The uncertainty at quarterback combined with the loss of two starting offensive linemen render this a worrisome situation. Should help on both fronts that first-round TE Tyler Warren landed in Indy's lap.

31. Tennessee Titans (31): History shows that a team drafting a quarterback No. 1 overall is going to struggle, though maybe it helps that Cam Ward won't be saddled with the same weighty expectations Caleb Williams carried last year in Chicago. Simply limiting the turnovers that so often put this defense in bad spots in 2024 would be a good start for Ward.

32. New Orleans Saints (29): The murky situation around Derek Carr's injured throwing shoulder significantly clouds the outlook of a team that will otherwise be at the mercy of a highly inexperienced group of quarterbacks ... even if second-rounder Tyler Shough, who's almost 26, just left college after seven years.

Senators look into fans' streaming frustration

WASHINGTON – To watch live sports at home in 2025, between all of the apps and channels and streams that games air on thanks to billion-dollar rights deals, it can feel like being in a NASA control room.

Now Congress wants to be involved.

On May 6 on Capitol Hill, the Senate Commerce Committee – which has jurisdiction over the telecommunications that professional sports leagues use to broadcast games – interviewed representatives from the NBA, MLB and the NHL about sports' embrace of streaming, which creates a segmented market that is pricier for consumers.

"This is a growing problem," committee chairman Sen. Ted Cruz, R-Texas, said after the hearing. "Fans are understandably upset that it's really hard to watch your home team, figure out what app or what network, how to watch it. It's fractured right now. It's expensive right now."

Notably, the NFL did not attend the hearing despite Cruz's April 17 letter to Commissioner Roger Goodell requesting his or a league representative's presence. The NFL did not respond to a prior request from USA TODAY Sports for comment asking if the league intended to send a representative.

"I wish they had come," Cruz said. "I think the issues that were discussed apply to them just like they apply to the leagues that were here."

The main lines of questioning during the lightly attended meeting – nine of the 25 committee members showed up and most stayed for only brief periods – revolved around whether the leagues are not taking advantage of the antitrust legislation afforded to them through the Sports Broadcasting Act of 1961. The leagues said that because they can operate as one entity during media rights negotiations, they can pool resources to create a cheaper and more accessible model for fans.

John Bergmayer, the fourth witness and the legal director of the nonprofit group Public Knowledge, said fans feel like they finally broke free of the cable bundle only to watch it reform thanks to streaming platforms.

"Streaming is no longer an afterthought, and policymakers, content creators, tech platforms, and sports leagues need to take steps to ensure that shifts in the media, technology, and sports landscapes benefit viewers, and lead to cheaper and more convenient options," Bergmayer said during his opening statement.

The subject of local blackouts came up early, with MLB executive vice president of media and business development Kenny Gersh saying each club has the right to distribute on cable in its market and that 29 of the 30 clubs also have a direct-to-consumer (DTC) option for streamers. But the collapse of the Regional Sports Network (RSN) market has created an upheaval for leagues.

"As we continue to have flux in the system, we're going to have to continue to evaluate," NHL senior executive vice president of media and international strategy David Proper said.

Many of the Democratic senators, including ranking member Maria Cantwell, D-Washington, Ben Ray Lujan, D-New Mexico, and Ed Markey, D-Massachusetts, used their time to lambaste President Donald Trump's proposed cuts of National Public Radio and PBS.

Sen. Amy Klobuchar, D-Minnesota, explicitly asked NBA president of global content and media distribution Bill Koenig about the league's valuation of the WNBA in its media rights negotiations.

"We're mindful of the growing popularity of the WNBA," said Koenig, who added that the new media rights deals – valued at $76 billion – included upside provisions. For example, the revenue sharing that comes from advertising numbers stands to benefit the WNBA, he said.

Sen. Marsha Blackburn, R-Tennessee, used her five minutes to grill Koenig about the Daryl Morey "Hong Kong" freedom tweet from nearly six years ago and wanted to know what broadcast rights in China are worth. She also inquired about internet piracy and its impact on streaming.

Sen. Bernie Moreno, R-Ohio, encouraged the leagues to find solutions on their own rather than compelling Congress to be involved and regulate the leagues further, while Sen. Eric Schmitt, R-Missouri, relied on his experience of trying to stream St. Louis Cardinals games as an example of the plight fans go through to watch their teams.

"People do care about this a lot," Schmitt said.

Cantwell was interested in whether the leagues have specific data or metrics about fan complaints.

"It's certainly something we hear," Gersch said.

Cantwell floated a mandate for teams to make their games free in local markets backed by advertising revenue, a more traditional model. She doesn't want the simple act of watching a sporting event to be hijacked by a larger consumer experience like having to buy an annual subscription to a streaming service such as Prime Video or Peacock.

"There's just too much here where they can just think about the dollar instead of thinking about the true consumer experience," she said.

"In return for the very public benefits that teams and leagues receive," Bergmayer said, demonstrating the difference from other entertainment products, "there should be an obligation to make sure that games are widely accessible."

Cruz said the hearing was meant to be an informational, fact-finding exercise and he was pleased to that end.

A specific remedy, despite multiple legislative avenues, Cruz said, remains up in the air.

"It shouldn't be insanely complicated or insanely expensive to cheer on your hometown team," he said.

The Amended Schedules Bar Date. If the Debtors amend or supplement their schedules of assets and liabilities (the "***Schedules***") to reduce the undisputed, non-contingent and liquidated amount of a claim against the Debtors, to change the nature or classification of a claim against the Debtors or to add a new claim to the Schedules, any affected entities that dispute such changes must file a proof of claim or amend any previously filed proof of claim in respect of the amended scheduled claim on or before the later of: (a) the General Bar Date; and (b) 5:00 p.m., Eastern Time, on the date that is 30 days after the date that notice of the applicable amendment to the Schedules is served on the entity.

Dear Vendor,

The Interlocal Purchasing System (TIPS) is required under Federal regulations to notify SBA vendors of our procurement solicitations. You were registered on the United States Small Business Administration website under one or more of the following NAICS Codes, 423830,333921,238290 which include the topic of this Solicitation.

The Interlocal Purchasing System (TIPS) has available now, at the link below, Solicitation 250502 Elevators and Servicing (2 Part with JOC. You are invited to participate.

https://tips.ionwave.net/HomePage.aspx

Please note that there is no specific project to award. TIPS utilizes IDIQ Contracts, where IDIQ is an abbreviation of the term "Indefinite Delivery/Indefinite Quantity". This is a type of contract that provides an indefinite quantity of supplies or services during a fixed period of time or for the life of the awarded agreement. This solicitation was issued as a prospective award for a pricing agreement to be used when a TIPS Member entity needs the goods or services offered under the agreement.

Thank you,

Jessica Monreal

Dear Vendor,

You were registered on the State of Texas CMBL website under one or more of the following NIGP codes, 295-00,910-13 which include the topic of the following solicitation.

The Interlocal Purchasing System (TIPS) has available now, at the link below, Solicitation 250502 Elevators and Servicing (2 Part with JOC). You are invited to participate.

https://tips.ionwave.net/CurrentSourcingEvents.aspx

Please note that there is no specific project to award. TIPS utilizes IDIQ Contracts, where IDIQ is an abbreviation of the term “Indefinite Delivery/Indefinite Quantity”. This is a type of contract that provides an indefinite quantity of supplies or services during a fixed period of time or for the life of the awarded agreement. This solicitation was issued as a prospective award for a pricing agreement to be used when a TIPS Member entity needs the goods or services offered under the agreement.

Thank you,

TIPS VENDOR AGREEMENT (Part 2)

TIPS RCSP 250502 Elevators and Servicing (Part 2)

The following Vendor Agreement ("Agreement") creates a legal agreement between The Interlocal Purchasing System ("TIPS"), a government purchasing cooperative and Department of Texas Region 8 Education Service Center and (INSERT ENTITY NAME):

United Elevator Services, LLC

(ENTER ENTITY NAME)

its owners, agents, subsidiaries, and affiliates (together, "Vendor") (individually, "Party", and collectively the "Parties") and this agreement shall exclusively govern the contractual relationship ("Agreement") between the Parties for Part 2 of the related solicitation opportunity. If Vendor proposes and awarded on Part 1, a separate Part 1 Vendor Agreement shall control Part 1 terms.

TIPS, a governmental entity and a national purchasing cooperative seeks to provide a valuable and necessary solution to public entities and qualifying non-profits by performing the public procurement solicitation process and awarding compliant contracts to qualified vendors. Then, where the law of a customer's jurisdiction allows, instead of public entities and qualifying non-profits expending time, money, and resources on the extensive public procurement process, the use of TIPS allows public entities to quickly select and purchase their preferred products or services from qualified, competitively evaluated vendors through cooperative purchasing.

1. **Purpose.** The purpose of this Agreement is to identify the terms and conditions of the relationship between TIPS and Vendor. Public entities and qualifying non-profits that properly join or utilize TIPS ("TIPS Members") may elect to "piggyback" off of TIPS' procurements and agreements where the laws of their jurisdiction allow. TIPS Members are not contractual parties to this Agreement although terms and conditions of this Agreement may ensure benefits to TIPS Members.

2. **Authority.** The Parties agree that the signatories below are individual authorized to enter into this Agreement on behalf of their entity and that they are acting under due and proper authority under applicable law.

3. **Definitions.**

    a. **TIPS Pricing:** The specific pricing, coefficients, mark-ups, discounts, and other pricing terms and incentives which Vendor submitted and TIPS approved for each respective TIPS Contract awarded to Vendor and all permissible, subsequent pricing updates submitted by Vendor and accepted by TIPS, if any.

4. **Entire Agreement.** This Agreement resulted from TIPS posting a Part 2 "TIPS Solicitation" (RFP, RCSP, RFQ, or other) and Vendor submitting a proposal in response to that posted TIPS Solicitation for evaluation and award. The Parties agree that this Agreement consists of the provisions set forth herein and: (1) The Part 2 TIPS solicitation document resulting in this Agreement; (2) Any Part 2 addenda or clarifications issued in relation to the TIPS solicitation; (3) All Part 2 solicitation information provided to Vendor by TIPS through the TIPS eBid System; (3) Vendor's entire Part 2 proposal response to the TIPS solicitation including all accepted required attachments, acknowledged notices and certifications, accepted negotiated terms, pricing, accepted responses to questions, and accepted written clarifications of Vendor's proposal, and; any properly included attachments to this Agreement. All documentation and information listed is hereby incorporated by reference as if set forth herein verbatim. In the event of conflict between the terms herein and one of the incorporated documents the terms and conditions herein shall control.

5. **Vendor's Specific Warranties, Terms, and License Agreements.** Because TIPS serves public entities and non-profits throughout the nation all of which are subject to specific laws and policies of their jurisdiction, as a matter of standard practice, TIPS does not typically accept a Vendor's specific "Sale Terms" (warranties, license agreements, master agreements, terms and conditions, etc.) on behalf of all TIPS Members. TIPS may permit Vendor to attach those to this Agreement to display to interested customers what terms may apply to their Supplemental Agreement with Vendor (if submitted by Vendor for that purpose). However, unless this term of the Agreement is negotiated and modified to state otherwise, those specific Sale Terms are not accepted by TIPS on behalf of all TIPS Members and each Member may choose whether to accept, negotiate, or reject those specific Sale Terms, which must be reflected in a separate agreement between Vendor and the Member in order to be effective.

6. **Vendor Identity and Contact Information.** It is Vendor's sole responsibility to ensure that all identifying vendor information (name, EIN, d/b/a's, etc.) and contact information is updated and current at all times within the TIPS eBid System and the TIPS Vendor Portal. It is Vendor's sole responsibility to confirm that all e-correspondence issued from tips-usa.com, ionwave.net, and tipsconstruction.com to Vendor's contacts are received and are not blocked by firewall or other technology security. Failure to permit receipt of

correspondence from these domains and failure to keep vendor identity and contact information current at all times during the life of the contract may cause loss of TIPS Sales, accumulating TIPS fees, missed rebid opportunities, lapse of TIPS Contract(s), and unnecessary collection or legal actions against Vendor. It is no defense to any of the foregoing or any breach of this Agreement that Vendor was not receiving TIPS' electronic communications issued by TIPS to Vendor's listed contacts.

7. **Initiation of TIPS Sales.** When a public entity initiates a purchase with Vendor, if the Member inquires verbally or in writing whether Vendor holds a TIPS Contract, it is the duty of the Vendor to verify whether the Member is seeking a TIPS purchase. Once verified, Vendor must include the TIPS Contract Number on all purchase communications and sales documents exchanged with the TIPS Member.

8. **TIPS Sales and Supplemental Agreements.** If awarded, when making a sale under this awarded contract, the terms of the specific TIPS order, including but not limited to: shipping, freight, insurance, delivery, fees, bonding, cost, delivery expectations and location, returns, refunds, terms, conditions, cancellations, defects, order assistance, etc., shall be controlled by the purchase agreement (Purchase Order, Contract, AIA Contract, Invoice, etc.) ("Supplemental Agreement" as used herein) entered into between the TIPS Member Customer and Vendor only. TIPS is not a party to any Supplemental Agreement. All Supplemental Agreements shall include Vendor's Name, as known to TIPS, and TIPS Contract Name and Number. Vendor accepts and understands that TIPS is not a legal party to TIPS Sales and Vendor is solely responsible for identifying fraud, mistakes, unacceptable terms, or misrepresentations for the specific order prior to accepting. Vendor agrees that any order issued from a customer to Vendor, even when processed through TIPS, constitutes a legal contract between the customer and Vendor only. When Vendor accepts or fulfills an order, even when processed through TIPS, Vendor is representing that Vendor has carefully reviewed the order for legality, authenticity, and accuracy and TIPS shall not be liable or responsible for the same. In the event of a conflict between the terms of this TIPS Vendor Agreement and those contained in any Supplemental Agreement, the provisions set forth herein shall control unless otherwise agreed to and authorized by the Parties in writing within the Supplemental Agreement. The Supplemental Agreement shall dictate the scope of services, the project delivery expectations, the scheduling of projects and milestones, the support requirements, and all other terms applicable to the specific sale(s) between the Vendor and the TIPS Member.

9. **Right of Refusal.** Vendor has the right not to sell to a TIPS Member under the awarded agreement at Vendor's discretion unless otherwise required by law.

10. **Reporting TIPS Sales**. If awarded on this TIPS Contract, for the duration of the contract, Vendor shall provide a RS Means line-item estimates to TIPS for each anticipated TIPS project or sale. TIPS Vendor shall never charge a TIPS Member a line-item charge or specific fee for providing an RS Means or estimate through the TIPS Program. When a TIPS Member Customer seeks a quote or proposal for a TIPS sale, Vendor shall always supply a line-item estimate to TIPS for review and approval. If awarded, Vendor must report all TIPS Sales to TIPS. If a TIPS sale is initiated by Vendor receiving a TIPS Member's purchase order from TIPS directly, Vendor may consider that specific TIPS Sale reported. Otherwise, with the exception of TIPS Automated Vendors, who have signed an exclusive agreement with TIPS regarding reporting, all TIPS Sales must be reported to TIPS by either: (1) Emailing the line item quote and purchase order or similar purchase document (with Vendor's Name, as known to TIPS, the TIPS Contract Name and Number included, and authorized signatures on behalf of both the TIPS Member and Vendor) to TIPS at tipspo@tips-usa.com with "Confirmation Only" in the subject line of the email within three business days of Vendor's acceptance of the order, or; (2) Within 3 business days of the order being accepted by Vendor, Vendor must login to the TIPS Vendor Portal and successfully self-report all necessary sale information within the Vendor Portal and confirm that it shows up accurately on your current Vendor Portal statement. No other method of reporting is acceptable unless agreed to by the Parties in writing. Failure to report all sales pursuant to this provision may result in immediate cancellation of Vendor's TIPS Contract(s) for cause at TIPS' sole discretion. Please refer to the TIPS Accounting FAQ's for more information about reporting sales and if you have further questions, contact the Accounting Team at accounting@tips-usa.com.

11. **TIPS Administration Fees.** The collection of administrative fees by TIPS, a government entity, for performance of these procurement services is required pursuant to Texas Government Code Section 791.011 et. seq. The administration fee ("TIPS Administration Fee") is the amount legally owed by Vendor to TIPS for TIPS Sales made by Vendor. The TIPS Administration Fee amount is typically a set percentage of the amount paid by the TIPS Member for each TIPS Sale, less shipping cost, bond cost, and taxes if applicable and identifiable, which is legally due to TIPS, but the exact TIPS Administration Fee for this Contract is published in the corresponding solicitation and is incorporated herein by reference. TIPS Administration Fees are due to TIPS immediately upon Vendor's receipt of payment, including partial payment, for a TIPS Sale. The TIPS Administration Fee is assessed on the amount paid by the TIPS Member, not on the Vendor's cost or on the amount for which the Vendor sold the item to a dealer or Authorized Reseller. Upon receipt of payment for a TIPS Sale, including partial payment (which renders TIPS Administration Fees immediately due), Vendor shall issue to TIPS the corresponding TIPS Administration Fee payment as soon as possible but not later than thirty-one calendar days following Vendor's receipt of payment. Vendor shall pay TIPS via check unless otherwise agreed to by the Parties in writing. Vendor shall include clear documentation with the issued payment dictating to which sale(s) the amount should be applied. Vendor may create a

payment report within their TIPS Vendor Portal which is the preferred documentation dictating to which TIPS Sale(s) the amount should be applied. Failure to pay all TIPS Administration Fees pursuant to this provision may result in immediate cancellation of Vendor's TIPS Contract(s) for cause at TIPS' sole discretion as well as the initiation of collection and legal actions by TIPS against Vendor to the extent permitted by law. Any overpayment of participation fees to TIPS by Vendor will be refunded to the Vendor within ninety (90) days of receipt of notification if TIPS receives written notification of the overpayment not later than the expiration of six (6) months from the date of overpayment and TIPS determines that the amount was not legally due to TIPS pursuant to this agreement and applicable law. Any notification of overpayment received by TIPS after the expiration of six (6) months from the date that TIPS received the payment will render the overpayment non-refundable. Region 8 ESC and TIPS reserve the right to extend the six (6) month deadline if approved by the Region 8 ESC Board of Directors. TIPS reserves all rights under the law to collect TIPS Administration Fees due to TIPS pursuant to this Agreement.

12. **Term of the Agreement.** If awarded, the resulting Agreement with TIPS is for approximately two years with an option for renewal for an additional two consecutive one-year terms. The first renewal year shall be automatic unless Vendor notifies TIPS of its objection to the first one-year renewal. The second one-year renewal shall only be effective if offered by TIPS at its sole discretion. If TIPS offers the second renewal option, the Vendor will be notified via email issued to Vendor's then-listed Primary Contact. The renewal option shall be deemed accepted by Vendor unless Vendor notifies TIPS of its objection to the renewal option in writing and confirms receipt by TIPS.

Actual Effective Date: Agreement is effective upon signature by authorized representatives of both Parties. The Effective Date does not affect the "Term Calculation Start Date."

Term Calculation Start Date: To keep the contract term consistent for all vendors awarded under a single TIPS contract, Vendor shall calculate the foregoing term as starting on the last day of the month that "Award Notifications" are anticipated as published in the Solicitation, regardless of the actual Effective Date.

Example of Term Calculation Start Date: If the anticipated "Award Date" published in the Solicitation is May 22, 2023, but extended negotiations delay award until June 27, 2023 (Actual Effective Date), the Term Calculation Start Date shall be May 31, 2023 in this example.

Contract Expiration Date: To keep the contract term consistent for all vendors awarded under a single TIPS contract, the term expiration date shall be two-years from the Term Calculation Start Date.

Example of Contract Expiration Date: If the anticipated "Award Date" published in the Solicitation is May 22, 2023, but extended negotiations delay award until June 27, 2023 (Actual Effective Date), the Term Calculation Start Date shall be May 31, 2023 and the Contract Expiration Date of the resulting initial "two-year" term, (which is subject to an extension(s)) will be May 31, 2025 in this example.

Option(s) for Renewal: Any option(s) for renewal shall begin on the Contract Expiration Date, or the date of the expiration of the prior renewal term where applicable, and continue for the duration specified for the renewal option herein.

Example of Option(s) for Renewal: In this example, if TIPS offers the second one-year renewal, and the Contract Expiration Date following the first automatic renewal is May 31, 2026, then the one-year renewal is effective from May 31, 2026 to May 31, 2027.

TIPS may offer to extend Vendor Agreements to the fullest extent the TIPS Solicitation resulting in this Agreement permits.

13. **TIPS Pricing.** Vendor agrees and understands that for each TIPS Contract that it is awarded, Vendor submitted, agreed to, and received TIPS' approval for pricing, coefficients, mark-ups, discounts, and other pricing terms and incentives which make up Vendor's TIPS Pricing for that TIPS Contract ("TIPS Pricing"). Vendor confirms that Vendor will not add the TIPS Administration Fee as a charge or line-item in a TIPS Sale. Vendor hereby certifies that Vendor shall only offer goods and services through this TIPS Contract if those goods and services fall within the scope of the TIPS Contract and are priced according to Vendor's TIPS Pricing. TIPS reserves the right to review Vendor's proposals and quotes line-item by line-item to determine compliance. However, Vendor contractually agrees that all TIPS quotes and proposals shall be within the original terms of the Vendor's TIPS Pricing (scope, coefficients, percentage markups, and other pricing terms and incentives originally proposed by Vendor) such that TIPS may approve Vendor's quotes and proposals without additional vetting at TIPS discretion.

14. **Indemnification of TIPS.** **VENDOR AGREES TO INDEMNIFY, HOLD HARMLESS, AND DEFEND TIPS, TIPS MEMBERS, TIPS OFFICERS, TIPS EMPLOYEES, TIPS DIRECTORS, AND TIPS TRUSTEES (THE "TIPS INDEMNITEES") FROM AND AGAINST ALL**

CLAIMS AND SUITS BY THIRD-PARTIES FOR DAMAGES, INJURIES TO PERSONS (INCLUDING DEATH), PROPERTY DAMAGES, LOSSES, EXPENSES, FEES, INCLUDING COURT COSTS, ATTORNEY'S FEES, AND EXPERT FEES, ARISING OUT OF OR RELATING TO VENDOR'S PERFORMANCE UNDER THIS AGREEMENT (INCLUDING THE PERFORMANCE OF VENDOR'S OFFICERS, EMPLOYEES, AGENTS, AUTHORIZED RESELLERS, SUBCONTRACTORS, LICENSEES, OR INVITEES), REGARDLESS OF THE NATURE OF THE CAUSE OF ACTION, INCLUDING WITHOUT LIMITATION CAUSES OF ACTION BASED UPON COMMON, CONSTITUTIONAL, OR STATUTORY LAW OR BASED IN WHOLE OR IN PART UPON ALLEGATIONS OF NEGLIGENT OR INTENTIONAL ACTS OR OMISSIONS ON THE PART OF VENDOR, ITS OFFICERS, EMPLOYEES, AGENTS, AUTHORIZED RESELLERS, SUBCONTRACTORS, LICENSEES, OR INVITEES. NO LIMITATION OF LIABILITY FOR DAMAGES FOR PERSONAL INJURY OR PROPERTY DAMAGE ARE PERMITTED OR AGREED TO BY TIPS. APART FROM THIS INDEMNIFICATION PROVISION REQUIRING INDEMNIFICATION OF THE TIPS INDEMNITEES' ATTORNEY'S FEES AS SET FORTH ABOVE, RECOVERY OF ATTORNEYS' FEES BY THE PREVAILING PARTY IS AUTHORIZED ONLY IF AUTHORIZED BY TEX. EDUC. CODE § 44.032(F).

15. **Indemnification and Assumption of Risk – Vendor Data.** **VENDOR AGREES THAT IT IS VOLUNTARILY PROVIDING DATA (INCLUDING BUT NOT LIMITED TO: VENDOR INFORMATION, VENDOR DOCUMENTATION, VENDOR'S PROPOSALS, VENDOR PRICING SUBMITTED OR PROVIDED TO TIPS, TIPS CONTRACT DOCUMENTS, TIPS CORRESPONDENCE, VENDOR LOGOS AND IMAGES, VENDOR'S CONTACT INFORMATION, VENDOR'S BROCHURES AND COMMERCIAL INFORMATION, VENDOR'S FINANCIAL INFORMATION, VENDOR'S CERTIFICATIONS, AND ANY OTHER VENDOR INFORMATION OR DOCUMENTATION, INCLUDING WITHOUT LIMITATION SOFTWARE AND SOURCE CODE UTILIZED BY VENDOR, SUBMITTED TO TIPS BY VENDOR AND ITS AGENTS) ("VENDOR DATA") TO TIPS. FOR THE SAKE OF CLARITY, AND WITHOUT LIMITING THE BREADTH OF THE INDEMNITY OBLIGATIONS IN SECTION 14 ABOVE, VENDOR AGREES TO PROTECT, INDEMNIFY, AND HOLD THE TIPS INDEMNITEES HARMLESS FROM AND AGAINST ANY AND ALL LOSSES, CLAIMS, ACTIONS, DEMANDS, ALLEGATIONS, SUITS, JUDGMENTS, COSTS, EXPENSES, FEES, INCLUDING COURT COSTS, ATTORNEY'S FEES, AND EXPERT FEES AND ALL OTHER LIABILITY OF ANY NATURE WHATSOEVER ARISING OUT OF OR RELATING TO: (I) ANY UNAUTHORIZED, NEGLIGENT OR WRONGFUL USE OF, OR CYBER DATA BREACH INCIDENT AND VIRUSES OR OTHER CORRUPTING AGENTS INVOLVING, VENDOR'S DATA, PRICING, AND INFORMATION, COMPUTERS, OR OTHER HARDWARE OR SOFTWARE SYSTEMS, AND; (II) ALLEGATIONS OR CLAIMS THAT ANY VENDOR DATA INFRINGES ON THE INTELLECTUAL PROPERTY RIGHTS OF A THIRD-PARTY OR VENDOR.**

16. **Intellectual Property Indemnification by Vendor. Procedures Related to Indemnification.** In the event that an indemnity obligation arises, Vendor shall pay all amounts set forth in Section 14 and 15 above (including any settlements) and – if it has accepted its indemnity obligation without qualification – control the legal defense to such claim or cause of action, including without limitation attorney selection, strategy, discovery, trial, appeal, and settlement, and TIPS shall, at Vendor's cost and expense (with respect to reasonable out of pocket costs and expenses incurred by TIPS which shall be reimbursed to TIPS by Vendor), provide all commercially reasonable assistance requested by Vendor. In controlling any defense, Vendor shall ensure that all assertions of governmental immunity and all applicable pleas and defenses shall be promptly asserted.

17. **Indemnity for Underlying Sales and Supplemental Agreements.** Vendor shall be solely responsible for any customer claims or any disputes arising out of TIPS Sales or any Supplemental Agreement as if sold in the open-market. The Parties agree that TIPS shall not be liable for any claims arising out of Vendor's TIPS Sales or Supplemental Agreements, including but not limited to: allegations of product defect or insufficiency, allegations of service defect or insufficiency, allegations regarding delivery defect or insufficiency, allegations of fraud or misrepresentation, allegations regarding pricing or amounts owed for TIPS sales, and/or allegations regarding payment, over-payment, under-payment, or non-payment for TIPS Sales. Payment/Drafting, overpayment/over-drafting, under-payment/under-drafting, or non-payment for TIPS Sales between customer and Vendor and inspections, rejections, or acceptance of such purchases shall be the exclusive respective obligations of Vendor/Customer, and disputes shall be handled in accordance with the terms of the underlying Supplemental Agreement(s) entered into between Vendor and Customer. Vendor acknowledges that TIPS is not a dealer, subcontractor, agent, or reseller of Vendor's goods and services and shall not be responsible for any claims arising out of alleged insufficiencies or defects in Vendor's goods and services, should any arise.

18. **Confidentiality of Vendor Data.** Vendor understands and agrees that by signing this Agreement, all Vendor Data is hereby released to TIPS, TIPS Members, and TIPS third-party administrators to effectuate Vendor's TIPS Contract except as provided for herein. The Parties agree that Vendor Data is accessible by all TIPS Members as if submitted directly to that TIPS Member Customer for purchase consideration. If Vendor otherwise considers any portion of Vendor's Data to be confidential and not subject to public disclosure pursuant to Chapter 552 Texas Gov't Code (the "Public Information Act") or other law(s) and orders, Vendor must have identified the claimed confidential materials through proper execution of the Confidentiality Claim Form which is required to be submitted as part of Vendor's proposal resulting in this Agreement and incorporated by reference. The Confidentiality Claim Form included in Vendor's proposal and incorporated herein by reference is the sole indicator of whether Vendor considers any Vendor Data confidential in the event TIPS receives a Public Information Request. If TIPS receives a request, any responsive documentation not deemed confidential by you in this manner will be automatically released. For Vendor Data deemed confidential by you in this manner, TIPS will follow procedures of controlling statute(s) regarding any claim of confidentiality and shall not be liable for any release of information required

by law, including Attorney General determination and opinion. In the event that TIPS receives a written request for information pursuant to the Public Information Act that affects Vendor's interest in any information or data furnished to TIPS by Vendor, and TIPS requests an opinion from the Attorney General, Vendor may, at its own option and expense, prepare comments and submit information directly to the Attorney General stating why the requested information is exempt from disclosure pursuant to the requirements of the Public Information Act. Vendor is solely responsible for submitting the memorandum brief and information to the Attorney General within the time period prescribed by the Public Information Act. Notwithstanding any other information provided in this solicitation or Vendor designation of certain Vendor Data as confidential or proprietary, Vendor's acceptance of this TIPS Vendor Agreement constitutes Vendor's consent to the disclosure of Vendor's Data, including any information deemed confidential or proprietary, to TIPS Members or as ordered by a Court or government agency, including without limitation the Texas Attorney General. Vendor agrees that TIPS shall not be responsible or liable for any use or distribution of information or documentation by TIPS Members or as required by law.

19. **Vendor's Subcontractors.** TIPS recognizes that many vendors operate in the open market through the use of subcontractors. For that reason, TIPS permits Vendor to utilize subcontractors as authorized and permitted by the TIPS Member Customer. However, all purchase documents must include: (1) Vendor's Name, as known to TIPS, and; (2) Vendor's TIPS Contract Name and Number under which it is making the TIPS Sale. Vendor must report the sale pursuant to the terms herein and Vendor agrees that it is legally responsible for all reporting and fee payment as described herein for TIPS Sales even when subcontractors are utilized. The TIPS Administration Fee is assessed on the amount paid by the TIPS Member to Vendor. The Parties intend that Vendor shall be responsible and for actions of subcontractors during a TIPS Sale. Vendor agrees that it is voluntarily authorizing subcontractors and in doing so, Vendor agrees that it is doing so at its own risk and agrees to protect, indemnify, and hold TIPS harmless in accordance with Sections 14-17 above related to subcontractor TIPS Sales made pursuant to this Agreement or purporting to be made pursuant to this Agreement that may be asserted against Vendor whether rightfully brought or otherwise. The Parties further agree that it is no defense to Vendor's breach of this Agreement that a subcontractor caused Vendor of breach this Agreement.

20. **Circumvention of TIPS Sales**. When a public entity initiates a purchase with Vendor, if the Member inquires verbally or in writing whether Vendor holds a TIPS Contract, it is the duty of the Vendor to verify whether the Member is seeking a TIPS purchase. Any request for quote, customer communication, or customer purchase initiated through or referencing a TIPS Contract shall be completed through TIPS pursuant to this Agreement. Any encouragement or participation by Vendor in circumventing a TIPS sale being completed may result in immediate termination of Vendor's TIPS Contract(s) for cause as well as preclusion from future TIPS opportunities at TIPS sole discretion.

21. **State of Texas Franchise Tax.** By signature hereon, Vendor hereby certifies that Vendor is not currently delinquent in the payment of any franchise taxes owed to the State of Texas under Chapter 171 of the Texas Tax Code.

22. **Termination.**

A) Termination for Convenience. TIPS may, by written notice to Vendor, terminate this Agreement for convenience, in whole or in part, at any time by giving thirty (30) days' written notice to Vendor of such termination, and specifying the effective date thereof.

B) Termination for Cause. If Vendor fails to materially perform pursuant to the terms of this Agreement, TIPS shall provide written notice to Vendor specifying the default. If Vendor does not cure such default within thirty (30) days, TIPS may terminate this Agreement, in whole or in part, for cause. If TIPS terminates this Agreement for cause, and it is later determined that the termination for cause was wrongful, the termination shall automatically be converted to and treated as a termination for convenience.

C) Vendor's Termination. If TIPS fails to materially perform pursuant to the terms of this Agreement, Vendor shall provide written notice to TIPS specifying the default ("Notice of Default"). If TIPS does not cure such default within thirty (30) days, Vendor may terminate this Agreement, in whole or in part, for cause. If Vendor terminates this Agreement for cause, and it is later determined that the termination for cause was wrongful, the termination shall automatically be converted to and treated as a termination for convenience.

D) Upon termination, all TIPS Sale orders previously accepted by Vendor shall be fulfilled and Vendor shall be paid for all TIPS Sales executed pursuant to the applicable terms. All TIPS Sale orders presented to Vendor but not fulfilled by Vendor, prior to the actual termination of this agreement shall be honored at the option of the TIPS Member. TIPS shall submit to Vendor an invoice for any outstanding TIPS Administration Fees and

approved expenses and Vendor shall pay such fees and expenses within 30 calendar days of receipt of such valid TIPS invoice. Vendor acknowledges and agrees that continued participation in TIPS is subject to TIPS' sole discretion and that any Vendor may be removed from the TIPS program at any time with or without cause. This termination clause does not affect TIPS Sales Supplemental Agreements pursuant to this term regarding termination and the Survival Clause term.

E) Vendor hereby waives any and all claims for damages, including, but not limited, to consequential damages or lost profits, that might arise from TIPS' act of terminating this Agreement.

23. **Survival Clause.** It is the intent of the Parties that this Agreement and procurement method applies to any TIPS Sale made during the life of this Agreement even if made on or near the Contract Expiration Date as defined herein. Thus, all TIPS Sales, including but not limited to: leases, service agreements, license agreements, open purchase orders, warranties, and contracts, even if they extend months or years past the TIPS Contract Expiration Date, shall survive the expiration or termination of this Agreement subject to the terms and conditions of the Supplemental Agreement between Customer and Vendor or unless otherwise specified herein.

24. **Audit Rights.** Due to transparency statutes and public accountability requirements of TIPS and TIPS Members, Vendor shall at their sole expense, maintain documentation of all TIPS Sales for a period of three years from the time of the TIPS Sale. In order to ensure and confirm compliance with this agreement, TIPS shall have authority to conduct audits of Vendor's TIPS Pricing or TIPS Sales with thirty-days' notice unless the audit is ordered by a Court Order or by a Government Agency with authority to do so without said notice. Notwithstanding the foregoing, in the event that TIPS is made aware of any pricing being offered to eligible entities that is materially inconsistent with Vendor's TIPS Pricing, TIPS shall have the ability to conduct the audit internally or may engage a third- party auditing firm to investigate any possible non-compliant conduct or may terminate the Agreement according to the terms of this Agreement. In the event of an audit, the requested materials shall be reasonably provided in the time, format, and at the location acceptable to TIPS. TIPS agrees not to perform a random audit the TIPS transaction documentation more than once per calendar year, but reserves the right to audit for just cause or as required by any governmental agency or court with regulatory authority over TIPS or the TIPS Member. These audit rights shall survive termination of this Agreement for a period of one (1) year from the effective date of termination.

25. **Conflicts of Interest.** The Parties confirm that they have not offered, given, or accepted, nor intend to give at any time hereafter any economic opportunity, future employment, gift, loan, gratuity, special discount, trip, favor, service to the other in connection with this Agreement. Vendor affirms that, to the best of Vendor's knowledge, this Agreement has been arrived at independently, and is awarded without collusion with anyone to obtain information or gain any favoritism that would in any way limit competition or give an unfair advantage over other vendors in the award of this Agreement. Vendor agrees that it has disclosed any necessary affiliations with Region 8 Education Service Center and the TIPS Department, if any, through the Conflict of Interest attachment provided in the solicitation resulting in this Agreement.

26. **Volume of TIPS Sales.** Nothing in this Agreement or any TIPS communication may be construed as a guarantee that TIPS or TIPS Members will submit any TIPS orders to Vendor at any time.

27. **Compliance with the Law.** The Parties agree to comply fully with all applicable federal, state, and local statutes, ordinances, rules, and regulations applicable to their entity in connection with the programs contemplated under this Agreement.

Upon delivering such notice, the obligation of the affected party, so far as it is affected by such Force Majeure as described, shall be suspended during the continuance of the inability then claimed but for no longer period, and such party shall endeavor to remove or overcome such inability with all reasonable dispatch. In the event that Vendor's obligations are suspended by reason of Force Majeure, all TIPS Sales accepted prior to the Force Majeure event shall be the legal responsibility of Vendor and the terms of the TIPS Sale Supplemental Agreement shall control Vendor's failure to fulfill for a Force Majeure event.

30. **Immunity.** Vendor agrees that nothing in this Agreement shall be construed as a waiver of sovereign or government immunity; nor constitute or be construed as a waiver of any of the privileges, rights, defenses, remedies, or immunities available to Region 8 Education Service Center or its TIPS Department. Vendor's required minimum coverage shall not be suspended, voided, cancelled, non-renewed or reduced in coverage or in limits unless replaced by a policy that provides the minimum required coverage except after thirty (30) days prior written notice by certified mail, return receipt requested has been given to TIPS or the TIPS Member if a project or pending delivery of an order is ongoing. Any proceeding, claim, action, or alternative dispute resolution arising out of or relating to this Agreement or involving TIPS shall be brought in a State Court of competent jurisdiction in Camp County, Texas, or if Federal Court is legally required, a Federal Court of competent jurisdiction in the Eastern District of Texas, and each of the Parties irrevocably submits to the exclusive jurisdiction of said court in any such proceeding, waives any objection it may now or hereafter have to venue or to convenience of forum, agrees that all claims in respect of the proceeding shall be heard and determined only in any such court, and agrees not to bring any proceeding arising out of or relating to this procurement process or any contract resulting from or and contemplated transaction in any other court. The Parties agree that either or both of them may file a copy of this paragraph with any court as written evidence of the knowing, voluntary and freely bargained for agreement between the Parties irrevocably to waive any objections to venue or to convenience of forum.

36. **Relationship of the Parties.** Nothing contained in this Agreement shall be construed to make one Party an agent of the other Party nor shall either party have any authority to bind the other in any respect, unless expressly authorized by the other party in writing. 37. **Assignment.** No assignment of this Agreement or of any duty or obligation of performance hereunder, shall be made in whole or in part by a Party hereto without the prior written consent of the other Party. Written consent of TIPS shall not be unreasonably withheld.

The TIPS Member may cancel the order if the delay is not commercially acceptable or not consistent with the Supplemental Agreement applicable to the order.

41. **Minimum Vendor License Requirements.** Vendor shall maintain, in current status, all federal, state, and local licenses, bonds and permits required for the operation of the business conducted by Vendor. Vendor shall remain fully informed of and in compliance with all ordinances and regulations pertaining to the lawful provision of goods or services under the TIPS Agreement. Cleanup: When performing work on site at a TIPS Member's property, Vendor shall clean up and remove all debris and rubbish resulting from their work as required or directed by the TIPS Member or as agreed by the parties. Upon completion of work, the premises shall be left in good repair and an orderly, neat, clean and unobstructed condition.

Preparation: Vendor shall not begin a project for which a TIPS Member has not prepared the site, unless Vendor does the preparation work at no cost, or until TIPS Member includes the cost of site preparation in the TIPS Sale Site preparation includes, but is not limited to: moving furniture, installing wiring for networks or power, and similar pre-installation requirements.

Registered Sex Offender Restrictions: For work to be performed at schools, Vendor agrees that no employee of Vendor or a subcontractor who has been adjudicated to be a registered sex offender will perform work at any time when students are, or reasonably expected to be, present unless otherwise agreed by the TIPS Member. Vendor agrees that a violation of this condition shall be considered a material breach and may result in the cancellation of the TIPS Sale at the TIPS Member's discretion. Smoking: Persons working under Agreement shall adhere to the TIPS Member's or local smoking statutes, codes, ordinances, and policies.

44. **Wage Rates:** TIPS Member Customers often have to designate either Davis Bacon Act wage rates or similar wage rates for their construction contracts. The RS Means Unit Price Book accounts for local wage rates and the contractor must comply with RS Means and any additional wage rate requirements of the TIPS Member Customer.

45. **Engineering and Architectural Services:** It is impermissible in Texas and some other jurisdictions for engineering and architectural services (A&E) to be procured or provided through an interlocal cooperative contract such as this one. The TIPS Member Customer, if required by law, must engage independent A&E providers according to the laws of their jurisdiction.

46. **Payment for TIPS Sales.** TIPS Members may make payments for TIPS Sales directly to Vendor, or as otherwise agreed to in the applicable Supplemental Agreement after receipt of the invoice and in compliance with applicable payment statutes. Regardless of how payment is issued or received for a TIPS Sale, Vendor is responsible for all reporting and TIPS Administration Fee payment requirements as stated herein.

