Blueprint for a Safer Economy

California has created a color-coded system with criteria for loosening or tightening restrictions on economic activity due to COVID-19.

Orange County is in the “Purple Tier,” which means many non-essential businesses are closed and may only conduct operations subject to specific modifications

Visit the State of California’s COVID-19 website at www.covid19.ca.gov to learn more. The website includes a search tool that allows users to search by county as well as specific business industries.
