COMMENTS FROM STAFF:

City Manager Sadro noted that the passage of the Neighborhood "E" Traffic Management Plan was a milestone as the Neighborhood Traffic Management Plan (NTMP) program was approved by City Council over 11 years ago. He noted that staff had worked countless hours with neighborhoods to try and provide traffic calming solutions. He acknowledged Traffic Manager Plotnik for his work the last two years during COVID-19 with the neighbors to find a plan that could be supported by them. He stated that that Neighborhood "E" marked the end of the initial NTMP program, but that staff would be coming back to City Council later this year with the results of how the first 15 neighborhoods had fared with the improvements completed, and to receive guidance from City Council on whether or not they would like to renew the program. City Manager Sadro acknowledged the hard work of Traffic Manager Plotnik and the Traffic Engineering Division of the Public Works Department.
