

Measure M2 Streets and Roads Program Milestone

Measure M2 (M2) Commitment

-  **Fix potholes and resurface streets**
-  **Synchronize traffic lights in every community**
-  **Expand Metrolink rail and connect it to local communities**
-  **Relieve congestion on freeways**
-  **Provide transit services, at reduced rates, for seniors and people with disabilities**
-  **Reduce air and water pollution and protect local beaches by cleaning up oil runoff from roadways**

ENVIRONMENTAL

-  A total of 5% of OC Go Freeway Program funds is allocated to the Freeway Environmental Mitigation Program
-  A total of 2% of the overall OC Go Program funds is allocated to the Environmental Cleanup Program

Regional Capacity Program *(Project O)*

Provides competitive funding to improve busy streets and intersections on Orange County's Master Plan of Arterial Highways.

Regional Traffic Signal Synchronization Program *(Project P)*

Provides competitive funding to support projects across city boundaries that synchronize traffic signals to ensure drivers hit the most green lights during peak traffic hours.

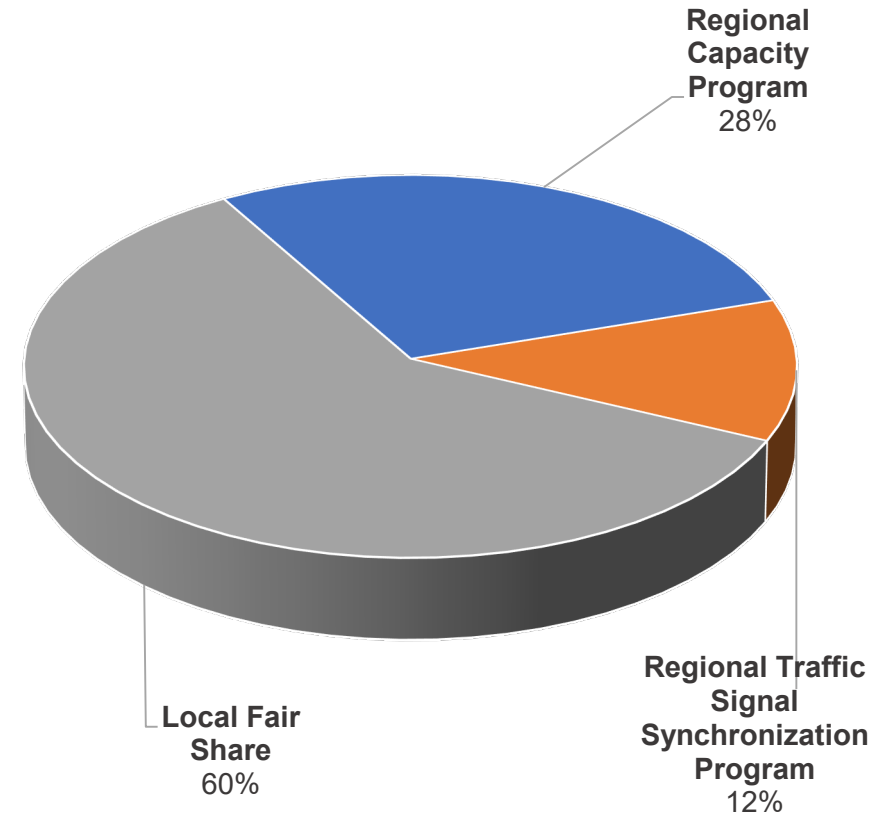

Local Fair Share *(Project Q)*

Provides formula-based funds to preserve existing streets and roads and provide other transportation improvements based on the priorities and needs of local agencies.

M2 \$1 Billion Milestone

- **From 2011 to 2022, over \$1 billion in M2 funds have been invested locally in streets and roads.**
- The funding has:
 - Allowed Orange County to keep up with population growth and economic activities
 - Lead to a more complete roadway network
 - Provided safety enhancements: repaired sidewalks, upgraded pedestrian amenities with American with Disabilities Act features, added bike lanes, signage, etc.
 - Improved congestion, lessening stop-and-go traffic and benefitting the environment
 - Maintained Orange County's standing as having the best pavement conditions in the state