Vendor permits TIPS to use their name and logo to identify Vendor as a TIPS Awarded Vendor on the TIPS website only. All other use of Vendor's Property by TIPS shall require prior written Vendor approval. Any Vendor use of TIPS' logos, images, photos, writing, audio, clip art, music, data, promotional documents, or any other information or intellectual property ("TIPS Property") or reference to TIPS in marketing outreach requires Vendor to obtain prior written authorization from marketing@tips-usa.com which will not be unreasonably withheld. Vendor must execute a TIPS Marketing Waiver before specific, written authorization will be granted. For any marketing outreach taken by Vendor without proper TIPS' authorization and execution of the TIPS Marketing Waiver, **Vendor shall indemnify and hold harmless TIPS and its employees, officers, agents, representatives, contractors, assignees, designees, and TIPS Members from any and all claims, damages, and judgments involving:**
    i. **Infringement of patent, copyright, trade secrets, trade or services marks, and any other intellectual or intangible property rights and/or claims arising from the Vendor's (including Vendor's officers', employees', agents', authorized resellers', subcontractors', or invitees') unauthorized use or distribution of Vendor Property.**

49. **Automatic Renewal Limitation for TIPS Sales.** No TIPS Sale may incorporate an automatic renewal clause that exceeds month to month terms with which the TIPS Member must comply. All renewal terms incorporated into a TIPS Sale Supplemental Agreement shall only be valid and enforceable when Vendor received written confirmation of acceptance of the renewal term from the TIPS Member for the specific renewal term. The purpose of this clause is to avoid a TIPS Member inadvertently renewing an Agreement during a period in which the governing body of the TIPS Member has not properly appropriated and budgeted the funds to satisfy the Agreement renewal. Any TIPS Sale Supplemental Agreement containing an "Automatic Renewal" clause that conflicts with these terms is rendered void and unenforceable.

50. **Choice of Law Limitation for TIPS Sales.** Vendor agrees that if any "Choice of Law" provision is included in any TIPS Sale agreement/contract between Vendor and a TIPS Member, that clause must provide that the "Choice of Law" applicable to the TIPS Sale agreement/contract between Vendor and TIPS Member shall be the state where the TIPS Member operates unless the TIPS Member expressly agrees otherwise. Any TIPS Sale Supplemental Agreement containing a "Choice of Law" clause that conflicts with these terms is rendered void and unenforceable.

51. **Venue Limitation for TIPS Sales.** Vendor agrees that if any "Venue" provision is included in any TIPS Sale Agreement/contract between Vendor and a TIPS Member, that clause must provide that the "Venue" for any litigation or alternative dispute resolution shall be in the state and county where the TIPS Member operates unless the TIPS Member expressly agrees otherwise. Any TIPS Sale Supplemental Agreement containing a "Venue" clause that conflicts with these terms is rendered void and unenforceable.

52. **Indemnity Limitation for TIPS Sales.** Texas and other jurisdictions restrict the ability of governmental entities to indemnify others. Vendor agrees that if any "Indemnity" provision which requires the TIPS Member to indemnify Vendor is included in any TIPS sales agreement/contract between Vendor and a TIPS Member, that clause must either be stricken or qualified by including that such indemnity is only permitted, "to the extent permitted by the laws and constitution of [TIPS Member's State]" unless the TIPS Member expressly agrees otherwise. Any TIPS Sale Supplemental Agreement containing an "Indemnity" clause that conflicts with these terms is rendered void and unenforceable.

53. **Arbitration Limitation for TIPS Sales.** Vendor agrees that if any "Arbitration" provision is included in any TIPS Sale agreement/contract between Vendor and a TIPS Member, that clause may not require that the arbitration is mandatory or binding. Vendor agrees that if any "Arbitration" provision is included in any TIPS Sale agreement/contract between Vendor and a TIPS Member, that clause provides for only voluntary and non-binding arbitration unless the TIPS Member expressly agrees otherwise. Any TIPS Sale Supplemental Agreement containing a "Arbitration" clause that conflicts with these terms is rendered void and unenforceable.

In Witness Whereof, the parties hereto, each acting under due and proper authority, have signed this Agreement.

Title: Elevators and Servicing (2 PART with JOC)
Type: Request for Proposal
Issue Date: 5/1/2025
Deadline: 6/20/2025 03:00 PM (CT)
Notes: This is a solicitation issued by The Interlocal Purchasing System (TIPS), a department of Texas Region 8 Education Service Center. It is an Indefinite Delivery, Indefinite Quantity ("IDIQ") solicitation. It will result in contracts that provide, through adoption/"piggyback" an indefinite quantity of supplies/services, during a fixed period of time, to TIPS public entity and qualifying non-profit "TIPS Members" throughout the nation. Thus, there is no specific project or scope of work to review. Rather this solicitation is issued as a prospective award for utilization when any TIPS Member needs the goods or services offered during the life of the agreement.

This is a two part solicitation. Part 1 is solicited for TIPS sales that are not considered a "public work" construction project. Part 1 permits the sale of goods and non-construction/non-"public work" services such as maintenance and minor repairs. Part 2 Job Order Contract (JOC) is solicited for projects considered by your TIPS Member Customers to be a "public work" construction project. The determination of whether or not a TIPS sale amounts to a "public work" construction project requiring a Part 2 JOC contract is made by the TIPS Member Customer at the time of each TIPS sale. Thus, Vendors are encouraged to respond to both Parts 1 and 2 in case your TIPS Member Customers require that a sale be made under one Part or the other. However, responding to both Parts is not required.

IF YOU CURRENTLY HOLD TIPS CONTRACT 220502 ELEVATORS PART 1, PART 2, OR BOTH ("220502"), YOU MUST RESPOND TO THIS SOLICITATION TO PREVENT LAPSE OF CONTRACT UNLESS YOU HOLD ANOTHER CURRENT TIPS CONTRACT THAT COVERS ALL OF YOUR ELEVATOR OFFERINGS. THIS AWARDED CONTRACT WILL REPLACE YOUR EXPIRING TIPS CONTRACT 220502. IF YOU HOLD ANOTHER TIPS CONTRACT OTHER THAN 220502 WHICH COVERS ALL OF YOUR ELEVATOR OFFERINGS AND YOU ARE SATISFIED WITH IT, THERE IS NO NEED TO RESPOND TO THIS SOLICITATION UNLESS YOU PREFER TO HOLD BOTH CONTRACTS.

35 **Certification Regarding Entire TIPS Agreement for Part 1 and Part 2 Contracts**

This is a two part solicitation. Part 1 is solicited for TIPS sales that are not considered a "public work" construction project. Part 1 permits the sale of goods and non-construction/non-"public work" services such as maintenance and minor repairs. Part 2 Job Order Contract (JOC) is solicited for projects considered by your TIPS Member Customers to be a "public work" construction project. The determination of whether or not a TIPS sale amounts to a "public work" construction project requiring a Part 2 JOC contract is made by the TIPS Member Customer at the time of each TIPS sale. Thus, Vendors are encouraged to respond to both Parts 1 and 2 in case your TIPS Member Customers require that a sale be made under one Part or the other. However, responding to both Parts is not required. If Vendor responds and is awarded to both Parts, Vendor will have one contract for Part 1 and a separate contract for Part 2.

Vendor agrees that, if awarded, Vendor's final TIPS Contract(s), for either Part 1, Part 2, or both Parts, will consist of the provisions set forth in the corresponding finalized TIPS Vendor Agreement, Vendor's responses to these attribute questions, and: (1) The TIPS solicitation document resulting in the Agreement; (2) Any addenda or clarifications issued in relation to the corresponding TIPS solicitation; (3) All solicitation information provided to Vendor by TIPS through the TIPS eBid System; (3) Vendor’s entire proposal response to the corresponding TIPS solicitation including all accepted required attachments, acknowledged notices and certifications, accepted negotiated terms, accepted pricing, accepted responses to questions, and accepted written clarifications of Vendor’s proposal, and; any properly included attachments to the TIPS Contract.

Does Vendor agree?

Yes, Vendor agrees

36 **Minimum Percentage Discount Offered to TIPS Members on all Part 1 Goods and Services (READ CAREFULLY)**

Please read thoroughly and carefully as an error on your response can render your Part 1 contract award unusable. If you are not proposing on Part 1, you must still respond to proceed but it will not apply to you unless you decide to propose and are awarded on Part 1.

TIPS Members often turn to TIPS Contracts for ease of use and to receive discounted pricing.

If awarded on Part 1, what is the minimum percentage discount that you can offer TIPS Members off of all Part 1 goods and service pricing (whether offered through Pricing Form 1, Pricing Form 2, or in another accepted format) that you offer? Only limited goods/services specifically identified and excluded from this discount in Vendor's original proposal may be excluded from this discount.

Vendor must respond with a percentage from 0%-100%. The percentage discount that you input below will be applied to your Part 1 "Catalog Pricing", as defined in the solicitation, for all TIPS Sales made during the life of the contract. You cannot alter this percentage discount once the solicitation legally closes. You will always be required to discount every TIPS Sale by the percentage included below with the exception of limited goods/services specifically identified and excluded from this discount in Vendor's original proposal. If you add goods or services to your "Catalog Pricing" during the life of the contract, you will be required to sell those new items with this discount applied.

Example: In this example, you enter a 10% minimum percentage discount below. In year-one of your TIPS Contract, your published Part 1 "Catalog Pricing" (website/store/published pricing) for "Material A" is $100 and for "Material A Maintenance Service" is $100. In this example, you must sell those items under the Part 1 TIPS Contract at the proposed 10% discounted price of: "Material A" - $90, "Material A Maintenance Service" - $90. In year two of your TIPS Contract, you update your Part 1 "Catalog Pricing" with the market. You add "Material B" to your "Catalog Pricing" for $200 and have increased the price of "Material A" to $110 and the price of "Material A Maintenance Service" to $110. In this example, after the Part 1 "Catalog Pricing" update, you must still sell those items under the Part 1 TIPS Contract at the proposed 10% discounted price of: "Material A" - $99, "Material A Maintenance Service" - $99, and "Material B" - $180.00.

With the exception of limited goods/services specifically identified and excluded from this discount in Vendor's original proposal, if you cannot honor the discount on all Part 1 goods and items now included or which may be added in the future with certainty, then you should offer a lesser discount percentage below.

If awarded on Part 1, what is the minimum percentage discount that you can offer TIPS Members off of all Part 1 goods and service pricing (whether offered through Pricing Form 1, Pricing Form 2, or in another accepted format) that you offer?

0%

37 **Honoring Vendor's Part 1 Minimum Percentage Discount**

Vendor is asked in these Attribute Questions to provide a Minimum Percentage Discount offered to TIPS Members on all Part 1 goods and services sold under the TIPS Contract. If proposing on Part 1, points will be assigned for your response and scoring of your Part 1 proposal will be affected. On your Part 1 evaluation, a "YES" answer will be awarded the maximum 10 points and a "NO" answer will be awarded 0 points. If you are not proposing on Part 1, you must still answer to proceed but this term will not apply to you or affect your scoring unless you decide to propose and are awarded on Part 1.

If awarded on Part 1, does Vendor agree to honor the Minimum Percentage Discount off of their TIPS "Catalog Pricing" that Vendor proposed for all TIPS Sales made for the duration of the TIPS Contract?

Yes, Vendor agrees

38 **Volume and Additional Discounts**

In addition to the Part 1 Minimum Percentage Discount proposed herein, does Vendor ever expect and intend to offer additional, greater, or volume discounts to TIPS Members?

If proposing on Part 1, point(s) may be assigned for your response in the Part 1 category of "Pricing" during scoring and evaluation. If you are not proposing on Part 1, you must respond to proceed but no points will be assigned for your response.

Yes

39 **Part 1 "Catalog Pricing" and Pricing Requirements**

This is a requirement of the Part 1 TIPS Contract and is non-negotiable. If you are not proposing on Part 1, you must still agree to proceed but it will not apply to you unless you decide to propose and are awarded on Part 1.

In this solicitation and resulting contract, Part 1 "Catalog Pricing" shall be defined as:

"The then available list of goods or services, in the most current listing regardless of date, that takes the form of a catalog, price list, price schedule, shelf-price or other viewable format that:

A. is regularly maintained by the manufacturer or Vendor of an item; and

B. is either published or otherwise available for review by TIPS or a customer during the purchase process;

C. to which the Minimum Percentage Discount proposed by the proposing Vendor may be applied.

If awarded on Part 1 of this TIPS Contract, for the duration of the contract, Vendor agrees to provide, upon request, their then current "Catalog Pricing." Or, in limited circumstances where Vendor has proposed the Percentage Mark-Up method of pricing in this proposal, proof of Vendor's "cost" may be accepted by TIPS in place of catalog pricing.

YES

40 **REQUIRED FOR PART 2 - Vendor's Regular Hours RS Means Coefficient**

What is Vendor's Regular Hours RS Means Coefficient? **If you do not intend to propose on Part 2, you may enter a "0" in order to continue.**

The RS Means Price Book is a unit price book adjusted for different geographic areas by using the City Cost Index for each location. You may visit https://www.rsmeans.com for more information.

You must review the TIPS Part 2 RS Means JOC Pricing Explanation & Rubric under the "Attachments" tab prior to responding herein.

To propose the RS Means Price Book pricing exactly, Vendor would insert a 1.0 as their Regular Hours RS Means Coefficient below, to propose a 5% discount off of the RS Means Price Book Vendor would insert a .95 as their Regular Hours RS Means Coefficient below. To see the full scoring rubric and use TIPS scoring calculator, please view the TIPS RS Means JOC Pricing Explanation & Rubric under the "Attachments" tab.

Insert Vendor's Regular Hours RS Means Coefficient below. **If you do not intend to propose on Part 2, you may enter a "0" in order to continue.**

1.05

41 **REQUIRED FOR PART 2 - Vendor's After-Hours RS Means Coefficient**

What is Vendor's After-Hours RS Means Coefficient? **If you do not intend to propose on Part 2, you may enter a "0" in order to continue.**

The RS Means Price Book is a unit price book adjusted for different geographic areas by using the City Cost Index for each location. You may visit https://www.rsmeans.com for more information.

You must review the TIPS Part 2 RS Means JOC Pricing Explanation & Rubric under the "Attachments" tab prior to responding herein.

The most common After-Hours RS Means Coefficient is "time-and-a-half" of the standard RS Means Unit Price Book. For example, if Vendor's Regular Hours Coefficient above is .95, Vendor would assert an After-Hours RS Means Coefficient of 1.45 for "time-and-a-half" pricing. To see the full scoring rubric and use TIPS scoring calculator, please view the TIPS RS Means JOC Pricing Explanation & Rubric under the "Attachments" tab.

Insert Vendor's After-Hours RS Means Coefficient below. **If you do not intend to propose on Part 2, you may enter a "0" in order to continue.**

1.55

42 **REQUIRED FOR PART 2 - Vendor's Percentage Markup of Items not Pre-Priced within the RS Means Price Book**

Here, Vendor must enter a percentage, not a coefficient. **If you do not intend to propose on Part 2, you may enter a "0" in order to continue.**

If Vendor sells items which cannot be found in the RS Means Price Book, at what Percentage Markup does Vendor agree to sell those Non Pre-Priced items? This is a maximum Percentage Markup and Vendor may always offer customers a lesser markup.

Example: In this example, Vendor is selling a project to a TIPS Member school district and some of the contract pricing for special materials cannot be verified because it cannot be found in the RS Means Price book. Vendor may sell those specialty items to the Member this percentage markup from cost. In this example, if one of the specialty items cost Vendor $100 from the manufacturer and Vendor proposed a Percentage Markup of 30% here, then Vendor could sell the item to the TIPS Customer for $130.00 or less in this example.

Vendor must provide TIPS with manufacturer documentation reflecting the cost of any non pre-priced item at the time of the TIPS sale so that TIPS can verify that the proposed percentage markup is being honored.

What is Vendor's Percentage Markup of items not Pre-Priced within the RS Means Price Book? **If you do not intend to propose on Part 2, you may enter a "0" in order to continue.**

35%

43

REQUIRED FOR PART 2 - TIPS Pricing and Line Item Estimate Pricing Requirements

This is a requirement of the Part 2 TIPS Contract and is non-negotiable. If you are not proposing on Part 2, you must still agree to proceed but it will not apply to you unless you decide to propose and are awarded on Part 2.

Vendor must respond to the required pricing attributes above seeking RS Means coefficients and a percentage markup if seeking to propose on Part 2.

If awarded on Part 2 of this TIPS Contract, for the duration of the contract, Vendor agrees to provide a RS Means line-item estimate to TIPS for each anticipated Part 2 TIPS project or sale. Or, in limited circumstances in contracts where Xactimate pricing is also expressly permitted and Vendor also submits Xactimate pricing under Part 2, Vendor may instead provide an Xactimate line-item estimate to TIPS. However, Vendor agrees that when a TIPS Member Customer seeks a quote for a Part 2 TIPS sale, Vendor will always supply a line-item estimate to TIPS for review and approval.

Yes, Vendor agrees

44

EXCEPTIONS & DEVIATIONS TO TIPS STANDARD TERMS AND CONDITIONS

Vendor agrees that, if awarded, Vendor's final TIPS Part 1 and/or Part 2 Contract will consist of the provisions set forth in the finalized TIPS Vendor Agreement, Vendor's responses to these attribute questions, and: (1) The corresponding TIPS solicitation document resulting in this Agreement; (2) Any addenda or clarifications issued in relation to the corresponding TIPS solicitation; (3) All solicitation information provided to Vendor by TIPS through the TIPS eBid System; (3) Vendor’s entire proposal response to the corresponding TIPS solicitation including all accepted required attachments, acknowledged notices and certifications, accepted negotiated terms, accepted pricing, accepted responses to questions, and accepted written clarifications of Vendor’s proposal, and; any properly included attachments to the TIPS Contract. In the event of conflict between the terms of the finalized Vendor Agreement and one of the incorporated documents the terms and conditions which are in the best interest of governmental/qualifying non-profit TIPS Members shall control at TIPS sole discretion.

If Vendor responds, "No, Vendor does not agree" to this Attribute, after this solicitation legally closes and TIPS begins evaluating Vendor's file, TIPS will provide Vendor with a draft Word Document version of the Vendor Agreement and will be instructed to include all requested negotiations as redline edits for TIPS consideration. This is the only proper way to submit proposed deviations for TIPS consideration. TIPS reserves the right to accept, decline, or modify Vendor's requested negotiated terms. For this reason, answering "No, Vendor does not agree" may ultimately delay or prevent award.

Does Vendor agree with TIPS standard terms and conditions as presented in the TIPS solicitation document (RFP, RCSP, RFQ, or other) and the TIPS Vendor Agreement document?

Yes, Vendor agrees

45	**TIPS Sales Reporting Requirements** **This is a requirement of the TIPS Contract and is non-negotiable.** By submitting this proposal, Vendor certifies that Vendor will properly report all TIPS sales. Failure to report all sales pursuant to this provision may result in immediate cancellation of Vendor's TIPS Contract(s) for cause at TIPS' sole discretion.

The TIPS Administration Fee amount is typically a set percentage of each TIPS Sale legally due to TIPS, but the exact TIPS Administration Fee for this Contract is published in the corresponding RFP or RCSP document. TIPS Administration Fees are due to TIPS immediately upon Vendor's receipt of payment, including partial payment, for a TIPS Sale. By submitting a proposal, Vendor agrees that it has read, understands, and agrees to the published TIPS Administration Fee amount, calculation, and payment requirements. By submitting a proposal Vendor further confirms that all TIPS Pricing includes the TIPS Administration Fee and Vendor will not show adding the TIPS Administration Fee as a charge or line-item in any TIPS Sale.

The proposing Vendor agrees that TIPS shall not be responsible or liable for any use or distribution of information or documentation to TIPS Members or by TIPS Members. By submitting this proposal, Vendor certifies the foregoing.

Government Code § 2155.005)** **This is a requirement of the TIPS Contract and is non-negotiable.** By submission of this bid or proposal, Vendor certifies under penalty of perjury of the laws of the State of Texas that: (1) I am duly authorized to execute this proposal/contract on my own behalf or on behalf of the company, corporation, firm, partnership or individual (Vendor) identified herein; (2) In connection with this proposal, neither I nor any representative of Vendor has violated any provision of the Texas Free Enterprise and Antitrust Act, Tex. If included in Texas construction contracts, such provisions are voidable by a party obligated by the contract or agreement to perform the work. By submission of this proposal, Vendor acknowledges this law and ***if Vendor enters into a construction contract with a Texas TIPS Member*** under this procurement, Vendor certifies compliance.

51 **Required Confidentiality Claim Form**

This is a requirement of the TIPS Contract and is non-negotiable.

TIPS provides the required TIPS Confidentiality Claim Form in the "Attachments" section of this solicitation. Vendor must execute this form by either signing and waiving any confidentiality claim, or designating portions of Vendor's proposal confidential. If Vendor considers any portion of Vendor's proposal to be confidential and not subject to public disclosure pursuant to Chapter 552 Texas Gov't Code or other law(s) and orders, Vendor must have identified the claimed confidential materials through proper execution of the Confidentiality Claim Form.
If TIPS receives a public information act or similar request, any responsive documentation not deemed confidential by you in this manner will be automatically released. For Vendor documents deemed confidential by you in this manner, TIPS will follow procedures of controlling statute(s) regarding any claim of confidentiality and shall not be liable for any release of information required by law, including Attorney General determination and opinion.

Agreements reached in mediation will be subject to the approval by the Region 8 ESC's Board of Directors, authorized signature of the Parties if approved by the Board of Directors, and, once approved by the Board of Directors and properly signed, shall thereafter be enforceable as provided by the laws of the State of Texas.

Since the Supplemental Agreements do not necessarily apply to every Member, every jurisdiction, or every purchase, TIPS does NOT now negotiate the terms of those agreements on Members' behalf. RE: PE Health & Wellness and Career & Technical Education Textbook Adoption

Dear Dr. Wilson et al,

In collaboration with Mr. Matthew Mosely, Director of Career & Technical Education, and Ms. Kara Rickard, PE Health & Wellness Specialist, I am writing to request that an item be added to the March 5, 2026 Board of Education agenda to approve their 2026 curriculum adoption.

Attached please find the following documents:

- ED-2153 Certification of Adoption
- ED-5099 Record of District Adopted Materials
- Local Addendum to ED-5099 for Middle School Health, which is not part of the State's Section E adoption cycle
- State panel reviews for each material, documenting quality and standards coverage

These curriculum selections reflect the work of the Adoption Committee members, who were approved by the Board on January 8, 2026. They evaluated each material using both Tennessee standards for high-quality instructional materials and practical experience implementing the materials. Opportunity was also provided for public review of materials via the State's website.

For example in lesson 1.1 there is the following modification: All materials are digital and can be printed, but there is not an actual "printable option"."Modification: English Language Learners Provide students with a handout that includes key words and their definitions: digital footprint, reputation, permanent, cyberbullying." also "Based on students' reading levels, differentiate the article in this lesson by decreasing the amount of unnecessary technical vocabulary and deleting unnecessary text; or, have students read the article with a peer." These modifications are suggestive but do not provide anything further as an actual copy of the document with the modifications already there. This is consistant throughout all of the materials.

Description

There are two basketball courts that are crumbling and need repair. These areas will serve all K-5 students no matter on which playground they play. We obtained three quotes to demo the existing concrete and dispose of the debris, installation of gravel/stone, install form, pour new concrete and cut out expansion joints for both courts. The large court on the 3rd-5th grade playground is 45 X 107 and the small court on the K-2 playground is 58 X 44. Along with the demo and pouring of new concrete, we obtained a quote from Funscapes to install 4 basketball goals, two on each court. They agreed to partner with the concrete installers to set the anchor and oversee the pouring of concrete around the goal base. We would like to have demo begin over Spring Break and anticipate the job being completed before students return to campus.

Tutoring materials for students in grades K-2 are Benchmark Advance materials pulled from either the core content or intervention ancillary materials. Core content materials are vocabulary practice passages that provide practice with vocabulary, fluency, and comprehension. Students are also provided additional grade-level support with phonics and phonological awareness lessons from Benchmark Advance ancillary intervention materials that are aligned to core content. Materials and pacing were selected and put together by the Academic Supports and Literacy Departments and provided to schools each semester.

2. Instructional Coherence. Describe the district's plan for creating instructional coherence, ensuring that there is alignment between Tier I classroom content and tutoring so that students are working on grade-level, Tier-I aligned content within tutoring.

Knox County Schools has been dedicated to providing instructionally coherent instruction to students in tutoring since the beginning of the tutoring initiative. All tutoring materials come from either the core content resources or the ancillary intervention materials from Benchmark Advance. Suggested pacing of lessons is provided to tutors in order to align with classroom instruction. Tutors at individual schools work with the school-based instructional coach to ensure alignment and pacing are maintained.

You may wish to prepare your responses in a separate document and copy/paste them when you are ready to submit.

Teaching Environment & Challenges: Tell us more about the educational institution at which you instruct and your classroom or lab setting. What are the current challenges you face in delivering hands-on STEM instruction? *

I teach agricultural and animal science courses at a CTE Center where our students engage in hands-on learning through an outdoor lab and classroom simulations. Our program blends traditional agricultural education with modern STEM instruction, aligning with Tennessee state standards and the National FFA Organization's three-circle model of classroom instruction, supervised agricultural experiences (SAE), and leadership development.

While our students are highly motivated, many come from non-agricultural backgrounds and have limited access to real-world laboratory experiences outside of school. This makes it essential that our classroom provides authentic, inquiry-based learning that connects scientific concepts—such as data collection, animal physiology, and environmental systems—to tangible, real-world applications. However, one of our greatest challenges is a lack of modern, data-driven tools that allow students to perform precise measurements and analyze results like scientists.

Currently, most of our labs rely on visual observation and manual data recording, which limits accuracy and student engagement. We often simulate experiments that could be truly transformative if supported by digital sensors and probeware. For instance, Vernier tools could help students gather real-time temperature, respiration, and heart-rate data in animal physiology units, or collect environmental data from soil and water samples to analyze ecosystem health.

By incorporating more Vernier technology, we could elevate our program from demonstration-based learning to true experimental inquiry—empowering students to see the connection between science, technology, and agriculture while building critical STEM and data-analysis skills that prepare them for college and career pathways in animal science, veterinary medicine, and agricultural engineering.

Technology Plan: What Vernier equipment or technology would you request with the $1,000 grant? Explain how you plan to implement it in your curriculum, labs, or instruction. *

With the $1,000 Vernier grant, I would request LabQuest 3 interfaces along with several of the Vernier sensors—specifically the Temperature Probe, Respiration Rate Sensor, Dissolved Oxygen Sensor, and CO_2 Gas Sensor. Together, these tools would transform our agricultural science labs into authentic, data-driven learning environments that blend biology, chemistry, and environmental science with real-world agriculture.

In our Animal Systems and Veterinary Science courses, students would use the temperature and respiration sensors to investigate thermoregulation, metabolic rate, and animal stress responses during handling labs. The CO_2 Gas Sensor would allow them to measure respiration and fermentation processes—connecting cellular biology to animal nutrition and feed efficiency studies. Meanwhile, the Dissolved Oxygen Sensor would help students monitor water quality in livestock runoff and aquaculture systems, supporting environmental-stewardship and sustainability lessons.

The LabQuest 3 serves as the digital hub for all data collection. Its portability allows students to collect, graph, and analyze data in our outdoor lab and school farm areas in real time, encouraging collaboration and critical thinking. We also plan to pair it with the Conductivity Probe in plant-science and soil-health experiments, giving students a deeper understanding of nutrient balance and environmental impacts.

Integrating Vernier technology into our curriculum aligns perfectly with Tennessee agricultural standards and FFA's experiential-learning model. These tools will elevate our classroom from demonstration-based instruction to inquiry-based experimentation—empowering students to design investigations, interpret authentic data, and connect STEM principles directly to modern animal-science and agri-tech careers.

Broader Relevance & Student Engagement: How does the proposed project tie to real-world STEM issues or socially relevant problems? How will it foster scientific curiosity or STEM literacy among your students? *

This project directly connects classroom learning to real-world STEM issues such as food security, animal welfare, environmental sustainability, and agricultural innovation—all topics central to our community and the global economy. Agriculture today is deeply rooted in science and technology, and understanding data-driven systems is essential for addressing challenges like efficient livestock management, climate change, and resource conservation. By integrating Vernier technology into our animal and environmental science curriculum, students will explore these issues through authentic, measurable investigations rather than abstract concepts.

For example, students can use Vernier sensors to monitor environmental conditions in livestock areas, test water quality affected by agricultural runoff, and analyze respiration and temperature data to study animal physiology. These experiments mirror the work of agricultural scientists, veterinarians, and environmental engineers, helping students see how STEM applies directly to their world and future careers.

This approach will foster scientific curiosity by giving students ownership of their investigations. Instead of simply following lab instructions, they will design questions, collect and analyze real-time data, and interpret results that have visible, meaningful outcomes. Students who may not initially view themselves as "scientists" will develop confidence in using technology, interpreting data, and making evidence-based decisions—all critical skills for STEM literacy.

Ultimately, this project bridges the gap between classroom learning and real-world problem solving, helping students understand that science is not confined to a lab—it's the foundation for the systems that feed, sustain, and innovate our world.

Measuring Impact: How will you assess or measure the impact of using Vernier technology outlined in your proposal? *

The impact of integrating Vernier technology will be assessed through both quantitative and qualitative measures that reflect improvements in student learning, engagement, and technical skill development.

Quantitatively, students will demonstrate mastery by collecting, analyzing, and interpreting accurate data using Vernier sensors and the LabQuest 3 interface. Pre- and post-lab assessments will measure gains in scientific reasoning, data literacy, and understanding of core STEM and agricultural concepts such as respiration rate, temperature regulation, water quality, and environmental impact. Lab reports and digital portfolios will document each student's ability to connect data to real-world agricultural applications.

Qualitatively, I will gather student feedback through reflection journals and surveys to gauge how hands-on data collection influences their confidence and curiosity in science. Observations during labs will help identify growth in collaboration, critical thinking, and problem-solving—skills that are essential for success in animal science and related STEM careers.

Program-level outcomes will include the integration of new, data-driven labs into our curriculum, increased participation in FFA agriscience projects, and improved connections between classroom instruction and supervised agricultural experiences (SAEs). We will also track student enrollment in advanced STEM and agricultural courses as an indicator of long-term impact.

Ultimately, success will be measured not only by test scores or lab accuracy but by the excitement students bring to scientific discovery. Vernier technology will allow them to think and work like real scientists—collecting authentic data, drawing meaningful conclusions, and recognizing how science drives innovation in agriculture and beyond.

Matthew Anderson (Matt) is a Knoxville native that received both his undergraduate and law degrees from the University of Tennessee. Matt has always been passionate about real estate and community development. He began his career working for a Knoxville based commercial real estate development and brokerage firm in 2006, where he quickly learned that successfully developing and managing real estate is a balancing act and the consequences of a poorly planned development are far reaching.

Matt has been with the Knoxville law firm Young, Williams & Theiss, PC, and its affiliate, LeConte Title, LLC, since 2015. Matt primarily focuses his law practice on real estate and transactional law. As Vice President of LeConte Title, Matt oversees daily operations of the title company and acts as the company's primary closing agent and title attorney. Through his practice, Matt has helped home builders, realtors, and consumers close approximately 1,000 transactions during each of the last several years in East Tennessee.

Matt believes Knoxville's natural beauty, resources, location, and numerous other attributes make it the ideal place to call home. This sentiment has been echoed by a multitude of home buyers migrating to Knoxville from other areas that Matt has encountered over the last several years and highlights the need for development and growth in Knox County to be simultaneously responsible, sustainable, and effective.

Matt's civic engagement includes supporting the Friends of the Great Smoky Mountains in various roles, including serving on the Friends' Evergreen Ball Steering Committee for the past several years. In addition, Matt served on the Leadership Knoxville Introduction Knoxville Planning Committee from 2018-2020 after completing Introduction Knoxville himself in Winter 2017.

Matt is married to Andi, a Tax Officer at Pugh CPAs who is also of counsel at Young, Williams & Theiss, PC. Matt and Andi welcomed their first child in October 2022.

To facilitate EFT, KCSO shall establish an account online in the System for Award Management (SAM) at www.SAM.gov. A verification of banking information is required on an annual basis to keep payment information current. For additional information regarding procedures related to reimbursements, contact your agency's Regional Coordinator or Program Analyst.

4. Overtime reimbursements will be calculated at the usual rate for which the individual officer's time would be compensated in the absence of this agreement. However, overtime payments, including all other, non-HSTF Federal sources (such as Safe Streets, HIDTA, IRS, FEMA, etc.) may not, on an annual/fiscal year basis exceed 25% of the current approved Federal salary rate in effect at the time the overtime is performed. The Federal fiscal year runs from October 1st through September 30th. The pay cap amount changes annually and State/Local entities should reference the current fiscal year amount on their

HSTF Case and Participant Form. The State/Local Organization is responsible for ensuring the annual payment is not exceeded.

5. The KCSO must complete annually the HSTF Case and Participant Request Form, listing the law enforcement officers assigned full-time/part-time to the HSTF and as such are entitled to overtime reimbursement. Based on the needs of the HSTF, this number may change periodically, upward or downward, as approved in advance.

6. The request for reimbursement shall include an invoice number, invoice date, the officer's name, overtime compensation rate, number of reimbursable hours for overtime claimed, and the dates of those hours for each officer for whom reimbursement is sought. This information must be submitted to the KCSO for reimbursement to be paid.

7. Requests for reimbursement shall be submitted monthly, and all requests shall be received no later than December 31st of the next fiscal year for which the reimbursement applies. For example, reimbursements for the fiscal year ending September 30, 2026, shall be received monthly and not later than December 31, 2026. The FBI is not obligated to reimburse any requests received untimely and not in accordance herewith.

8. If an Agreement does not have a bill submitted within ninety (90) days of the Agreement funding date, or within sixty (60) days of when the last bill was submitted, funds will be de-obligated. Furthermore, if a State/Local Law Enforcement Organization determines there will be no additional work performed under a particular Agreement, a funding change notification email should be sent to the Regional Coordinator/Program Analyst, identifying the amount to be de-obligated as soon as possible.

9. Only sworn law enforcement officers are eligible for reimbursement in this program. Officers who are not deputized shall possess no Law Enforcement authority other than that conferred by virtue of their position as a commissioned officer of their parent Agency.

10. HSTF will only reimburse an actual dollar ($) amount paid to the officer for overtime worked, any additional benefit or administrative fees (including compensation time) will NOT be reimbursed.

11. The State/Local Organization will comply with Title VI of the Civil Rights Act of 1964 and requirements applicable to HSTF Agreements pursuant to the regulations of the Department of Justice (see, 28C.F.R. Part 42, Subparts C and G; 28C.R.R.50.3 (1993)) relating to discrimination of the grounds of race, color, sex, age, national origin, or handicap.

12. The Agreement is effective upon signatures of all parties and will remain in effect for the duration of KCSO's participation on the HSTF, contingent upon approval of necessary funding, and unless terminated in accordance with the provisions herein. This Agreement may be modified at any time by written consent of the parties or based on changing business operations and practices of the HSTF. It may be terminated at any time upon mutual consent of the parties, or unilaterally upon written notice from the terminating party to the other party at least 30 days prior to the termination date.

AMENDMENT ONE
OF CONTRACT 86143

This Amendment is made and entered by and between the State of Tennessee, Department of Human Services, hereinafter referred to as the "State" and Knox County Sheriff's Office, hereinafter referred to as the "Contractor." For good and valuable consideration, the sufficiency of which is hereby acknowledged, it is mutually understood and agreed by and between said, undersigned contracting parties that the subject contract is hereby amended as follows:

1. Contract Section A.8. is deleted in its entirety and replaced with the following:

   A.8. The State shall determine the Contractor's level of compliance with the performance measure specified in Section A.7. based upon monthly reports ("Service of Process Report(s)" or "Report(s)") submitted by the Contractor. Such reports shall be submitted using the Attachment B - Service of Process Report spreadsheet, which is herein by reference and made part of this Contract. The Service of Process Report shall include the total number of referrals received during the reporting month as well as the number of process papers and attachments successfully served during the same period. The Reports shall be received by the State within fifteen (15) calendar days of the end of the reporting month. Upon a determination by the State that the Contractor has failed to attain the requisite percentage specified in Section A.7., the Contractor will be notified of such and will be given ninety (90) days in which to take all necessary action so as to allow the Contractor to attain the percentage level required. If, after the ninety (90) day corrective action period, the Contractor is still unable to properly perform its obligations under this Contract, the State may, at its sole discretion, terminate the Contract as provided for in Section D.4.

2. The following is added as Contract Section A.16.

   A.16. Artificial Intelligence (AI) Use and Compliance Requirements. The Contractor agrees that any product, service, or solution incorporating Artificial Intelligence (AI), including Generative AI (GenAI), procured under this Contract shall comply fully with the State of Tennessee's **Enterprise Artificial Intelligence Policy (Policy 200-POL-007)**, available at: https://www.tn.gov/content/dam/tn/finance/artificial-intelligence/Enterprise_Artificial_Intelligence_Policy.pdf

   The Contractor further agrees to the following:

   a. **Data Privacy and Security**
      Contractor shall not use, access, store, transmit, or process any State Data—including but not limited to confidential, privileged, personally identifiable information (PII), protected health information (PHI), Payment Card Industry (PCI) data, criminal justice information (CJIS), federal tax information (FTI), Centers for Medicare & Medicaid Services (CMS) data, Social Security Administration (SSA) data, Family Education Rights & Privacy Act (FERPA) data, or internal communications—through any AI tools or platforms unless:

      1. The AI tool is explicitly approved in writing by the State.

      2. The tool is operated within a secure State-controlled or approved environment.

   b. **Prohibition on Model Training**
      Contractor shall not use State Data to train, fine-tune, or otherwise improve AI models, unless expressly authorized in writing by the State and in accordance with Policy No. 200-POL-007.

   c. **Transparency and Accountability**
      Contractor shall clearly disclose when AI tools are used in providing services or

generating content on behalf of the State. Contractor is responsible for the accuracy, reliability, and appropriateness of all AI-generated outputs.

d. **Use of Approved Tools Only**
Only State-approved AI platforms, systems, or services may be used in the performance of this Contract. Use of public, consumer, or non-State-managed AI platforms (e.g., ChatGPT, Google Gemini, etc.) with State Data is strictly prohibited unless authorized in writing.

e. **Ongoing Compliance and Risk Mitigation**
Contractor shall ensure continued compliance with evolving State and federal regulations related to AI. The State reserves the right to audit or review AI usage under this Agreement at any time.

f. **Indemnification**
Contractor shall further indemnify and hold harmless the State in accordance with the Hold Harmless section of this Agreement for any unauthorized disclosure, misuse, or compromise of State Data resulting from AI-related processing that violates this Agreement or State policy.

3. Contract Section B.1. is deleted in its entirety and replaced with the following:

B.1. This Contract shall be effective for the period beginning on July 1, 2025 ("Effective Date") and ending on June 30, 2027, ("Term"). The State shall have no obligation for goods delivered or services provided by the Contractor prior to the Effective Date.

4. Contract Section B.2. is deleted in its entirety and replaced with the following:

B.2. Renewal Options. This Contract may be renewed upon satisfactory completion of the Term. The State reserves the right to execute up to three (3) renewal options under the same terms and conditions for a period not to exceed twelve (12) months each by the State, at the State's sole option. In no event, however, shall the maximum Term, including all renewals or extensions, exceed a total of sixty (60) months.

5. Contract Section C.1. is deleted in its entirety and replaced with the following:

C.1. Maximum Liability. In no event shall the maximum liability of the State under this Contract exceed five hundred seventy-four thousand eight hundred ninety-three dollars and thirteen cents ($574,893.13). This amount shall constitute the entire compensation due the Contractor for all service and Contractor obligations hereunder regardless of the difficulty, hours worked, or materials or equipment required. The Contract Amount includes, but is not limited to, all applicable taxes, fees, overhead, profit, and all other direct and indirect costs incurred or to be incurred by the Contractor.

6. Contract Section C.3. is deleted in its entirety and replaced with the following:

C.3. The Contractor shall be reimbursed for actual, reasonable, and necessary costs based upon the Contract Budget, not to exceed the Maximum Liability established in Section C.1. Upon progress toward the completion of the Scope, as described in Section A of this Contract, the Contractor shall submit invoices prior to any reimbursement of allowable costs. Executive Summary

The Jackson Law (TCA § 68-211-701) is a state law providing a legal basis for Counties and Municipalities to approve or deny solid waste processing facility and landfill permit approval. Knox County Commission must decide whether or not a solid waste processing or landfill permit may be issued by The Department of Environment and Conservation (TDEC). Approval is often referred to as a "Jackson Law Letter" to TDEC.

Knox County Commission may approve or deny a Jackson Law approval for reasons they deem are in the public interest or public good. (TDEC makes its decision to issue a permit based on technical considerations). It is recommended that Commission approve or deny applicants Jackson Law approval on the following grounds: Would approval result in the most cost effective and efficient management of municipal solid waste in the best interest of the citizens of Knox County?

TDEC will not consider or proceed with their permit review until the applicant can show a Jackson Law letter of approval was granted by Knox County Commission. In some instances, TDEC may also require the Knox County Regional Solid Waste Board to rule whether proposed activities are consistent with the plan. TDEC will not undergo a time consuming technical review of a permit application if there is a chance the local government could later refuse to allow the permit to be approved on non-technical grounds. Meaning an applicant's permit is effectively denied if the County does not issue a Jackson Law letter.

