Hi Tim,

For 10 loads with no overages would be \$5,100.00 total. \$100 for the delivery and \$500 X 10 loads = \$5,000. Thanks
Tim,

We can haul a maximum of 10 tons in our containers any weight over the 10 ton limit is charged \$45.00 per ton

Thank you Tim let me know if you need any other information.

Regards,

Darwin Penano

Hi Tim,

I have copied in Darwin Penano who is our construction and demo manager that helps oversee larger demo projects. @Penano, Darwin would you be able to reach out to Tim regarding his demo and some pricing for the City of Lorain on these boxes?

Thank you!!
