Tariffs and Responsibility of Order Accuracy Information

Note: Pricing cannot be guaranteed due to the currently unknown future effect of Tariffs. We will only raise pricing in response to our costs being impacted. Thank you for your understanding in this uncertain situation.

Note: CT West makes every effort to correctly and accurately quote products and services based upon available and/or provided information, such as plans and specifications. However, prior to placing an order with us, it is the responsibility of the purchaser to verify that this quote accurately represents what is required for a given project and/or stock purchase.

Testing, Configuration, Licensing and Deployment Support Information

Note: Upon our technician's arrival at the project site, purchaser agrees that the full mobilization cost noted above, for that given service, will be invoiced in the event our technician is unable to perform said service due to no fault of CT West. This includes, but is not limited to, all on-site services such as hardware deployments, software deployments, software programming, training, etc. In the event of CT West's inability to perform service, an additional Purchase Order will be required to reschedule the original service.

Note: CT West Does Not Provide Any Above-The-Ground Services That May Be Required For a Deployment (e.g. Mast Arm and/or Luminaire Deployments from a Bucket Truck, etc). Purchaser Must Arrange For Such Services

Note: No Burn-in/Bench Testing of ATC units are a part of this quote. If purchaser would like CT West to perform this service, the cost is \$750 per ATC unit. We will receive the controller(s) at our Temecula facility (per shipping terms noted below) and Burn-In/Bench Test unit(s), for 72 hours (max) or per specification, whichever is lesser. Upon completion of testing, CT West will ship the ATC unit(s), at purchaser's expense, to a location notated by purchaser on the PO.

Note: CT West requires that Site Support be requested by purchaser at least 2 weeks prior to desired date of support.

Note: Unless Specifically Noted Above, No Testing and/or ATMS Licenses and/or ATMS License Configurations of Any Kind are Included in This Quote.