TDEC is limited to considering specific permit requirements under TDEC rules that specify how permit holders must operate under the statutes when reviewing and granting Solid Waste Processing and Landfill permits. For example, TDEC may look at the rules governing a Solid Waste Processing or Landfill permit and examine if the applicant plans to handle, store, and ultimately dispose of the material correctly. In most instances, TDEC periodically visits permit holders to ensure compliance with TDEC rules.

Solid Waste Processing permits are often permits by rule. There are fewer barriers for approval when applying for a permit by rule. Consequently there are also fewer barriers for approval for permit holders wishing to relocate, expand, or modify their existing permitted activities.

Knox County Commission

Dear Commissioners,

On February 10, the Knox County Regional Solid Waste Board held a publicly noticed meeting to review Liberty Tire's Jackson Law letter request. Although the Tennessee Department of Environment and Conservation (TDEC) does not require Board review, Engineering and Public Works sought the Board's input to provide an additional level of community review. The Board's role is limited to determining consistency with the Knox County Regional Solid Waste Plan. The Jackson Law grants broader authority to County Commission to consider other public interest factors.

With an in-person quorum present, the Board voted to recommend issuance of the Jackson Law letter based on the presentation and supporting materials provided by Liberty Tire's representative. In reaching this decision, the Board also considered the benefits Liberty Tire provides to the region. The Board determined that Liberty Tire's operations are consistent with the Knox County Regional Solid Waste Plan and related planning documents.

Best regards,

Nick Jackson

SECTION 00500 – CONSTRUCTION CONTRACT

THIS CONTRACT, made this _____ day of _____ 20___ at Knox County, State of Tennessee by and between Knox County, Party of the First Part, hereinafter called the "Owner" and Stansell Electric Company, Inc., Party of the Second Part, hereinafter called the "Contractor".

WITNESSETH
In consideration of the mutual covenants and conditions hereinafter set forth, it is agreed as follows:

1. Statement of Work: This work shall include but not necessarily be limited to: construction of roadway improvements for **Construction of Traffic Signal at Lovell Road (S.R. 131) at Gilbert Drive (Knox County Bid Number 3706)**. This project consists of the addition of a traffic signal at the existing unsignalized intersection of Gilbert Drive at Lovell Road (S.R. 131). The scope of work generally includes the installation of proposed facilities including installation of strain poles, cabinet, controller, detection, signal heads, conduit, wiring, and incidentals to provide a fully functional traffic signal. Also included is the installation of pedestrian poles and the removal and installation of pavement markings.

2. Completion of Work: The Contractor shall commence work on the date to be specified in a written "Notice of Proceed" by the Owner and shall complete the project within the conditions as set forth in Special Provisions Section SP1, unless the period for completion is extended as hereinafter provided.

3. Contract Sum: The Owner shall pay the Contractor for the performance of said work, subject to additions and deductions provided herein two hundred seventy-eight thousand, seven hundred fifty-two and no/100 dollars ($278,752.00) as the contract bid in conformity with the bid schedules in Section 00300.

4. Payment: Payment shall be made to the Contractor for work performed under this contract for quantities of work as determined in accordance with this contract as set forth in Special Provisions, Section SP0.

5. Intent of Plans and Specifications: The Contractor will keep on the project a copy of the plans and specifications and shall at all times give the Owner access thereto. Anything mentioned in the specifications and not shown on the plans, or shown on the plans and not mentioned in the specifications, shall be of like effect as if shown or mentioned in both. In case of differences between the plans and specifications, the specifications shall govern. The Contractor shall not take advantage of any errors, discrepancies or omissions which may exist in the plans and specifications but shall immediately call them to the attention of the Engineer whose interpretation or correction thereof shall be conclusive.

6. Extra Work and Charges: Extra work shall be work for which no unit bid was received in the proposal and which was not included in the bid schedule and will be construed to mean work for which unit bids were received but which is in excess of the quantity mentioned in the proposal. The Owner, without invalidating the contract, may order extra work or make changes in the work, the contract sum being adjusted accordingly. All such work shall be executed under the conditions of the original contract except that any claim for extension of time caused thereby shall be adjusted at the time of ordering such change. All such changes shall be agreed to and recorded on "Contract Change Order" form. In giving instructions, the Engineer shall have authority to make minor changes in the work not involving extra cost and not inconsistent with

the purpose of the work, but otherwise, except in an emergency endangering life or property, no extra work or change shall be made unless covered by Contract Change Order, and no claim for an addition to the contract sum shall be valid unless so covered. Before becoming effective, all Change Orders must be signed by all parities indicated. In order to bind the County, if the change order is less than $100,000.00 the change order must be signed by the County Mayor. If, however, the change order is for an amount of $100,000.00 or more, the change order must be signed by the County Mayor and approved by County Commission. If the aggregate of the change orders to date total $99,999.99 then the next change order, regardless of amount, must be approved by the County Mayor and County Commission. Before becoming effective, all Change Orders must be signed by all parities indicated.

The value of such extra work or change shall be determined in one or more of the following ways:

(a) By estimate and acceptance in a lump sum.
(b) By unit prices named in the contract or subsequently agreed upon.

The above accounts shall be understood to include all other costs and compensation such as insurance, small tools, superintendence, office and overhead costs and profits. Rental on equipment shall be charged against the extra or changed work only for the actual time the equipment is used specifically therefore.

Changed work shall be adjusted, considering separately the work added and the parts omitted. Amount of adjustment for parts omitted shall be estimated at the time omission of work is authorized and the agreed adjustment will be deducted form the subsequent monthly estimates.

The Owner reserves the right to contract with any person or firm other than the Contractor for any or all extra work. The contractor's attention is especially called to the fact that he shall be entitled to no claim for damages for anticipated profits on any portion of work that may be omitted.

7. Claims for Extra Cost: If the Contractor claims that any changes in the work or any instructions by means of drawings or otherwise involve extra cost, he shall give the Engineer written notice thereof within a reasonable time after receipt of such instructions or of notice of such changes and, in any event, before proceeding to carry out such instructions or to put such changes into effect, except in case of an emergency endangering life or property. In all such cases the Contractor shall keep a correct account of the extra cost in such form as the Engineer may direct and shall present such account supported by receipts to the Engineer. The Owner shall be entitled to reject any claim for extra cost concerning which the foregoing procedure is not followed.

8. Performance and/or Payment Bond: The Contractor shall within thirty (30) days after the receipt of the Notice of Award and before the commencement of any operations hereunder execute the contract and furnish the Owner with a performance and/or payment bond in a sum equal to the amount of the contract price, conditioned upon the performance by the Contractor of all undertakings, covenants, terms, conditions, and agreements of this contract, and upon the prompt payment by the Contractor to all persons supplying labor and materials in the prosecution of the work provided by this contract. Such bond shall be executed by the Contractor and a corporate bonding company licensed to transact such business in the State of Tennessee and acceptable to the Owner. The expense of this bond shall be borne by the Contractor. All bonding companies must be listed in the Federal Register Dept. of the Treasury Fiscal Service, companies holding Certificates of Authority as acceptable sureties on Federal Bonds and as acceptable reinsuring companies. If at any time a surety on such bond becomes irresponsible or loses its right to do

business in the State of Tennessee, the Owner may require another surety which the Contractor shall furnish within ten (10) calendar days after receipt of written notice to do so.

Evidence of authority of any attorney in fact acting for the corporate surety must be provided in the form of a certificate terminated and remains in full force and effect on the date of the bond. The form of the bond shall be subject to approval by the Owner.

9. License and Permits: The Owner will secure and pay for permits required for permanent structures. The Contractor shall obtain and pay for all other necessary licenses and permits and shall faithfully comply with all laws, ordinances, and regulations Federal, State, or Local which may be applicable to the operations to be conducted hereunder.

10. Other Work: Wherever work being done by the Owner or by other contractors is contiguous to work covered by this contract, the interest involved of the parties shall be secured to protect the rights of the owner and to complete each work portion in general harmony.

11. Responsibility of the Engineer: The term "Engineer," wherever used in this Contract, shall be the person, firm, corporation, or representative of the Owner as its engineering representative during the course of construction. The Owner shall advise the Contractor in writing of the name and address of the Engineer. Notices of any change in the Engineer shall be given in writing by the Owner to the Contractor. The Engineer shall have full authority to interpret the plans and specifications and shall determine the amount, quality and acceptance of the work and supplies to be paid for under this Contract and every question relative to the fulfillment of the terms and provisions therein. Unless otherwise specifically provided in the specifications, all workmanship, equipment, and materials incorporated in the work are to be the best grade of their respective kinds for the purpose.

    It shall be the duty of the Engineer to enforce the specifications in a fair and unbiased manner, although he has the right to waive any term of the specifications if that term is found to be unreasonable and inconsistent with the general spirit of the specifications. If a variation from any requirement is allowed, the Engineer shall grant the same in writing with the reasons for his action outlined, and such action will not violate or change the contract in any other manner.

12. Waiver: It is expressly understood and agreed that any waiver granted by the Engineer of the Owner of any term, provision, or covenant of this contract shall not constitute a precedent nor breach of the same or any other terms, provisions, or covenants of this Contract. Any such waiver granted by the Engineer shall be made in writing and signed by all parties under this contract.

    Neither the acceptance of the work by the Owner nor the payment of all or any part of the sum due the Contractor hereunder shall constitute a waiver by the Owner of any claim which the Owner may have again the Contractor or surety under this contract or otherwise.

13. Superintendence: The Prime Contractor shall assign and provide a superintendent, who will be identified by name to the Owner. He will provide constant on-site supervision during any and all construction under the contract whether by the prime or a subcontractor. The superintendent shall have full authority to act for the Contractor and to carry all instructions given by the Engineer or Owner.

14. Labor Provisions: The Contractor and his subcontractors shall discharge, whenever ordered to do so by the Engineer, any employee who is disorderly or whose conduct in the opinion of the Engineer is detrimental to the prosecution of the work.

No person under the age of sixteen (16) years shall be employed.

The work shall at all times be prosecuted under safe working conditions and in a safe and workmanlike manner and the conditions of work shall be subject to inspection and correction by the Engineer or safety inspectors of the Owner.

15. Liability Insurance: The Contractor shall procure and maintain, at his own expense, during the life of the contract liability insurance as necessary to indemnify the Owner and his agents. All such insurance shall be subject to the approval of the owner for adequacy of protection, and shall contain a provision preventing cancellation without thirty (30) days prior written notice to the owner. The liability insurance will be that required in Contractor's General Public Liability and Property Damage Insurance issued to the Contractor and protecting him from all claims for destruction of or damage to property arising out of or in connection with any operations under this contract, whether such operations were performed by himself or by any other subcontractor under him or anyone directly or indirectly employed by the Contractor or by a Subcontractor under him.

All such insurance shall be written on a comprehensive policy form and in the event blasting operations are required in performance of the work shall cover all blasting operation. Certificates evidencing the issuance of such insurance shall be filled with the owner prior to the commencement of any operations under this contract.

16. Workmen's Compensation Insurance: The Contractor shall procure and maintain, at his own expense during the life of this contract in accordance with the provisions of the laws of the State of Tennessee, Workmen's Compensation Insurance for all of his employees at the site of the project, and in case any work is sublet, the Contractor shall require each subcontractor similarly to provide Workmen's Compensation Insurance for all the latter's employees unless such employees are covered by the protection afforded by the Contractor.

In case any class of employees engaged in work under this contract at the site of the project is not protected under Workmen's Compensation Insurance, the Contractor shall provide, and shall cause each subcontractor to provide, adequate and suitable insurance for the protection of these employees not otherwise protected.

Certification evidencing the issuance of such insurance shall be filed with the Owner prior to the commencement of any operations under this Contract.

17. Payment for Work Completed: See Special Provision regarding Payments to Contractor, Section SP0.

18. Payments Withheld: The Engineer may withhold or, on account of subsequently discovered evidence, nullify the whole or part of any estimate to such extent as may be necessary to protect the Owner from loss on account of:

(a) Defective work not remedied.
(b) Claims filed or reasonable evidence indicating probable filing or claims.
(c) Failure of the Contractor to make payments properly to subcontractors or for materials or labor.
(d) A reasonable doubt that the contract can be completed for the balance then unpaid.
(e) Damage to another Contractor.
(f) Failure of the Contractor to keep his work progressing in accordance with his time schedule.

When the above grounds are removed, payment shall be made for amounts withheld because of them.

19. Assignment and Transfer of Contract: The Contractor shall not assign or transfer this contract or any part thereof or any interest therein without the consent in writing of the Owner and the Contractor's surety and any such assignment or transfer without such written consent shall be null and void.

20. Indemnity: The Contractor shall indemnify and hold harmless the Owner, the Owner's agent and employees from and against all losses and all claims, demands, payments, suits, or action recoveries and judgments of every nature and description brought or recovered against them by reason of any act or omission of the said Contractor, his agents or employees in the execution of the work or in guarding the same.

21. Subcontractors: The Contractor shall cause appropriate provisions to be inserted in all subcontracts relating to the work to insure the fulfillment of all the provisions of this contract affecting subcontractors.

22. Protection of work and property: The Contractor shall continuously maintain adequate protection of all his work and materials from damage or theft and shall protect the Owner's property and all adjacent property from injury or loss arising in connection with activities under this contract. The Contractor shall make good any such damage, injury, or loss, except such as may be directly due to errors in the Contract Documents or such as may be caused by agents or employees of the Owner.

The Contractor shall take, use, and maintain all necessary precautions, safeguards, and protection to prevent accidents on the site of the work. The Contractor shall post danger signs warning against any hazards created by the work being done under this contract. He shall designate a responsible member of his organization on the work, whose duty shall be the prevention of accidents, and the name of the person so designated shall be reported to the Engineer and Owner in writing. In an emergency affecting the safety of life, or of the work or adjoining property, the Contractor without special instruction or authorization from the Engineer or Owner is hereby permitted to act, at his discretion, to prevent such threatened loss or injury, and he must take such action if so instructed or authorized by the Engineer or Owner.

Additionally, in order to further protect the lives and health of his employees under the contract, the Contractor shall comply with all pertinent provisions of the "Manual of Accident Prevention in Construction" issued by the Associated General Contractors of America, Inc. and shall maintain an accurate record of all cases of death, occupational disease, and injury requiring medical attention or causing loss of time from work under the contract.

The Contractor shall also protect property as required by law.

23. Land of Owner, Use of, by Contractor: The Owner shall provide the land upon which the work under this Contract is to be done, and will so far as is convenient, permit the Contractor to use as much of this land as is required for the erection of temporary construction facilities and storage of materials, together with the right of access to same, but beyond this, the Contractor shall provide, at his cost and expense, any additional land required.

24. Liens: If at any time there shall be evidence of lien or claim for which the Owner might become liable and which is chargeable to the Contractor, the Owner shall have the right to retain out of any payment then due or thereafter to become due, an amount sufficient to complete indemnification against such lien or claim. In the event the Owner has already paid to the

Contractor all sums due under this contract or the balance remaining unpaid is insufficient to protect the Owner, the Contractor and his surety shall be liable to the Owner for any loss so sustained.

25. Construction Staking: The Contractor will provide the necessary construction staking for the fulfillment of this contract. If re-staking of reference stakes provided by the Owner/Engineer is required due to negligence of the Contractor or his subcontractors, the cost of re-staking will be borne by the Contractor.

26. Preservation of Stakes: The Contractor and his subcontractors shall carefully preserve bench marks, reference points and stakes, and in case of willful or careless destruction, he will absorb the charge of the resulting expense and shall be responsible for any mistakes that may be caused by their unnecessary loss or disturbance.

27. Inspection: The Contractor shall do all work to the approval of the inspector. The inspector's daily log and weekly project progress video will constitute the construction record for the project. The Engineer and the Owner shall at all times have access to the work during its construction and shall be furnished with every reasonable facility for ascertaining that the stock and materials used and employed, and the workmanship are in accordance with the requirements and intentions of the specifications. All work done and all materials furnished shall be subject to their inspection and approval.

    The inspection of the work shall not relieve the Contractor of any of his obligations to fulfill his contract as prescribed and defective work shall be made good and unsuitable materials shall be rejected, notwithstanding that such defective work and materials have been previously overlooked and accepted on estimates for payment. Materials of construction shall be subject to inspection and testing to establish conformance with specifications and suitability for uses intended. All work and material shall be tested to the satisfaction of the Engineer and the Owner before acceptance. The Engineer and Owner shall be provided copies of all testing performed for the project.

    No work shall be done at night without the previous approval of the Engineer.

28. Minimize Siltation: The Contractor, at his own expense, will be required to minimize siltation and bank erosion during construction and to restore disturbed areas to present or better conditions.

29. Defective Work or Material: The Contractor shall promptly remove from the premises all work and materials condemned by the Engineer as failing to conform to the contract, whether incorporated or not, and the contractor shall promptly replace and re-execute his own work in accordance with the Contract and without expense to the Owner and shall bear the expense of making good all work of other contractors destroyed or damaged by such removal or replacement.

30. Other Contracts: The Owner may award other contracts. The Contractor shall fully cooperate with such other Contractors and carefully fit his work to that provided under other contracts as may be directed by the Engineer. The Contractor shall be liable for any act which will damage or interfere with the performance of work by any other Contractor.

31. Owner's Right To Take Over the Work: If the Contractor should be adjudged bankrupt, or if he should make a general assignment for the benefit of his creditors, or if a receiver should be appointed to take over his affairs, or if he should fail to prosecute his work with due diligence and carry the work forward in accordance with his work schedule and the time limits set forth in the

Contract Documents, or if he should fail to substantially perform one or more of the provisions of the Contract Documents to be performed by him, the Owner may serve written notice on the Contractor and the surety on his performance bond, stating its intention to exercise one of the remedies hereinafter set forth and the grounds upon which the Owner bases its right to exercise such remedy.

In any event, unless the matter complained of is satisfactorily cleared within ten (10) days after service of such notice, the Owner may, without prejudice to any other right or remedy, exercise one of such remedies, at once, having first obtained a certificate from the Engineer that sufficient cause exists to justify such action.

(a) The Owner may terminate the services of the Contractor, which termination shall take effect immediately upon service of notice thereof on the Contractor and his surety, where upon the surety shall have the right to take over and perform the contract. If the surety does not commence performance of the contract within ten (10) days after service of the notice of termination, the Owner may itself take over the work, take possession of and use all materials, tools, equipment, and appliances on the premises and prosecute the work to completion by such means as it shall deem best. In the event of such termination of his service, the Contractor shall not be entitled to any further payment under this contract until the work is completed and accepted. If the Owner takes over the work and if the unpaid balance of the contract price when the owner takes over the work, exceeds the cost of completing the work, including compensation for any damages or expenses incurred by the Owner thought the default of the Contractor, such excess shall be paid to the Contractor. In such event, if such cost, expenses, and damages shall exceed such unpaid balance of the contract price, the Contractor and his surety shall pay the difference to the Owner. Such cost, expenses and damages shall be certified by the Engineer.

(b) The Owner may take control of the work and either make good the deficiencies of the Contractor itself or direct the activities of the Contractor in doing so, employing such additional help as the Owner deems advisable. In such event the Owner shall be entitled to collect from the Contractor and his surety, or to deduct from any payment then or thereafter due the Contractor, provided the Engineer approved the amount thus charged to the Contractor.

(c) The Owner may require the surety on the Contractor's bond to take control of the work at once and see to that all deficiencies of the Contractor are made good with due diligence. As between the Owner and the surety, the cost of making good such deficiencies shall all be borne by the surety. If the surety takes over the work, either upon termination of the services of the Contractor or upon instructions from the Owner to do so, the provisions of the Contract Documents shall govern in respect to the work done by the surety, the surety being substituted for the Contractor as to such provisions, including provisions as to payment for the work and provisions of this section as to the right of the Owner to do the work itself or to take control of the work.

32. Contractor's Right To Stop Work or Terminate Contract: If the work shall be stopped under an order of any court or other public authority for a period of three (3) months through no act or fault of the Contractor or anyone employed by him, then the Contractor may on seven (7) day's written notice to the Owner and the Engineer stop work or terminate this contract and recover from the Owner payment for all work executed, and losses sustained on any plant or material, and a reasonable profit. If the Engineer shall fail to issue any certificate for payment within ten (10) days after it is due, or if the Owner shall fail to pay the Contractor within fifteen (15) days after its maturity and presentation any sum certified by the Engineer, then the Contractor may on seven (7) day's written notice to the Owner and to the Engineer stop work and give written notice of intention to terminate this contract. If the Owner shall thereafter fail to pay the Contractor within seven (7) day's after receipt of such notice, then the Contractor may terminate the contract and

recover from the Owner payment for all work executed, and losses sustained upon any plant or materials, and a reasonable profit.

33. Delays and Extension of Time: If the Contractor be delayed at any time in the progress of the work by an act or neglect of the Owner or the Engineer, or if any employee of either, or by any separate Contractor employed by the Owner, or by changes ordered in the work, or by strike, lockouts, fire, unusual delay in transportation, unavoidable causalities, or any causes beyond the Contractor's control, or by delay authorized by the Engineer, or by any cause which the Engineer shall decide to justify the delay, then the time of completion shall be extended for such reasonable time as the Engineer may decide. No such extension shall be made for delay occurring more than seven (7) days before claim therefore is made in writing to the Engineer. In the case of a continued cause of delay, only one (1) claim is necessary.

34. Right of Occupancy: The Owner shall have the right, if necessary, to take possession of and to use any completed or partially completed portion of the work, if such use be approved by the Engineer even if the time for completing the entire work or such portions of the work has not expired and even if the work has not been finally accepted. Such possession and use shall not constitute an acceptance of such portions of the work. The Owner shall not have the right of such possession and use if it materially interferes with the Contractor's operations. The Owner shall also have the right to enter the premises for the purpose of doing work not covered by its contract with the Contractor.

35. Underground Obstructions: The Contractor shall anticipate all underground obstructions such as water lines, gas lines, sewer lines, utility lines, concrete and debris. No extra payment will be allowed for the removal, replacement, repair or possible increased cost caused by underground obstructions. Any such lines or obstructions indicated on the map show only the approximate location and must be verified in the field by the Contractor. The Owner and Engineer will endeavor to familiarize the Contractor with all known underground utilities and obstructions, but this will not relieve the Contractor from full responsibility in anticipating all underground obstructions. All excavation shall be done in accordance with TCA 65-31-102, "Underground Utility Damage Prevention."

36. Acceptance: Final inspection and acceptance of the work shall be made by the Engineer in collaboration with the Owner. Such inspection shall be made as soon as practical after the Contractor has notified the Owner in writing that the work is ready for such inspection.

37. Final Estimates: Upon completion and acceptance of the work the Engineer shall issue a certificate that the whole work provided for in this contract has been completed and accepted by him under the conditions and terms thereof, and shall make the final estimate of the work. The final estimate of work must be checked and approved by the Engineer for the Owner; whereupon, the entire balance found to be due the Contractor, including said retained percentage but excepting such sums as may be retained lawfully by said Owner that all payrolls, material bills and outstanding to the Owner indebtedness in connection with this contract have been paid.

38. hereinafter referred to as the "Project"; Engineering for the widening of 2.76 miles of South Northshore Drive in Knox County**.**

NOW, THEREFORE, in consideration of the premises, the Department and the Local Government enter into this Agreement to provide for the funding and performance of the Project.

A. SCOPE OF SERVICES AND DELIVERABLES:

A.1. The Local Government shall provide plans and specifications for the construction of the Project for the Department's approval. If the Project includes replacement or construction of a bridge, then the plans shall be prepared by an engineer licensed in the State of Tennessee and designed in accordance with the latest AASHTO LRFD Standard Specifications for Highway Bridges, with Addenda, in effect on the Effective Date. If the

Project is for resurfacing only, then the Local Government shall provide, in lieu of plans, a typical section drawing including the paving schedule for the Department's approval.

A.2. All construction shall be performed in accordance with the approved construction plans, the Department's Standard Specifications of Road and Bridge Construction (current Edition), as amended and supplemented by the Department's Supplemental Specifications, the Manual on Uniform Traffic Control Devices, and normally accepted construction practices.

A.3. The Department hereby approves Attachment One, which is attached hereto and incorporated herein as a part of this Agreement, detailing the Project work to be performed by the Local Government. The Local Government agrees that where any State-Aid Route intersects with a state highway or other public road the Project work will continue across the right-of-way of the intersecting state highway or public road to the point where the State-Aid-Route abuts with the roadway of the state highway or public road.

A.4. Construction Schedule: Work to begin as soon as possible after execution of this Agreement and to be completed on or before **June 30, 2027**.

A.5. The Project shall be constructed subject to the approval of the Department only for conformity with the plans and specifications.

A.6. The Local Government shall adhere to the provisions of Tenn. Code Ann. § 54-4-401 *et seq.*, the Department's State-Aid Program Guidelines, and to the Local Government's own adopted rules and regulations, and hereby certifies that these provisions, guidelines, and rules and regulations will be carried out. In the event of any conflict between the Department's State-Aid Program Guidelines and the Local Government's own adopted rules and regulations, the Department's State-Aid Program Guidelines shall control.

A.7. Final determination of actual costs allowable under the terms of this Agreement shall be based upon a final review and approval by the Department of quantities and agreed unit prices, as certified to by the Local Government's engineer. The Local Government shall permit, and shall require its contractor and engineer to permit, the Department to inspect all work, materials, payrolls, and other data and records with regard to the Project and to audit the books, records and accounts of the Local Government and its contractor with regard to the Project.

A.8. If applicable, the Local Government has requested that it be authorized to perform with its own forces those items of work identified on the "Estimated Quantities of Work and Agreed Unit Prices," attached hereto and incorporated herein as Attachment One, and the Department, having found the Local Government to be equipped and qualified to perform such work, hereby concurs in said request. The Local Government has elected to have the remaining work, if any, identified on Attachment One to be accomplished by awarding a construction contract after advertising for bids in a newspaper having circulation in the county where the Project is located for at least two (2) weekly issues prior to the date of accepting bids. The Local Government shall comply with its adopted rules and regulations governing competitive bid procedures, consistent with laws governing the awarding of highway or road construction contracts.

A.9. The Department has encumbered its share of the Project cost. In the event the work under the contract is not completed in the current fiscal year, the encumbered funds will be carried over to the next fiscal year.

B. TERM OF CONTRACT:

This Agreement shall be effective on the last date of signature ("Effective Date") and extend until June 30, 2027 ("Term"). The Department shall have no obligation to the Local Government for fulfillment of the Scope outside the Term.

C. PAYMENT TERMS AND CONDITIONS:

C.1. Estimated Maximum Liability. The estimated total cost of the Project under this Agreement is **Five Hundred Sixty-Five Thousand Seven Hundred Forty-Five Dollars and No Cents ($565,745.00**) ("Estimated Maximum Liability"). The "Department Share" listed in Section C.2. of this Agreement is the maximum amount due the Local Government under this Agreement; provided that with advance written approval of the Department, the final total cost of the Project and the parties' pro rata share thereof may increase as follows without execution of an amendment to this Agreement:

If the Department provides advance written approval for the actual cost of the Project to exceed the Estimated Maximum Liability, and if the Local Government has any unexpended balance of the current fiscal year State-Aid program funds to cover the costs, then the Department and the Local Government shall pay the amount above the Estimated Maximum Liability in the pro rata percentages set forth in Section C.2., and the Local Government's share thereof shall be paid from its unexpended balance of the current fiscal year State-Aid program funds. In the event that the Local Government's current fiscal year State-Aid program funds all have been expended, the costs above the Estimated Maximum Liability shall be paid entirely from Local Government funds. The Department shall not participate in any Project costs once the Local Government's current fiscal year State-Aid program funds all have been expended, and the Department shall not participate in any Project costs for which advance written approval has not been given.

C.2. Department Share and Local Government Share. In accordance with Tenn. Code Ann. 54-5-404, the Local Government shall provide at least two percent (2%) of the approved Project cost in cash from Local Government funds or in-kind Project work approved by the commissioner of the Department, or both.

The parties agree that their respective shares of the Estimated Maximum Liability for the Project shall be as follows:

Department Share:	(**98**%)	**$ 554,430.10**

Total Project Cost:		**$ 565,745.00**

For such payments, the Local Government shall pay its contractor within thirty (30) days of the Local Government's receipt of such funds from the Department and shall retain records of such payments.

C.6. Payment of Invoice. A payment by the Department shall not prejudice the Department's right to object to or question any reimbursement, invoice, or related matter. A payment by the Department shall not be construed as acceptance of any part of the work or service provided or as approval of any amount as an allowable cost.

C.7. Non-allowable Costs. Any amounts payable to the Local Government shall be subject to reduction for amounts included in any invoice or payment that are determined by the Department, on the basis of audits or monitoring conducted in accordance with the terms of this Agreement, to constitute unallowable costs.

C.8. Department's Right to Set Off. The Department reserves the right to set off or deduct from amounts that are or shall become due and payable to the Local Government under this Agreement or under any other agreement between the Local Government and the Department under which the Local Government has a right to receive payment from the Department.

The taxpayer identification number on the W-9 form must be the same as the Local Government's Federal Employer Identification Number or Social Security Number referenced in the Local Government's Edison registration information.

D. STANDARD TERMS AND CONDITIONS:

D.1. Required Approvals. The Department is not bound by this Agreement until it is signed by the parties and approved by appropriate officials.

D.2. Modification and Amendment. This Agreement may be modified only by a written amendment signed by all parties.

D.3. Termination for Convenience. The Department may terminate this Agreement without cause for any reason. A termination for convenience shall not be a breach of this Agreement by the Department. The Department shall give the Local Government at least thirty (30) days written notice before the effective termination date. The Local Government shall be entitled to compensation for authorized expenditures and satisfactory services completed as of the termination date, but in no event shall the Department be liable to the Local Government for compensation for any service that has not been rendered. The final decision as to the amount for which the Department is liable shall be determined by the Department. The Local Government shall not have any right to any actual general, special, incidental, consequential, or any other damages whatsoever of any description or amount for the Department's exercise of its right to terminate for convenience.

D.4. Termination for Cause. If the Local Government fails to properly perform its obligations under this Agreement, or if the Local Government violates any terms of this Agreement, the Department shall have the right to immediately terminate this Agreement and withhold payments in excess of fair compensation for completed services. Notwithstanding the exercise of the Department's right to terminate this Agreement for cause, the Local Government shall not be relieved of liability to the Department for damages sustained by virtue of any breach of this Agreement by the Local Government.

D.5. Subcontracting. The Local Government shall not assign this Agreement or enter into a subcontract for any of the services performed under this Agreement without obtaining the prior written approval of the Department. If such subcontracts are approved by the Department, each shall contain, at a minimum, sections of this Agreement pertaining to "Conflicts of Interest," "Nondiscrimination," "Debarment and Suspension," and "Records" (as identified by the section headings). Notwithstanding any use of approved subcontractors, the Local Government shall remain responsible for all work performed.

D.6. Conflicts of Interest. The Local Government warrants that no part of the total Agreement Amount shall be paid directly or indirectly to an employee or official of the Department of Tennessee as wages, compensation, or gifts in exchange for acting as an officer, agent, employee, subcontractor, or consultant to the Local Government in connection with any work contemplated or performed relative to this Agreement.

D.7. Communications and Contacts. All instructions, notices, consents, demands, or other communications shall be considered effectively given upon receipt or recipient confirmation as may be required.

D.8. Subject to Funds Availability. This Agreement is subject to the appropriation and availability of State funds. In the event that the funds are not appropriated or are otherwise unavailable, the Department reserves the right to terminate this Agreement upon written notice to the Local Government. The Department's right to terminate this Agreement due to lack of funds is not a breach of this Agreement by the Department. Upon receipt of the written notice, the Local Government shall cease all work associated with the Agreement. Should such an event occur, the Local Government shall be entitled to compensation for all satisfactory and authorized services completed as of the termination date. Upon such termination, the Local Government shall have no right to recover from the Department any actual, general, special, incidental, consequential, or any other damages whatsoever of any description or amount.

D.9. Nondiscrimination. The Local Government hereby agrees, warrants, and assures that no person shall be excluded from participation in, be denied benefits of, or be otherwise subjected to discrimination in the performance of this Agreement or in the employment practices of the Local Government on the grounds of handicap or disability, age, race, color, religion, sex, national origin, or any other classification protected by federal, Tennessee state constitutional, or statutory law. The Local Government shall, upon

request, show proof of nondiscrimination and shall post in conspicuous places, available to all employees and applicants, notices of nondiscrimination.

D.10. Licensure. The Local Government, its employees, and any approved subcontractor shall be licensed pursuant to all applicable federal, state, and local laws, ordinances, rules, and regulations and shall upon request provide proof of all licenses.

D.11. Records. The Local Government and any approved subcontractor shall maintain documentation for all charges under this Agreement. The books, records, and documents of the Local Government and any approved subcontractor, insofar as they relate to work performed or money received under this Agreement, shall be maintained in accordance with applicable Tennessee law. In no case shall the records be maintained for a period of less than five (5) full years from the date of the final payment. The Local Government's records shall be subject to audit at any reasonable time and upon reasonable notice by the Department, the Comptroller of the Treasury, or their duly appointed representatives.

D.12. Monitoring. The Local Government's activities conducted and records maintained pursuant to this Agreement shall be subject to monitoring and evaluation by the Department, the Comptroller of the Treasury, or their duly appointed representatives.

D.13. Progress Reports. The Local Government shall submit brief, periodic, progress reports to the Department as requested.

D.14. Strict Performance. Failure by any party to this Agreement to insist in any one or more cases upon the strict performance of any of the terms, covenants, conditions, or provisions of this Agreement is not a waiver or relinquishment of any term, covenant, condition, or provision. No term or condition of this Agreement shall be held to be waived, modified, or deleted except by a written amendment signed by the parties.

D.15. Independent Contractor. The parties shall not act as employees, partners, joint venturers, or associates of one another in the performance of this Agreement. The parties acknowledge that they are independent contracting entities and that nothing in this Agreement shall be construed to create a principal/agent relationship or to allow either to exercise control or direction over the manner or method by which the other transacts its business affairs or provides its usual services. The employees or agents of one party shall not be deemed or construed to be the employees or agents of the other party for any purpose whatsoever.

D.16. Limitation of Department's Liability. The Department shall have no liability except as specifically provided in this Agreement. In no event will the Department be liable to the Local Government or any other party for any lost revenues, lost profits, loss of business, loss of grant funding, decrease in the value of any securities or cash position, time, money, goodwill, or any indirect, special, incidental, punitive, exemplary or consequential damages of any nature, whether based on warranty, contract, statute, regulation, tort (including but not limited to negligence), or any other legal theory that may arise under this Agreement or otherwise. The Department's total liability under this Agreement (including any exhibits, schedules, amendments or other attachments to the Contract) or otherwise shall under no circumstances exceed the Maximum Liability originally

established in Section C.1 of this Agreement. This limitation of liability is cumulative and not per incident.

D.17. Debarment and Suspension. The Local Government certifies, to the best of its knowledge and belief, that it, its current and future principals, its current and future subcontractors and their principals:

a. are not presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from covered transactions by any federal or state department or agency;

b. have not within a three (3) year period preceding this Agreement been convicted of, or had a civil judgment rendered against them from commission of fraud, or a criminal offense in connection with obtaining, attempting to obtain, or performing a public (federal, state, or local) transaction or grant under a public transaction; violation of federal or state antitrust statutes or commission of embezzlement, theft, forgery, bribery, falsification, or destruction of records, making false statements, or receiving stolen property;

c. are not presently indicted or otherwise criminally or civilly charged by a government entity (federal, state, or local) with commission of any of the offenses detailed in section b. of this certification; and

d. have not within a three (3) year period preceding this Agreement had one or more public transactions (federal, state, or local) terminated for cause or default.

The Local Government shall provide immediate written notice to the State if at any time it learns that there was an earlier failure to disclose information or that due to changed circumstances, its principals or the principals of its subcontractors are excluded, disqualified, or presently fall under any of the prohibitions of sections a-d.

D.18. Force Majeure. "Force Majeure Event" means fire, flood, earthquake, elements of nature or acts of God, wars, riots, civil disorders, rebellions or revolutions, acts of terrorism or any other similar cause beyond the reasonable control of the party except to the extent that the non-performing party is at fault in failing to prevent or causing the default or delay, and provided that the default or delay cannot reasonably be circumvented by the non-performing party through the use of alternate sources, workaround plans or other means. A strike, lockout or labor dispute shall not excuse either party from its obligations under this Agreement. Except as set forth in this Section, any failure or delay by a party in the performance of its obligations under this Agreement arising from a Force Majeure Event is not a default under this Agreement or grounds for termination. The non-performing party will be excused from performing those obligations directly affected by the Force Majeure Event, and only for as long as the Force Majeure Event continues, provided that the party continues to use diligent, good faith efforts to resume performance without delay. The occurrence of a Force Majeure Event affecting Local Government's representatives, suppliers, subcontractors, customers or business apart from this Agreement is not a Force Majeure Event under this Agreement. Local Government will promptly notify the Department of any delay caused by a Force Majeure Event (to be confirmed in a written notice to the Department within one (1) day of the inception of the delay) that a Force

Majeure Event has occurred, and will describe in reasonable detail the nature of the Force Majeure Event. If any Force Majeure Event results in a delay in Local Government's performance longer than forty-eight (48) hours, the Department may, upon notice to Local Government: (a) cease payment of the fees until Local Government resumes performance of the affected obligations; or (b) immediately terminate this Agreement or any purchase order, in whole or in part, without further payment except for fees then due and payable. Local Government will not increase its charges under this Agreement or charge the Department any fees other than those provided for in this Agreement as the result of a Force Majeure Event.

D.19. Procurement. If other terms of this Agreement allow reimbursement for the cost of goods, materials, supplies, equipment, or contracted services, such procurement shall be made on a competitive basis, including the use of competitive bidding procedures, where practical. The Local Government shall maintain documentation for the basis of each procurement for which reimbursement is paid pursuant to this Agreement. In each instance where it is determined that use of a competitive procurement method is not practical, supporting documentation shall include a written justification for the decision and for use of a non-competitive procurement.

D.20. Tennessee Department of Revenue Registration. The Local Government shall comply with all applicable registration requirements contained in Tenn. Code Ann. §§ 67-6-601 – 608. Compliance with applicable registration requirements is a material requirement of this Agreement.

D.21. State and Federal Compliance. The Local Government shall comply with all applicable state and federal laws and regulations in the performance of this Agreement.

D.22. Governing Law. This Agreement shall be governed by and construed in accordance with the laws of the State of Tennessee. The Local Government agrees that it will be subject to the exclusive jurisdiction of the courts of the State of Tennessee in actions that may arise under this Agreement. The Local Government acknowledges and agrees that any rights or claims against the State of Tennessee or its employees hereunder, and any remedies arising there from, shall be subject to and limited to those rights and remedies, if any, available under Tenn. Code Ann. §§ 9-8-101 through 9-8-407.

D.23. Completeness. This Agreement is complete and contains the entire understanding between the parties relating to the subject matter contained herein, including all the terms and conditions agreed to by the parties. This Agreement supersedes any and all prior understandings, representations, negotiations, or agreements between the parties, whether written or oral.

D.24. Severability. If any terms and conditions of this Agreement are held to be invalid or unenforceable as a matter of law, the other terms and conditions shall not be affected and shall remain in full force and effect. To this end, the terms and conditions of this Agreement are declared severable.

D.25. Headings. Section headings are for reference purposes only and shall not be construed as part of this Agreement.

D.26. Iran Divestment Act. The requirements of Tenn. Code Ann. § 12-12-101 *et seq*., addressing contracting with persons as defined at T.C.A. §12-12-103(5) that engage in investment activities in Iran, shall be a material provision of this Agreement. The Local Government certifies, under penalty of perjury, that to the best of its knowledge and belief that it is not on the list created pursuant to Tenn. Code Ann. § 12-12-106.

D.27. Maintenance. Pursuant to T.C.A. § 54-1-126(b), upon completion of the construction of the Project, the Local Government shall be solely responsible for the maintenance of the completed Project. The Local Government acknowledges that where any county road intersects with a state highway or other public road, the Local Government's maintenance responsibility for the county road, including but not limited to traffic control devices, continues across the right-of-way of the intersecting state highway or public road to the point where the local road abuts the roadway of the state highway or public road.

D.28. No Retainage Allowed. The Local Government may not withhold retainage on progress payments from the prime contractor and the prime contractor may not withhold retainage from their subcontractors.

Proposal for Professional Services to Knox County, TN for Stormwater Manual Development

February 19, 2026

WSP USA Inc. (WSP) provides this proposal to Knox County, Tennessee (County) for professional services to develop a new Stormwater Management Manual (SWMM), which will replace the County's current SWMM. The new manual will comply with the post-construction stormwater management requirements of the 2022 Tennessee NDPES General Permit for Small MS4s. The general structure of the new SWMM is presented in the graphic below.

The development of both volumes is included in this proposed scope of services, along with a project schedule and estimated cost.

SCOPE OF SERVICES

Limitations on Photographs and Graphics

Note: WSP will use the highest quality photographs and graphics (including technical charts) we have available in the creation of Volumes 1 and 2 to provide crisp, professional products. We can usually make minor edits to graphics without the need for a graphic designer. We also encourage the County to provide high resolution photographs and graphics to help 'localize' the volumes. However, this scope does not include the collection of photographs locally or via-internet research, revisions of graphics that require the assistance of a graphic designer, and the creation of new graphics to align with a County-desired style including font types/sizes, line types, and color schemes. These services can be provided by WSP if requested, but they will require a change order.

