High-Efficiency Nozzles

# WATER MANAGEMENT REBATE PROGRAM

## Overview

The availability of water has become a serious situation in many parts of our country and will continue to be such should we not ensure its efficient use. Every irrigation professional is aware of the increased importance of water management, and many of us have incorporated water efficient products and practices into our day to day work. Outdoor landscape irrigation is the single largest use of municipal water, and the time to properly manage this critical resource is now.

How do you face this increasing challenge to efficiently allocate water resources in your organization without compromising your landscape? By designing or retrofitting your system with high efficiency, easy-to-use products manufactured by The Toro Company. By employing Toro® and Irritrol® products into your operations, you and your organization can decrease annual water consumption while still maintaining a healthy and vibrant landscape.

At The Toro Company we understand that as a government, institution of higher learning, or not-for-profit organization, every dollar spent matters. That is why we are offering you a 3% rebate (up to a program year limit of \$7,500) on all designated Water Management products you purchase between November 1, 2025, and October 31, 2026. The rebate will be provided to you in the form of a credit voucher that you can use at your chosen authorized Toro Irrigation / Irritrol distributor to purchase additional Toro and Irritrol irrigation products in the following year.

## Participation Rules

- a) In order to participate in the Water Management Rebate program, your organization must be either a local, state/provincial, or federal government entity; an IRS-designated nonprofit (501(c) Organization), or CRA-designated nonprofit (NPO).
- b) To be eligible to receive credit on your purchases, your organization must either currently use, or purchase by October 31, 2026, a Toro DXi™ Central Control System or Irritrol Rain Master® Eagle™ Plus Controller paired with iCentral™ Control System.
- c) Completed redemption form must be submitted along with proof(s) of purchase of qualifying Water Management products. Acceptable proof of purchase is a distributor- or contractor-generated invoice that details:
  - Model / SKU
  - Quantity Purchased
  - Total Dollar Amount Paid
- d) Redemption forms and proof of purchase must be submitted on a semi-annual basis. Deadlines (postmark date) for 2025-26 submission are:
  - 1st Half: May 31, 2026
  - 2nd Half: December 31, 2026

## Questions?

For additional information, call your local Toro sales manager or email the Water Management Program Administrator at: [craig.gaines@toro.com](mailto:craig.gaines@toro.com).

## Eligible Water Management System Products

The following products/categories of products are eligible for 3% rebate:

- Toro DXi Central Control Products
- Toro Eagle Plus Controllers
- Toro Sentinel® Parts & Accessories
- Toro Turf Guard® or Pro Series™ Soil Sensors
- Toro TFS Series Flow Sensors
- Toro 570Z-PR and -PRX Spray Bodies
- Toro Precision™ Series Spray Nozzles
- Toro T5, T7, TS80, and TS90 Series Rotors
- Toro P-220, P-220S, and 220 Brass Series Valves with Pressure Regulation
- Toro Landscape Drip and Micro Irrigation Products
- Irritrol Rain Master DXi Parts & Accessories
- Irritrol RS100 and RFS100 RainSensors™
- Irritrol PRO MAX™ Remote

- Irritrol 700-1, 700-1.5 and 700-2 valves
- Irritrol I-Pro™ PR Series Spray Bodies
- Irritrol Rain Master iCentral Parts & Accessories

## Administration & Regulations

- a) Submissions must be received semi-annually. Full year submissions will not be accepted.
- b) Eligibility for rebate is subject to verification of government or not-for-profit status.
- c) Credit will accrue for entire year. Participating agency will receive semi-annual statements detailing year-to-date earned rebate amount. Please allow up to four weeks from time of submission to receive earned rebate details.
- d) Rewards will be issued from Toro CRC in the form of a Toro Product Voucher. Voucher must be redeemed at an authorized Toro Central Control or Rain Master Central Control distributor. Voucher will be good towards any Toro or Irritrol brand irrigation product purchased at an authorized distributor and must be surrendered at time of redemption. Please allow 6-8 weeks after rewards submission to receive voucher.
- e) The Toro Company reserves the right to, at any time, close submissions for rebates for the 2025-26 program year. In the event of this occurrence, participating organizations will still receive rebate owed for purchases submitted up to the date of closing.
- f) Redemption forms and invoices must be submitted digitally to be accepted.
- g) If proof of purchase submitted is a contractor invoice (not an invoice from a Toro Authorized Distributor), Toro reserves the right to request name and location of Toro Authorized Distributor that contractor purchased the products from and verify validity of purchase with that distributor.

# REWARD REDEMPTION FORM
