RE: January 19, 2021 Public Hearing 1 – Inclusionary Zoning – OPPOSE

Dear Mayor Espinoza and Members of the City Council,

As you are all aware, the State of California is consistently ranked as one of the worst states to do business in and California taxpayers pay some of the highest taxes in the nation. Deciding to enact an Inclusionary Zoning Policy in La Habra will just be piling on another tax for our business community. Raising taxes on businesses is the last thing our elected officials need to be doing right now, especially a tax that will just be passed on to La Habra homebuyers in the future.

The Orange County Taxpayers Association, the only countywide association that exclusively focuses on governmental spending and tax policies in Orange County, is opposed to the tax increase your council is considering in Public Hearing Item 1 on your January 19, 2021 City Council Agenda and we ask for a Noe Vote on the item.

Thank you all for your consideration and your service to the residents of La Habra.

Sincerely,

Carolyn Cavecche
