

## **RESOLUTION NO.**

A RESOLUTION OF THE PLANNING COMMISSION OF THE CITY OF LA HABRA APPROVING CONDITIONAL USE PERMIT 22-13 FOR A NON-STOREFRONT RETAIL CANNABIS BUSINESS AT 1721 EAST LAMBERT ROAD, SUITE A, MAKING THE APPROPRIATE FINDINGS, AS PER THE APPROVED PLANS AND SUBJECT TO CONDITIONS.

The Planning Commission of the City of La Habra does hereby resolve as follows:

Section 1. The Planning Commission does hereby find and determine that:

- a. Hearne Investment Properties, LLC, on behalf of Shryne La Habra, LLC (DBA Blaze) filed an application requesting approval of Conditional Use Permit 22-13 for a non-storefront retail business at 1721 East Lambert Road, Suite A.
- b. This project was reviewed pursuant to the guidelines of the California Environmental Quality Act (CEQA) and determined to be Categorically Exempt pursuant to 14 CCR 15060(c)(2) and 15061(b)(3) because it can be seen with certainty that there is no possibility that the project will have a significant impact on the environment.
- c. The Applicant's proposal has been reviewed pursuant to the requirements of the City's National Pollutant Discharge Elimination System (NPDES) Municipal Permit, the Local Implementation Plan (LIP), and the Model Water Quality Management Plan (WQMP), Section 7.2. Since no disturbance of soil will occur, this project is exempted by the Water Quality Ordinance from the preparation of a WQMP.
- d. The Planning Commission held a duly noticed public hearing on June 27, 2022 to consider the Applicant's request of Conditional Use Permit 22-13. The Planning Commission, after considering all the written and oral evidence offered including the staff report and all attachments, approves the request.

Section 2. The Planning Commission further finds and determines that:

- a. The Applicant met the pre-application requirements contained within Chapter 18.22 "Commercial Cannabis Activity" of the La Habra Municipal Code.
- b. The Applicant has completed negotiations on a Development Agreement as required by Chapter 18.22 "Commercial Cannabis Activity" of the La Habra Municipal Code.

- c. The Applicant has been successful in meeting their burden of providing evidence in order to support the granting of the Conditional Use Permit application under Chapter 18.66 of the La Habra Municipal Code.
- d. The Planning Commission hereby makes the following required findings of the Conditional Use Permit application:
  - 1. The granting of such Conditional Use Permit will not be detrimental to the public welfare and will not unreasonably interfere with the use, possession, and or enjoyment of surrounding and adjacent properties and will not impair the character of the zone in which it is to be located.

On April 2, 2018, the City Council of La Habra adopted Chapter 18.22 “Commercial Cannabis Activity” (LHMC) with regulations that permit cannabis distribution facilities subject to a CUP within the M-1, M-1 PUD, and PCI zones. On December 21, 2020, the City Council adopted Ordinance No. 1827 amending Chapter 18.22 (LHMC) allowing cannabis non-storefront retail facilities, to be operated in strict compliance with the Cannabis Laws allowed by the California Bureau of Cannabis Control per a Type 9 Non-Storefront Retailer (Delivery Only) License under certain conditions and provisions. The subject property is situated between industrial uses to the east and west. Lambert Road, which is a four-lane roadway, acts as a buffer to the south, neighboring city of Fullerton. Since this is a non-storefront cannabis business that will not be open to the public, it is anticipated that there will be minimal disruption to the surrounding area. As previously noted, the closest residential area, Lake Park La Habra Mobile Home Park, is located over 1,000 feet away.

During the first year, the proposed business is anticipated to have up to 45 employees that will be working varying shifts. On a routine business day, it is anticipated that the maximum parking demand by general staff will be 10 spaces. The maximum parking demand by delivery drivers will be five spaces. However, it should be noted that delivery drivers will seldom reach the maximum parking demand because the majority of drivers will be driving and making deliveries. Moreover, the applicant informed staff that Blaze delivery drivers will actually be returning to sites located outside of La Habra (i.e., Los Angeles) after deliveries are completed. Conditions of approval have been placed on the use pursuant to the standards set forth in Chapter 18.22 (LHMC). These conditions were created to ensure that the use would not cause any detriment to existing uses within the surrounding area.

Conditions include the installation and maintenance of a high-quality security system, implementation of specified security measures, implementation of adequate inventory control, the use of an odor-controlling ventilation system, and the prohibition of consumption of cannabis products on-site. Therefore, the approval of the use will not be detrimental to the public welfare and will not impair the character of the zone where the proposed cannabis business is located.

2. The subject site is physically suitable for the type of land use being proposed.

No physical changes are proposed to the site. The proposed improvements include interior tenant improvements only. The proposed use is basically a delivery service. The only additional traffic is generated by the delivery drivers coming and going throughout the day, which is equivalent to a retail use with customers coming to the site at different times throughout the day. Therefore, the site is physically suitable for the type of land use proposed.

3. The use is conditionally permitted within the subject zone and complies with the intent of all applicable provisions of this title.

Chapter 18.22 of the La Habra Municipal Code allows for cannabis distribution facilities within the M-1 Zone with the approval of a Conditional Use Permit, granted by the Planning Commission. After reviewing CUP22-13, staff determined that the proposed non-storefront retail cannabis business operations conforms with the development standards and requirements of the M-1 zone.

4. The granting of this Conditional Use Permit will not adversely affect the Comprehensive General Plan.

The projects implement Policies LU 11.1 (Diversity of Uses) and ED 1.1 (Consumer Demand) of the General Plan 2035.

The General Plan establishes land uses designations for properties throughout the city. Zoning is utilized as a tool to implement the General Plan. The General Plan Land Use Designation for this site is Commercial Industrial, which envisions business park, industrial uses or commercial uses. The property is within the Light Manufacturing (M-1) Zone, which is consistent with the General Plan. These zoning standards were utilized when the current commercial center was developed. Additionally, this zone allows for the proposed use with approval of a Conditional Use Permit. Therefore, the

use will be consistent with the General Plan if the Commission approved the CUP.

Section 4. This action is subject to the following conditions:
