Dear Mayor Beamish And Councilmembers,

Please **vote NO** on the Rancho La Habra development, or at least **wait to hear from the voters** on the November ballot measure, before you take away half of our remaining Open Space.

I live in La Habra, and I'm worried about all the effects of over-development in our community:

- Traffic nightmares
- Parking shortages on our streets and at our stores
- Overcrowding of our City and its schools/resources
- Increased density and loss of our suburban way of life

This November, after two years of waiting, the citizens finally have the opportunity to vote directly on Open Space. The Council promised it would listen. ***We don't think it's right for you to rush Rancho La Habra ahead of that vote.***

Thank you,

Michele Kubicek

Dear Mayor Beamish And Councilmembers,

Please **vote NO** on the Rancho La Habra development, or at least **wait to hear from the voters** on the November ballot measure, before you take away half of our remaining Open Space.

I live in La Habra, and I'm worried about all the effects of over-development in our community:

- Traffic nightmares
- Parking shortages on our streets and at our stores
- Overcrowding of our City and its schools/resources
- Increased density and loss of our suburban way of life

This November, after two years of waiting, the citizens finally have the opportunity to vote directly on Open Space. The Council promised it would listen. ***We don't think it's right for you to rush Rancho La Habra ahead of that vote.***

Dear Mayor Beamish And Councilmembers,

Please **vote NO** on the Rancho La Habra development, or at least **wait to hear from the voters** on the November ballot measure, before you take away half of our remaining Open Space.

I live in La Habra, and I'm worried about all the effects of over-development in our community:

- Traffic nightmares
- Parking shortages on our streets and at our stores
- Overcrowding of our City and its schools/resources
- Increased density and loss of our suburban way of life

Dear Mayor Beamish And Councilmembers,

Please **vote NO** on the Rancho La Habra development, or at least **wait to hear from the voters** on the November ballot measure, before you take away half of our remaining Open Space.

I live in La Habra, and I'm worried about all the effects of over-development in our community:

- Traffic nightmares
- Parking shortages on our streets and at our stores
- Overcrowding of our City and its schools/resources
- Increased density and loss of our suburban way of life

This November, after two years of waiting, the citizens finally have the opportunity to vote directly on Open Space. The Council promised it would listen. ***We don't think it's right for you to rush Rancho La Habra ahead of that vote.***

Thank you,

Subject: STOP Rancho La Habra

Dear Mayor Beamish And Councilmembers,

Please **vote NO** on the Rancho La Habra development, or at least **wait to hear from the voters** on the November ballot measure, before you take away half of our remaining Open Space.

I live in La Habra, and I'm worried about all the effects of over-development in our community:

- Traffic nightmares
- Parking shortages on our streets and at our stores
- Overcrowding of our City and its schools/resources
- Increased density and loss of our suburban way of life

This November, after two years of waiting, the citizens finally have the opportunity to vote directly on Open Space. The Council promised it would listen. ***We don't think it's right for you to rush Rancho La Habra ahead of that vote.***

Thank you,

Dear Mayor Beamish And Councilmembers,

Please **vote NO** on the Rancho La Habra development, or at least **wait to hear from the voters** on the November ballot measure, before you take away half of our remaining Open Space.

I live in La Habra, and I'm worried about all the effects of over-development in our community:

- Traffic nightmares
- Parking shortages on our streets and at our stores
- Overcrowding of our City and its schools/resources
- Increased density and loss of our suburban way of life

This November, after two years of waiting, the citizens finally have the opportunity to vote directly on Open Space. The Council promised it would listen. ***We don't think it's right for you to rush Rancho La Habra ahead of that vote.***

Thank you,
