

Site Survey – La Habra, CA

LE POC: Michael Costanzo, Sergeant
Phone Number: (562) 383-4337
Email: Mcostanzo@lahabracaca.gov

City PW: Michael Plotnik
Phone Number: 562 383 4162
Email: mplotnik@lahabracaca.gov

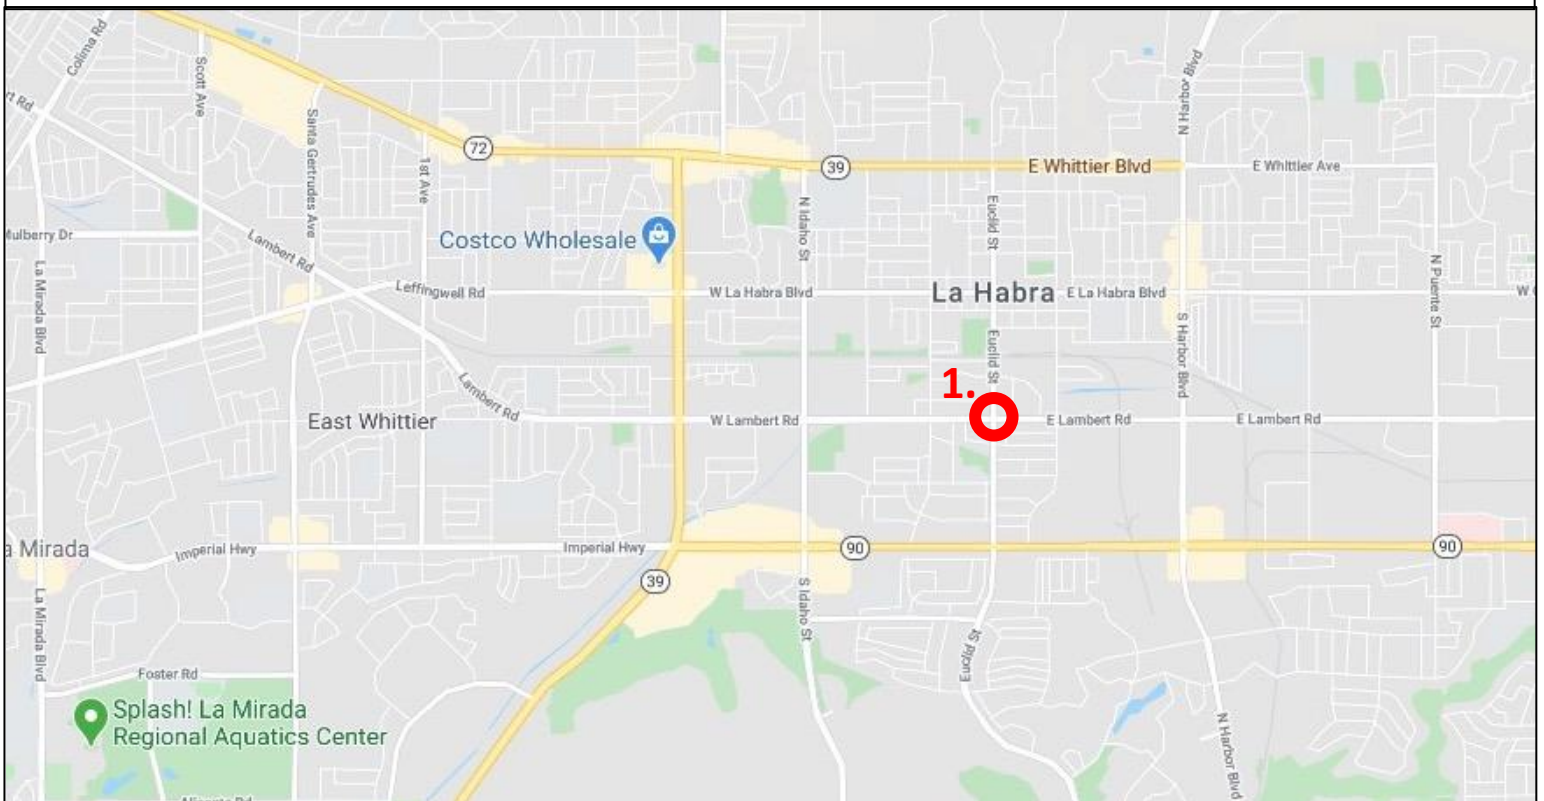

Permits Needed?

Drawing Needed?

1. Does the City require a business license in order for our contractor to pull a permit?
2. Does our contractor need to provide insurance certification with the City names as “additionally insured”?
3. Is a standard Traffic Control Plan acceptable or are engineered stamped plans required?
4. Does the city require a pre-construction meeting prior to the permit being issued?
5. What permits are required (we assume a “no fee” encroachment permit is all that’s needed)?
6. Any other requirements needed before the City will issue a permit?

****additional drawings or permits are at an additional cost to the customer****
