Civic Interests:

My 32-year career as a CA State Park Ranger/Superintendent, coupled with my 17+ years serving in leadership roles with national, state and local community non-profit organizations serve as a foundation for my passion for connecting youth and families with the outdoors through hiking, exploring nature and camping. I believe these experiences build confidence and resilience in our at-risk youth. As a commissioner, I will continue to advocate for our youth, our parks and our future as a welcoming and caring community.

Do you possess any special skills?

My experience working with traditional and non-traditional park users including local neighborhoods, elected officials and community leaders, underserved community members and at-risk youth demonstrates my ability to appreciate and value our cultural and social economic differences, while ensuring that our community's parks, recreation programs, senior citizen and early childhood education programs meet the demands of our growing and ever changing population. As a former CA State Park Ranger/Superintendent - Peace Officer, I bring a unique and positive experience when relating to youth, families and business community members on important issues facing public safety and continue to serve as role model for our community.

Additional Comments:

Since my appointment to serve as a Community Services Commissioner in Spring 2021, I have actively participated and contributed during regular monthly meetings, represented the City/Community Services Commission at special events and assisted Community Services staff in securing a 2022 Parks California \$12K Routes-to-Parks Grant. See attached resume for additional information. Last spring, I served as a volunteer chaparone during our La Habra Outdoors Summer Beach trip to Bolsa Chica Ecological Reserve and State Beach, and mid-summer La Habra Youth Campout at Malibu Creek State Park. Feedback from participants and their parents, was extremely positive, and I hope to assist Community Services staff in securing grant funding for future beach trips and campouts for our City's youth and families.