Task 1 – Project Management

This task is intended to cover project management activities including, but not limited to, project set up in WSP's accounting system, task, schedule, and budget management, invoice preparation, and accounts receivable activities.

Deliverables

- ✓ None

Task 2 – Current SWMM Review and Volume 1 Format

The objectives of Task 2 are to: 1) review the current County SWMM with County staff to determine where policy or guidance updates are needed, and 2) create a format for both volumes of the new SWMM. The following subtasks are included.

A. **Current SWMM Review Meeting:** WSP staff will meet with County staff to review the current County SWMM, chapter by chapter to identify where policy or guidance updates are needed, and to refine the Table of Contents for Volume 1 provided in this proposal. Two in-person meetings up to 2 hours each are included.

B. **Volume Format:** WSP will prepare an example chapter and stormwater control measure (SCM) design specification for Volume 1 of the new SWMM in two different formats for County review. WSP will refine the preferred format (i.e., fonts, spacing, colors, headers, footers, etc.) based on County comments. Up to two drafts of the preferred format are included. The final draft will be used for development of Volume 1. One virtual meeting is included.

Deliverables *(all documents will be delivered via email or other electronic means)*

- ✓ Two (2) format mock-ups, as described above
- ✓ Up to two (2) further refined drafts of the preferred format

Task 3 – Volume 1: Stormwater Design & Construction

Volume 1 will establish the policies, performance standards, methods, and design specifications for the design of privately-owned stormwater drainage systems SCMs, including detention structures. Source content will be based on the County's current SWMM and the policy updates identified in Task 2, SCM design specification revisions provided to WSP by the County in 2024 and 2025, and content, photographs, and graphics gathered or created by WSP for other local government stormwater manuals in United States.

A preliminary Table of Contents (TOC) is provided below. Annotations are provided in *blue italics* to clarify section or chapter content or assumptions. It is important to note that this preliminary TOC will likely change as first draft of the volume is created, primarily in terms of headings and structure. Once the project begins, the development of content not included in this TOC may require a change order.

1. **Introduction**
   - 1.1 Administrative Approval
   - 1.2 Purpose and Objectives

2. **Required Permits, Plans, and Procedures**
   - 2.1 Introduction
   - 2.2 Overview of the Site Development Process *(Does not include flowchart updates. Typically, this info is not addressed in a stormwater manual, but rather left to a Planning/Development Services dept to convey.)*
   - 2.3 Applicable Permits *(LDP, Building Permit, SPAP, Floodplain Development Permit, Elev Certificate – typically, this info is not addressed in SW manual, but rather left to a Planning/Development Services dept to convey)*

WSP will prepare three (3) drafts of the volume for review and comment by City staff, and one (1) final version. For each draft, WSP will edit as needed to address County comments. Those comments that WSP cannot resolve independently will be resolved with County assistance.

Draft 1 – This draft will be provided to the County for review and comment one chapter at a time, as chapters are completed by WSP. Formatting, pictures, and graphics may be limited in this volume. WSP will provide a review instructions to facilitate County reviews.

Up to three (3) 2-hour in-person meetings with WSP are included for comment review and resolution.

Drafts 2 – This draft will be provided to the County for review and comment as a fully-formatted volume, with all pictures and graphics. Edits to draft 1 that alter the context of policies, specifications, and guidance will be identified with highlights or a different color font for easy identification by County staff. Minor edits (e.g., grammar, spelling, renumbering, restructuring, etc.) will not be shown. For each draft, WSP will provide review instructions and a checklist of edit locations to facilitate County reviews.

One (1) 2-hour in-person meeting with WSP is included for comment review and resolution.

Drafts 3 – This fully-formatted draft will be provided to the County for review and comment, and for County provision to various third parties selected by the County. Edits to the previous draft that alter the context of policies, specifications,

and guidance will be identified, and minor edits will not be shown. For each draft, WSP will provide review instructions and a checklist of edit locations to facilitate County reviews.

WSP will create a SharePoint site or website to facilitate third party reviews of draft 3. The County is responsible for coordination of third-party reviews, interactions with reviewers and receiving their comments, and holding reviewers to a deadline for comments to be considered before volume finalization. WSP will compile comments received from reviewers. After resolution of comments with the County, WSP will provide a written response to each comment for County dissemination to reviewers.

One (1) 2-hour in-person meeting with WSP is included for third party comment review and resolution.

WSP's estimated cost was determined assuming the County will perform a thorough review of draft 1 and will provide a detailed comments and instructions for volume edits. This is critical to a cost-effective review process for drafts 2 and 3, when the volume is fully formatted and we should receive far fewer and less significant comments. Incomplete or haphazard reviews of draft 1 as evidenced by a multiple and significant comments in subsequent drafts (that were not identified by the County in draft 1) may result in the need for additional County funds to complete the volume.

Drafts 1 and 2 of the volume will be provided in Microsoft Word to facilitate use of its 'track changes' function for County reviews. Drafts 3 will be provided as non-navigable PDFs of each chapter. The final version will be provided as:

- a fully navigable PDF of the volume
- navigable PDFs of each individual chapters, except for Chapter 5 which will be provided as PDFs of each design specification; navigation will be confined to linkages in the Table of Contents only
- Microsoft Word files of each chapter (Chapter 5 will be provided by section)

Deliverables *(all documents will be delivered via email or other electronic means)*

- ✓ Up to three (3) drafts of SWMM Volume 1 in Microsoft Word
- ✓ Review instructions and checklists
- ✓ SharePoint or website for third-party reviews
- ✓ Response list to third-party comments
- ✓ One final version of SWMM Volume 1 in Microsoft word and navigable Adobe PDF formats as described above.

Task 4 – SWMM Volume 1 Seminar

The County intends to hold a 1-hour lunch & learn seminar to explain updated Stormwater Management Manual. The seminar will focus on Volume 1, and changes to County policy from the current version. WSP will prepare and deliver a PowerPoint presentation on the revisions and assist with questions and answers during the seminar. This task includes:

- Draft presentation preparation and review with County staff in an in-person meeting
- Final presentation and sign-in sheet preparation and emailing to the County for printing
- In-person delivery of presentation at County seminar
- Preparation and emailing of PDH certificates to attendees; WSP will use the completed sign-in sheet to prepare PDH certificates

It is the County's responsibility to advertise and coordinate the seminar with participants and the seminar venue.

Deliverables *(all documents will be delivered via email or other electronic means)*

- ✓ Presentation as described above, 1 draft and 1 final, in Microsoft PowerPoint and PDF formats
- ✓ PDH certificates, one PDF to each seminar participant, emailed within 10 business days after the seminar

Task 5 – Volume 2: SCM Maintenance Manual

This task provides for the development of a SCM Maintenance Manual. The manual is intended to guide property owners and their SCM maintenance designees (i.e., landscapers, property managers, tenants) in understanding, inspecting, and maintaining SCMs. The County's manual will be based on SCM maintenance content developed for other Tennessee local governments.

A draft Table of Contents (TOC) is presented below. Annotations are provided in *blue italics*. It is important to note that this preliminary TOC will likely change as first draft of the volume is created, primarily in terms of nomenclature and structure. The development of content and chapters not included in this TOC may require a change order.

Chapter 1 – Introduction to SCMs *(the hydrologic cycle, primarily rainfall and stormwater generation; and the purpose of SCMs)*

Chapter 2 – SCM Owner Responsibilities *(includes relevant regulations; what an owner can and cannot do with their SCMs)*

Chapter 3 – Locating and identifying SCMs *(includes explanation of relevant County documents, and guidance for locating an SCM, and determining its type)*

Chapter 4 – SCM Inspections *(general information on performing routine inspections)*

Chapter 5 – SCM Maintenance *[general information on performing routine maintenance, what to do if repairs are needed, and who to call for help (e.g., landscape companies, tree companies, wildlife removal companies, etc.)]*

Chapter 6 – SCM maintenance guidance sheets (4 pages maximum) *(includes clearly defined maintenance standards, by SCM type; maintenance standards will tie-back to design specifications to the degree appropriate for a layman audience, and educational checklists for routine inspection, by SCM type)*

A SCM maintenance guidance sheet and inspection checklist will be provided for each of the 11 SCMs that will be included in new Volume 1. Activities for this task include the following.

1. **Policy Review Meeting:** WSP staff will meet with County staff to discuss County SCM inspection and maintenance policies to ensure they are captured accurately in the volume. One in-person meeting is included.
2. **Volume 2 Format:** WSP will prepare an example chapter and stormwater control measure (SCM) maintenance guide for Volume 3 for County review in two different formats that are complementary to Volume 1. WSP will refine the preferred format (i.e., fonts, spacing, colors, headers, footers, etc.) based on County comments. Up to two drafts of the preferred format are included. The final draft will be used for development of Volume 2. One virtual meeting is included. Note: it is assumed the final volume will be created in Microsoft Word.
3. **Drafts 1 and 2:** WSP will prepare two (2) drafts of the volume for review and comment by City staff, and one (1) final version. For each draft, WSP will edit as needed to address County comments. Those comments that WSP cannot resolve independently will be resolved with County assistance.

   Draft 1 will be provided as a single, fully-formatted manual for County review and comment. WSP may initially provide a draft of one SCM maintenance guidance sheet and inspection checklist to all clients to confirm the level of detail and structure are acceptable, before creating content for the other 10 SCM types. WSP will provide review instructions and a checklist of chapters to facilitate County reviews. Up to two (2) 2-hour virtual meetings with WSP are included for comment review and resolution on draft 1.

   WSP's estimated cost was determined assuming the County will perform a thorough review of draft 1 and will provide a detailed comments and instructions for volume edits. This is critical to a cost-effective review process for draft 2, when we should receive far fewer and less significant comments. Incomplete or haphazard reviews of draft 1 as evidenced by comments in draft 2 (that were not identified by the County in draft 1) may result in the need for additional County funds to complete the volume.

   Draft 2 will be provided with edits that alter the context of policies, specifications, and guidance identified with highlights or a different color font for easy identification by County staff. Minor edits (e.g., grammar, spelling, renumbering, restructuring, etc.) will not be shown. WSP will provide a checklist of edit locations to facilitate County reviews. One (2) 1-hour virtual meeting with WSP is included for comment review and resolution on draft 2.
4. **Final Volume:** The final volume will be developed based on comments received on the second draft.

Drafts 1 and 2 of the volume will be provided in Microsoft Word to facilitate use of its 'track changes' function for County reviews. The final version will be provided as:

- a fully navigable PDF of the volume
- navigable PDFs of each individual chapters, except for Chapter 6 which will be provided as PDFs of each maintenance guide and checklist; navigation will include linkages from the Table of Contents and at section call-outs in the body text
- Microsoft Word files of each chapter (Chapter 6 will be provided by section)

Deliverables *(all documents will be delivered via email or other electronic means)*

- ✓ Up to two (2) drafts of SWMM Volume 2 in Microsoft Word
- ✓ Review instructions and checklists
- ✓ One final version of SWMM Volume 2 in Microsoft word and navigable Adobe PDF formats as described above.

D.21. Strict Performance. Failure by any party to this Grant Contract to insist in any one or more cases upon the strict performance of any of the terms, covenants, conditions, or provisions of this Grant Contract is not a waiver or relinquishment of any term, covenant, condition, or provision. No term or condition of this Grant Contract shall be held to be waived, modified, or deleted except by a written amendment signed by the parties.

D.22. Independent Contractor. The parties shall not act as employees, partners, joint venturers, or associates of one another in the performance of this Grant Contract. The parties acknowledge that they are independent contracting entities and that nothing in this Grant Contract shall be construed to create a principal/agent relationship or to allow either to exercise control or direction over the manner or method by which the other transacts its business affairs or provides its usual services. The employees or agents of one party shall not be deemed or construed to be the employees or agents of the other party for any purpose whatsoever.

D.23. Limitation of State's Liability. The State shall have no liability except as specifically provided in this Grant Contract. A strike, lockout or labor dispute shall not excuse either party from its obligations under this Grant Contract. Except as set forth in this

Section, any failure or delay by a party in the performance of its obligations under this Grant Contract arising from a Force Majeure Event is not a default under this Grant Contract or grounds for termination. The non-performing party will be excused from performing those obligations directly affected by the Force Majeure Event, and only for as long as the Force Majeure Event continues, provided that the party continues to use diligent, good faith efforts to resume performance without delay. The occurrence of a Force Majeure Event affecting Grantee's representatives, suppliers, subcontractors, customers or business apart from this Grant Contract is not a Force Majeure Event under this Grant Contract. Grantee will promptly notify the State of any delay caused by a Force Majeure Event (to be confirmed in a written notice to the State within one (1) day of the inception of the delay) that a Force Majeure Event has occurred, and will describe in reasonable detail the nature of the Force Majeure Event. If any Force Majeure Event results in a delay in Grantee's performance longer than forty-eight (48) hours, the State may, upon notice to Grantee: (a) cease payment of the fees until Grantee resumes performance of the affected obligations; or (b) immediately terminate this Grant Contract or any purchase order, in whole or in part, without further payment except for fees then due and payable. Grantee will not increase its charges under this Grant Contract or charge the State any fees other than those provided for in this Grant Contract as the result of a Force Majeure Event.

The term "equipment" shall include any article of nonexpendable, tangible, personal property having a useful life of more than one year and an acquisition cost which equals or exceeds ten thousand dollars ($10,000.00). The term "motor vehicle" shall include any article of tangible personal property that is required to be registered under the "Tennessee Motor Vehicle Title and Registration Law", Tenn. Code Ann. The Grantee grants the State a security interest in all equipment or motor vehicles acquired in whole or in part by the Grantee under this Grant Contract. This Grant Contract is intended to be a security agreement pursuant to the Uniform Commercial Code for any of the equipment or motor vehicles herein specified which, under applicable law, may be subject to a security interest pursuant to the Uniform Commercial Code, and the Grantee hereby grants the State a security interest in said equipment or motor vehicles. The Grantee agrees that the State may file this Grant Contract or a reproduction thereof, in any appropriate office, as a financing statement for any of the equipment or motor vehicles herein specified. Any reproduction of this or any other security agreement or financing statement shall be sufficient as a financing statement. In addition, the Grantee agrees to execute and deliver to the State, upon the State's request, any financing statements, as well as extensions, renewals, and amendments thereof, and reproduction of this Grant Contract in such form as the State may require to perfect a security interest with respect to said equipment or motor vehicles. The Grantee shall pay all costs of filing such financing statements and any extensions, renewals, amendments and releases thereof, and

shall pay all reasonable costs and expenses of any record searches for financing statements the State may reasonably require. Without the prior written consent of the State, the Grantee shall not create or suffer to be created pursuant to the Uniform Commercial Code any other security interest in said equipment or motor vehicles, including replacements and additions thereto. Upon the Grantee's breach of any covenant or agreement contained in this Grant Contract, including the covenants to pay when due all sums secured by this Grant Contract, the State shall have the remedies of a secured party under the Uniform Commercial Code and, at the State's option, may also invoke the remedies herein provided.

The Grantee shall inventory equipment or motor vehicles annually. The Grantee must compare the results of the inventory with the inventory control report and investigate any differences. The Grantee must then adjust the inventory control report to reflect the results of the physical inventory and subsequent investigation.

The Grantee shall submit its inventory control report of all equipment or motor vehicles purchased with funding through this Grant Contract within thirty (30) days of its end date and in form and substance acceptable to the State. This inventory control report shall contain, at a minimum, the requirements specified above for inventory control. The Grantee shall notify the State, in writing, of any equipment or motor vehicle loss describing the reasons for the loss. Should the equipment or motor vehicles be destroyed, lost, or stolen, the Grantee shall be responsible to the State for the *pro rata* amount of the residual value at the time of loss based upon the State's original contribution to the purchase price.

Upon termination of the Grant Contract, where a further contractual relationship is not entered into, or at another time during the term of the Grant Contract, the Grantee shall request written approval from the State for any proposed disposition of equipment or motor vehicles purchased with Grant funds. meet the following objectives:

i. Recovery Point Objective ("RPO"). The RPO is defined as the maximum targeted period in which data might be lost from an IT service due to a major incident: 24 hours

ii. Recovery Time Objective ("RTO"). The RTO is defined as the targeted duration of time and a service level within which a business process must be restored after a disaster (or disruption) in order to avoid unacceptable consequences associated with a break in business continuity: 48 hours

(2) The Grantee and the Subcontractor(s) shall maintain a documented Disaster Recovery plan and shall share this document with the State when requested. The Grantee and the Subcontractor(s) shall perform at least one Disaster Recovery Test every three hundred sixty-five (365) days. A "Disaster Recovery Test" shall mean the process of verifying the success of the restoration procedures that are executed after a critical IT failure or disruption occurs. The Disaster Recovery Test shall use actual State Data Sets that mirror production data, and success shall be defined as the Grantee verifying that the Grantee can meet the State's RPO and RTO requirements. A "Data Set" is defined as a collection of related sets of information that is composed of separate elements but can be manipulated as a unit by a computer. The Grantee shall provide written confirmation to the State after each Disaster Recovery Test that its Disaster Recovery Capabilities meet the RPO and RTO requirements.

E.11. Comptroller Audit Requirements.

When requested by the State or the Comptroller of the Treasury, the Grantee must provide the State or the Comptroller of the Treasury with a detailed written description of the Grantee's information technology control environment, including a description of general controls and application controls. The Grantee must also assist the State or the Comptroller of the Treasury with obtaining a detailed written description of the information technology control environment for any third or fourth parties, or Subcontractors, used by the Grantee to process State data and/or provide services under this Contract.

Grantee will maintain and cause its Subcontractors to maintain a complete audit trail of all transactions and activities in connection with this Contract, including all information technology logging and scanning conducted within the Grantee's and Subcontractor's information technology control environment. Upon reasonable notice and at any reasonable time, the Grantee grants the State or the Comptroller of the Treasury with the right to audit the Grantee's information technology control environment, including general controls and application controls. The audit may include testing the general and application controls within the Grantee's information technology control environment and may also include testing general and application controls for any third or fourth parties, or Subcontractors, used by the Grantee to process State data and/or provide services under this Contract. The audit may include the Grantee's and Subcontractor's compliance with NIST 800-171 and all applicable requirements, laws, regulations, or policies.

Upon reasonable notice and at any reasonable time, the Grantee and Subcontractor(s) agree to allow the State, the Comptroller of the Treasury, or their duly appointed representatives to perform information technology control audits of the Grantee and all Subcontractors used by the Grantee. Grantee will provide to the State, the Comptroller of the Treasury, or their duly appointed representatives access to Grantee and Subcontractor(s) personnel for the purpose of performing the information technology control audit. The audit may include interviews with technical and management personnel, physical or virtual inspection of controls, and review of paper or electronic documentation.

The Grantee must have a process for correcting control deficiencies that were identified in the State's or Comptroller of the Treasury's information technology audit. For any audit issues identified, the Grantee and Subcontractor(s) shall submit a corrective action plan to

the State or the Comptroller of the Treasury which addresses the actions taken, or to be taken, and the anticipated completion date in response to each of the audit issues and related recommendations of the State or the Comptroller of the Treasury. The corrective action plan shall be provided to the State or the Comptroller of the Treasury upon request from the State or Comptroller of the Treasury and within 30 days from the issuance of the audit report or communication of the audit issues and recommendations. Upon request from the State or Comptroller of the Treasury, the Grantee and Subcontractor(s) shall provide documentation and evidence that the audit issues were corrected.

Each party shall bear its own expenses incurred while conducting the information technology controls audit.

E.12. Personally Identifiable Information. While performing its obligations under this Grant Contract, Grantee may have access to Personally Identifiable Information held by the State ("PII"). For the purposes of this Grant Contract, "PII" includes "Nonpublic Personal Information" as that term is defined in Title V of the Gramm-Leach-Bliley Act of 1999 or any successor federal statute, and the rules and regulations thereunder, all as may be amended or supplemented from time to time ("GLBA") and personally identifiable information and other data protected under any other applicable laws, rule or regulation of any jurisdiction relating to disclosure or use of personal information ("Privacy Laws"). Grantee agrees it shall not do or omit to do anything which would cause the State to be in breach of any Privacy Laws. Grantee shall, and shall cause its employees, agents and representatives to: (i) keep PII confidential and may use and disclose PII only as necessary to carry out those specific aspects of the purpose for which the PII was disclosed to Grantee and in accordance with this Grant Contract, GLBA and Privacy Laws; and (ii) implement and maintain appropriate technical and organizational measures regarding information security to: (A) ensure the security and confidentiality of PII; (B) protect against any threats or hazards to the security or integrity of PII; and (C) prevent unauthorized access to or use of PII. Grantee shall immediately notify State: (1) of any disclosure or use of any PII by Grantee or any of its employees, agents and representatives in breach of this Grant Contract; and (2) of any disclosure of any PII to Grantee or its employees, agents and representatives where the purpose of such disclosure is not known to Grantee or its employees, agents and representatives. The State reserves the right to review Grantee's policies and procedures used to maintain the security and confidentiality of PII and Grantee shall, and cause its employees, agents and representatives to, comply with all reasonable requests or directions from the State to enable the State to verify or ensure that Grantee is in full compliance with its obligations under this Grant Contract in relation to PII. Upon termination or expiration of the Grant Contract or at the State's direction at any time in its sole discretion, whichever is earlier, Grantee shall immediately return to the State any and all PII which it has received under this Grant Contract and shall destroy all records of such PII.

The Grantee shall report to the State any instances of unauthorized access to or potential disclosure of PII in the custody or control of Grantee ("Unauthorized Disclosure") that come to the Grantee's attention. Any such report shall be made by the Grantee within twenty-four (24) hours after the Unauthorized Disclosure has come to the attention of the Grantee. Grantee shall take all necessary measures to halt any further Unauthorized Disclosures. The Grantee, at the sole discretion of the State, shall provide no cost credit monitoring services for individuals whose PII was affected by the Unauthorized Disclosure. The Grantee shall bear the cost of notification to all individuals affected by the Unauthorized Disclosure, including individual letters and public notice. The remedies set forth in this Section are not exclusive and are in addition to any claims or remedies available to this State under this Grant Contract or otherwise available at law. The obligations set forth in this Section shall survive the termination of this Grant Contract.

IN WITNESS WHEREOF, the parties have by their duly authorized representatives set their signatures.

Prepaid store cards –

For the sake of this funding award, these items **(food and water, infant formula, gas cards, and prepaid cards)** will be captured in this category of Prepaid Grocery Cards as these items can be purchased at grocery stores.

Please note: State auditors do not encourage the use of grocery cards, as they do not have an expiration date, so it is impossible to know if they were expended within the designated period of availability. **Due to this, please encourage your families to spend the full amount on the card within the reasonable time allowed and submit supportive receipts to TDH with invoice**.

Gift cards purchased in bulk must be distributed immediately following purchase. It is advised that no more than 20 cards are kept on hand at any given time to deal with emergencies.

The State of Tennessee will only reimburse after the gift card has been distributed to the client and the grantee has adequate documentation.

Any incentives the grantee disburses to participants must be entered in Apricot, the EBHV data management system, and signed by the recipient.

REPORTING TEMPLATE

Introduction

Reporting Template has three parts:
•Schedule A,
•Schedule B, and
•Schedule C which are Program Expense Reports (PER), Program Revenue Reports (PRR) and Reconciliation Between Total and Reimbursable Expenses and Total Expense Summary Report.
Program Expense Reports (PER), Program Revenue Reports (PRR) and Reconciliation Between Total and Reimbursable Expenses and Total Expense Summary Report including Schedule A-1 and Schedule B-1 must be submitted in the same format/the same column heading each quarter. The final Report (definition can be found in grant contract agreement) must be approved by the contracting state agency.

Schedule Headings

At the top of each schedule, the name of the reporting contractor/grantee and the period covered by the report need to be entered. The period of the report should always be the most recent quarter ended and report programs in the same sequence as the previous quarter.

Column Headings

For each program for Schedule A and B, Contracting State Agency, Program Name, Assistance Listing Number/Program Number, Edison Contract Number, and Grant/Contract Term should be entered. These can be found in the grant contract agreement.
•The Contracting State Agency is for the state agency who awards the grant and initiates the contract agreement.
•The Program Name is the title to describe the program or the title that corresponds to the Federal Assistance Listing number.
•The Assistance Listing Number/Program Name is a number assigned to identify the Federal Assistance Listings under which the subaward was made by the contracting State agency.
•The Edison contract number is the number assigned by the contracting state agency and should include the amendment number, if any. This can be found in the grant contract agreement.
•The grant/contract term is the beginning and ending dates of the grant/contract. This can be found in the grant contract agreement.

Program Columns

Program expense columns (Quarter-To-Date and Year-To-Date) are for reporting direct program expenses. Direct program expenses that benefit more than one program (i.e., allocable-direct costs) may be allocated to the benefitted programs within the expense categories. The cognizant state agency should approve the method used for cost allocations and the contacting state agency should abide by the cost allocation approved by the cognizant state agency.
The Quarter-To-Date column can be used to capture all expenses for the specific quarter. For example, the expenses for the 2nd quarter (from 10/1/22 to 12/31/2022) can be entered in this column.
All accumulated expenses for each program can be entered in Year-To-Date column. For example, if a grantee/organization has entered the expenses for the 2nd quarter in Quarter-To-Date column, all accumulated expenses for the 1st quarter and the 2nd quarter should be entered in Year-To-Date column.

PROGRAM EXPENSE REPORT (PER) SCHEDULE A

Purpose/Scope

The Program Expense Report (PER Schedule A) contains expenses by the detailed line items and then summarizes by subtotals or total**.** This schedule can be used for any grants received from a state agency or multiple state agencies.

These expenses include direct and allocated direct program expenses in each line item. Per 2 CFR Part 200.413, direct costs are those costs that can be identified specifically with a particular final cost objective, such as a grant, or other internally or externally funded activity, or that can be directly assigned to such activities relatively easily with a high degree of accuracy. Per 2 CFR Part 200.405, allocable direct costs are those that benefit more than one program, but do not fall under the criteria of indirect costs.

Except for depreciation, every expense reported in Lines 1 through 21 must represent an actual cash disbursement or accrual (as defined in the Basis for Reporting Expenses/Expenditures section on page 1 of this instructions). If more than two programs (e.g., four programs), complete multiple Schedule As to report all four program expenses.

Purpose/Scope

Program Revenue Report (PRR) and Reconciliation Between Total and Reimbursable Expenses, Schedule B, are intended to capture all revenue by the detailed source and reconcile total program expenses and reimbursable expenses. Each revenue column should match up with the Edison Contract Number and the Program Name from Schedule A and align with its corresponding expense column from the Schedule A. The Reconciliation of Total Program Expenses And Reimbursable Expenses, at the bottom of Schedule B, should be completed to show how Total Program Expenses (Line 51 of Schedule B or Line 25 of Schedule A) reconciles to the amount to be reimbursed.

If multiple programs exist, additional copies of the Schedule B can be used to enter all Program Revenue and Reconciliation Between Total and Reimbursable Expenses.

Additional supplemental schedules showing the Sources of Revenue in the aggregations may be attached, if needed. The contracting state agency may provide more guidance in the grant contract agreement.

Instruction for Reconciliation Between Total and Reimbursable Expenses

Line 51 Total Program Expenses

This line is brought forward from Line 25 Total Program Expenses on Schedule A.

Line 52 Other Unallowable Expenses

Enter amount for Other Unallowable Expenses here. Some program expenses may not be reimbursable under certain grants. Example of this can be the in-kind expenses which is non-cash item. This will vary according to the contracting state agency and the type of grant or contract. Consult with the contracting state agency that funds the program for additional guidelines.

Line 53 Excess Administration

This line may be used to deduct allocated Administration and General expenses (indirect costs) in excess of the allowable percentage specified in the grant contract agreement or the indirect cost rate that is approved by the cognizant State agency. This line may also be used to deduct an adjustment resulting from limitations on certain components of Administration and General expenses. Consult with the contracting state agency that funds the program for additional guidelines.

Line 54 Matching Expenses

Total program expenses should be deducted from matching (cost sharing) expenses required by the program compliance. This portion can be a specified as an amount or percentage to match the federal award. Program income (e.g., user fees or rental of real property) can be deducted from matching portion.

Line 55 Reimbursable Expense (Line 51 Less Lines 52, 53, And 54)

This should equal the amount the contracting state agency has already paid for the quarter's operations of the program. The cumulative Year-To-Date column is what the grantor has actually paid to date if the organization has submitted the invoice and reimbursed monthly.

Line 56 Total Reimbursement To Date

The Quarter-to-Date column is the total amounts received for this quarter from filing of Invoices for Reimbursement (usually monthly). The cumulative Year-to-Date column amount is the total amount received for the grant program.

Line 57 Difference (Line 55 minus Line 56)

This is the portion of Reimbursable Expenses that are not paid yet. If a grantee submits a monthly invoice for reimbursement and reimbursement has been received, this will be zero.

Line 58 Advances

Any advance payments from the contracting state agency should appear on this line. Most of time, the contracting state agency will not pay the expenses in advance.

Line 59 This Reimbursement (Line 57 minus 58)

The remainder should be the amount due under the grant contract. Request for reimbursement is made through the invoicing process and not through filing of the quarterly or annual report. Any amounts showing here needed to be included in the invoice for reimbursement.

NONGRANT EXPENSE REPORT (NER)
NONGRANT REVENUE REPORT (NRR) AND
RECONCILIATION BETWEEN TOTAL NONGRANT AND REIMBURSABLE EXPENSES
SCHEDULE A-1, SCHEDULE A-1-Q1-Q4, and SCHEDULE B-1

Purpose/Scope

These schedules may be used for the nongrants/unallowable expenses that are not reimbursed/will not be reimbursed by the contracting state agencies.

These schedules should be completed to reconcile expenses per the Total Expense Summary Report (Schedule C) to the trial balance/general ledger when the nongrants/unallowable expenses exist in the grantee's books.

Instruction for Schedules A-1, A-1-Q1-Q4, and B-1

The instruction for these schedules A-1, A-1-Q1-Q4, and B-1 are the same as the instructions for Schedule A and B except these expenses will not be reimbursed by the contracting state agency.

Heading sections may be entered as N/A if this heading is not applicable for Nongrant/Unallowable Expense or Revenue.

TOTAL EXPENSE SUMMARY REPORT
Schedule C

Purpose/Scope

The Total Expense Summary Report is intended to recap all the direct program expenses in one column, separately identify nongrant/unallowable expenses, and total administrative expenses in other columns, as well as a grand total of all the expenses of the grantee. The amounts in Grand Total Year-to-Date column should tie to the general ledger/trial balance of the grantee/organization.

Schedule C should be only one schedule regardless if there are multiple Schedule As and Bs. The grantee will complete all the schedules at one time and will submit the same schedule to the multiple contracting state agencies if the grantee has received awards from the multiple state agencies.

Instruction for Expenses by Object Line-Items

The object line-items are the same as Schedule A. See each line-item instruction in Schedule A.

Instruction for Columns

Total Direct Program Expenses Column

This column is the summary of all the individual programs' cumulative year to date expenses as identified separately under the respective program names in Schedule A.

Total Nongrant/Unallowable Expenses Column

The nongrant/unallowable expense column includes the following expenses:

I. The cumulative year-to-date expenses for all other programs that are not funded by the contracting state agency/agencies.

II. The cumulative year-to-date expenses for fund-raising activities, if any.

III. Other cumulative year-to-date expenses that are not allowable for reimbursement according to the terms of the grants or the Federal guidance.

Total Administrative Expenses Column

The administrative expenses column is for categorizing the cumulative year-to-date administrative expenses into the Expense by Object. Total Direct Program Expenses (line 21) of this column is the sum of all the line 21s. Line 22 of this column will make line 21 amount to be a credit amount so that Total Direct and Administrative Expenses is showing zero since these expenses are already claimed in columns Total Direct Program Expenses Year-To-Date and Total Nongrant/Unallowable Expenses Year-To-Date.

Grand Total Column

The Grand Total column contains all the cumulative year-to-date expenses for the entire reporting organization. The Grant Total Year-to-Date expenses must be traceable to the reporting organization's general ledger or trial balance.

SURVEY CONTROL ESTABLISHED USING TDOT VRS NETWORK

The Boundary of this tract was surveyed using GNSS equipment using Carlson BrX-7 multi-frequency receivers in real time kinematic, base-rover mode. Redundant observations confirmed a positional precision of 0.04 or less. The GNSS survey work was conducted on April 3, 2024. Control was established on a new point using the TDOT network, No fixed stations were used. Final coordinates were computed in the North American Datum of 1983 Tennessee State Plane Coordinates, using Geoid 2012B and a combined (grid to ground) scale factor of 1.0000

SWPPP NOTES:

1) ALL EROSION PREVENTION AND SEDIMENT CONTROL BEST MANAGEMENT PRACTICES IDENTIFIED IN THIS SWPPP WILL BE INSTALLED AS RECOMMENDED IN THE TENNESSEE EROSION AND SEDIMENT CONTROL HANDBOOK.

2) TOPSOIL WILL BE REMOVED AND EITHER TEMPORARILY STOCKPILED FOR LATER REDISTRIBUTION OR IMMEDIATELY UTILIZED FOR FINAL COVER. CLEARING AND GRUBBING WILL BE HELD TO THE MINIMUM NECESSARY FOR GRADING AND EQUIPMENT OPERATION. TOPSOIL PILES WILL BE TEMPORARILY SEEDED.

3) SEDIMENT WILL BE REMOVED FROM SILT FENCE, ROCK CHECK DAMS, HAY BALE TRAPS, AND TEMPORARY SEDIMENT TRAPS BEFORE THE DESIGN CAPACITY OF THE STRUCTURE HAS BEEN REDUCED BY 50%. LITTER, CONSTRUCTION DEBRIS, AND CONSTRUCTION CHEMICALS EXPOSED TO STORM WATER WILL BE PICKED UP PRIOR TO ANTICIPATED STORM EVENTS, OR OTHERWISE PREVENTED FROM BECOMING A POLLUTANT SOURCE FOR STORM WATER DISCHARGES. AFTER USE, SILT FENCES WILL BE REMOVED TO PREVENT THEM FROM BECOMING A POLLUTANT SOURCE FOR STORM WATER DISCHARGES. TEMPORARY MEASURES MAY BE REMOVED AT THE BEGINNING OF THE WORKDAY, BUT WILL BE REPLACED AT THE END OF THE WORKDAY

4) IN ACCORDANCE WITH THE TNCPG, INSPECTIONS WILL BE PERFORMED BY QUALIFIED PERSONNEL AT LEAST TWICE EVERY CALENDAR WEEK. INSPECTIONS WILL BE AT LEAST 72 HOURS APART. INSPECTIONS WILL INCLUDE DISTURBED AREAS OF THE CONSTRUCTION SITE, AREAS USED FOR STORAGE OF MATERIALS EXPOSED TO PRECIPITATION, STRUCTURAL CONTROL MEASURES, LOCATIONS WHERE VEHICLES ENTER AND EXIST THE SITE, AND EACH OUTFALL POINT. BASED ON INSPECTION RESULTS, MODIFICATIONS OR REPAIRS TO EXISTING CONTROL MEASURES WILL BE MADE BEFORE THE NEXT RAIN EVENT IF POSSIBLE, BUT WITHIN 7 DAYS AFTER THE NEED IS IDENTIFIED. INSPECTION DOCUMENTS WILL BE MAINTAINED ON SITE AND MADE AVAILABLE UPON REQUEST.

5) STABILIZATION WILL BE ACCOMPLISHED AS SOON AS PRACTICABLE AFTER ATTAINMENT OF FINAL GRADE AND NO LATER THAN SEVEN DAYS AFTER ATTAINING FINAL GRADE, WHERE EARTH-DISTURBING ACTIVITY HAS TEMPORARILY CEASED. TEMPORARY STABILIZATION WILL BE APPLIED WITHIN SEVEN DAYS IF THE ACTIVITY WILL NOT RESUME WITHIN 15 DAYS. THE DATES WHEN MAJOR GRADING ACTIVITIES OCCUR, THE DATES WHEN CONSTRUCTION ACTIVITIES TEMPORARILY OR PERMANENTLY CEASE ON A PORTION OF THE SITE, AND THE DATES WHEN STABILIZATION MEASURES ARE INITIATED WILL BE RECORDED AND MAINTAINED ON THE SITE. STABILIZATION METHODS MAY INCLUDE SEED AND MULCH, OR SEED AND EROSION CONTROL BLANKETS.

6) ALL SITE LANDSCAPING WILL ADHERE TO THE CITY OF KNOXVILLE TREE PROTECTION ORDINANCE.

CONSTRUCTION SEQUENCE:

1) INSTALL CONSTRUCTION EXIT.

2) INSTALL SILT FENCE AND ROCK CHECK DAMS AS SHOWN.. SURVEY STAKING TO BE PROVIDED AS NEEDED.

3) EXCAVATE DITCH FOR FUTURE INFILTRATION PIT AND LEAVE OPEN FOR SEDIMENT COLLECTION DURING CONSTRUCTION.

4) CONDUCT SITE CLEARING.

Standard Notes:
1. This is a priority construction activity.
2. Adequate drainage, erosion and sediment control measures, best management practices and/or other stormwater management facilities shall be provided and maintained at all times during construction. Damages to adjacent property and/or the construction site caused by the contractor's or property owner's failure to provide and maintain adequate drainage and erosion/sediment control for the construction area shall be the responsibility of the property owner and/or contractor.
3. Quality assurance of erosion prevention and sediment controls shall be conducted by qualified personnel performing site assessment at each outfall involving drainage totaling 10 or more acres, or five or more acres if draining to impaired or exceptional waters. This assessment will be conducted at each qualifying outfall within a month of construction commencement. (see CGP sec 3.1.2 for assessment language)
4. Fugitive sediment that has escaped the construction site must be removed so that it is not subsequently washed into storm sewers and/or streams by the next rain and/or so that it does not pose a safety hazard to users of public streets. Arrangements concerning removal of sediment on adjoining property must be settled by the permittee with the adjoining land owner.
5. Sediment should be removed from sediment traps, silt fences, sedimentation ponds, other sediment controls when design capacity has been reduced by 50%.
6. Litter, construction debris, and construction chemicals exposed to stormwater shall be picked up prior to anticipated storm events or before being carried off the site by wind, or otherwise prevented from becoming a pollution source for stormwater discharges.
7. Preconstruction vegetative ground cover shall not be destroyed, removed, or disturbed more than 15 days prior to grading or earth moving unless the area is seeded and/or mulched or other temporary cover is installed.
8. Existing vegetation should be preserved to the maximum extent practicable.
9. Temporary or permanent soil stabilization must be completed no later than 15 days after the construction activity in that portion of the site has permanently or temporarily ceased. Steep slopes (>35%) must be permanently or temporarily stabilized within 7 days.
10. Site inspections shall be performed at least twice weekly at a minimum of 72 hours apart on all unstabilized sites.

The Seller may make early, accelerated, or partial shipments at its sole discretion.

3. INSPECTION

Buyer shall inspect Products immediately upon taking custody.

If Products do not conform to the Seller's drawings or specifications, Buyer must notify Seller of the nonconformance and provide Seller a reasonable opportunity to correct it.

If the Seller does not receive written notice of nonconformance within **fifteen (15) business days** after Buyer takes custody, the Products shall be deemed accepted and the Buyer shall be

Unless explicitly agreed in writing, the Buyer shall have no right to inspect Products at the Seller's facilities. If inspection at the Seller's facility is mutually agreed, such inspection:

~~The Seller may at any time make changes, improvements, or additions to the Products without any obligation to:~~

- ~~notify the Buyer,~~

~~The Seller shall bear no liability to the Buyer arising from such changes.~~

5. RISK OF LOSS AND TITLE

If an invoice has not been paid within thirty (30) days, Contractor shall contact the using department. Buyer acknowledges:

1. The initial purchase may include a License period.
2. After this period, renewal is required for continued functionality.
3. If Buyer fails to pay License fees, Seller may suspend or deactivate functionality **after at least ten (10) business days' written notice**.
4. Functionality is restored once all outstanding fees are paid.

Kill Switch Acknowledgement

Buyer expressly acknowledges and agrees that:

- Seller may remotely disable Product functionality in cases of non-payment or material breach.
- Such disablement is temporary and reversible upon settlement of outstanding amounts.
- Seller shall not be liable for downtime, loss of business, or indirect damages resulting from such suspension.

(d) Lock-In Period and Reactivation

19.

20. If Contractor fails to perform or comply with any provision of this Contract or the terms or conditions of any documents referenced and made a part hereof, Knox County may terminate this Contract, in whole or in part, and may consider such failure or noncompliance a breach of Contract. Knox County expressly retains all its rights and remedies provided by law in case of such breach, and no action by Knox County shall constitute a waiver of any such rights or remedies. In the event of termination for default, Knox County reserves the right to purchase its requirements elsewhere,

with or without competitive bidding. ***and hold the defaulting vendor responsible for any excess costs occasioned thereby.*** Should vendor default be due to a failure to perform or because of a request for a price increase, Knox County reserves the right to remove the vendor from the County's bidder's list for twenty-four (24) months.

Seller may terminate an Order or this Agreement for convenience by written notice.

In such case:

Seller shall refund any prepaid TinyConnectivity License fees for periods after the effective termination date.

2.3 No title to the Intellectual Property Rights of the TMR Software is transferred to Licensee. Title and full ownership rights to the TMR Software and related documentation will remain the exclusive property of TMR, and Licensee will not acquire any rights to the TMR Software except as expressly set out in this EULA.

