

City of La Habra Non-Profit

COMMUNITY GRANT PROGRAM

Funded through the Federal American Rescue Plan Act (ARPA)

Program Guidelines

INTRODUCTION

The *American Rescue Plan Act of 2021 (ARPA)* was adopted by the United States Congress and signed into law by President Biden on March 11, 2021. ARPA is a \$1.9 trillion federal economic stimulus package that provides a wide variety of public health and financial assistance programs intended to address the negative economic impacts created by the COVID-19 pandemic.

Funding was allocated to metropolitan cities, including the City of La Habra, under ARPA as a direct entitlement from the U.S. Treasury (Treasury) on a formulaic basis consistent with already established federal disadvantaged community guidelines. The City of La Habra received a total of \$ 15,828,149.

These funds may be used, subject to key prohibitions, to:

- Support public health expenditures, such as funding COVID-19 mitigation efforts, medical expenses, behavioral healthcare, and certain public health and safety expenses;
- Address the negative economic impacts caused by the public health emergency, including economic harm to workers, households, small businesses, impacted industries, and the public sector;
- Replace lost public sector revenue, using funds to provide government services to the extent of the reduction in revenue experienced due to the pandemic;
- Provide premium pay for essential workers, offering additional support to individuals who serve in critical infrastructure sectors;
- Invest in water, sewer, and broadband infrastructure, making necessary investments to improve access to clean drinking water, support vital wastewater and stormwater infrastructure, and to expand access to broadband internet.

The City of La Habra's City Council adopted an ARPA Allocation Plan consistent with their 2022 Goals and Objectives and included \$500,000 for assistance to local non-profits.

Pursuant to ARPA, assistance to non-profit groups can include, but is not limited to:

- Loans or grants to mitigate financial hardship such as declines in revenues or impacts of periods of business closure, including supporting payroll and benefits costs, costs to retain employees, mortgage, rent, or utilities costs, and other operating costs;
- Loans, grants, or in-kind assistance to implement COVID-19 prevention or mitigation tactics, such as physical plant changes to enable social distancing, enhanced cleaning efforts, barriers, or partitions, or COVID-19 vaccination, testing, or contact tracing programs; and
- Technical assistance, counseling, or other services to assist with business planning needs.

It is important to note that recipients may not use funds for general economic development or workforce development. Recipients must be able to demonstrate that funding uses directly address a negative economic impact of the COVID-19 public health emergency.

PROGRAM OBJECTIVES
