Blueprint for a Safer Economy

California has created a color-coded system with criteria for loosening or tightening restrictions on economic activity due to COVID-19.

Orange County is currently in the “Red Tier,” which means some non-essential businesses may resume indoor operations subject to specific modifications

Visit the State of California’s COVID-19 website at www.covid19.ca.gov to learn more. The website includes a search tool that allows users to search by county as well as specific business industries.

The logo features a blue square with a white border. Inside, the text "BLUEPRINT FOR A SAFER ECONOMY" is written in white, uppercase letters. To the left of the text is a small icon of three orange dots.