2.4 Licensee will not dispute or contest, directly or indirectly, TMR's right, title and interest in and to the TMR Software.

2.5 The TMR Software under this EULA is only provided to Licensee for internal business purposes.

2.6 The Licensee shall not be entitled to:

(1) circumvent or bypass any technological protection measures in or relating to the TMR Software.

TMR is not liable for any loss or destruction of data related to such conversion nor liable for any other adverse effects of such conversion.

4.2 TMR will take appropriate and reasonable security measures in storing Licensee Data within the TMR Software and protecting the TMR Software against malware, viruses, and unauthorized access by third parties. 4.5 TMR does not process personal data in connection with the delivery of the TMR Software to Licensee.

5 NO WARRANTY

5.1 TMR PROVIDES THE TMR SOFTWARE "AS IS" AND "AS AVAILABLE" WITHOUT ANY WARRANTIES FOR THE TMR SOFTWARE, AND LICENSEE ASSUMES FULL RESPONSIBILITY FOR THE SELECTION OF THE TMR SOFTWARE TO FULFIL OR ACHIEVE LICENSEE'S INTENDED PURPOSES. TMR DOES NOT WARRANT THAT THE TMR SOFTWARE WILL BE ERROR OR DEFECT-FREE, UNINTERRUPTED, COMPLETELY SECURE, OR THAT SOFTWARE ERRORS, DEFECTS, OR BUGS CAN BE CORRECTED.

5.2 TO THE MAXIMUM EXTENT PERMITTED UNDER APPLICABLE LAW, TMR DISCLAIMS ANY AND ALL WARRANTIES, EITHER EXPRESS OR IMPLIED, INCLUDING, BUT NOT LIMITED TO, THE IMPLIED WARRANTIES OF MERCHANTABILITY, TITLE, NON-INFRINGEMENT AND FITNESS FOR A PARTICULAR PURPOSE.

TIPS VENDOR AGREEMENT

TIPS RFP 250106 Technology Solutions, Products, and Services

The following Vendor Agreement ("Agreement") creates a legal agreement between The Interlocal Purchasing System ("TIPS"), a government purchasing cooperative and Department of Texas Region 8 Education Service Center and (INSERT ENTITY NAME):

TinyMobileRobots

(ENTER ENTITY NAME]

its owners, agents, subsidiaries, and affiliates (together, "Vendor") (individually, "Party", and collectively the "Parties") and this agreement shall exclusively govern the contractual relationship ("Agreement") between the Parties.

TIPS, a governmental entity and a national purchasing cooperative seeks to provide a valuable and necessary solution to public entities and qualifying non-profits by performing the public procurement solicitation process and awarding compliant contracts to qualified vendors. Then, where the law of a customer's jurisdiction allows, instead of public entities and qualifying non-profits expending time, money, and resources on the extensive public procurement process, the use of TIPS allows public entities to quickly select and purchase their preferred products or services from qualified, competitively evaluated vendors through cooperative purchasing.

1. **Purpose.** The purpose of this Agreement is to identify the terms and conditions of the relationship between TIPS and Vendor. Public entities and qualifying non-profits that properly join or utilize TIPS ("TIPS Members") may elect to "piggyback" off of TIPS' procurements and agreements where the laws of their jurisdiction allow. TIPS Members are not contractual parties to this Agreement although terms and conditions of this Agreement may ensure benefits to TIPS Members.

2. **Authority.** The Parties agree that the signatories below are individual authorized to enter into this Agreement on behalf of their entity and that they are acting under due and proper authority under applicable law.

3. **Definitions.**

    a. **TIPS Pricing:** The specific pricing, discounts, and other pricing terms and incentives which Vendor submitted and TIPS approved for each respective TIPS Contract awarded to Vendor and all permissible, subsequent pricing updates submitted by Vendor and accepted by TIPS, if any.

    b. **Authorized Reseller:** A reseller or dealer authorized and added by a Vendor through their online TIPS Vendor Portal to make TIPS sales according to the terms and conditions herein.

4. **Entire Agreement.** This Agreement resulted from TIPS posting a "TIPS Solicitation" (RFP, RCSP, RFQ, or other) and Vendor submitting a proposal in response to that posted TIPS Solicitation for evaluation and award. The Parties agree that this Agreement consists of the provisions set forth herein and: (1) The TIPS solicitation document resulting in this Agreement; (2) Any addenda or clarifications issued in relation to the TIPS solicitation; (3) All solicitation information provided to Vendor by TIPS through the TIPS eBid System; (3) Vendor's entire proposal response to the TIPS solicitation including all accepted required attachments, acknowledged notices and certifications, accepted negotiated terms, pricing, accepted responses to questions, and accepted written clarifications of Vendor's proposal, and; any properly included attachments to this Agreement. All documentation and information listed is hereby incorporated by reference as if set forth herein verbatim. In the event of conflict between the terms herein and one of the incorporated documents the terms and conditions herein shall control.

5. **Vendor's Specific Warranties, Terms, and License Agreements.** Because TIPS serves public entities and non-profits throughout the nation all of which are subject to specific laws and policies of their jurisdiction, as a matter of standard practice, TIPS does not typically accept a Vendor's specific "Sale Terms" (warranties, license agreements, master agreements, terms and conditions, etc.) on behalf of all TIPS Members. TIPS may permit Vendor to attach those to this Agreement to display to interested customers what terms may apply to their Supplemental Agreement with Vendor (if submitted by Vendor for that purpose). However, unless this term of the Agreement is negotiated and modified to state otherwise, those specific Sale Terms are not accepted by TIPS on behalf of all TIPS Members and each Member may choose whether to accept, negotiate, or reject those specific Sale Terms, which must be reflected in a separate agreement between Vendor and the Member in order to be effective.

6. **Vendor Identity and Contact Information.** It is Vendor's sole responsibility to ensure that all identifying vendor information (name, EIN, d/b/a's, etc.) and contact information is updated and current at all times within the TIPS eBid System and the TIPS Vendor Portal. It is Vendor's sole responsibility to confirm that all e-correspondence issued from tips-usa.com, ionwave.net, and tipsconstruction.com to Vendor's contacts are received and are not blocked by firewall or other technology security. Failure to permit receipt of correspondence from these domains and failure to keep vendor identity and contact information current at all times during the life of the contract may cause loss of TIPS Sales, accumulating TIPS fees, missed rebid opportunities, lapse of TIPS Contract(s), and unnecessary collection or legal actions against Vendor. It is no defense to any of the foregoing or any breach of this Agreement that Vendor was not receiving TIPS' electronic communications issued by TIPS to Vendor's listed contacts.

7. **Initiation of TIPS Sales.** When a public entity initiates a purchase with Vendor, if the Member inquires verbally or in writing whether Vendor holds a TIPS Contract, it is the duty of the Vendor to verify whether the Member is seeking a TIPS purchase. Once verified, Vendor must include the TIPS Contract Number on all purchase communications and sales documents exchanged with the TIPS Member.

8. **TIPS Sales and Supplemental Agreements.** The terms of the specific TIPS order, including but not limited to: shipping, freight, insurance, delivery, fees, bonding, cost, delivery expectations and location, returns, refunds, terms, conditions, cancellations, order assistance, etc., shall be controlled by the purchase agreement (Purchase Order, Contract, Invoice, etc.) (hereinafter "Supplemental Agreement") entered into between the TIPS Member Customer and Vendor only. TIPS is not a party to any Supplemental Agreement. All Supplemental Agreements shall include Vendor's Name, as known to TIPS, and TIPS Contract Name and Number. Vendor accepts and understands that TIPS is not a legal party to TIPS Sales and Vendor is solely responsible for identifying fraud, mistakes, unacceptable terms, or misrepresentations for the specific order prior to accepting. Vendor agrees that any order issued from a customer to Vendor, even when processed through TIPS, constitutes a legal contract between the customer and Vendor only. When Vendor accepts or fulfills an order, even when processed through TIPS, Vendor is representing that Vendor has carefully reviewed the order for legality, authenticity, and accuracy and TIPS shall not be liable or responsible for the same. In the event of a conflict between the terms of this TIPS Vendor Agreement and those contained in any Supplemental Agreement, the provisions set forth herein shall control unless otherwise agreed to and authorized by the Parties in writing within the Supplemental Agreement.

9. **Right of Refusal.** Vendor has the right not to sell to a TIPS Member under the awarded agreement at Vendor's discretion unless otherwise required by law.

10. **Reporting TIPS Sales.** Vendor must report all TIPS Sales to TIPS. If a TIPS sale is initiated by Vendor receiving a TIPS Member's purchase order from TIPS directly, Vendor may consider that specific TIPS Sale reported. Otherwise, with the exception of TIPS Automated Vendors, who have signed an exclusive agreement with TIPS regarding reporting, all TIPS Sales must be reported to TIPS by either: (1) Emailing the purchase order or similar purchase document (with Vendor's Name, as known to TIPS, and the TIPS Contract Name and Number included) to TIPS at tipspo@tips-usa.com with "Confirmation Only" in the subject line of the email within three business days of Vendor's acceptance of the order, or; (2) Within 3 business days of the order being accepted by Vendor, Vendor must login to the TIPS Vendor Portal and successfully self-report all necessary sale information within the Vendor Portal and confirm that it shows up accurately on your current Vendor Portal statement. No other method of reporting is acceptable unless agreed to by the Parties in writing. Failure to report all sales pursuant to this provision may result in immediate cancellation of Vendor's TIPS Contract(s) for cause at TIPS' sole discretion. Please refer to the TIPS Accounting FAQ's for more information about reporting sales and if you have further questions, contact the Accounting Team at accounting@tips-usa.com.

11. **TIPS Administration Fees.** The collection of administrative fees by TIPS, a government entity, for performance of these procurement services is required pursuant to Texas Government Code Section 791.011 et. seq. The administration fee ("TIPS Administration Fee") is the amount legally owed by Vendor to TIPS for TIPS Sales made by Vendor. The TIPS Administration Fee amount is typically a set percentage of the amount paid by the TIPS Member for each TIPS Sale, less shipping cost, bond cost, and taxes if applicable and identifiable, which is legally due to TIPS, but the exact TIPS Administration Fee for this Contract is published in the corresponding solicitation and is incorporated herein by reference. TIPS Administration Fees are due to TIPS immediately upon Vendor's receipt of payment, including partial payment, for a TIPS Sale. The TIPS Administration Fee is assessed on the amount paid by the TIPS Member, not on the Vendor's cost or on the amount for which the Vendor sold the item to a dealer or Authorized Reseller. Upon receipt of payment for a TIPS Sale, including partial payment (which renders TIPS Administration Fees immediately due), Vendor shall issue to TIPS the corresponding TIPS Administration Fee payment as soon as possible but not later than thirty-one calendar days following Vendor's receipt of payment. Vendor shall pay TIPS via check unless otherwise agreed to by the Parties in writing. Vendor shall include clear documentation with the issued payment dictating to which sale(s) the amount should be applied. Vendor may create a payment report within their TIPS Vendor Portal which is the preferred documentation dictating to which TIPS Sale(s) the amount should be applied. Failure to pay all TIPS Administration Fees pursuant to this provision may result in immediate cancellation of Vendor's TIPS Contract(s) for cause at TIPS' sole discretion as well as the initiation of collection and legal actions by TIPS against Vendor to the extent permitted by law. Any overpayment of participation fees to TIPS by Vendor will be refunded to the Vendor

within ninety (90) days of receipt of notification if TIPS receives written notification of the overpayment not later than the expiration of six (6) months from the date of overpayment and TIPS determines that the amount was not legally due to TIPS pursuant to this agreement and applicable law. Any notification of overpayment received by TIPS after the expiration of six (6) months from the date that TIPS received the payment will render the overpayment non-refundable. Region 8 ESC and TIPS reserve the right to extend the six (6) month deadline if approved by the Region 8 ESC Board of Directors. TIPS reserves all rights under the law to collect TIPS Administration Fees due to TIPS pursuant to this Agreement.

12. **Term of the Agreement.** This Agreement with TIPS is for approximately five years with a one-year, consecutive option for renewal as described herein. Renewal options are not automatic and shall only be effective if offered by TIPS at its sole discretion. If TIPS offers a renewal option, the Vendor will be notified via email issued to Vendor's then-listed Primary Contact. The renewal option shall be deemed accepted by Vendor unless Vendor notifies TIPS of its objection to the renewal option in writing and confirms receipt by TIPS.

    Actual Effective Date: Agreement is effective upon signature by authorized representatives of both Parties. The Effective Date does not affect the "Term Calculation Start Date."

    Term Calculation Start Date: To keep the contract term consistent for all vendors awarded under a single TIPS contract, Vendor shall calculate the foregoing term as starting on the last day of the month that "Award Notifications" are anticipated as published in the Solicitation, regardless of the actual Effective Date.

    Example of Term Calculation Start Date: If the anticipated "Award Date" published in the Solicitation is May 22, 2023, but extended negotiations delay award until June 27, 2023 (Actual Effective Date), the Term Calculation Start Date shall be May 31, 2023, in this example.

    Contract Expiration Date: To keep the contract term consistent for all vendors awarded under a single TIPS contract, the term expiration date shall be five years from the Term Calculation Start Date.

    Example of Contract Expiration Date: If the anticipated "Award Date" published in the Solicitation is May 22, 2023, but extended negotiations delay award until June 27, 2023 (Actual Effective Date), the Term Calculation Start Date shall be May 31, 2023, and the Contract Expiration Date of the resulting initial "five-year" term, (which is subject to an extension(s)) will be May 31, 2028 in this example.

    Option(s) for Renewal: Any option(s) for renewal shall begin on the Contract Expiration Date, or the date of the expiration of the prior renewal term where applicable, and continue for the duration specified for the renewal option herein.

    Example of Option(s) for Renewal: In this example, if TIPS offers a one-year renewal and the Contract Expiration Date is May 31, 2028, then the one-year renewal is effective from May 31, 2028 to May 31, 2029.

    TIPS may offer to extend Vendor Agreements to the fullest extent the TIPS Solicitation resulting in this Agreement permits.

13. **TIPS Pricing.** Vendor agrees and understands that for each TIPS Contract that it holds, Vendor submitted, agreed to, and received TIPS' approval for specific pricing, discounts, and other pricing terms and incentives which make up Vendor's TIPS Pricing for that TIPS Contract ("TIPS Pricing"). Vendor confirms that Vendor will not add the TIPS Administration Fee as a charge or line-item in a TIPS Sale. Vendor hereby certifies that Vendor shall only offer goods and services through this TIPS Contract if those goods and services are included in or added to Vendor's TIPS Pricing and approved by TIPS. TIPS reserves the right to review Vendor's pricing update requests as specifically as line-item by line-item to determine compliance. However, Vendor contractually agrees that all submitted pricing updates shall be within the original terms of the Vendor's TIPS Pricing (scope, proposed discounts, price increase limitations, and other pricing terms and incentives originally proposed by Vendor) such that TIPS may accept Vendors price increase requests as submitted without additional vetting at TIPS discretion. Any pricing quoted by Vendor to a TIPS Member or on a TIPS Quote shall never exceed Vendor's TIPS Pricing for any good or service offered through TIPS. TIPS Pricing price increases and modifications, if permitted, will be honored according to the terms of the solicitation and Vendor's proposal, incorporated herein by reference.

14. **Indemnification of TIPS.** VENDOR AGREES TO INDEMNIFY, HOLD HARMLESS, AND DEFEND TIPS, TIPS MEMBERS, TIPS OFFICERS, TIPS EMPLOYEES, TIPS DIRECTORS, AND TIPS TRUSTEES (THE "TIPS INDEMNITEES") FROM AND AGAINST ALL CLAIMS AND SUITS BY THIRD-PARTIES FOR DAMAGES, INJURIES TO PERSONS (INCLUDING DEATH), PROPERTY DAMAGES, LOSSES, EXPENSES, FEES, INCLUDING COURT COSTS, ATTORNEY'S FEES, AND EXPERT FEES, ARISING OUT OF OR RELATING TO VENDOR'S PERFORMANCE UNDER THIS AGREEMENT (INCLUDING THE PERFORMANCE OF VENDOR'S OFFICERS, EMPLOYEES, AGENTS, AUTHORIZED RESELLERS, SUBCONTRACTORS, LICENSEES, OR INVITEES), REGARDLESS OF THE NATURE OF THE CAUSE OF ACTION, INCLUDING WITHOUT LIMITATION CAUSES OF ACTION BASED UPON COMMON, CONSTITUTIONAL, OR STATUTORY LAW OR BASED IN WHOLE OR IN PART UPON ALLEGATIONS OF NEGLIGENT OR INTENTIONAL ACTS OR OMISSIONS ON THE PART OF VENDOR, ITS

OFFICERS, EMPLOYEES, AGENTS, AUTHORIZED RESELLERS, SUBCONTRACTORS, LICENSEES, OR INVITEES. **NO LIMITATION OF LIABILITY FOR DAMAGES FOR PERSONAL INJURY OR PROPERTY DAMAGE ARE PERMITTED OR AGREED TO BY TIPS.** APART FROM THIS INDEMNIFICATION PROVISION REQUIRING INDEMNIFICATION OF THE TIPS INDEMNITEES' ATTORNEY'S FEES AS SET FORTH ABOVE, RECOVERY OF ATTORNEYS' FEES BY THE PREVAILING PARTY IS AUTHORIZED ONLY IF AUTHORIZED BY TEX. EDUC. CODE § 44.032(F).

15. **Indemnification and Assumption of Risk – Vendor Data.** VENDOR AGREES THAT IT IS VOLUNTARILY PROVIDING DATA (INCLUDING BUT NOT LIMITED TO: VENDOR INFORMATION, VENDOR DOCUMENTATION, VENDOR'S PROPOSALS, VENDOR PRICING SUBMITTED OR PROVIDED TO TIPS, TIPS CONTRACT DOCUMENTS, TIPS CORRESPONDENCE, VENDOR LOGOS AND IMAGES, VENDOR'S CONTACT INFORMATION, VENDOR'S BROCHURES AND COMMERCIAL INFORMATION, VENDOR'S FINANCIAL INFORMATION, VENDOR'S CERTIFICATIONS, AND ANY OTHER VENDOR INFORMATION OR DOCUMENTATION, INCLUDING WITHOUT LIMITATION SOFTWARE AND SOURCE CODE UTILIZED BY VENDOR, SUBMITTED TO TIPS BY VENDOR AND ITS AGENTS) ("VENDOR DATA") TO TIPS. FOR THE SAKE OF CLARITY, AND WITHOUT LIMITING THE BREADTH OF THE INDEMNITY OBLIGATIONS IN SECTION 14 ABOVE, VENDOR AGREES TO PROTECT, INDEMNIFY, AND HOLD THE TIPS INDEMNITEES HARMLESS FROM AND AGAINST ANY AND ALL LOSSES, CLAIMS, ACTIONS, DEMANDS, ALLEGATIONS, SUITS, JUDGMENTS, COSTS, EXPENSES, FEES, INCLUDING COURT COSTS, ATTORNEY'S FEES, AND EXPERT FEES AND ALL OTHER LIABILITY OF ANY NATURE WHATSOEVER ARISING OUT OF OR RELATING TO: (I) ANY UNAUTHORIZED, NEGLIGENT OR WRONGFUL USE OF, OR CYBER DATA BREACH INCIDENT AND VIRUSES OR OTHER CORRUPTING AGENTS INVOLVING, VENDOR'S DATA, PRICING, AND INFORMATION, COMPUTERS, OR OTHER HARDWARE OR SOFTWARE SYSTEMS, AND; (II) ALLEGATIONS OR CLAIMS THAT ANY VENDOR DATA INFRINGES ON THE INTELLECTUAL PROPERTY RIGHTS OF A THIRD-PARTY OR VENDOR.

16. **Procedures Related to Indemnification.** In the event that an indemnity obligation arises, Vendor shall pay all amounts set forth in Section 14 and 15 above (including any settlements) and – if it has accepted its indemnity obligation without qualification – control the legal defense to such claim or cause of action, including without limitation attorney selection, strategy, discovery, trial, appeal, and settlement, and TIPS shall, at Vendor's cost and expense (with respect to reasonable out of pocket costs and expenses incurred by TIPS which shall be reimbursed to TIPS by Vendor), provide all commercially reasonable assistance requested by Vendor. In controlling any defense, Vendor shall ensure that all assertions of governmental immunity and all applicable pleas and defenses shall be promptly asserted.

17. **Indemnity for Underlying Sales and Supplemental Agreements.** Vendor shall be solely responsible for any customer claims or any disputes arising out of TIPS Sales or any Supplemental Agreement as if sold in the open-market. The Parties agree that TIPS shall not be liable for any claims arising out of Vendor's TIPS Sales or Supplemental Agreements, including but not limited to: allegations of product defect or insufficiency, allegations of service defect or insufficiency, allegations regarding delivery defect or insufficiency, allegations of fraud or misrepresentation, allegations regarding pricing or amounts owed for TIPS sales, and/or allegations regarding payment, over-payment, under-payment, or non-payment for TIPS Sales. Payment/Drafting, overpayment/over-drafting, under-payment/under-drafting, or non-payment for TIPS Sales between customer and Vendor and inspections, rejections, or acceptance of such purchases shall be the exclusive respective obligations of Vendor/Customer, and disputes shall be handled in accordance with the terms of the underlying Supplemental Agreement(s) entered into between Vendor and Customer. Vendor acknowledges that TIPS is not a dealer, subcontractor, agent, or reseller of Vendor's goods and services and shall not be responsible for any claims arising out of alleged insufficiencies or defects in Vendor's goods and services, should any arise.

18. **Confidentiality of Vendor Data.** Vendor understands and agrees that by signing this Agreement, all Vendor Data is hereby released to TIPS, TIPS Members, and TIPS third-party administrators to effectuate Vendor's TIPS Contract except as provided for herein. The Parties agree that Vendor Data is accessible by all TIPS Members as if submitted directly to that TIPS Member Customer for purchase consideration. If Vendor otherwise considers any portion of Vendor's Data to be confidential and not subject to public disclosure pursuant to Chapter 552 Texas Gov't Code (the "Public Information Act") or other law(s) and orders, Vendor must have identified the claimed confidential materials through proper execution of the Confidentiality Claim Form which is required to be submitted as part of Vendor's proposal resulting in this Agreement and incorporated by reference. The Confidentiality Claim Form included in Vendor's proposal and incorporated herein by reference is the sole indicator of whether Vendor considers any Vendor Data confidential in the event TIPS receives a Public Information Request. If TIPS receives a request, any responsive documentation not deemed confidential by you in this manner will be automatically released. For Vendor Data deemed confidential by you in this manner, TIPS will follow procedures of controlling statute(s) regarding any claim of confidentiality and shall not be liable for any release of information required by law, including Attorney General determination and opinion. In the event that TIPS receives a written request for information pursuant to the Public Information Act that affects Vendor's interest in any information or data furnished to TIPS by Vendor, and TIPS requests an opinion from the Attorney General, Vendor may, at its own option and expense, prepare comments and submit information directly to the Attorney General stating why the requested information is exempt from disclosure pursuant to the requirements of the Public Information Act. Vendor is solely responsible for submitting the memorandum brief and information to the Attorney General within the time period prescribed by the Public Information Act. Notwithstanding any other information provided in this solicitation

or Vendor designation of certain Vendor Data as confidential or proprietary, Vendor's acceptance of this TIPS Vendor Agreement constitutes Vendor's consent to the disclosure of Vendor's Data, including any information deemed confidential or proprietary, to TIPS Members or as ordered by a Court or government agency, including without limitation the Texas Attorney General. Vendor agrees that TIPS shall not be responsible or liable for any use or distribution of information or documentation by TIPS Members or as required by law.

19. **Vendor's Authorized Resellers.** TIPS recognizes that many vendors operate in the open market through the use of resellers or dealers. For that reason, TIPS permits Vendor to authorize Authorized Resellers within its Vendor Portal and make TIPS Sales through the Authorized Reseller(s). Once authorized by Vendor in the Vendor Portal, the Authorized Reseller(s) may make TIPS sales to TIPS Members. However, all purchase documents must include: (1) Authorized Reseller's Name; (2) Vendor's Name, as known to TIPS, and; (3) Vendor's TIPS Contract Name and Number under which it is making the TIPS Sale. Either Vendor or Reseller may report the sale pursuant to the terms herein. However, Vendor agrees that it is legally responsible for all reporting and fee payment as described herein for TIPS Sales made by Authorized Resellers. The TIPS Administration Fee is assessed on the amount paid by the TIPS Member, not on the Vendor's cost or on the amount for which the Vendor sold the item to a dealer or Authorized Reseller. The Parties intend that Vendor shall be responsible and liable for TIPS Sales made by Vendor's Authorized Resellers. Vendor agrees that it is voluntarily authorizing this Authorized Reseller and in doing so, Vendor agrees that it is doing so at its own risk and agrees to protect, indemnify, and hold TIPS harmless in accordance with Sections 14-17 above related to Authorized Reseller TIPS Sales made pursuant to this Agreement or purporting to be made pursuant to this Agreement that may be asserted against Vendor whether rightfully brought or otherwise. The Parties further agree that it is no defense to Vendor's breach of this Agreement that an Authorized Reseller caused Vendor of breach this Agreement.

20. **Circumvention of TIPS Sales**. When a public entity initiates a purchase with Vendor, if the Member inquires verbally or in writing whether Vendor holds a TIPS Contract, it is the duty of the Vendor to verify whether the Member is seeking a TIPS purchase. Any request for quote, customer communication, or customer purchase initiated through or referencing a TIPS Contract shall be completed through TIPS pursuant to this Agreement. Any encouragement or participation by Vendor in circumventing a TIPS sale being completed may result in immediate termination of Vendor's TIPS Contract(s) for cause as well as preclusion from future TIPS opportunities at TIPS sole discretion.

21. **State of Texas Franchise Tax.** By signature hereon, Vendor hereby certifies that Vendor is not currently delinquent in the payment of any franchise taxes owed to the State of Texas under Chapter 171 of the Texas Tax Code.

22. **Termination.**

A) Termination for Convenience. TIPS may, by written notice to Vendor, terminate this Agreement for convenience, in whole or in part, at any time by giving thirty (30) days' written notice to Vendor of such termination, and specifying the effective date thereof.

B) Termination for Cause. If Vendor fails to materially perform pursuant to the terms of this Agreement, TIPS shall provide written notice to Vendor specifying the default. If Vendor does not cure such default within thirty (30) days, TIPS may terminate this Agreement, in whole or in part, for cause. If TIPS terminates this Agreement for cause, and it is later determined that the termination for cause was wrongful, the termination shall automatically be converted to and treated as a termination for convenience.

C) Vendor's Termination. If TIPS fails to materially perform pursuant to the terms of this Agreement, Vendor shall provide written notice to TIPS specifying the default ("Notice of Default"). If TIPS does not cure such default within thirty (30) days, Vendor may terminate this Agreement, in whole or in part, for cause. If Vendor terminates this Agreement for cause, and it is later determined that the termination for cause was wrongful, the termination shall automatically be converted to and treated as a termination for convenience.

D) Upon termination, all TIPS Sale orders previously accepted by Vendor shall be fulfilled and Vendor shall be paid for all TIPS Sales executed pursuant to the applicable terms. All TIPS Sale orders presented to Vendor but not fulfilled by Vendor, prior to the actual termination of this agreement shall be honored at the option of the TIPS Member. TIPS shall submit to Vendor an invoice for any outstanding TIPS Administration Fees and approved expenses and Vendor shall pay such fees and expenses within 30 calendar days of receipt of such valid TIPS invoice. Vendor acknowledges and agrees that continued participation in TIPS is subject to TIPS' sole discretion and that any Vendor may be removed from the TIPS program at any time with or without cause. This termination clause does not affect TIPS Sales Supplemental Agreements pursuant to this term regarding

termination and the Survival Clause term.

E) Vendor hereby waives any and all claims for damages, including, but not limited, to consequential damages or lost profits, that might arise from TIPS' act of terminating this Agreement.

23. **Survival Clause.** It is the intent of the Parties that this Agreement and procurement method applies to any TIPS Sale made during the life of this Agreement even if made on or near the Contract Expiration Date as defined herein. Thus, all TIPS Sales, including but not limited to: leases, service agreements, license agreements, open purchase orders, warranties, and contracts, even if they extend months or years past the TIPS Contract Expiration Date, shall survive the expiration or termination of this Agreement subject to the terms and conditions of the Supplemental Agreement between Customer and Vendor or unless otherwise specified herein.

24. **Audit Rights.** Due to transparency statutes and public accountability requirements of TIPS and TIPS Members, Vendor shall at their sole expense, maintain documentation of all TIPS Sales for a period of three years from the time of the TIPS Sale. In order to ensure and confirm compliance with this agreement, TIPS shall have authority to conduct audits of Vendor's TIPS Pricing or TIPS Sales with thirty-days' notice unless the audit is ordered by a Court Order or by a Government Agency with authority to do so without said notice. Notwithstanding the foregoing, in the event that TIPS is made aware of any pricing being offered to eligible entities that is materially inconsistent with Vendor's TIPS Pricing, TIPS shall have the ability to conduct the audit internally or may engage a third- party auditing firm to investigate any possible non-compliant conduct or may terminate the Agreement according to the terms of this Agreement. In the event of an audit, the requested materials shall be reasonably provided in the time, format, and at the location acceptable to TIPS. TIPS agrees not to perform a random audit the TIPS transaction documentation more than once per calendar year, but reserves the right to audit for just cause or as required by any governmental agency or court with regulatory authority over TIPS or the TIPS Member. These audit rights shall survive termination of this Agreement for a period of one (1) year from the effective date of termination.

25. **Conflicts of Interest.** The Parties confirm that they have not offered, given, or accepted, nor intend to give at any time hereafter any economic opportunity, future employment, gift, loan, gratuity, special discount, trip, favor, service to the other in connection with this Agreement. Vendor affirms that, to the best of Vendor's knowledge, this Agreement has been arrived at independently, and is awarded without collusion with anyone to obtain information or gain any favoritism that would in any way limit competition or give an unfair advantage over other vendors in the award of this Agreement. Vendor agrees that it has disclosed any necessary affiliations with Region 8 Education Service Center and the TIPS Department, if any, through the Conflict of Interest attachment provided in the solicitation resulting in this Agreement.

26. **Volume of TIPS Sales.** Nothing in this Agreement or any TIPS communication may be construed as a guarantee that TIPS or TIPS Members will submit any TIPS orders to Vendor at any time.

27. **Compliance with the Law.** The Parties agree to comply fully with all applicable federal, state, and local statutes, ordinances, rules, and regulations applicable to their entity in connection with the programs contemplated under this Agreement.

28. **Severability.** If any term(s) or provision(s) of this Agreement are held by a court of competent jurisdiction to be invalid, void, or unenforceable, then such term(s) or provision(s) shall be deemed restated to reflect the original intention of the Parties as nearly as possible in accordance with applicable law and the remainder of this Agreement, and the remainder of the provisions of this Agreement shall remain in full force and effect and shall in no way be affected, impaired or invalidated, unless such holding causes the obligations of the Parties hereto to be impossible to perform or shall render the terms of this Agreement to be inconsistent with the intent of the Parties hereto.

29. **Force Majeure.** If by reason of Force Majeure, either party hereto shall be rendered unable wholly or in part to carry out its obligations under this Agreement through no fault of its own then such party shall give notice and full particulars of Force Majeure in writing to the other party within a reasonable time after occurrence of the event or cause relied upon. Upon delivering such notice, the obligation of the affected party, so far as it is affected by such Force Majeure as described, shall be suspended during the continuance of the inability then claimed but for no longer period, and such party shall endeavor to remove or overcome such inability with all reasonable dispatch. In the event that Vendor's obligations are suspended by reason of Force Majeure, all TIPS Sales accepted prior to the Force Majeure event shall be the legal responsibility of Vendor and the terms of the TIPS Sale Supplemental Agreement shall control Vendor's failure to fulfill for a Force Majeure event.

30. **Immunity.** Vendor agrees that nothing in this Agreement shall be construed as a waiver of sovereign or government immunity; nor constitute or be construed as a waiver of any of the privileges, rights, defenses, remedies, or immunities available to Region 8 Education Service Center or its TIPS Department. The failure to enforce, or any delay in the enforcement of, any privileges, rights, defenses, remedies, or immunities available to Region 8 Education Service Center or its TIPS Department under this Agreement or under

applicable law shall not constitute a waiver of such privileges, rights, defenses, remedies, or immunities or be considered as a basis for estoppel.

31. **Insurance Requirements.** Vendor agrees to maintain the following minimum insurance requirements for the duration of this Agreement. All policies held by Vendor to adhere to this term shall be written by a carrier with a financial size category of VII and at least a rating of "A-" by A.M. Best Key Rating Guide. The coverages and limits are to be considered minimum requirements and in no way limit the liability of the Vendor(s). Any immunity available to TIPS or TIPS Members shall not be used as a defense by the contractor's insurance policy. Only deductibles applicable to property damage are acceptable, unless proof of retention funds to cover said deductibles is provided. "Claims made" policies will not be accepted. Vendor's required minimum coverage shall not be suspended, voided, cancelled, non-renewed or reduced in coverage or in limits unless replaced by a policy that provides the minimum required coverage except after thirty (30) days prior written notice by certified mail, return receipt requested has been given to TIPS or the TIPS Member if a project or pending delivery of an order is ongoing. Upon request, certified copies of all insurance policies shall be furnished to the TIPS or the TIPS Member. Vendor agrees that when Vendor or its subcontractors are liable for any damages or claims, Vendor's policy, shall be primary over any other valid and collectible insurance carried by the Member or TIPS.

Any proceeding, claim, action, or alternative dispute resolution arising out of or relating to this Agreement or involving TIPS shall be brought in a State Court of competent jurisdiction in Camp County, Texas, or if Federal Court is legally required, a Federal Court of competent jurisdiction in the Eastern District of Texas, and each of the Parties irrevocably submits to the exclusive jurisdiction of said court in any such proceeding, waives any objection it may now or hereafter have to venue or to convenience of forum, agrees that all claims in respect of the proceeding shall be heard and determined only in any such court, and agrees not to bring any proceeding arising out of or relating to this procurement process or any contract resulting from or and contemplated transaction in any other court. Cleanup: When performing work on site at a TIPS Member's property, Vendor shall clean up and remove all debris and rubbish resulting from their work as required or directed by the TIPS Member or as agreed by the parties. Upon completion of work, the premises shall be left in good repair and an orderly, neat, clean and unobstructed condition.

Any TIPS Sale Supplemental Agreement containing a "Venue" clause that conflicts with these terms is rendered void and unenforceable.

Vendor agrees that if any "Indemnity" provision which requires the TIPS Member to indemnify Vendor is included in any TIPS sales agreement/contract between Vendor and a TIPS Member, that clause must either be stricken or qualified by including that such indemnity is only permitted, "to the extent permitted by the laws and constitution of [TIPS Member's State]" unless the TIPS Member expressly agrees otherwise. 36 Minimum Percentage Discount Offered to TIPS Members on all Goods and Services (READ CAREFULLY)

Please read thoroughly and carefully as an error on your response can render your contract award unusable.

TIPS Members often turn to TIPS Contracts for ease of use and to receive discounted pricing.

What is the minimum percentage discount that you can offer TIPS Members off of all goods and service pricing (whether offered through Pricing Form 1, Pricing Form 2, or in another accepted format) that you offer? Only limited goods/services specifically identified and excluded from this discount in Vendor's original proposal may be excluded from this discount.

Vendor must respond with a percentage from 0%-100%. The percentage discount that you input below will be applied to your "Catalog Pricing", as defined in the solicitation, for all TIPS Sales made during the life of the contract. You cannot alter this percentage discount once the solicitation legally closes. You will always be required to discount every TIPS Sale by the percentage included below with the exception of limited goods/services specifically identified and excluded from this discount in Vendor's original proposal. If you add goods or services to your "Catalog Pricing" during the life of the contract, you will be required to sell those new items with this discount applied.

Example: In this example, you enter a 10% minimum percentage discount below. In year-one of your TIPS Contract, your published "Catalog Pricing" (website/store/published pricing) for "Tablet A" is $100 and for "Tablet Set-Up Service" is $100. In this example, you must sell those items under the TIPS Contract at the proposed 10% discounted price of: "Tablet A" - $90, "Tablet Set-Up Service" - $90. In year two of your TIPS Contract, you update your "Catalog Pricing" with the market. You add "Tablet B" to your "Catalog Pricing" for $200 and have increased the price of "Tablet A" to $110 and the price of "Tablet Set-Up Service" to $110. In this example, after the "Catalog Pricing" update, you must still sell those items under the TIPS Contract at the proposed 10% discounted price of: "Tablet A" - $99, "Tablet Set-Up Service" - $99, and "Tablet B" - $180.00.

With the exception of limited goods/services specifically identified and excluded from this discount in Vendor's original proposal, if you cannot honor the discount on all goods and items now included or which may be added in the future with certainty, then you should offer a lesser discount percentage below.

What is the minimum percentage discount that you can offer TIPS Members off of all goods and service pricing (whether offered through Pricing Form 1, Pricing Form 2, or in another accepted format) that you offer?

17%

37 Honoring Vendor's Minimum Percentage Discount

Vendor is asked in these Attribute Questions to provide a Minimum Percentage Discount offered to TIPS Members on all goods and services sold under the TIPS Contract. Points will be assigned for your response and scoring of your proposal will be affected. A "YES" answer will be awarded the maximum 10 points and a "NO" answer will be awarded 0 points.

Does Vendor agree to honor the Minimum Percentage Discount off of their TIPS "Catalog Pricing" that Vendor proposed for all TIPS Sales made for the duration of the TIPS Contract?

Yes, Vendor agrees

38 Volume and Additional Discounts

In addition to the Minimum Percentage Discount proposed herein, does Vendor ever expect and intend to offer additional, greater, or volume discounts to TIPS Members?

Point(s) may be assigned for your response in the category of "Pricing" during scoring and evaluation.

Yes

39 **"Catalog Pricing" and Pricing Requirements**

This is a requirement of the TIPS Contract and is non-negotiable.

In this solicitation and resulting contract, "Catalog Pricing" shall be defined as:

"The then available list of goods or services, in the most current listing regardless of date, that takes the form of a catalog, price list, price schedule, shelf-price or other viewable format that:

A. is regularly maintained by the manufacturer or Vendor of an item; and

B. is either published or otherwise available for review by TIPS or a customer during the purchase process;

C. to which the Minimum Percentage Discount proposed by the proposing Vendor may be applied.

If awarded on this TIPS Contract, for the duration of the contract, Vendor agrees to provide, upon request, their then current "Catalog Pricing." Or, in limited circumstances where Vendor has proposed the Percentage Mark-Up method of pricing in this proposal, proof of Vendor's "cost" may be accepted by TIPS in place of catalog pricing.

YES

40 **EXCEPTIONS & DEVIATIONS TO TIPS STANDARD TERMS AND CONDITIONS**

Vendor agrees that, if awarded, Vendor's final TIPS Contract will consist of the provisions set forth in the finalized TIPS Vendor Agreement, Vendor's responses to these attribute questions, and: (1) The TIPS solicitation document resulting in this Agreement; (2) Any addenda or clarifications issued in relation to the TIPS solicitation; (3) All solicitation information provided to Vendor by TIPS through the TIPS eBid System; (3) Vendor's entire proposal response to the TIPS solicitation including all accepted required attachments, acknowledged notices and certifications, accepted negotiated terms, accepted pricing, accepted responses to questions, and accepted written clarifications of Vendor's proposal, and; any properly included attachments to the TIPS Contract. In the event of conflict between the terms of the finalized Vendor Agreement and one of the incorporated documents the terms and conditions which are in the best interest of governmental/qualifying non-profit TIPS Members shall control at TIPS sole discretion.

If Vendor responds, "No, Vendor does not agree" to this Attribute, after this solicitation legally closes and TIPS begins evaluating Vendor's file, TIPS will provide Vendor with a draft Word Document version of the Vendor Agreement and will be instructed to include all requested negotiations as redline edits for TIPS consideration. This is the only proper way to submit proposed deviations for TIPS consideration. TIPS reserves the right to accept, decline, or modify Vendor's requested negotiated terms. For this reason, answering "No, Vendor does not agree" may ultimately delay or prevent award.

Does Vendor agree with TIPS standard terms and conditions as presented in the TIPS solicitation document (RFP, RCSP, RFQ, or other) and the TIPS Vendor Agreement document?

Yes, Vendor agrees

4.1	**TIPS Sales Reporting Requirements** **This is a requirement of the TIPS Contract and is non-negotiable.** By submitting this proposal, Vendor certifies that Vendor will properly report all TIPS sales. No other method of reporting is acceptable unless agreed to by the Parties in writing. Failure to report all sales pursuant to this provision may result in immediate cancellation of Vendor's TIPS Contract(s) for cause at TIPS' sole discretion.
4.2	**TIPS Administration Fee Requirement and Acknowledgment** **This is a requirement of the TIPS Contract and is non-negotiable.** The collection of fees by TIPS, a government entity, for performance of these procurement services is required pursuant to Texas Government Code Section 791.011 et. seq. The TIPS Administration Fee is the amount legally owed by Vendor to TIPS for TIPS Sales made by Vendor. The TIPS Administration Fee amount is typically a set percentage of each TIPS Sale legally due to TIPS, but the exact TIPS Administration Fee for this Contract is published in the corresponding RFP or RCSP document. TIPS Administration Fees are due to TIPS immediately upon Vendor's receipt of payment, including partial payment, for a TIPS Sale. By submitting a proposal, Vendor agrees that it has read, understands, and agrees to the published TIPS Administration Fee amount, calculation, and payment requirements. By submitting a proposal Vendor further confirms that all TIPS Pricing includes the TIPS Administration Fee and Vendor will not show adding the TIPS Administration Fee as a charge or line-item in any TIPS Sale.

