RE: Request for Approval for Facility Projects

Hello Richard,

The City of La Habra, Child Development Division is requesting for your approval to complete the following purchase for the **City of La Habra Child Development Centers**:

Project: Lakeshore purchase request to replace classroom furniture at the 1440 W. Whittier Preschool Site

Justification: Our classroom furniture is currently in need of replacement. This purchase includes the removal of the current furniture and replacement of new classroom furniture pieces. Lakeshore will remove and discard current furniture which we need as we currently are short staffed at this site and do not have enough hands to remove and assemble furniture pieces. This vender also offers "Flex Space Furniture" although pricier will allow us to fold up the tables/furniture so that during Nap Time we have more space to spread the children apart. This buildings classroom is particularly narrow and we need ample space to accommodate our nap time cot lay out and to ensure walk ways for adults and exit in case of an emergency.

There is a total of (30-40) pieces of furniture and storage pieces that need to be replaced to service our CSPP Program. The estimated cost request total is not to exceed \$24,000. This cost includes removing all old equipment and replacing each furniture piece with new, updated equipment and substituting any items not in stock and requiring a replacement piece. The current furniture is worn and previously purchased approximately 9 years ago. This purchase would allow for an overall update in the classroom appearance and support our goal to provide quality care and education services for the children in our care. New furniture will facilitate child engagement, interest, and facilitate a clean and organized physical environment that support children's learning. Procurement policies and procedures for the City of La Habra will be adhered to in the purchase of the above items.

Please let me know if you need anything else to process this request or if you need to speak to me regarding these projects, you may contact me at (562) 383-4271.

Looking forward to your favorable response regarding these projects.

Johanna Perez

Thank you,
Johanna Perez