45	**Antitrust Certification Statements (Tex. Government Code § 2155.005)** **This is a requirement of the TIPS Contract and is non-negotiable.** By submission of this bid or proposal, Vendor certifies under penalty of perjury of the laws of the State of Texas that: (1) I am duly authorized to execute this proposal/contract on my own behalf or on behalf of the company, corporation, firm, partnership or individual (Vendor) identified herein; (2) In connection with this proposal, neither I nor any representative of Vendor has violated any provision of the Texas Free Enterprise and Antitrust Act, Tex. If included in Texas construction contracts, such provisions are voidable by a party obligated by the contract or agreement to perform the work. By submission of this proposal, Vendor acknowledges this law and ***if Vendor enters into a construction contract with a Texas TIPS Member*** under this procurement, Vendor certifies compliance.

47 **Required Confidentiality Claim Form**

This is a requirement of the TIPS Contract and is non-negotiable.

Vendor must execute this form by either signing and waiving any confidentiality claim, or designating portions of Vendor's proposal confidential. If Vendor considers any portion of Vendor's proposal to be confidential and not subject to public disclosure pursuant to Chapter 552 Texas Gov't Code or other law(s) and orders, Vendor must have identified the claimed confidential materials through proper execution of the Confidentiality Claim Form.
If TIPS receives a public information act or similar request, any responsive documentation not deemed confidential by you in this manner will be automatically released. For Vendor documents deemed confidential by you in this manner, TIPS will follow procedures of controlling statute(s) regarding any claim of confidentiality and shall not be liable for any release of information required by law, including Attorney General determination and opinion.

Notwithstanding any other Vendor designation of Vendor's proposal as confidential or proprietary, Vendor's submission of this proposal constitutes Vendor's agreement that proper execution of the required TIPS Confidentiality Claim Form is the only way to assert any portion of Vendor's proposal as confidential.

Article 3, Section 52 of the Texas Constitution states that "no debt shall be created by or on behalf of the State ... " and the Texas Attorney General has opined that a contractually imposed obligation of indemnity creates a "debt" in the constitutional sense. Tex. Att'y Gen. Op. No. MW-475 (1982). Thus, contract clauses which require TIPS to indemnify Vendor, pay liquidated damages, pay attorney's fees, waive Vendor's liability, or waive any applicable statute of limitations must be deleted or qualified with "to the extent permitted by the Constitution and Laws of the State of Texas."

Mediation shall be held in either Camp or Titus County, Texas. Agreements reached in mediation will be subject to the approval by the Region 8 ESC's Board of Directors, authorized signature of the Parties if approved by the Board of Directors, and, once approved by the Board of Directors and properly signed, shall thereafter be enforceable as provided by the laws of the State of Texas.

74 **2 CFR PART 200 AND FEDERAL CONTRACT PROVISIONS EXPLANATION**

TIPS and TIPS Members will sometimes seek to make purchases with federal funds. In accordance with 2 C.F.R. Part 200 of the Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (sometimes referred to as "EDGAR"),Vendor's response to the following questions labeled "2 CFR Part 200 or Federal Provision" will indicate Vendor's willingness and ability to comply with certain requirements which may be applicable to TIPS purchases paid for with federal funds, if accepted by Vendor.

Your responses to the following questions labeled "2 CFR Part 200 or Federal Provision" will dictate whether TIPS can list this awarded contract as viable to be considered for a federal fund purchase. **Failure to certify all requirements labeled "2 CFR Part 200 or Federal Provision" will mean that your contract is listed as not viable for the receipt of federal funds. However, it will not prevent award.**

If you do enter into a TIPS Sale when you are accepting federal funds, the contract between you and the TIPS Member will likely require these same certifications. Specifically, if Vendor utilizes the Cost-Plus Markup method anywhere in its proposal, Vendor cannot and will not be listed as federally compliant for TIPS purposes unless Vendor also certifies "Yes" in response to the Attribute entitled, "2 CFR Part 200 - Prohibition of Cost- Plus."

75 **2 CFR Part 200 or Federal Provision - Prohibition of Cost Plus**

Contracts paid with federal funds which exceed the simplified acquisition threshold currently set at $250,000 (2 CFR 200.320), which is the inflation adjusted amount determined by the Civilian Agency Acquisition Council and the Defense Acquisition Council and the Defense Acquisition Regulations Council (Councils) as authorized by 41 U.S.C. 1908, may not utilize a cost plus percentage of cost and percentage of cost method of contract pricing. Pursuant to the above, when federal funds are expended by ESC Region 8 and TIPS Members for a TIPS Sale resulting from this procurement process which exceeds the simplified acquisition threshold, Vendor shall not utilize a cost plus a percentage of cost and percentage of cost method of contract pricing for that expenditure. If Vendor fails to certify and proposes a Cost Plus Markup Method of pricing anywhere in their proposal, Vendor will **not** be listed as federally/EDGAR compliant for TIPS purposes.

Your response to this questions, the following certifications, and other factors will determine whether your contract award will be deemed as eligible for federal fund expenditures by TIPS Members.

If awarded, is Vendor willing to accept payment for goods and services offered under this contract paid for by a TIPS Member with federal funds?

To whom it may concern:

Greenfield Central High School became a Tiny Mobile Robot user over a year ago. During this time we have been extremely pleased with the ease of use, customer service and overall time savings that we have experienced. We have, and will continue to express our support of Tiny Mobile Robots machines to anyone and everyone who is in the market for an autonomous field painting robot.

To Whom It May Concern:

Please accept this reference for TinyMobileRobots who provided a robot painter to Fairbanks Local Schools.

TinyMobileRobots provided the Tiny Line Maker Pro-X in 2024. We understand that they have submitted an assignee application to the TIPS-USA Cooperative Purchasing Program. Fairbanks Local Schools is a customer of TinyMobileRobots. They performed satisfactorily and we would do business with them again. As a customer of the TinyMobileRobots, we would highly recommend Tiny Mobile Robots to TIPS public entities and non-profit members.

Please feel free to contact me at 937-349-9000 (ext. 1310) or logandunn@fairbankspanthers.org

I am writing to recommend the product TinyMobileRobot. The City of Northglenn has been using the autonomous robot for the past 3 years to assist with marking athletic fields. By not only freeing up a person to complete other tasks while the robot paints, it offers more benefits to the city. The robot painter uses ¾ less paint than the traditional Grayco sprayer previously used. A tablet with hundreds of pre-programmed fields from which to choose was provided along with the robot painter. Having the ability at our fingertips to reorient fields with the push of a button is one of the biggest time savers with the whole operation. The ability to modify and create any dimensions of field size needed by the user-friendly program application provided is a great asset.

I am happy to recommend the Tiny Mobile Robot. If you have any questions, feel free to contact me.

MUNICIPAL ADDENDUM

To be made a part of a certain Equipment Lease # **14123801KMS** between, Knox County, TN ("Lessee") and First Western Equipment Finance a division of First Western Bank & Trust ("Lessor").

Lessee shall have the right to terminate this Lease at the end of any fiscal year of Lessee only if adequate funds are not appropriated to continue this Lease (known as **NON- APPROPRIATIONS**) as evidenced by the passage of an ordinance or resolution specifically prohibiting the Lessee from performing its obligations under this agreement with respect to any Equipment, and from using any moneys to pay any Lease payments due under this Agreement for a designated Fiscal Year and all subsequent Fiscal Years.

The Lessee or Lessee's governing body has appropriated and/or taken other lawful actions necessary to provide moneys sufficient to pay all Lease payments during the Fiscal Year in which payments begin, and such moneys will be applied in payment of all Rentals due and payable during such current Fiscal Year.

The Lessee agrees to include in the budget request for each Fiscal Year the Lease payments to become due during such Fiscal Year, and will use all reasonable and lawful means available to secure the appropriation of money for such Fiscal Year sufficient to pay all Lease Payments coming due therein. The Lessee reasonably believes that moneys in an amount sufficient to make all Lease payments can and will lawfully be appropriated and made available to permit Lessee's continued utilization of the Equipment in the performance of its essential functions during the applicable Lease term. Lessor acknowledges that appropriation for Lease payments is a governmental function which the Lessee cannot contractually commit itself in advance to perform. Lessee acknowledges that this agreement does not constitute such a commitment.

Lessee may effect such termination by giving Lessor written notice thirty (30) days prior to such termination and by paying to Lessor any Lease payments, which are due and have not been paid at, or before, the end of its then current fiscal year. In the event of termination of this Lease, Lessee shall return the equipment to Lessor, in accordance with the terms within the Lease Agreement, in good working condition within fifteen (15) days after termination of this Lease.

If Lessee has not delivered possession of the Equipment to Lessor and conveyed to Lessor or released its interest in the Equipment within fifteen (15) days after termination of this Lease, the termination shall nevertheless be effective, but Lessee shall be responsible for the payment of damages in an amount equal to the amount of the Lease payments thereafter coming due which are attributable to the number of days after termination during which the Lessee fails to take such actions.

The Lessee represents that Lessee qualifies as a State or political subdivision of a State for purposes of Section 103(a) of the Code. **Lessee will file the appropriate Internal Revenue Service (IRS) Form 8038-G or 8038-GC**. If Lessee does not properly file the above IRS form on a timely basis; or IRS rules that the Lessee does not qualify under Section 103(a) of the Code, then Lessee will pay Lessor, on demand, a sum to be determined by Lessor, that will return to Lessor the economic results Lessor would otherwise have received.

This agreement shall be exclusively construed, governed, and controlled by the Laws of the State of Tennessee without regard to principles of law, including conflicts of law, of any other jurisdiction, territory, country, and/or province. Any dispute arising out of or relating to this agreement shall exclusively be brought in the Chancery Court or the Circuit Court of Knox County, Tennessee. Each party consents to personal jurisdiction thereto and waives any defenses based on personal jurisdiction, venue and inconvenient forum.

Made possible through the support of Musco Lighting, NRPA is managing the administration of the grant program ("Program"). Grant Funds are intended to support local park and recreation agencies and community-based organizations as they advance equitable access to youth sports.

Having been selected as a recipient of Grant Funds through this Program, Grantee is required to accept the terms contained within this MOU in order to receive the Grant Funds and participate in this Project.

1. Project Funding

Grantee will receive a total of twenty thousand dollars ($20,000) over the full grant period. 2. Grantee Requirements

Grantee will use the grant funds to:

  Changes to these activities must be provided to NRPA in writing for approval.
- **B.** Participate in final project interviews in Summer 2027 to discuss progress related to the activities listed above.

Background & Program Overview

When kids play sports, we all win. Research shows that when children play sports, they increase their chances to grow up healthy, feel good about themselves, build friendships, develop skills like teamwork and respect, and are more likely to succeed in school and in their future careers. As one of the largest providers of youth sports and youth development services in the nation, reaching more than 40 million youth each year, park and recreation professionals are catalysts for youth sports access in communities nationwide. Through the Youth Sports Access Grant Program, NRPA and Musco Lighting seek to partner with local park and recreation agencies to increase access to youth sports.

As part of the grant program, agencies will receive funding to address barriers to participating in youth sports, increase access to youth sports, and improve the quality of youth sports opportunities across the community.

Based on its work with previous youth sports cohorts, NRPA has created the Youth Sports Framework (https://www.nrpa.org/our-work/Three-Pillars/health-and-well-being/youth-sports-framework/) with proven potential to increase access to youth sports. Agencies can propose utilizing project funding to implement any of the strategies included in the framework, with a focus on activating their installed infrastructure. Alternatively, agencies may also propose strategies not included within the framework, focused on increasing access to sport. Applicants will be required to describe their proposed infrastructure program activation and its connection to advancing youth sports access in depth in their application. Read more about the 2023 cohort here (https://www.nrpa.org/blog/youth-sports-equity-grant-year-one-roundup/), the 2024 cohort here (https://www.nrpa.org/blog/creating-a-brighter-future-through-equitable-access-to-youth-sports/), and the 2025 cohort here (https://new.express.adobe.com/webpage/CZx5VXm3zGITv).

NRPA will host a learning community across current youth sports grants that prioritizes peer learning and networking. The learning community will provide opportunities for structured education, while focusing on sharing successes, challenges, and trends related to youth sports across all grantees. NRPA looks forward to collecting input from agencies in the learning community to determine what format would be most beneficial for these sessions.

Availability of Funds

- Grant amount: $20,000 in cash funds per grant
  - Total amount of funding available: $140,000 in cash funds
  - Number of grants to be awarded: 7 grants total
- In addition to cash funding, awarded agencies can request $50k to $100k in support of an in-kind infrastructure donation from Musco Lighting. NRPA will allocate funding based on requests made by awarded agencies. Agencies can select between the installation of Musco Lighting infrastructure to increase distribution of accessible lighting across the community, or installation of a Mini-Pitch System.
  - Agencies will be required to obtain a quote from Musco Lighting (https://www.musco.com/partners/nrpa/), and propose a plan for installing and activating their selected infrastructure as part of the application process.

Goals

- NRPA and Musco Lighting seek to partner with local park and recreation agencies to address barriers to participating in youth sports, increase access to youth sports, and improve the quality of youth sports opportunities across the community.
- Through this program, NRPA will also facilitate technical assistance to help agencies drive sustained progress toward ensuring all youth can access sports programs and facilities in local parks and recreation.

Eligibility Guidelines

Agency Eligibility

- The applicant must be a local government agency that plans, builds, and/or operates parks (e.g., municipal park and recreation department, tribal recreation department, park district, public works department that manages parks, etc.) OR an affiliated 501c(3) non-profit organization (e.g., youth sports nonprofit that partners with a local P&R agency).
    - If the applicant is not a local government agency, the applicant is required to submit a letter of support from the park and recreation agency director or equivalent.

Project Eligibility

- Based on its work with previous youth sports cohorts, NRPA has created the Youth Sports Framework (https://www.nrpa.org/our-work/Three-Pillars/health-and-well-being/youth-sports-framework/) with proven potential to increase access to youth sports. Agencies can propose utilizing project funding to implement any of the strategies included in the framework, with a focus on activating their installed infrastructure.
    - Examples of activities may include:
        - These activations can be youth-focused events, or something more specific, such as launching a youth advisory council to program the space, launching a new sports league, or hosting coach training at the infrastructure location.
    - If they choose, agencies may also propose strategies not included in this list aimed at increasing youth sports access.
- Projects should address barriers to participating in youth sports, increase access to youth sports, and improve the quality of youth sports opportunities across the community.
    - Applicants will be required to provide quantitative/qualitative data verifying that their project will benefit youth who experience barriers to participating in sports or accessing youth sports opportunities.

Other

Participation in the learning community is a critical component of this grant. Agencies must demonstrate capacity and interest to:

- Shape the direction of the learning community, and
- Actively participate and contribute to all activities.

To build rapport among learning community participants, we are asking that each agency identify a primary and secondary person to participate and attend each session. Agencies are expected to send both representatives to all learning community sessions.

Exemplary Applicant

In addition to submitting a project that prioritizes the installation and activation of infrastructure increasing access to youth sports for their communities, an exemplary applicant will demonstrate a desire to identify and select communities in need of upgraded or new sports facilities. By installing and activating these spaces, these new programs will increase youth sports access across their community. NRPA acknowledges we are all on a journey related to learning and understanding historical investments, and NRPA is looking to award agencies committed to continued learning and action to break down barriers to access for youth sports, ultimately making play accessible for all kids. Exemplary projects will also prioritize community engagement and elevate strategies to incorporate community and/or youth voice in the proposed spending of funds and the selection of the in-kind donation.

Grant Deliverables

- **Youth Sports Access Project**: The project period for the grant will be January 2026 – June 30, 2027.     - NRPA will work with grantees to determine the format and structure of the learning community. Grantees are expected to participate in all engagements related to the learning community to complete their grant fulfillment requirements
- **Evaluation**: NRPA will partner with awarded agencies to evaluate the impact of their installed infrastructure and strategies used to activate the space.

Review Process

NRPA will review and consider all applications in alignment with NRPA's Grantmaking Policy, which aims to ensure that funding opportunities sponsored by NRPA positively benefit communities, particularly communities that have historically experienced disinvestment by government and philanthropy, by investing in and championing the park and recreation profession as a catalyst of positive change and overall well-being.

To support this grant, NRPA's grantmaking team will create a diverse panel of qualified reviewers. NRPA will support reviewers by hosting reviewer training that details grant goals and requirements, reviews the scoring rubric, and addresses questions regarding the review process. NRPA will use the criteria outlined in the Youth Sports Access Grant Scoring Rubric (https://www.dropbox.com/scl/fi/g5jtjz86dhmiy8vzh9e6q/2026-Youth-Sports-Access-RFP-Rubric.pdf?rlkey=n954ku17gkti4gujlmb9wbwle&st=d0ehv7f1&dl=0) to judge applications.

In-Kind Donation Information

Option 1: Musco Lighting System

Up to $100K Value in Kind (VIK) applied as a discount towards a new or retrofit Musco lighting system. Lighting can help extend hours of play and encourage positive activities after dark. The system is covered by a long-term warranty – 25 years for new installations and 10 years for retrofit – with guaranteed light levels, all parts and labor included, the Control-Link® control and monitoring system with remote scheduling, and 24/7 support from our Control-Link Central Team. A budget estimate from Musco and balance of fully installed project funds are required. The full cost of a lighting project varies due to factors like field size, location and light level requirements. Owners will be responsible for material and installation costs exceeding $100K.

Option 2: Mini-Pitch™ System

Up to $100K Value in Kind (VIK) towards a mini pitch system, ideal for transforming abandoned and underutilized areas into places that allow for inclusive play. The original concept was designed for soccer but can support multi-sport options. The grant covers a complete system up to 50'x104' installed by Musco, including lighting with remote on/off control via Control-Link and acrylic or tile surfacing. The package also includes signage for advertising/fundraising opportunities and youth programming options through U.S. Soccer Foundation's Soccer for Success program (https://ussoccerfoundation.org/programs/soccer-for-success/). Owners will be responsible for providing a concrete or asphalt pad if necessary and bringing power to the site for the lighting system. Here's an example of how this solution helps create an inclusive and accessible place for multi-sport play at Camp Courageous (https://www.youtube.com/watch?v=Xp3QvF3BFEk).

All applicants will be required to submit a quote from Musco Lighting as part of the application process. You may request your project quote from Musco Lighting here (https://www.musco.com/partners/nrpa/). Completing the Application

To help you fill out this form, NRPA allows multiple people to work on a single application. If you want to invite a colleague or multiple colleagues to help you complete your application, click the **Manage Collaborators** button at the top-right of this form. From there, you will be able to add collaborators (all you need is their name and valid e-mail address). Remember that your application can only be submitted by the individual who started it. You may also revoke a collaborator's access at any time using the same menu.

Multimedia Submissions

Applicants can submit parts of the application in written, video, or voice recording forms. These are clearly marked on each question. We encourage applicants to use the methods they feel most comfortable using but note that some questions require a written response. The video and voice recordings should clearly answer all components of each question. However, creativity is welcome. All methods of response will be equally scored during the review process without preference given to any one method. Examples of video or voice recordings could include interview style with stakeholders (municipal or community partners, community members, park and recreation professionals, etc.), a story-telling format with images, clips, or descriptions of project focus areas (like a podcast), or a multimedia presentation.

You can complete the entire application in writing or partially written and media. All written components must be submitted through this online application. If you are submitting a partial media application, you must provide written statements to those questions where indicated. For all media question responses, you must indicate the questions covered through media response – this could simply be a sentence "Answered in the video" or "Answered in the attached podcast." There will be space at the end of the application to upload all media files. **Multimedia submissions should not exceed 20 total minutes combined**. Partial media applications must cover all points of each question. All applications, written or partial media, will be judged equally without preference to one method.

Regardless of written, video or voice recorded submissions, a complete application must be submitted through NRPA's online grant application system. **Applications are due by October 10th at 11:59 PM PST,** and NRPA anticipates notifying applicants on or before January 15, 2026.

The current space is a small parking lot at John Tarleton Park. It is used as an auxiliary parking lot, but is not needed or used for large events.

Installation Plan

We have a sports and recreation and maintenance department that is fully staffed with experienced professionals in their fields. These professionals will be able to oversee and install the project from start to finish. Our sports and recreation team has staff members dedicated only to John Tarleton Park, and this new infrastructure would be added to their routine maintenance plans.

Installation Timeline

Our agency is taking a collaborative, cross-departmental approach to ensure the successful installation of the mini-pitch system by June 30, 2027. Our maintenance and sports and recreation departments have worked in tandem to assess the site and plan for installation. Our maintenance team will lead the physical installation, while the sports and recreation team will support with layout planning and equipment integration. The administration team will handle all documentation, permits, scheduling, and vendor communications to ensure smooth coordination and compliance with all requirements. Regular interdepartmental meetings will be scheduled to monitor progress, address potential delays, and ensure alignment on timelines and responsibilities.
We are committed to beginning the installation as soon as materials arrive and conditions allow. With all departments engaged early and consistently throughout the process, we are confident in our ability to complete installation before the June 30, 2027, deadline. This united effort ensures both the timely execution and long-term sustainability of the mini-pitch system for our community.

Anticipated Challenges

While we do not anticipate any major challenges with the installation of our selected infrastructure, we recognize that weather conditions may pose a potential risk to the project timeline. Inclement weather could temporarily delay site preparation or installation activities.
Beyond weather-related concerns, we are confident in our capacity to carry out the project efficiently. Our agency is fully staffed across all relevant departments. Each team is prepared and aligned to support the project from installation through programming and long-term maintenance.

Future Costs

Yes, our organization has budgeted for the ongoing maintenance and operational costs associated with the new infrastructure, including lighting and additional utility expenses. We currently have dedicated line items within our existing budget that will support year-round maintenance, programming, and utility needs for the facility. These funds will ensure that the mini-pitch system remains in excellent condition and continues to serve the community effectively well beyond installation. Our facilities and recreation teams are already equipped with the resources and staffing to manage regular upkeep and support safe and consistent usage.

Permitting and Governance

No, additional permitting or governance is not required at this time.

Electrical Service

Yes, the site is currently a fully operational park and sports complex that has electrical on-site. The voltage is 240/120 volts.

Page: Activating the Infrastructure Space

Rationale

We believe that adding a Musco Mini-Pitch System will greatly enhance our park system by expanding access to diverse sports and recreational opportunities for both youth and adults year-round. This innovative space promotes active lifestyles, community engagement, and skill development while making efficient use of available space. The Mini-Pitch will provide an inclusive environment that supports soccer and other recreational activities, helping us further our mission to create healthy, active, and connected communities across Knox County. Currently, no park or facility in Knox County has a mini-pitch system.

Proposed Project

Knox County Parks & Recreation proposes to use the $20,000 NRPA grant to fully activate a newly installed Musco Mini-Pitch system, transforming an underused asphalt parking lot into a vibrant, year-round community recreation hub. This project aligns with NRPA's Youth Sports Framework by supporting child-centered programming, coach-driven engagement, and community participation.

Installation Plan:
Our team will carry out preparatory work beginning in December to ensure the Mini-Pitch is installed efficiently and safely. This includes:
December 1st – January 1st: Sweeping, cleaning, and prepping the existing asphalt lot to ensure it's ready for immediate installation once materials arrive. Temporary fencing will be placed to block off the site and ensure safety during setup.
No permitting is required, and the existing asphalt lot is structurally ready to support the facility.
January 1st: Our electrical team will coordinate and install all necessary hook-ups to the existing power source for lighting and any other system needs.
February – March: In-house teams will assemble and install the Musco Mini-Pitch system. Leveraging our internal staff reduces costs and allows for quality control throughout the build.

Activation Plan: Once installed, the Mini-Pitch will serve as a multi-functional recreational space that is inclusive, accessible, and community-driven. Starting in Quarter 2, the facility will host a diverse lineup of programs targeting youth, adults, and families:
Quarter 2: Youth Soccer Clinics in partnership with AYSO Regions and an Adaptive Soccer Clinic will launch the pitch's programming, ensuring inclusive and skill-based development opportunities.
Quarter 3: We will expand with Open Play for youth and adults, Adult Pick-Up Soccer, and a Youth 5v5 Soccer Tournament. These low-barrier activities promote wellness, recreation, and community cohesion.
Quarter 4: Holiday-themed 5v5 tournaments for both youth and adults will create festive engagement and attract new participants to the space.

Long-Term Community Engagement: Beyond scheduled programming, we will offer Community Access Hours—designated free play times that allow equitable use by all residents. This supports unstructured play, exploration, and social interaction, particularly for underserved communities.

We are also developing Youth Development Leagues and Pop-Up Camps/Events in collaboration with local schools, sports clubs, and nonprofits. These partnerships will drive outreach, broaden participation, and deepen community ownership of the space.

Knox County Parks & Recreation staff, along with volunteers and coaches trained under NRPA's youth sports principles, will lead programming. These efforts ensure high-quality, developmentally appropriate coaching and foster a safe, welcoming environment. This grant will enable us not only to install a high-quality recreation facility but also to activate it with meaningful, inclusive programming that reflects and serves the Knox County community. With strong partnerships, intentional planning, and a focus on sustainability, the Musco Mini-Pitch will become a lasting asset for public health, youth development, and community connection.

Project Team Capacity

Knox County Parks & Recreation will lead the program activation through a collaborative team that includes our dedicated Adult and Youth Sports Departments. These departments will work together to design, implement, and oversee a variety of new recreational opportunities centered around the Musco Mini-Pitch system. Guided by the National Recreation and Park Association's Youth Sports Framework and its three pillar values —Child-Centered, Coach-Driven, and Community Engaged—our team will ensure that all programming promotes health, inclusion, and lifelong participation in sports.
The project will be coordinated by our Sr. Sports Operations Manager, who will serve as project lead, supported by site supervisors, maintenance staff, and community partners such as local schools, youth organizations, and sports clubs. Each partner will contribute to outreach, volunteer recruitment, and program development to ensure the Mini-Pitch becomes a hub for year-round activity.

Community Need

John Tarleton Park serves as a central hub for youth sports in Knox County, offering five multi-use fields for youth football, soccer, and flag football. However, its current hours and field infrastructure limit opportunities, especially as daylight wanes and demand increases. The proposed Musco Mini-Pitch System will dramatically increase usable hours through high-quality lighting, enabling evening and low-light play safely and reliably. This means more time for youth to participate in games, practices, and tournaments after school and during shorter winter days. Additionally, the mini pitch will allow for more flexible scheduling: multiple teams or age groups can play simultaneously, reducing wait times and increasing inclusivity for younger or newer players. This infrastructure will help absorb overflow demand and encourage greater participation. Installing the mini-pitch will not only improve capacity and hours, but also offer a safe, well-lit, well-maintained space that lowers barriers to participation, especially for youth who currently might not have after-school daylight, or access to full-sized field time.

ADDENDUM TO CONTRACT TO AUDIT ACCOUNTS OF KNOX COUNTY (Page 1 of 12)

RELATED TO KNOX COUNTY GOVERNMENT

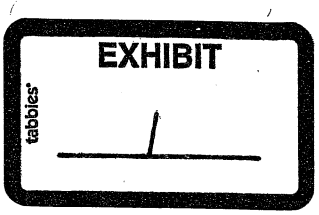
FOR THE PERIOD FROM JULY 1, 2025 TO JUNE 30, 2026

The Objective and Scope of the Audit of the Financial Statements

You have requested ("Pugh", the "Firm", "we", "us", or "our") audit the governmental activities, business-type activities, discretely presented component units, each major fund, budgetary comparison statement of the general fund and aggregate remaining fund information of Knox County, Tennessee (the "County"), as of and for the year ended June 30, 2026 and the related notes to the financial statements, which collectively comprise the County's basic financial statements. Also, you acknowledge that we are the group auditor for the Knox Education Foundation (KEF), a discretely presented component unit reported in the financial statements of the County. We will not audit the financial statements of KEF, which will be audited by the component auditor. Our opinion, insofar as it relates to the amounts included for KEF, will be based solely on the report of the other auditor. In addition, you have requested that we audit the financial statements of the Knoxville-Knox County Emergency Communications District, Geographic Information System and the Knoxville-Knox County Planning Commission as of and for the year ended June 30, 2026.

We are pleased to confirm our acceptance and our understanding of this audit engagement by means of this Contract and Addendum.

Our audits will be conducted with the objective of expressing our opinions on the financial statements.



We will also perform your audit so as to satisfy the audit requirements imposed by the Single Audit Act and Subpart F of Title 2 U.S. Code of Federal Regulations ("CFR") Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* ("*Uniform Guidance*").

The Responsibilities of the Auditor

We will conduct our audit in accordance with auditing standards generally accepted in the United States of America (GAAS); "Government Auditing Standards" issued by the Comptroller General of the United States (GAS); the provisions of the Single Audit Act; Subpart F of Title 2 U.S. CFR Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*; and the U.S. Office of Management and Budget's ("OMB") Compliance Supplement and guidance provided in the applicable State of Tennessee Audit Guides. Those standards, regulations, supplements or guides require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement. An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

Because of the inherent limitations of an audit, together with the inherent limitations of internal control, an unavoidable risk that some material misstatements may not be detected exists, even though the audit is properly planned and performed in accordance with GAAS. Also, an audit is not designed to detect errors or frauds that are immaterial to the financial statements. The determination of waste or abuse is subjective; therefore, *Government Auditing Standards* do not expect us to provide reasonable assurance of detecting waste or abuse.

In making our risk assessments, we consider internal control relevant to the County's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances but not for the purpose of expressing an opinion on the effectiveness of the County's internal control. However, we will communicate to you in writing concerning any significant deficiencies or material weaknesses in internal control relevant to the audit of the financial statements that we have identified during the audits.

We will also communicate to the Audit Committee (a) any fraud involving senior management and fraud whether caused by senior management or other employees that causes a material misstatement of the financial statements that becomes known to us during the audit, and (b) any instances of noncompliance with laws and regulations that we become aware of during the audit unless they are clearly inconsequential.

We are responsible for the compliance audit of major programs under the *Uniform Guidance*, including the determination of major programs, the consideration of internal control over compliance, and reporting responsibilities.

Our report(s) on internal control will include any significant deficiencies and material weaknesses in controls of which we become aware as a result of obtaining an understanding of internal control and performing tests of internal control consistent with requirements of the standards and regulations identified above. Our report(s) on compliance will address material errors, fraud, waste or abuse, violations of compliance obligations, and other responsibilities imposed by state and federal statutes and regulations and assumed by contracts; and any state or federal grant, entitlement or loan program questioned costs of which we become aware, consistent with requirements of the standards and regulations identified above.

The funds that you have informed us of are maintained by the County and that are to be included as part of our audits are listed on pages 9 through 11 of this Addendum, including ours and your responsibilities related to the preparation of the reports.

The component units and jointly governed organizations whose financial statements you have told us are to be included as part of the County's basic financial statements are listed on pages 10 and 11 of this Addendum.

The Responsibilities of Management and Identification of the Applicable Financial Reporting Framework

Our audits will be conducted on the basis that management and when appropriate, those charged with governance, acknowledge and understand that they have responsibility

1. For the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America.
2. To evaluate subsequent events through the date the financial statements are issued or available to be issued, and to disclose the date through which subsequent events were evaluated in the financial statements. Management also agrees that it will not evaluate subsequent events earlier than the date of the management representation letter referred to below;
3. For the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error; and
4. For establishing and maintaining effective internal control over financial reporting and for informing us of all significant deficiencies and material weaknesses in the design or operation of such controls of which it has knowledge;
5. For identifying and ensuring that the County complies with the laws and regulations applicable to its activities, and for informing us about all known material violations of such laws or regulations. In addition, management is responsible for the design and implementation of programs and controls to prevent and detect fraud or waste or abuse and for informing us about all known or suspected fraud or waste or abuse affecting the entity involving management, employees who have significant roles in internal control, and others where the fraud or waste or abuse could have a material effect on the financial statements or compliance. Management is also responsible for informing us of its knowledge of any allegations of fraud or waste or abuse or suspected fraud or waste or abuse affecting the County received in communications from employees, former employees, analysts, regulators, State of Tennessee Comptroller of the Treasury, grantors of federal and state awards, or others.

6. For *(a)* making us aware of significant vendor relationships where the vendor is responsible for program compliance, *(b)* following up and taking corrective action on audit findings, including the preparation of a summary schedule of prior audit findings, and a corrective action plan, and *(c)* report distribution including submitting the reporting package(s).
7. To provide us with:
    a. Access to all information of which management is aware is relevant to the preparation and fair presentation of the financial statements such as records, documentation, and other matters;
    b. Additional information that we may request from management for the purpose of the audit; and
    c. Unrestricted access to persons within the County from whom we determine it necessary to obtain audit evidence.
    d. When applicable, a summary schedule of prior audit findings for inclusion in the single audit reporting package, and
    e. If applicable, responses to any findings reported on the schedule of findings and questioned costs.

As part of our audit process, we will request from management and when appropriate, those charged with governance, written confirmation concerning representations made to us in connection with the audits including among other items:

1. That management has fulfilled its responsibilities as set out in the terms of this Contract and Addendum; and
2. That it believes the effects of any uncorrected misstatements aggregated by us during the current engagement and pertaining to the latest period presented are immaterial, both individually and in the aggregate, to the financial statements taken as a whole.

Management is responsible for the preparation of the required supplementary information (RSI) and the supplementary information (SI) in accordance with accounting principles generally accepted in the United States of America. Management agrees to include the auditor's report on the RSI and SI in any document that contains the required supplementary information and supplementary information and that indicates that the auditor has reported on RSI and SI. Management also agrees to present the RSI and SI with the audited financial statements or, if the RSI and SI will not be presented with audited financial statements, to make the audited financial statements readily available to the intended users of the RSI and SI no later than the date of issuance of the RSI, SI and the auditor's report thereon.

Because the audit will be performed in accordance with the Single Audit Act and the *Uniform Guidance*, management is responsible for (a) identifying all federal awards received; (b) preparing the schedule of expenditures of federal awards (including notes and noncash assistance received) in accordance with *Uniform Guidance* requirements; (c) internal control over compliance; (d) compliance with federal statutes, regulations, and the terms and conditions of federal awards; (e) making us aware of significant vendor relationships where the vendor is responsible for program compliance; (f) following up and taking corrective action on audit findings, including the preparation of a summary schedule of prior audit findings and a corrective action plan; and (g) submitting the reporting package and data collection form.

Those charged with governance are responsible for informing us of their views about the risks of fraud, waste or abuse within the County, and their knowledge of any fraud, waste or abuse or suspected fraud, waste or abuse affecting the County.

Our association with an official statement or memorandum is a matter for which separate arrangements will be necessary. The County agrees to provide us with printer's proofs or masters of such offering documents for our review and approval before printing and with a copy of the final reproduced material for our approval before it is distributed. In the event our auditor/client relationship has been terminated when the County seeks such consent, we will be under no obligation to grant such consent or approval.

The County agrees that it will not associate us with any public or private securities offering, including tax exempt debt without first obtaining our consent. Therefore, the County agrees to contact us before it includes our reports or otherwise makes reference to us, in any public or private securities offering, including tax exempt debt. We may conclude that we are not otherwise associated with the proposed offering and that our association with the proposed offering is not necessary, providing the County agrees to clearly indicate that we are not associated with the contents of the official statement or memorandum. The County agrees that the following disclosure will be prominently displayed in the official statement or memorandum:

> *Pugh & Company, P.C., our independent auditor, has not been engaged to perform, and has not performed, since the date of its report included herein, any procedures on the financial statements addressed in that report. Pugh & Company, P.C., also has not performed any procedures relating to this official statement or memorandum.*

With regard to the electronic dissemination of audited financial statements, including financial statements published electronically on your website, you understand that electronic sites are a means to distribute information and, therefore, we are not required to read the information contained in these sites or to consider the consistency of other information in the electronic site with the original document.

Because Pugh & Company, P.C. will rely on Knox County, Tennessee and its management and audit committee to discharge the foregoing responsibilities, Knox County, Tennessee holds harmless and releases Pugh & Company, P.C. its partners, and employees from all claims, liabilities, losses, and costs arising in circumstances where there has been a knowing misrepresentation by a member of Knox County, Tennessee's management which has caused, in any respect, Pugh & Company, P.C.'s breach of contract or negligence, as allowed under Tennessee Law, if , and only if Pugh & Company, P.C. has met its professional responsibilities and obligations under GAAS and Government Auditing Standards. This provision shall survive the termination of this arrangement for services.

Knox County's Records and Assistance

If circumstances arise relating to the condition of the County's records, the availability of appropriate audit evidence, or indications of a significant risk of material misstatement of the financial statements because of error, fraudulent financial reporting, or misappropriation of assets, which in our professional judgment, prevent us from completing the audit or forming an opinion, we retain the unilateral right to take any course of action permitted by professional standards, including declining to express an opinion, issue a report, or withdraw from the engagement.

During the course of our engagement, we may accumulate records containing data that should be reflected in the County's books and records. The County will determine that all such data, if necessary, will be so reflected. Accordingly, the County will not expect us to maintain copies of such records in our possession.

Non-audit Services

In connection with our audit, you have requested us to perform the following non-audit services:

1. Review and assistance, as needed, with annual comprehensive financial report and assessment of new accounting standards.

GAS independence standards require that the auditor maintain independence so that opinions, findings, conclusions, judgments and recommendations will be impartial and viewed as impartial by reasonable and informed third parties. Before we agree to provide a non-audit service to the County, we determine whether providing such a service would create a significant threat to our independence for GAS audit purposes, either by itself or in aggregate with other non-audit services provided. A critical component of our determination is consideration of management's ability to effectively oversee the non-audit services to be performed. The County has agreed that Mr. Chris Caldwell, Director of Finance possesses suitable skill, knowledge or experience and that the individual understands the services to be performed sufficiently to oversee them. Accordingly, the management of the County agrees to the following:

1. The County has designated Mr. Chris Caldwell, Director of Finance, as a senior member of management who possesses suitable skill, knowledge and experience to oversee the services;
2. Mr. Chris Caldwell, Director of Finance, will assume all management responsibilities for subject matter and scope of the non-audit services;
3. The County will evaluate the adequacy and results of the services performed; and
4. The County accepts responsibility for the results and ultimate use of the services.

GAS further requires that we establish an understanding with the County's management and those charged with governance of the objectives of the non-audit services, the services to be performed, the entity's acceptance of its responsibilities, the auditor's responsibilities and any limitations of the non-audit services. We believe this addendum and contract documents that understanding.

You have informed us that you intend to prepare an annual comprehensive financial report and submit it for evaluation by the Government Finance Officers Association's Certificate of Achievement for Excellence in Financial Reporting. Our association with the annual comprehensive financial report in this regard is to consist of consulting with various Finance Department personnel to determine what current year changes are needed in order to assist the County to continue to be eligible to receive this annual award.

Fees, Costs, and Access to Workpapers

Our fees for the audits described above, as shown on the attached schedule and our proposal as amended, are based upon the value of the services performed and the time required by the individuals assigned to the engagement, plus direct expenses. Our fee estimate and completion of our work is based upon the following criteria:

1. Anticipated cooperation from County personnel.
2. Timely responses to our inquiries.
3. Timely completion and delivery of client assistance requests.
4. Timely communication of all significant accounting and financial reporting matters.
5. The assumption that unexpected circumstances will not be encountered during the engagement.

If any of the aforementioned criteria are not met, then fees may increase. Interim billings will be submitted as work progresses and as expenses are incurred. Our estimated fees are shown in this addendum. Billings are due upon submission.

Our fee estimate will be subject to adjustments based on unanticipated changes in the scope of our work and/or the incomplete or untimely receipt by us of the information on the client participation list. All other provisions of this addendum will survive any fee adjustment. Conferences, consultations, accounting services or additional audit procedures will be billed in addition, at our standard hourly rates.

Our professional standards require that we perform certain additional procedures on current and previous years' engagements whenever a partner or professional employee leaves the firm and is subsequently employed by or associated with a client. Accordingly, the County agrees it will compensate Pugh & Company, P.C. for any additional costs incurred as a result of the County's employment of a partner or manager of Pugh & Company, P.C.

In the event we are requested or authorized by the County or are required by government regulation, subpoena, or other legal process to produce our documents or our personnel as witnesses with respect to our engagements for the County, the County will, so long as we are not a party to the proceeding in which the information is sought, reimburse us for our professional time and expenses incurred in responding to such requests.

The documentation for this engagement is the property of Pugh & Company, PC. However, you acknowledge and grant your assent that representatives of the cognizant or oversight agency or their designee, other government audit staff, and the U.S. Government Accountability Office shall have access to the Audit Documentation upon their request and that we shall maintain the Audit Documentation for a period of at least three years after the date of the report, or for a longer period if we are requested to do so by the cognizant or oversight agency. Access to requested documentation will be provided under the supervision of Pugh & Company, PC audit personnel and at a location designated by our Firm. The audit documentation for this engagement will also be retained for a limited period of time in accordance with our firm's file retention policies and the requirements of the attached contract. However, it will be your responsibility to retain copies of all of your entity's internal documents and accounting records to support inquiries of third parties or taxing authorities, including financial reports and tax returns.

Claim Resolution

The County and Pugh & Company, P.C. agree that no claim arising out of services rendered pursuant to this agreement shall be filed after the appropriate State of Tennessee statute of limitations has expired.

Reporting

We will issue written reports upon completion of our audits of Knox County's and the component units and jointly governed organizations' financial statements. Our report will be addressed to the mayor, county commissioners and audit committee of Knox County, Tennessee. We cannot provide assurance that an unmodified opinion will be expressed. Circumstances may arise in which it is necessary for us to modify our opinion, add an emphasis-of-matter or other-matter paragraph(s), or withdraw from the engagement.

In addition to our report(s) on the County's financial statements, we will also issue the following reports or types of reports:

1. A report on the fairness of the presentation of the County's schedule of expenditures of federal and state awards for the year ending June 30, 2026.
2. Report(s) on internal control related to the financial statements and major federal programs. These reports will describe the scope of testing of internal control and the results of our tests of internal controls.
3. Report(s) on compliance with laws, regulations, and the provision of contracts or grant agreements. We will report on any noncompliance which could have a material effect on the financial statements and any noncompliance which could have a material effect, as defined by Subpart F of Title 2 U.S. CFR Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, on each major program;
4. A schedule of findings and questioned costs, if applicable.
5. A disposition of prior year findings and questioned costs, if applicable.

If applicable, the audit is to be conducted in accordance with the provisions of the Single Audit Act and Title 2 U.S. *Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance)*. The audit is also to be conducted in accordance with any other applicable federal agency requirements. It is agreed that this audit will conform to standards, procedures, and reporting requirements established by the Comptroller of the Treasury. It is further agreed that any deviation from these standards and procedures will be approved in writing by the Comptroller of the Treasury prior to the execution of the contract. The interpretation of this contract shall be governed by the above-mentioned publications and the laws of the State of Tennessee.

3. The auditor shall, as part of the written audit report, submit to the organization's management and those charged with governance:

a) a report containing an expression of an unmodified or modified opinion on the financial statements, as prescribed by the *Audit Manual*. This report shall state the audit was performed in accordance with *Government Auditing Standards*, except when a disclaimer of opinion is issued. If the organization is a component unit or fund of another entity, it is agreed that: (a) the financial statements may be included in the financial statements of the other entity; (b) the principal auditor for the other entity may rely upon the contracted auditor's report; and (c) any additional information required by the principal auditor of the other entity will be provided in a timely manner.

b) a report on the internal control and on compliance with applicable laws and regulations and other matters. This report shall be issued regardless of whether the organization received any federal funding. Audit reports of entities which are subject to the provisions of the Single Audit Act and OMB's Uniform Guidance shall include the additional reports required by that guidance. The reports will set forth findings, recommendations for improvement, concurrence or nonconcurrence of appropriate officials with the audit findings, comments on management's responses as appropriate, and comments on the disposition of prior year findings.

4. If a management letter or any other reports or correspondence relating to other matters involving internal controls or noncompliance are issued in connection with this audit, a copy shall be filed with the Comptroller of the Treasury by the auditor. Such management letters, reports, or correspondence shall be consistent with the findings published in the audit report (i.e., they shall disclose no reportable matters or significant deficiencies not also disclosed in the findings found in the published audit report). The report should also include a corrective action plan for findings developed under OMB's Uniform Guidance and for other findings in accordance with Tennessee Code Annotated § 9-3-407, and the *Audit Manual*. The corrective action plan is only applicable to findings published in the audit report.

5. The auditor shall file **one (1)** electronic copy of said report with the Comptroller of the Treasury, State of Tennessee. The auditor shall furnish **1** printed copies and/or an electronic copy of the report to the organization's management and those charged with governance. It is anticipated that the auditor's report shall be filed no later than **December 31, 2026**, **or six (6) months following the period to be audited, whichever is earlier, without explanation to the Comptroller of the Treasury, State of Tennessee, and the organization. (Audit documentation for additional procedures for centralized cafeteria systems contracted with audits of internal school funds must be completed and available for review by September 30 following the fiscal year being audited.)** Requirements for additional copies, including those to be filed with the appropriate officials of granting agencies, are listed below:
None

6. The auditor agrees to retain working papers for no less than five (5) years from the date the report is received by the Comptroller of the Treasury, State of Tennessee. In addition, the auditor agrees that all audit working papers shall, upon request, be made available in the manner requested by the Comptroller for review by the Comptroller of the Treasury or the Comptroller's representatives, agents, and legal counsel, while the audit is in progress and/or subsequent to the completion of the report. Furthermore, at the Comptroller's discretion, it is agreed that the working papers will be reviewed at the office of the auditor, the entity, or the Comptroller and that copies of the working papers can be made by the Comptroller's representatives or may be requested to be made by the firm and may be retained by the Comptroller's representatives.

7. Any reasonable suspicion of fraud, (regardless of materiality) or other unlawful acts including, but not limited to, theft, forgery, credit/debit card fraud, or any other act of unlawful taking, waste, or abuse of, or official misconduct, as defined in Tennessee Code Annotated § 39-16-402, involving public money, property, or services shall, upon discovery, be promptly reported in writing by the auditor to the Comptroller of the Treasury, State of Tennessee, who shall under all circumstances have the authority, at the discretion of the Comptroller, to directly investigate such matters. Not withstanding anything herein to the contrary, the Comptroller of the Treasury, State of Tennessee, acknowledges that the auditor's responsibility hereunder is to design its

audit to obtain reasonable, but not absolute, assurance of detecting fraud that would have a material effect on the financial statements, as well as other illegal acts or violations of provisions of contracts or grant agreements having a direct and material effect on financial statement amounts. If the circumstances disclosed by the audit call for a more detailed investigation by the auditor than necessary under ordinary circumstances, the auditor shall inform the organization's management and those in charge of governance in writing of the need for such additional investigation and the additional compensation required therefor. Upon approval by the Comptroller of the Treasury, an amendment to this contract may be made by the organization's management, those charged with governance, and the auditor for such additional investigation.

8. **Group Audits**. The provisions of Section 8 relate exclusively to contracts to audit components of a group under AU-C 600. (See definitions in AU-C 600, Paragraph 11.) Section 8 is only applicable to an auditor that audits a component (e.g., a fund, component unit, or other component) **of a county government that is audited by the Division of Local Government Audit (LGA)**. Section 8 is intended to satisfy the communication requirements for the group auditor (LGA) to the component auditor under AU-C 600.

a) The Division of Local Government Audit (LGA) shall be considered the "group auditor" for any contract to audit a component of an applicable county government. LGA shall present the county's financial statements in compliance with U.S. Generally Accepted Accounting Principles (GAAP) as promulgated by the Governmental Accounting Standards Board (GASB). LGA shall conduct the audit in accordance with auditing standards generally accepted in the United States of America and the auditing standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States.

b) The contracting auditor shall be considered the "component auditor" for purposes of this section.

c) The financial statements audited by the component auditor should be presented in accordance with GAAP as promulgated by GASB. If the financial reporting framework for any component does not conform to this basis, the financial reporting framework should be disclosed in Section 10 (Special Provisions). (Component financial statementsthat are not presented using the same financial reporting framework as the county's financial statements may cause this contract to be rejected.)

d) The component auditor shall conduct the component audit in accordance with auditing standards generally accepted in the United States of America and the auditing standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States.

e) The component auditor shall cooperate with LGA to accomplish the group audit. It is anticipated that LGA will make reference to the component auditor's report in the group audit report. Should LGA find it necessary to assume responsibility for the component auditor's work, the terms, if any, shall be negotiated under a separate addendum to this contract.

f) The component auditor shall follow the ethical requirements of *Government Auditing Standards* and affirms that the component auditor is independent to perform the audit and will remain independent throughout the course of the component audit engagement.

g) The component auditor affirms that the component auditor is professionally competent to perform the audit. LGA may confirm certain aspects of the component auditor's competence through the Tennessee State Board of Accountancy.

h) The component auditor will be contacted via email by the LGA's Audit Review Manager with the estimated date of the conclusion of LGA's audit of the county government. The component auditor agrees to **update subsequent events** between the date of the component auditor's report and the date of the conclusion of LGA's audit of the county government. Additional subsequent events should be communicated via email to LGA's Audit Review Manager.

i) The component auditor shall read LGA's audited financial statements for the county government for the previous fiscal year noting in particular **related parties** in the notes to the financial statements, and **material misstatement** findings in the Findings and Questioned Costs Section. The previous year audited financial statements can be obtained from the Comptroller's website at www.comptroller.tn.gov. As required by generally accepted auditing standards, we have identified Management Override of Controls and Improper Revenue Recognition as presumptive fraud risks. The component auditor shall communicate to LGA (i.e., group management) on a timely basis **related parties** not previously identified by the group management in LGA's prior year audited financial statements. Related parties should be communicated via email to LGA's Audit Review Manager.

j) The component auditor's report should not be restricted as to use in accordance with AU-C 905.

k) Sections 1-7 and Sections 10-14 of this contract are also applicable to the component auditor during the performance of the component audit.

9. **Municipal Chart of Accounts Crosswalk**. The provisions of Section 9 relate exclusively to contracts to audit of a municipality, municipality's fund(s), and municipality's school board of education. The auditor shall convert respective municipal audited financial data into a condensed chart of accounts by use of a Microsoft Excel crosswalk tool prescribed by the Comptroller of the Treasury, State of Tennessee, **or** if a respective municipality, municipality's fund(s), or municipality's school board of education chooses to convert their own audited financial data by use of the crosswalk, the auditor shall verify the accuracy of their conversion. The completed condensed chart of accounts crosswalk in Microsoft Excel format shall be filed with the Comptroller of the Treasury, State of Tennessee, by the auditor when the audited financial report is submitted.

10. (Special Provisions) **See attached Addendum and Knox County Appendix. This contract also includes for the following separate, but related, organizations for which separate audit reports will be filed: Emergency Communications District, Knoxville - Knox County Planning Commission and Geographic Information Systems. Note that a separate contract will also result in the filing of separate reports covering (1) the Knox County Schools - Internal School Funds and (2) Knox County Retirement and Pension Board and System.**

W I T N E S S E T H:

1.a. THE SP EASEMENT: Grantor is a party to that certain Grant of Permanent Easement (the "SP Easement"), dated as of August 1, 2020, by and among the United States of America (the "United States"), Tennessee Valley Authority ("TVA") and Grantor. Pursuant to the SP Easement, Grantor holds a permanent easement in that certain property known as the Summer Place Tower, located at 500 West Summit Hill Drive, Knoxville, Tennessee (the "Tower"), which easement is expressly subject to the terms, conditions, reservations, restrictions, exceptions and limitations stated therein. The SP Easement is attached hereto as EXHIBIT 1 and is incorporated herein by reference.

1.b. THE LEASE: Pursuant to the Assignment and Assumption of Lease, dated as of June 30, 2023, by and among the Nexus Group Inc, Peace Communications LLC, and Knox County, Tennessee, Grantee was assigned all of the right, title, and interest as tenant under the Lease Agreement by and between the Tennessee Valley Authority and Technology 2020, dated as of February 10, 2006, as amended and further assigned as set out in the June 30, 2023 Assignment and Assumption of Lease, (the "Lease"). With the exception of the provisions of the Lease regarding the term of the Lease and the amount of Rent owed by Grantee to Grantor, this Sub-Easement Agreement is expressly subject to the terms, conditions, reservations, restrictions, exceptions, and limitations stated in the Lease. The Lease is attached hereto as EXHIBIT 2 and is incorporated herein by reference.

2. GRANT OF A SUB-EASEMENT IN THE PREMISES: Subject to and upon the terms, provisions and conditions hereinafter set forth and in the SP Easement and in the Lease, and each in consideration of the duties, covenants and obligations of the other hereunder, Grantor does hereby grant unto Grantee a sub-easement in approximately 13,846 square feet located on the first (1st) and second (2nd) floors of the Tower, as shown on the site plan attached hereto and made a part hereof as EXHIBIT 3 (hereinafter called the "Premises"), which shall include the right to occupy the Premises for the entire term hereof.

3. AGREEMENT SUBORDINATE TO SP EASEMENT AGREEMENT AND LEASE: This Agreement shall at all times be subordinate to the terms of the SP Easement and the terms of the Lease, and Grantee's interest pursuant to this Agreement shall not extend to the underlying fee interest in the Premises held by the United States and TVA. To the extent any rights granted to Grantee herein are greater than or contrary to those granted to Grantor in the SP Easement or the Lease, or are contrary to Grantor's obligations under the SP Easement or the Lease, such rights shall be unenforceable.

4. USE: Grantee and its clients shall use the Premises only for office space and to provide co-location, disaster recovery, business continuity, data storage and protection, and other datacenter and managed IT, network and "Cloud" services and for related office use. Grantee agrees that it will not use or permit the use of the Premises or any part thereof for any other business or purpose without the prior written consent of Grantor, which consent Grantor may withhold in its sole and absolute discretion. Grantor's said consent shall also be required for any agreements between Grantee and any third parties for the use of data center space and the provision of data center services.

5. LIMITATIONS: This Agreement is subject to utility easements, both recorded and unrecorded, all applicable zoning ordinances, and all other encumbrances of record. Grantor reserves the right to install, maintain, use, repair, and replace such pipes, duct work, conduits, utility lines, wires, vents, and the like through the area above the ceiling, the columns and the space surrounding the columns, partitions, in or beneath floor slabs, on or below the Premises, or other locations as may be reasonably necessary for the servicing of the Premises or other portions of the Tower; provided, however, Grantor agrees to use commercially reasonable efforts not to disturb Grantee's use of the Premises in connection with the performance of such work.

6. TERM; RENEWAL OPTION:

(a) Term. The term (the "Term") of this Agreement shall be ten years, commencing on March 31, 2026 (the "Commencement Date") and continuing through and including March 30, 2036 (the "Expiration Date"); provided, however, if the SP Easement terminates prior to the expiration of the Term, this Agreement shall terminate upon the expiration of the SP Easement.

(b) Early Termination. Both parties shall have an ongoing right to terminate this Agreement at any time prior to the Expiration Date upon at least ninety (90) days' prior written notice.

(c) Renewal Option. Grantee shall have the option (the "Renewal Option") to renew this Agreement for two additional five-year periods for a total potential term of twenty years. Each additional five-year period shall be subject to Grantee's giving Grantor prior written notice of its desire to renew this Agreement at least 180 days before the end of the then-current term.

7. RENT: As consideration for the use and occupancy of, and as rental for the Premises, Grantee promises and agrees to pay Grantor, for the first year of the term of this Agreement, the amount of Two Hundred Sixty-Eight Thousand Eight Hundred Ninety-One Dollars and Thirty-Two Cents ($268,891.32). The Rent shall increase by three percent (3%) per year for the initial Term and all Renewal Terms.

8. RENTAL DUE DATES: The monthly rental payments of $22,408.61, as amended, shall be payable in advance, and without demand, commencing on April 1, 2026, and thereafter on the first day of each succeeding month throughout the Term and all Renewal Terms of this Agreement.

As of the date of this Agreement, the remit to address for the payment of rent and other sums to Grantor is:

Public Building Authority
P.O. Box 2505
Knoxville, Tennessee 37901

10. GRANTEE'S ACCESS TO THE PREMISES: No more than five (5) employees of Grantee may have access to the Premises. Those employees shall be approved to have access. Said approval will be by Grantor in its sole and absolute discretion. The employees will be badged by PBA and must wear those badges when in the Tower. The same approval and badging process will apply to Grantee's clients. Grantee shall give card access badges to their clients so the clients can access their servers within the Premises as needed. Grantee shall pay Grantor $20.00 per card access badge for new cards and cards that are lost or not returned to the Grantor.

11. MAINTENANCE AND REPAIRS, UTILITIES: REFER TO LEASE.

12. ALTERATIONS: REFER TO LEASE.

13. HAZARDOUS MATERIALS AND GRANTEE'S ENVIRONMENTAL COVENANTS: Grantee shall not use or store any Hazardous Materials on the Premises. In the event Hazardous Materials are discovered in the Premises which are present as a result of Grantee's use or occupancy of the Premises or as a result of any acts or omissions of Grantee's employees, agents, contractors, invitees, licensees or any person who comes upon the Premises with Grantee's permission, Grantee, at its sole expense, shall immediately institute and complete, on an emergency basis, all proper, requisite, and thorough procedures for the removal of the Hazardous Materials in accordance with all applicable laws, rules, ordinances, and regulations.

Notwithstanding anything to the contrary contained herein, Grantee shall have no liability or responsibility for Hazardous Materials which are (i) on, in or under the Premises prior to the date of Grantee's occupancy thereof, or (ii) as consistent with the terms of the SP Easement in relation to the acts or omissions of Grantor, TVA or any of their agents, employees or contractors.

For purposes of this Agreement, the term "Hazardous Materials" is defined as any substance, chemical or material that is prohibited, regulated or controlled by any federal, state or local statute, law or ordinance enacted for the protection of the environment ("Environmental Laws"), including, without limitation, the Comprehensive Environmental Response Compensation and Liability Act of 1980, as amended (42 U.S.C. §§9601, et seq.), the Hazardous Materials Transportation Act, as amended (49 U.S.C. §§5101, et seq.), and the Resource Conservation and Recovery Act, as amended (42 U.S.C. §§6801 et seq.). The term "Hazardous Materials" does not include substances of kinds and in amounts ordinarily and customarily used or stored in properties similar to the Premises for the purposes of cleaning or other maintenance or operations and otherwise in compliance with all Environmental Laws.

14. SIGNAGE: Grantee shall not erect, place or maintain any sign on the interior or exterior of the Premises nor on the glass of any window or door. Grantee shall not erect or maintain any signage or other advertising on the exterior of the Tower.

15. TAXES: Grantee also agrees to pay all taxes and assessments of every kind or character assessed upon or against (i) the Premises during the Term and the Renewal Term, if applicable, (ii) any and all personal property of Grantee now or hereafter placed by Grantee in or upon the Premises, (iii) by virtue of any alterations made by Grantee to the Premises, and (iv) the interest provided to Grantee under this Agreement.

16. ASSIGNMENT OR GRANT OF SUB-EASEMENT: Grantee shall not assign this Agreement or grant a sub-easement in the Premises without the Grantor's prior written consent, which will not be unreasonably withheld.

17. COMPLIANCE WITH LAW: Grantee shall promptly execute, fulfill and comply with all valid laws, rules and regulations made by any competent governmental authority which are applicable to Grantee's use of the Premises.

18. LIABILITY INSURANCE: Grantee agrees to obtain and maintain public liability and property damage insurance covering its operations and the Premises. Such public liability insurance shall have a combined single limit coverage of at least Three Million Dollars ($3,000,000.00) and shall name the United States, TVA, Grantor and PBA as additional insureds. Grantee shall furnish Grantor certificates of all such insurance issued by a reputable insurance company or companies which shall be licensed to do business in the State of Tennessee, which shall be reasonably acceptable to the Grantor, and shall have an A.M. Best Rating of A-7 or greater.

19. CASUALTY INSURANCE: Grantor shall maintain a policy of property and casualty insurance on the Tower and the Premises insuring against loss or damage to improvements caused by fire, flood, explosion and other hazards. Grantee shall be responsible for maintaining property and casualty insurance on its fixtures and personal property that Grantee maintains or stores on the Premises. Grantee agrees not to keep upon the Premises any articles or goods or do anything which may be prohibited by the standard form of fire insurance policy or cause such policy to be canceled. In the event the insurance premiums applicable to fire and extended coverage insurance covering the Tower and the Premises shall increase by reason of any use of the Premises made by the Grantee, then Grantee shall pay to Grantor such increase in insurance premiums as shall be occasioned by said use.

20. FIRE AND CASUALTY DAMAGE: In the event of the total destruction of the Premises by fire, storm, tornado, or other casualty, or if such casualty materially affects Grantee's ability to access and/or conduct business from the Premises, then Grantee shall have the right to terminate this Agreement upon written notice to Grantor within sixty days after the occurrence of the casualty. Except as hereinafter provided, the failure of Grantee to give such written notice within sixty days after the occurrence of the casualty shall be deemed a waiver by Grantee of its right to terminate this Agreement by reason of such casualty. Within a reasonable time after the date on which Grantee elects (or is deemed to have elected) not to terminate the Agreement by reason of the casualty, but in no event more than sixty days thereafter, Grantor shall, at its expense, promptly commence to rebuild or repair the improvements to substantially the condition in which

they were immediately prior to the happening of the casualty; provided, however, that Grantor's obligation to restore the Premises is limited to the amount of insurance proceeds paid as a result of the casualty. If Grantor fails to commence such rebuilding or repairing within sixty days after the date on which Grantee elects (or is deemed to have elected) not to terminate the Agreement by reason of the casualty or thereafter fails to complete the same within one hundred fifty days after commencing such work, then at the option of Grantee, this Agreement shall forthwith terminate, with no liability on the part of Grantor, upon thirty days' prior written notice given to Grantor on or after the expiration of such one hundred fifty day period, unless Grantor commences or completes (whichever is applicable) such repair or rebuilding on or before the expiration of such thirty day period, in which event this Agreement shall continue. The rental payable hereunder shall abate in proportion to the extent to which such damage renders the Premises untenantable or unsuitable for the purposes for which the Premises are utilized by Grantee; and if such damage is so extensive as to render the Premises completely untenantable or unsuitable for such purposes, the rent shall completely cease and abate until Grantor has repaired or restored the improvements as provided herein.

Neither Grantor, PBA, the United States, nor TVA shall have any liability whatsoever to Grantee or any third party for any damages of any kind whatsoever to Grantee's property from any cause whatsoever which is beyond the control of Grantor, PBA, the United States, and/or TVA.

21. WAIVER OF SUBROGATION: Insofar as and to the extent that this Section may be effective without invalidating or making it impossible to secure insurance coverage as provided in this Agreement from responsible insurance companies doing business in the state of Tennessee, Grantor and Grantee hereby expressly waive any cause of action or right of recovery which either may have hereafter against the other for any loss or damage to the Premises or the equipment, fixtures, furniture, business records, inventory or any other personal property belonging to either, caused by fire, explosion or other risk covered by the property and casualty policy carried by Grantor and Grantee pursuant to Section 19 hereof, and each party hereto shall obtain a waiver from any insurance carrier with which it carries fire insurance and/or extended coverage insurance covering the Premises, or the contents thereof belonging to either, releasing its subrogation rights as against the other party.

22. CONDEMNATION: If during the term hereof all or substantially all of the Premises (or Grantee's reasonable access to and from the Premises) shall be taken in any condemnation or eminent domain proceedings, this Agreement shall thereupon terminate. In such event the obligation to pay rent and the Grantee's right of possession hereunder shall terminate on the date of such taking. Any rent paid in advance shall be apportioned as of the date of such taking and Grantee's portion thereof shall be refunded to Grantee.

All damages for any condemnation of all or any part of the Premises shall belong to the Grantor. Grantee, however, shall have the right to claim and recover from the condemning authority such compensation as may be separately awarded or recoverable by Grantee in Grantee's own right under applicable law.

23. GRANTOR'S RIGHT OF ENTRY: Grantor or Grantor's agent shall have the right to enter the Premises for any purpose upon four hours' written notice, which may include notice by email; provided, however, no notice is required (i) in the event of an emergency, (ii) in the event

preventative maintenance is required, and (iii) for entry into the Premises by custodial and janitorial personnel. Grantor shall ensure that all Building employees and all employees of any of Grantor's contractors that will access the Premises shall have satisfactorily completed background checks.

24. DEFAULT: The following events shall each be deemed to be an event of default (an "Event of Default") by Grantee under this Agreement:

(i) Grantee shall fail to pay any installment of the rent within ten (10) days after receipt of written notice of such nonpayment.

(ii) Grantee shall fail to comply with any other term, provision, or covenant of this Agreement within fifteen (15) days after written notice from Grantor, provided that in the event that the default is of such a nature that it cannot reasonably be cured within such fifteen (15) day period, then no default shall be deemed to have occurred if Grantee commences to cure the default within such fifteen (15) day period and thereafter pursues the cure with reasonable diligence.

(iii) Grantee abandons the Premises for a period of two consecutive months; provided, however, that Grantee's mere vacating of the Premises during the Term hereof shall not constitute an Event of Default so long as Grantee continues to timely pay rent due Grantor under this Agreement and maintains the insurance coverage required pursuant to Sections 18 and 19 of this Agreement, and Grantee otherwise continues to perform its obligations under this Agreement.

(iv) Grantee takes any action, or fails to take any action, that would constitute a breach by Grantor under the SP Easement or the Lease.

(v) Grantee shall make an assignment for the benefit of creditors.

(vi) Grantee shall file a petition under any chapter of the United States Bankruptcy Code, as amended, or under any similar law or statute of the United States or any state thereof; or an involuntary bankruptcy petition is filed against Grantee which is not dismissed within sixty (60) days after the filing thereof.

(vii) A receiver shall be appointed for all or substantially all of the assets of Grantee and the receivership shall not be terminated within sixty (60) days after such appointment.

25. REMEDIES: Upon the occurrence of an Event of Default specified in Section 24 hereof, Grantor shall have the option to pursue any one or more of the following remedies without any notice or demand whatsoever:

(i) Terminate this Agreement, in which event Grantee shall immediately surrender possession of the Premises to Grantor, and if Grantee fails to do so, Grantor may without prejudice to any other remedy which it may have for default hereunder or arrearages in rent, enter upon and take possession of the Premises.

(ii) Enter upon and take possession of the Premises and expel or remove Grantee and any other occupant therefrom (using such force as may be reasonably necessary) without having terminated this Agreement, without being deemed guilty of any manner of trespass and without prejudice to any other remedy which it may have for default hereunder or arrearages in rent.

If Grantor either (i) elects to terminate this Agreement by reason of an Event of Default, or (ii) elects to repossess the Premises without terminating this Agreement, in either event Grantee shall be liable for and shall pay to Grantor all rent and other indebtedness accrued to the date of such termination or repossession, and Grantor, its agent or attorney, may at its option (but without any obligation), relet the same for the remainder of the Term at the best rent Grantor, its agent or attorney, may obtain, and Grantee shall make good the deficiency if the reletting is for less than the rent reserved under this Agreement. If Grantor fails to relet the Premises after terminating or repossessing the Premises, Grantee shall pay to Grantor as damages a sum or sums equal to the amount of rent Grantee is obligated to pay Grantor under this Agreement for the remainder of the Term hereof as and when the same becomes due under the terms of this Agreement, together with the unpaid rent earned at the time of repossession. Actions to collect amounts due by Grantee may be brought from time to time, on one or more occasions, without the necessity of Grantor's waiting until expiration of the Term.

26. INDEMNITY: Grantee shall indemnify and save the United States, TVA, Grantor, and PBA harmless of, from and against any and all claims, demands, actions, losses, costs or expenses, including reasonable attorney's fees, court costs and other expenses of litigation of any nature whatever, arising out of (i) the negligence of Grantee, its employees, agents, contractors or invitees, (ii) Grantee's breach of this Agreement or any other Event of Default, and (iii) Grantee's use and occupation of the Premises, including but not limited to any maintenance, repairs and permitted alterations performed by Grantee; provided, however, in no event shall Grantee have any liability for, or any duty to defend, indemnify or hold the United States, TVA, Grantor, and PBA harmless from, any and all claims, demands, actions, losses, costs or expenses, including reasonable attorney's fees, court costs and other expenses of litigation of any nature whatever, arising out of (i) the gross negligence of Grantor or its employees, agents, contractors or invitees, or (ii) Grantor's breach of this Agreement.

27. ATTORNEY'S FEES: If, on account of breach or default by Grantee in the performance of its obligations hereunder, it shall become necessary for Grantor to employ an attorney to enforce or defend any of its rights or remedies hereunder, then any reasonable amounts incurred by Grantor as attorney's fees, court costs and expenses of litigation shall be paid by Grantee.

28. WARRANTY OF POSSESSION: Grantor covenants and warrants to Grantee that so long as no Event of Default has occurred or is continuing beyond any applicable cure period, Grantee shall and may peaceably and quietly have, hold, occupy, use and enjoy and shall have the full, exclusive and unrestricted use and enjoyment of, all of the Premises during the entire Term.

29. SURRENDER OF POSSESSION: Upon the expiration of the Term or the earlier termination of this Agreement, Grantee shall surrender the Premises in substantially as good condition as the same were when Grantee accepted possession thereof from Grantor, excepting only

(i) reasonable wear and tear, (ii) deterioration or depreciation attributable to the elements or to lapse of time, (iii) destruction or damage caused by Grantor, or its agents, employees, contractors or invitees, or (iv) the destruction of or damage to the Premises, in whole or in part, by causes which are not reasonably within Grantee's reasonable control.

30. TRANSFER BY GRANTOR: Grantor shall have the right to transfer and assign, in whole or in part, all of its rights and obligations under this Agreement, subject to the SP Easement.

31. EXPENSES AND PERFORMANCE: Irrespective of whether or not expressly so stated, all of the duties, covenants, obligations and agreements of each party hereto, respectively, and all acts and things done or provided to be done by each party hereto, respectively, shall be fully and punctually kept, performed and complied with by such party at such party's sole risk, cost, expense and liability and without cost, risk, expense or liability to or on the part of the other party.

32. PAYMENT OF OBLIGATIONS FOLLOWING TERMINATION: No termination of this Agreement, regardless of how such termination may be brought about or occur, by or insofar as it relates to or affects any party hereto, shall relieve any party hereto of any duties, obligations or liabilities which shall theretofore have accrued or become payable or performable by such party.

33. No waiver or waivers of any breach or default or breaches or defaults by either party of any term, condition or liability or of performance by the other party of any duty or obligation hereunder, including without limitation, the acceptance by Grantor of payment by Grantee of any rentals at any time or in any manner other than as herein provided, shall be deemed a waiver or waivers of subsequent breaches or defaults of any kind, character or description under any circumstances.

KNOX COUNTY EMPLOYEE DISABILITY BENEFIT PLAN

THIS KNOX COUNTY EMPLOYEE DISABILITY BENEFIT PLAN hereby adopted this ~~24th~~ 23rd day of ~~June~~March, ~~2024~~ 2026 by Knox County Government (herein referred to as the "Employer").

W I T N E S S E T H:

WHEREAS, effective July 1, 1968, a system of employee benefits for Employees of Knox County known as "The Knox County Employee Benefit System" (herein referred to as the "System") was created and established pursuant to House Bill No. 886 of Chapter 246 of the 1967 Private Acts of the State of Tennessee and as subsequently governed by the Charter of Knox County (the "Charter"); and

WHEREAS, the voters of Knox County, Tennessee, by referenda in 2006 and 2012, ratified amendments to Article VII, Section 7.05, of the Charter, which authorized and directed the Knox County Retirement and Pension Board (the "Board") to establish, maintain and administer as plans of the System, separate, tax-qualified plans (referred to as "UOPP" and "STAR" and collectively as "Sheriff's Plans") for sworn officers regularly employed by the Knox County Sheriff's Office ("Officers"); and

WHEREAS, the stated intent of the System, including the Sheriff's Plans, is to provide a well-balanced program of retirement, disability and death benefits founded on concepts of sound actuarial principles in order that the System can, to as great an extent as possible, be considered sound as to the benefits and costs presently and in the future; and

WHEREAS, the Board shall not have the power or authority to adopt or approve any plan or plan amendment, or take any other action, which thereby would increase the funding or financial obligations of the County either at the time of the action or in the future without notification to and express consent and funding by resolution from the Commission. The intent of this provision is to restrict the power of the Board so that all plans, benefits, annuities or pensions are actuarially sound and actuarially funded from the date of their creation; and

WHEREAS, it is also the stated intention not to make changes or amendments to any plans of the System until the financial effect on any proposed change on the actuarial soundness of the plans has been determined on the basis of such competent actuarial, legal and other advice as the Board shall assemble and such information has been made available to all interested parties; and

WHEREAS, the Closed Defined Benefit Plan and UOPP have heretofore provided disability coverage to eligible Employees, and positions covered by STAR require disability benefits effective January 1, 2014; and

WHEREAS, the Board has determined that appropriate funding policy, and efficiency, economy and consistency in the administration of the System, dictate that, although disability

benefits for Participants covered by UOPP, Closed Defined Benefit Plan and Asset Accumulation Plan ("Asset Plan") who suffered the disability prior to January 1, 2014, should continue to be provided pursuant to UOPP and Closed Defined Benefit Plan, as the case may be, effective January 1, 2014, disability coverage as defined herein should be provided by this separate Plan for Participants of UOPP, STAR, Closed Defined Benefit Plan and Asset Accumulation Plan (but not the Teacher's Plan), and that such benefits shall be funded through and made available by a voluntary employees' beneficiary association, within the meaning of Section 501(c)(9) of the Internal Revenue Code (the "Code"), hereby established for the purpose of providing funds for the payment of the sick and accident benefits defined herein for Participants, survivors and Beneficiaries; and

WHEREAS, working with and on the recommendation of the Board, after notice, at public meetings on two readings, the Commission enacted Ordinance O-13-8-101, effective January 1, 2014, to provide in line of duty benefits for Participants who suffer disabilities resulting, directly or indirectly, from acts or risks undertaken as required in the performance of his or her duty, which Ordinance refers to the Plan for details, definitions and procedures; and

WHEREAS, after notice, at public meetings on two readings the Board adopted, and the Knox County Commission ("Commission") subsequently approved the Plan by resolution, reserving the power of the Board to hereafter amend the Plan from time to time;

NOW, THEREFORE, effective ~~July 1, 2024~~April 1, 2026, the Employer hereby amends and restates the Plan originally effective as of January 1, 2014, for the exclusive benefit of the Participants, survivors and Beneficiaries, on the following terms:

A person receiving Differential Wage Pay is treated as an Employee. A person classified by the Employer as an independent contractor who is subsequently determined by any other agency or by a court of law to be a common law employee shall not be considered an Employee for purposes of this Plan. (2) Hours shall not be credited for a payment which solely reimburses an Employee for medical or medically-related expenses incurred by the Employee.

For purposes of this Section 1.43(b), a payment shall be deemed to be made by or due from the Employer regardless of whether such payment is made by or due from the Employer directly, or indirectly through, among others, a trust fund, or insurer, to which the Employer contributes or pays premiums and regardless of whether contributions made or due to the trust fund, insurer or other entity are for the benefit of particular Employees or are on behalf of a group of Employees in the aggregate.

(c) Each hour for which back pay, irrespective of mitigation of damages, is either awarded or agreed to by the Employer. The same hours shall not be credited both under Section 1.43(a) or (b) and under this Section. The Board established pursuant to the Charter shall have complete control of the administration of the Plan subject to the provisions of the Charter and this Plan, with all powers necessary to enable it to properly carry out its duties in that respect.

2.02 Powers and Responsibilities of the Board

(a) In addition to the general powers and responsibilities otherwise provided for in this Plan, the Board shall be empowered to appoint and remove the Trustee and/or any other retained individual or organization from time to time as it deems necessary for the proper administration of the Plan to ensure that the Plan is being operated for the exclusive benefit of the Participants and their Beneficiaries in accordance with the terms of the Plan, the Charter, the Code and applicable Tennessee law. The Board may appoint counsel, specialists, advisers, agents (including any nonfiduciary agent) and other persons as the Board deems necessary or desirable in connection with the exercise of its Fiduciary duties under this Plan. The Board may compensate such agents or advisers from the assets of the Plan as Fiduciary expenses (but not including any business (settlor) expenses of the Board), to the extent not paid by the Employer.

(b) The Board may, by written agreement or designation, appoint at its option an Investment Manager, investment adviser, or other agent to provide direction to the Trustee with respect to any or all of the Plan assets. Such appointment shall be given by the Board in writing in a form acceptable to the Trustee and shall specifically identify the Plan assets with respect to which the Investment Manager or other agent shall have authority to direct the investment.

(c) The Board shall establish a "funding policy and method," i.e., it shall determine whether the Plan has a short-run need for liquidity (e.g., to pay benefits) or whether liquidity is a long run goal and investment growth (and stability of same) is a more current need, or shall appoint a qualified person to do so. The Board or its delegate shall communicate such needs and goals to the Trustee, who shall coordinate such Plan needs with its investment policy. The communication of such a "funding policy and method" shall not, however, constitute a directive to the Trustee as to the investment of the Trust Fund. Such "funding policy and method" shall be consistent with the objectives of this Plan.

(d) The Board shall periodically review the performance of any Fiduciary or other person to whom duties have been delegated or allocated by it under the provisions of this Plan or pursuant to procedures established hereunder. This requirement may be satisfied by formal periodic review by the Board or by a qualified person specifically designated by the Board, through day-to-day conduct and evaluation, or through other appropriate ways.

The Board shall administer the Plan in accordance with its terms and shall have the power and discretion to construe the terms of the Plan and to determine all questions arising in connection with the administration, interpretation, and application of the Plan, including all questions relating to the eligibility of Employees to participate in the Plan or be covered by any benefit provided by the Plan, and the amount of any benefit to which any Participant or Beneficiary may become entitled hereunder. Any such determination by the Board shall be conclusive and binding upon all persons, including the Trustee, and all decisions of the Board as to the facts of any case and the meaning, intent, or proper construction of any provision of the Plan, or as to any rule or regulation in its application to any case shall be final and conclusive. The Board may establish procedures, correct any defect, supply any information, or reconcile any inconsistency in such manner and to such extent as shall be deemed necessary or advisable to carry out the purpose of the Plan; provided, however, that any procedure, discretionary act, interpretation or construction shall be done in a nondiscriminatory manner based upon uniform principles consistently applied and shall be consistent with the intent that the Plan shall continue to be deemed tax exempt under the terms of Code § 501(c)(9), and shall comply with all Regulations issued pursuant thereto. The Board shall have all powers necessary or appropriate to accomplish its duties under the Plan.

The Board shall be charged with the duties of the general administration of the Plan as set forth under the terms of the Plan, including, but not limited to, the following:

(f) To authorize and direct the Trustee with respect to all non-discretionary or otherwise directed disbursements from the Trust;

(g) To maintain all necessary records for the administration of the Plan;

(h) To interpret the provisions of the Plan and to make and publish such rules for regulation of the Plan as are consistent with the terms hereof;

(i) To determine the size and type of any Contract to be purchased from any insurer, and to designate the insurer from which such Contract shall be purchased;

(j) To compute and certify to the Employer and to the Trustee from time to time the sums of money necessary or desirable to be contributed to the Plan;

(k) To consult with the Employer and the Trustee regarding the short- and long-term liquidity needs of the Plan in order that the Trustee can exercise any investment discretion in a manner designed to accomplish specific objectives;

(m) To assist any Participant regarding the Participant's rights, benefits, or elections available under the Plan;

(n) To establish reasonable procedures for responding to Domestic Relations Order received by the Board;

(o) To establish reasonable procedures for coordinating and avoiding the duplication of benefits among this Plan, UOPP, STAR, and Other Plans of the System; and

(p) To establish rules and procedures and exercise discretion thereunder, uniformly applied to similarly situated individuals, without discrimination in favor of Highly Compensated Employees, to remove or impose conditions, extend limits, provide alternate benefits, fund accommodations, and otherwise make adjustments to Disability Benefits of particular Participants, on the recommendation of the Board's independent professional claims adjudicator or work incentive program manager, to adapt individual Plan benefits to meet the goal of incentivizing return to work.

2.05 Records and Reports

The Board shall keep a record of all actions taken and shall keep all other books of account, records, policies, and other data that may be necessary for proper administration of the Plan and shall be responsible for supplying all information and reports to the Internal Revenue Service, the State of Tennessee, Participants, Beneficiaries and others as required by law. Records shall be maintained indicating the amount contributed by the Employer, and the amount and type of benefits paid to or on behalf of each Participant. Copies of the Plan shall be preserved in the custody of the Board. Copies of the Plan documents, forms, and other records shall be made available for examination by any interested person. Copies may be obtained at all reasonable times and at a reasonable cost.

The Board shall be entitled to rely on all certificates and reports furnished by a consultant or Actuary appointed by the Board and upon all opinions given by any legal counsel selected by the Board and any advice of a qualified investment consultant. The Board and its members shall be fully protected in respect of any action taken or suffered by them in good faith reliance upon the advice or opinion of any such consultant, Actuary or legal counsel, and all action so taken or suffered shall be conclusive upon each of them and upon all Participants, Beneficiaries or other persons interested in the Plan.

2.07 Information from Employer

The Employer shall supply full and timely information to the Board on all pertinent facts as the Board may require to perform its function hereunder and the Board shall advise the Trustee of such of the foregoing facts as may be pertinent to the Trustee's duties under the Plan. The Board may rely upon such information as is supplied by the Employer and shall have no duty or responsibility to verify such information.

2.08 Actuarial Impact Statement

Any amendment to the Plan that shall have the effect of increasing benefits shall be contingent upon the issuance of an actuarial impact statement from the Actuary to the Board identifying the actuarial impacts, or stating that such an increase shall not have an adverse actuarial impact on the Plan.

2.09 Payment of Expenses

All expenses incurred by or on behalf of the Board in the administration of the Plan during each Fiscal Year shall be paid out of the Trust Fund unless paid by other means, at the discretion of the Board. The Board is authorized to allocate expenses of the System to and among the Plan, UOPP and Other Plans of the System, using such methods and estimates as the Board determines appropriate. Such expenses shall include any expenses incident to the functioning of the Board, or any person or persons retained or appointed by any named Fiduciary incident to the exercise of their duties under the Plan, including, but not limited to, fees of accountants, Actuary, counsel, Investment Managers, and other specialists and their agents, and other costs of administering the Plan. Until paid, the expenses shall constitute a liability of the Trust Fund.

(b) The Board shall establish the Participant's Disability Benefit Payment Commencement Date, which may be set retroactively. In its determination, the Board may consider if the Participant's benefit application (or Social Security Disability benefit application) filing or processing was unreasonably or unnecessarily delayed by the Participant, in which case the Disability Benefit Payment Commencement Date may be set as of a date in the Board's judgment that is later than the earliest possible date.

(c) If the Board determines that a Participant's Disability has ceased within six (6) months of the Disability Date, Disability will be deemed not to have existed and as a condition of continued Employment all Disability Benefits received by such person shall be refunded to the Plan within three (3) months of the date of the Board's determination that Disability does not exist.

5.05 Cessation of Disability Benefits

(a) A Disability Benefit shall be payable during the Participant's continuation of Disability, while the Participant survives, and shall terminate in accordance with the following Sections 5.05(b) through (d).

(b) So long as a Disabled Participant does not withdraw any amount from, takes no benefit from, and does not take a refund of any amount from the Closed DB, UOPP, STAR or Asset Plan (not counting withdrawals from MERP or the Deferred Compensation Plan, which are permitted), the Disability Benefit shall be payable each and every month following the Disability Benefit Payment Commencement Date to the calendar month he or she reaches Social Security Normal Retirement Age, at which time the Participant's Disability Benefit under this Plan shall immediately cease.

(c) In lieu of continuing to receive the Disability Benefit until Social Security Normal Retirement Age under Section 5.05(b), such a Participant may irrevocably elect in writing to

receive any available retirement benefit under the Closed DB, UOPP, STAR or Asset Plan, determined in accordance with the retirement provisions of such plan. If the Participant makes that election under this Section 5.05(c), the Disability Benefit shall last be paid for the calendar month immediately preceding the calendar month for which such retirement benefit is paid or commences. So long as such a Participant does not make the election under this Section 5.05(c), the Disability Benefit shall continue, until terminated under other applicable provisions of the Plan.

(d) If a Participant applies to withdraw any amount, receive any benefit from or take a refund from the Closed DB, UOPP, STAR or Asset Plan other than under Section 5.05(c), the Participant's Disability Benefit under this Plan shall immediately cease, so that there shall be no calendar month during which the Participant receives a Disability Benefit under this Plan and any amount, benefit or refund from Closed DB, UOPP, STAR or Asset Plan.

5.06 Determination of Amount and Payment of Disability Benefit

(a) The Disability Benefit payable to a Disabled Participant in any month shall be the amount of the Net Disability Benefit.

(b) Notwithstanding any offset for Social Security and workers' compensation pursuant to Section 5.07 and any adjustment for Earnings While Disabled pursuant to Section 5.08, the minimum monthly Net Disability Benefit payable under this Plan to a Disabled Participant shall be $150.

5.07 Offset for Social Security and Workers Compensation

(a) A Participant's Gross Disability Benefit shall be reduced, dollar-for-dollar, by the sum determined by the Board in accordance with its procedures, of: (1) the Participant's Social Security benefit, less any attorney fees that were incurred by the Participant in obtaining such benefit and were due to Social Security Administration appeal hearings; plus (2) the Participant's workers' compensation benefits applicable to that month, less any attorney fees that were incurred by the Participant in obtaining such benefit.

(b) For purposes of Section 5.07(a), Social Security benefits shall include the primary benefit amount awarded by the Social Security Administration, whether for disability or retirement, unadjusted for deductions, taxes, Medicare premiums or otherwise. The amount of the Social Security benefit used in the offset shall not thereafter be adjusted after the effective date of the Social Security award, even though the amount of the Social Security benefit actually received by the Participant increases in the future due to cost of living adjustments.

(c) For purposes of Section 5.07(a), workers' compensation benefits shall include amounts paid in a lump sum settlement, which amounts shall be deemed to be received, and shall be applied as an offset, over the period covered by the workers' compensation award.

(d) A Participant shall repay the Fund to the extent the Participant is overpaid any amount, including without limitation the overpayment of a Disability Benefit due to the retroactive award

of a Social Security or workers' compensation benefit. The Board may offset any Disability Benefit for amounts so owed, but this right of offset shall not prevent the Board from employing other means of collection

5.08 Adjustment for Earnings While Disabled

(a) After any offset for Social Security and worker's compensation under Section 5.07, a Participant's Gross Disability Benefit shall be further adjusted by the Board pursuant to its procedures for Earnings While Disabled in accordance with this Section 5.08.

(b) To encourage return to work with the Employer or other employers, there shall be no adjustment for Earnings While Disabled for the first twelve (12) months during which a Participant, who is receiving a Disability Benefit, has Earnings while Disabled, nor shall the mere fact that a Participant has Earnings While Disabled affect the determination as to the existence of a Disability, or the continuation thereof. The 12-month period need not be consecutive, if the Participant's first efforts to return to work are not successful. Further, the Board may grant in its discretion extensions of not more than 6-months for good cause shown, to accommodate, encourage and support a Disabled Participant's efforts to return to work.

(c) There shall be no adjustment to a Participant's Gross Disability Benefit for Earnings While Disabled for any period in which Adjusted Earnings While Disabled are less than 20% of Pre-Disability Compensation.

(d) The Gross Disability Benefit shall be reduced to the $150 per month minimum Disability Benefit for any period in which Adjusted Earnings While Disabled are greater than 80% of Pre-Disability Compensation.

(e) Except as provided in Sections 5.08(b), (c) and (d), the Participant's Gross Disability Benefit for any period shall be reduced by the Board in accordance with its procedures by sixty percent (60%) of Adjusted Earnings While Disabled, in addition to any offset pursuant to Section 5.07.

(f) Unless the Board determines otherwise in its discretion in fairness and equity in a particular case, for good cause shown, a Participant's Adjusted Earnings While Disabled shall be a fixed amount determined by the Board in accordance with its procedures prospectively for a 12-month period based on: (1) the appropriate CPI Deflator; and (2) the Participant's actual annual Earnings While Disabled for the prior calendar year divided by the number of months worked.

(g) The Adjusted Earnings While Disabled of a Disabled Participant shall be re-determined from time to time promptly by the Board in a practical manner based upon the monthly average Earnings While Disabled for the period of time covered by his or her last Disability report filed pursuant to Section 5.09(d). Any re-determined amount of Net Disability Benefit shall not be effective until the calendar month next following, the month in which the Board's redetermination is made, and shall continue for the following 12 months or until re-determined by the Board.

(h) A Participant shall repay the Fund to the extent the Participant is overpaid any amount, including without limitation the overpayment of a Disability Benefit due to Earnings While Disabled. The Board may offset any Disability Benefit for amounts so owed, but this right of offset shall not prevent the Board from employing other means of collection.

5.09 Determination of Disability, and Disability Benefit

(a) The Board shall have the exclusive authority to determine: (1) Disability and continuation of Disability of a Disabled Participant; (2) the Disabled Participant's Gross Disability Benefit; and (3) from time to time, the Net Disability Benefit of the Disabled Participant.

(b) An applicant for a Disability Benefit shall furnish to the Board a Disability application on a form prescribed by the Board, and such other medical or other information as may reasonably be required by the Board for the purpose of establishing Disability and Disability Benefits.

(1) The Board may secure additional medical, vocational, or other evidence as it deems necessary and appropriate, and may require the applicant to submit to any evaluation including, without limitation, occupational or medical evaluations, as the Board or its agent may require.

(2) The Board, in its sole and exclusive discretion, is authorized to engage the services of any other party or parties to provide evaluative, consultative and administrative services which the Board deems necessary to assure qualified occupational and medical review of applications for Disability Benefits, Social Security application assistance, and return to work services. Any third party retained to provide such services shall provide the contracted services solely for the benefit of the Board. Any such contracted evaluation consultation and administration services shall be non-exclusive, and the Board may, in its discretion, retain or engage the services of such other persons as necessary and appropriate to assure appropriate evaluations of Disability applications and administration of Disability Benefits. Regardless of any such engagement of a third party for evaluative, consultative and administrative services, the Board shall retain sole and exclusive jurisdiction with respect to final determinations and adjudications of any and all Disability claims hereunder.

(c) On the basis of a Participant's Disability application and the Disability report filed under Section 5.09(d) and such other medical and other evaluative information as the Board has received, the Board shall determine whether or not the applicant is Disabled, and if so shall determine the amount of his or her Gross Disability Benefit and Net Disability Benefit (as such Net Disability Benefit may be offset and adjusted from time to time).

(d) At least once each calendar year and no more frequently than monthly the Board may require any Disabled Participant who is receiving a Disability Benefit and who has not attained Social Security Normal Retirement Age to submit a Disability report to establish written proof

satisfactory to the Board that he or she is still Disabled and to verify the computation of the Disability Benefit and any offsets or adjustments.

(1) The Disability report shall show whether or not Social Security benefits have been applied for, and if so, the report must be accompanied by a copy of the letter from the Social Security Administration, when issued, stating either (i) the Participant is not eligible for Social Security benefits, or (ii) the amount, if any, of primary Social Security benefits that he or she is receiving.

(2) The Disability report shall show the amount of the Participant's Earnings While Disabled, if any, accompanied by such evidence as the Board may require.

(3) The Disability Report shall include a statement from the Participant's United States licensed physician on the Participant's injury or illness that is the cause of Disability, accompanied by such evidence as the Board may require.

(2) The Survivor Benefit provided by this Section 5.10(b) to be paid for the benefit of a Participant's surviving Dependent Children shall terminate when there ceases to be a surviving Dependent Child of the Participant.

(c) The amount of the Survivor Benefit shall equal (1) 50% of the amount of the Disabled Participant's Gross Disability Benefit, less (2) 50% of Social Security disability benefits payable to the surviving Spouse and Dependent Children on account of Disabled Participant's Disability or death, less (3) 50% of the amount of any workers' compensation benefits paid to the Participant in a lump sum settlement, which are deemed to be received over any period following the Participant's death; provided that the minimum Survivor Benefit shall be $150 per month.

(b) Any payment made in accordance with the provisions of the Plan to a Participant or Beneficiary, or to their legal representative, shall constitute full satisfaction of claims hereunder against the Trustee and the Board as to the method of computation as well as the amount thereof. The Trustee or the Board may require such Participant, Beneficiary or legal representative, as a condition precedent to such payment, to execute a receipt and release therefor in such form as the Trustee or Board may require.

ARTICLE VII - MISCELLANEOUS

7.01 Liability of Employer

No Employee, Participant or Beneficiary shall have any right or claim to any benefit under the Plan except in accordance with its provisions.

7.02 Spendthrift Clause

Except for obligations which may be owed to the Employer, as to which obligations benefits may be applied by the Employer, no benefit under the Plan shall be subject in any manner to anticipation, alienation, sale, transfer, assignment, pledge, encumbrance or charge and any attempt to so anticipate, alienate, sell, transfer, assign, pledge, encumber or charge shall be void. No such benefit shall in any manner be liable for or subject to the debts, contracts, liabilities, engagements or torts of the person entitled to such benefit except as specifically provided in the Plan. In the event that any Participant or Beneficiary has become bankrupt, his or her benefits hereunder shall be protected in accordance with applicable statutes of the State of Tennessee. No interest, right or claim in or to any part of the Trust Fund or any payment therefrom shall be assignable, transferable or subject to sale, mortgage, pledge, hypothecation, garnishment, attachment, execution, or levy of any kind whatsoever, and the Trustee shall not issue any certificate or other documentation representing any interest, right or claim in or to any part of the Trust Fund. Notwithstanding the preceding, withholding of income tax shall not be considered assignment or alienation of benefits under the Plan.

7.03 Successor to Business of Employer

Any successor to the business of the Employer may continue the Plan and such successor shall thereupon succeed to all the rights, powers and duties of the Employer hereunder. The Employment of any Employee who has continued in the employ of such successor which maintains the Plan shall not be deemed to have been terminated or severed for any purpose hereunder.

In the event that the Employer is reorganized without any provision being made for the continuance of this Plan by a successor to the business of the Employer, the Plan shall terminate and the assets shall be distributed as provided in this Article VII.

7.04 Conflict of Provisions

If any provision or term of the Plan, or of the Trust Agreement entered into pursuant hereto, is deemed to be substantively at variance with, or contrary to, any applicable law of the United States or other applicable state law, the provision of the law shall be deemed to govern, but only to the extent necessary to bring the Plan and Trust Agreement into compliance with such law; provided, further, that no provision of state law shall be deemed to govern if it would disqualify the Plan and Trust Agreement under Code § 501(c)(9).

7.05 Headings

The headings and subheadings in the Plan have been inserted for convenience of reference only and are to be ignored in any construction of the provisions hereof.

7.06 Construction

In the construction of the Plan, wherever any words are used herein in the masculine, feminine or neuter gender, they shall be construed as though they were also used in another gender in all cases where they would so apply, and whenever any words are used herein in the singular or plural form, they shall be construed as though they were also used in the other form in all cases where they would so apply. The Plan shall be construed in accordance with the laws of the State of Tennessee. The Plan shall be administered at all times in accordance with and construed to be consistent with Code Section 501(c)(9) and its accompanying regulations.

7.07 Acceptance

The Plan shall not be deemed to constitute a contract between the Employer and an Employee; neither shall it be a consideration nor an inducement for the Employment of any Employee. No provisions of the Plan shall be deemed to abridge or limit any managerial right of the Employer, give any Employee the right to be retained in Employment, or to interfere with the right of the Employer to discharge any Employee at any time regardless of the effect which such discharge may have on him or her as a Participant. By participation in the Plan as a condition of Employment, each Participant on behalf of himself or herself, his or her heirs and assigns, and Beneficiary shall be deemed conclusively to have agreed to and accepted the terms and conditions of the Plan.

7.08 Claims

Any payment of benefits to a Participant or Beneficiary, or to their legal representatives, in accordance with the provisions of the Plan, shall to the extent of the method of computation as well as the amount thereof constitute full satisfaction of all claims hereunder against the Trustee, the Board and the Employer, any of whom may require such Participant, Beneficiary or legal representative, as a condition precedent to such payment, to execute a receipt and release therefor in such form as shall be determined by the Trustee, the Board or the Employer, as the case may be.

7.09 Legally Incompetent

If any Participant or Beneficiary is a minor or is in the judgment of the Board otherwise legally incapable of personally receiving and giving a valid receipt for any payment due under the Plan, the Board may, unless and until claim shall have been made by a guardian or conservator of such person, duly appointed by a court of competent jurisdiction, direct the Trustee that such payment or any part thereof be made to such person, or such person's Spouse, child, parent, brother or sister, or other person deemed by the Board to be a proper person to receive such payment. Any payment so made shall be a complete discharge of any liability under the Plan for such payment.

7.10 Correction of Errors

If any error in any account or record is discovered which would result in any Participant's benefit being more or less than it should have been had the error not occurred or had the record been correct, the Board or the Executive Director shall correct the error. Such errors may be corrected by adjusting, to the extent reasonable and practicable, the benefit by increasing or decreasing the benefit amount as it is regularly distributed. In making such adjustments, the Executive Director shall take into account the relative equities of the Plan and the Participant, including without limitation, the party that held the higher likelihood of discovering the error in the timeliest manner, and the relative economic hardship of the Board and the Participant of correcting the error within a reasonable period of time. The Executive Director is authorized to enter into repayment agreements with a Participant or Beneficiary in cases in which the Participant or Beneficiary has received funds or benefits the Participant or Beneficiary was not otherwise entitled to receive under the Plan. Any such correction shall be conclusive and binding on all Participants and Beneficiaries. In the event of failure of a Participant or Beneficiary to fulfill the terms of a repayment agreement, the Executive Director and the General Counsel are authorized to initiate such proceedings at law as are proper and expedient under the circumstances to recover funds erroneously paid to Participants or Beneficiaries.

7.11 Acts of Dishonesty; Conviction of Crimes

Any person who shall knowingly and willfully make any false statement, or shall falsify or permit to be falsified any record or records of the Plan or System, in any attempt to defraud the Plan or System in any manner, shall be subject to punishment prescribed by law. The Board shall have the right to bring appropriate legal proceedings, both civil and criminal, against such person for commission of any act which is a cause of action under the civil or criminal laws of this jurisdiction which falls within the coverage of this Section 7.11. Upon conviction in criminal proceedings, or upon the rendition of a judgment against such person in a civil proceeding, in either case having been rendered by a court having jurisdiction of the parties and subject matter, such persons shall forfeit all amounts, rights and benefits which he or she would otherwise be entitled to receive under the provisions of the Plan.

In addition, as provided in Charter § 7.04I, any County elected official or Employee who is convicted of a felony in the discharge of County governmental duties shall forfeit any benefits under the provisions of the Plan.

7.12 Lost Participants

If any Participant, former Participant or Beneficiary who is entitled to receive any benefit hereunder cannot be located through the usual means of communication when such benefit is due and payable, and after further diligent effort to ascertain the whereabouts of such Participant or Beneficiary, then the benefit payable to such Participant or Beneficiary may be treated as Forfeiture. In the event a Participant or Beneficiary is subsequently located, such forfeited benefit shall be restored unadjusted for earnings or losses from the date of forfeiture.

7.13 Reserved.

7.14 Legal Action

In the event any claim, suit, or proceeding is brought or threatened regarding the Plan and/or Trust Fund to which the Trustee, the Employer or the Board, or any Employee or public official acting in good faith for or on behalf of the Plan is or may be a party, they shall be entitled to reasonable advances, or to be reimbursed, from the Trust Fund for any and all reasonable costs, attorney's fees (where the Board's counsel cannot represent any such party), and other expenses pertaining thereto incurred by them for which they shall have become liable. The Board shall be responsible for any determinations under this Section 7.14 and its decisions shall be final and binding.

7.15 Prohibition against Diversion of Funds

(a) Except as provided below and otherwise specifically permitted by law, it shall be impossible by operation of the Plan or of the Trust, by termination of either, by power of revocation or amendment, by the happening of any contingency, by collateral arrangement or by any other means, for any part of the corpus or income of any trust fund maintained pursuant to the Plan or any funds contributed thereto to be used for, or diverted to, purposes other than the exclusive benefit of Participants or Beneficiaries.

(b) Employer Contributions shall be made irrevocably and it shall be impossible for the assets of the Plan to inure to the benefit of the Employer, or to be used in any manner other than for the exclusive purpose of either providing benefits to Participants and Beneficiaries or defraying reasonable expenses of administering the System; provided, however, that nothing herein shall be construed to prohibit the return to the Employer of all or part of a contribution as follows:

(1) Which is made by the Employer by a mistake of fact, provided the return of such contribution is made within one (1) year after the payment thereof,

(2) Which is conditioned upon initial Internal Revenue Service qualification of the Plan; provided the return is made within one (1) year after the denial of qualification of the Plan.

7.16 Protective Clause

Neither the Employer, the Board nor the Trustee, nor their successors shall be responsible for the validity of any Contract issued hereunder or for the failure on the part of the insurer to make payments provided by any such Contract, or for the action of any person which may delay payment or render a Contract null and void or unenforceable in whole or in part.

7.17 Receipt and Release for Payments

Any payment to any Participant, his legal representative, Beneficiary, or to any guardian or committee appointed for such Participant or Beneficiary in accordance with the provisions of the Plan, shall, to the extent thereof, be in full satisfaction of all claims hereunder against the Trustee and the Employer, either of whom may require such Participant, legal representative, Beneficiary, guardian or committee, as a condition precedent to such payment, to execute a receipt and release thereof in such form as shall be determined by the Trustee or Employer.

7.18 Named Fiduciaries and Allocation of Responsibility

The "named Fiduciaries" of this Plan are (1) the Employer, (2) the Board and any individual(s) appointed to perform the duties of Administrator and (3) the Trustee. The named Fiduciaries shall have only those specific powers, duties, responsibilities, and obligations as are specifically given them under the Plan or as accepted by or assigned to them pursuant to any procedure provided under the Plan, including but not limited to any agreement allocating or delegating their responsibilities, the terms of which are incorporated herein by reference. In general, unless otherwise indicated herein or pursuant to such agreements, the Board shall have the duties specified in Article II, as the same may be allocated or delegated thereunder. Provided, however, the Employer shall have the responsibility for making the contributions provided for under the Plan. The Board shall have the authority to appoint and remove the Trustee; to formulate the Plan's "funding policy and method"; and to amend or terminate, in whole or in part, the Plan. The Board shall have the responsibility for the administration of the Plan, including but not limited to the items specified in Article II, as the same may be allocated or delegated thereunder. The Trustee shall have the responsibility of management and control of the assets held under the Trust, except with respect to those assets, the management of which has been assigned to an Investment Manager, who shall be solely responsible for the management of the assets assigned to it, all as specifically provided in the applicable Article of the Plan and any agreement with the Trustee. Each named Fiduciary warrants that any directions given, information furnished, or action taken by it shall be in accordance with the provisions of the Plan, authorizing or providing for such direction, information or action. Furthermore, each named Fiduciary may rely upon any such direction, information or action of another named Fiduciary as being proper under the Plan, and is not required under the Plan to inquire into the propriety of any such direction, information or action. It is intended under the Plan that each named Fiduciary shall be responsible for the proper exercise of its own powers, duties, responsibilities and obligations under the Plan as specified or allocated herein. No named Fiduciary shall guarantee the Trust Fund in any manner against investment loss or depreciation in asset value. Any person or group may serve in more than one Fiduciary capacity. In the furtherance of their responsibilities hereunder, the "named Fiduciaries" shall be empowered to interpret the Plan and Trust and to resolve ambiguities, inconsistencies and omissions, which findings shall be binding, final and conclusive.

7.19 Uniformity

All provisions of the Plan shall be interpreted and applied in a uniform, nondiscriminatory manner. In the event of any conflict between the terms of the Plan and any Contract purchased hereunder, the provisions of the Plan shall control.

7.20 Amendment of Plan

The Board reserves the right, power, and authority, by instrument in writing duly executed, to freeze, suspend, or modify benefits, Employer Contributions, Plan terms, impose Employee contributions, and design prospectively or to terminate the Plan consistent with applicable requirements of state and federal law; provided, any amendment or termination of any provision of the Plan may be adopted by the Board after two readings, but only if an actuarial determination by the Actuary to the System of its effect on the soundness of the Plan's design of benefits as well as its effect on the cost of the Plan has been disclosed in a public hearing. Notice of such hearing shall be published one day in each of three consecutive weeks, commencing at least 21 days prior to the date of the first reading, in a daily or weekly newspaper of wide circulation in Knox County.

Nothing under state law, the Charter or the Plan may confer to Participants an implied right to future benefit arrangements or, for Participants who are not then Disabled, to continued coverage under this Plan. Further, Participants may not assert the indefinite continuation of the formulas, contribution rates, and eligibility ages in effect at the time of employment.

(a) No such amendment shall cause or permit any part of the Fund to be used for, or diverted to, purposes other than for the exclusive benefit of Participants, surviving Spouses, Dependent Children and Beneficiaries, and no amendment shall have the effect of re-vesting in the Employer any portion of such Funds.

(b) An amendment may modify, alter, or amend, freeze, or terminate benefits that would otherwise accrue or Vest under the Plan after the date such amendment is adopted. No benefits are Vested under this Plan prior to a Participant's Disability Date.

(c) Any amendment which affects the rights, duties or responsibilities of the Trustee, other than an amendment to remove the Trustee, may only be made with the Trustee's written consent. The Trustee shall not be required to execute any such amendment unless the Trust provisions contained herein are a part of the Plan and the amendment affects the duties of the Trustee hereunder. No amendment shall operate to increase the duties and responsibilities of the Trustee except by written instrument duly executed by and between the Board, subject to the provisions of the Charter, and the Trustee.

(d) Any such amendment shall become effective as provided therein upon its execution.

7.21 Termination of Plan

(a) Although the Employer expects the Plan to be continued indefinitely, it reserves the right at any time to terminate all or any component of the Plan by action of the Board and to discontinue all contributions from time to time as it shall deem appropriate and necessary, and such suspension of contributions shall not be considered to be a termination of the Plan. In the event of termination of the Plan or a complete discontinuance of contributions to the Plan, the Board shall notify the Trustee in writing of such termination and, prior to any distribution of assets hereunder, shall file notice with the Internal Revenue Service.

(b) Upon termination or partial termination of the Plan, or upon complete discontinuance of contributions, the Board, by written notice of termination of the Plan, shall direct the Trustee to continue to hold, manage or distribute the assets of the Fund to the Participants or Beneficiaries, as the case may be, in accordance with such directions.

7.22 Failure of Internal Revenue Service Qualification

The Plan is adopted by the Employer upon the condition that it shall qualify initially under the applicable provisions of the Code. Therefore, if the Plan fails to so qualify, as evidenced by receipt of a letter to such effect from the Internal Revenue Service, then the Employer reserves the following:

(a) in the case of the initial adoption and qualification of the Plan, the right to withdraw and terminate the Plan, whereupon no Participant shall have any right or claim to any of the assets hereunder which are derived from Employer contributions, notwithstanding any other provision hereof; or

(b) The right to amend the Plan to the extent necessary to secure a favorable determination that the Plan is so qualified.

7.23 Merger or Consolidation

This Plan may be merged or consolidated with, or its assets and/or liabilities may be transferred to any other plan and trust only if the benefits which would be received by a Participant whose Disability Date occurs prior to the date of such transfer, merger or consolidation, in the event of a termination of the plan immediately after such transfer, merger or consolidation, are at least equal to the benefits the Participant would have received if the Plan had terminated immediately before the transfer, merger or consolidation.

Victim Witness Coordinator funding letter

Department of Finance & Administration

To: Knox County Government

RE: OCJP funding for FY27

Date: February 18, 2026

The purpose of this letter is to clarify the status of your FY27 funding for State VWC from the Office of Criminal Justice Programs. The Office of Criminal Justice Programs (OCJP) has a solicitation under VOCA/SVS Victim Witness Coordinators available for your program, current contract number 51045.

OCJP is now utilizing an online portal "TN Grants" for the purposes of accepting applications, issuing contracts, and conducting project management. As a result of these changes to our business practices we are requiring all current grantees who wish to apply for funding in FY27 to utilize this system.

We are currently issuing one-year grants to eligible subrecipients as both OCJP staff and subrecipients become familiar with the new system.

The term for your project is: July 1, 2026 – June 30, 2027.

The total amount your agency is eligible to apply for is listed below.

Federal Funds	State Funds	Total
$52,000.00	$13,000.00	$65,000.00

Your agency is eligible to apply for funding under our VOCA/SVS solicitation for your project area. We are utilizing State Victim Services (SVS) to make the match for your agency. **Your agency will not be required to make an agency match as a part of your project.**

NOTE: Organizations found to not be solvent at the time of application or not able to demonstrate compliance may be ineligible for funding. To be considered for funding, applicants must provide a clear, compelling response to each question or prompt in the narrative/scope of service. The narrative/scope of service should be succinct, light on acronyms, and be easy to follow for a person who is not in the field of your project.

Application should be submitted through the applicant portal in TN Grants. You may contact your program manager with questions about the application process. You can view resources and training on TN Grants here.

Attached you will find the supplemental document for the application. Please review this in full prior to completing the narratives/scope of services and/or budgets in TN Grants.

A direct link to your solicitation can be found here: Solicitation Link

Please refer to the supplemental information provided by your program manager and accompanying this letter as that document which will detail any additional application requirements.

The citizens of Knox County are being taxed for the “privilege” of using the public roads they’ve already paid for with their property and sales taxes.

Promises Made, Yet Not Delivered

The wheel tax was primarily sold to the public to fund a new downtown library, yet it was never built.
If the government promises to do something with a special tax, it should deliver on it - or take the tax away.

Uncompetitive For Knox County Businesses

Six of the eight neighboring counties do not have a wheel tax,
further incentivizing people to shop for automobiles outside of Knox County.

A Wheel Tax Is A Regressive Tax

Wheel taxes are regressive and imposes a higher percentage burden of taxation on lower-income earners than on higher-income earners.

From Knox County Municipal Code: Chapter 58 / TAXATION: ARTICLE 1. – IN GENERAL: Section 58-1

Sec. 58-1. - Motor vehicle registration fee.

(a) For the privilege of using the public roads and highways in the county, there is levied upon motor-driven vehicles, and upon the privilege of the operation thereof, except motor-driven bicycles and scooters, farm tractors, self-propelled farm machines not usually used for operation upon public highways or roads, and motor-driven vehicles owned by any governmental agency or governmental instrumentality and except for other exemptions provided by general law, a special privilege tax for the benefit of such county, which tax shall be in the amount of $36.00 for each such motor-driven vehicle, the owner of which resides within said county.

This tax applies to, is a levy upon, and shall be paid on each motor-driven vehicle, the owner of which resides within said county.

Averting Atrophy in Knox County

by Joe Sullivan

Comment on this story

With the benefit of hindsight, it's easy to conclude that County Mayor Mike Ragsdale erred by basing his Knox County budget on a wheel tax increase that was subject to repeal by referendum. Neither Ragsdale nor the County Commission majority that approved a $30 wheel tax increase by a 16-3 vote in June foresaw the groundswell of opposition that manifested itself in the 25,000 signatures on a petition for a Nov. 2 referendum that seems virtually assured.

Now Ragsdale faces the daunting challenge of getting voters to approve a tax increase which is akin to making water run uphill. But without the $12 million in new revenue from the wheel tax, Knox County is destined to go downhill in its funding of much-needed community improvements and services too numerous to name here.

Ragsdale's initial parry has been to submit to County Commission his recommendations for county budget cuts if the $12 million in new revenues is not forthcoming. The cuts would eliminate some 30 capital projects that would bring benefits to every section of the county. Grants to more than 100 not-for-profit organizations that have relied on the county for support for many years would be cut in half. And Ragsdale would impose a 2 percent reduction in the budgets of every component of county government except for schools. Readers should carefully consider the impacts of all of these cuts as listed on the county's website (knoxcounty.org).

Topping the list is the $40 million (later reduced to $25 million) that Ragsdale had recommended for a new main library that would adorn downtown. The deficiencies, spacewise and otherwise, of the 30-year-old Lawson McGhee Library are apparent to its patrons, but evidently there are not enough of them to carry much political weight. In the farther reaches of the county, where most residents seem to identify with their own branch library (of which there are 17 altogether), opposition to spending $40 million on a new downtown library is predominant. Indeed, it may well have been the primary impetus for the success of the call for a wheel tax referendum. And County Commission went further than the county mayor by voting last week to kill the $40 million undertaking regardless of the referendum's outcome.

[illegible] and the school board start pulling [illegible] done so, a comprehensive school [illegible] addresses needs in all sectors of the county should be [illegible] allaying the perception elsewhere that the affluent western suburbs are getting all of the attention. Center city dwellers should recall that a decade ago suburbanites uncomplainingly paid a big share of the cost of what were then the community's most pressing high school needs: namely, the $30 million renovations of Fulton and Austin-East.

With election day only two months off, time is of the essence, And Ragsdale needs to start exerting the same kind of positive leadership that former city Mayor Victor Ashe did when he won voter approval for a local sales tax increase in a 1988 referendum.

Wheel tax drives car owners' rage

By Christina Connelly Jul 2, 2004

In a 16-3 vote, Knox County commissioners approved a $30 wheel tax increase June 28, which will potentially generate an additional $12 million of revenue for Knox County.

"Any time they have to raise any tax or fee or anything where people don't have a choice about paying, there's going to be some frustration that goes with that," said Mike Cohen, Knox County senior director of government relations. "We need to create more jobs, grow the per capita earning and move Knox County forward. If we could have pursued the agenda, we believe we need to pursue for Knox County without raising the wheel tax we would have done it, but it simply wasn't possible."

Although the $12 million has not been designated to a particular project, it will most fund increased earnings for teachers, expanded parks, improvements for county schools and a new library, said Cohen.

Although the Knox County commissioners feel that the money is necessary to implement much needed improvements in Knox County, not all resident are happy about the tax increase.

Led by Knox County resident Gary Sellers, a group of residents are now petitioning against the wheel ta increase, arguing that the public should have had a chance to vote on the tax increase before the Knox County Commission approved it.

"This is not a done issue yet. We had no say in this," Sellers said. "We tried to talk to commissioners get them to not approve it and they didn't listen, so this is our only response."

In order for the issue to be reconsidered by county commissioners in November, 12,000 Knox Coun registered voters must sign the petition by July 28.

Cohen said he feels the wheel tax is an unfair, because it will have a greater impact on lower inco families.

"The burden is born more by one group than another group," said Paul Campbell, UT professor work. "I think it is a regressive tax, but I don't see that as important."

According to Cohen the increased funding would have been raised in another way had the wh been implemented.

"If for some reason this effort to repeal the wheel tax took effect we would simply turn around a property tax increase to make up the difference." Cohen said.

Knox County commissioner Billy Tindell (District 2b) said the alternative property tax increa have been easier on Knox county residents.

"If we hadn't done it we would have had to cut $12 million out of the budget somewhere." Tinde property tax goes up it's passed to the renter. I'm not sure that it's any more regressive than a property tax."

Residents who have a renewal in July can bypass the wheel tax increase by paying before July 13, when the wheel tax officially goes into effect.

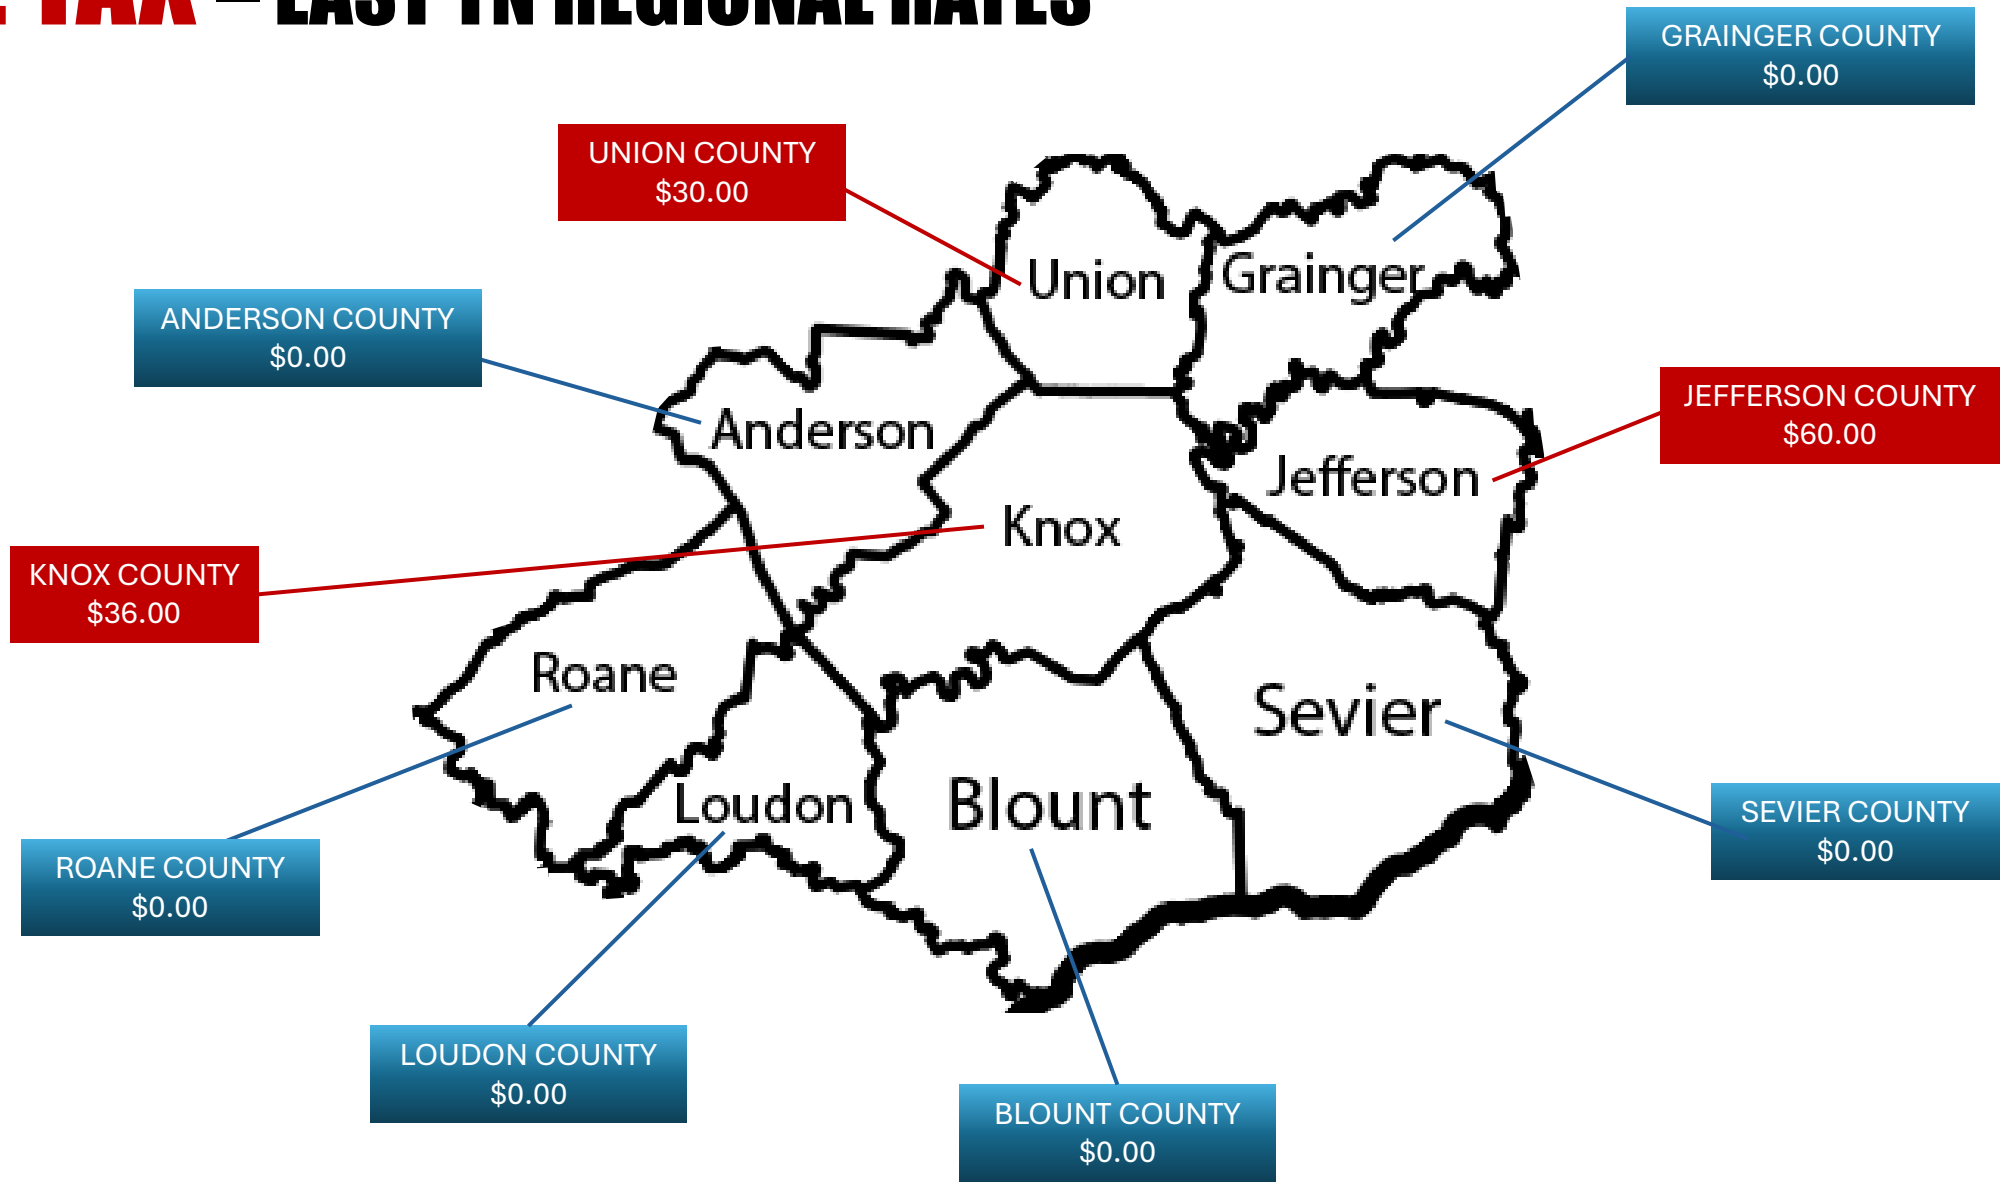
LETTERS TO THE EDITOR

Wheel tax is backdoor effort to make poor pay

What we are being misled on with the wheel tax are the numbers. How can it be that there are only 400,000 vehicles in the county? Just about everyone I know has two to four vehicles. Furthermore, if the wheel tax were $30, then the median home property tax would go up $60 to get the same revenue.

So why is it that the property tax goes up less than the implied $60? Think a bit; it's not too hard. The property tax includes businesses — the largest property taxpayers.

So the wheel tax is a backdoor way to tax the poor and protect the business. Let's all be honest and understand what we are voting on.



If you are pro-business and think the poor don't pay their fair share of taxes, then vote for the wheel tax.

If you're like me and believe we are already paying too much tax and that government needs to spend less, then vote down the wheel tax and lobby your county commissioners to uphold their promise of no more taxes.

The percentage of the annual Knox County budget is likely to be lower if the overall budget amount increases at a higher growth rate (which is likely).
