April 28, 2026

The Honorable Jon Husted  
United States Senate  
304 Russell Senate Office Building  
Washington, DC 20002

Dear Senator Husted,

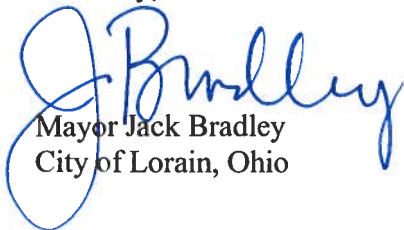

On behalf of the City of Lorain, I would like to express our sincere appreciation for your inclusion of the Sunset Pier Park Waterfront Revitalization in your submissions to the Senate Appropriations Committee as part of the FY27 Congressionally Directed Spending process.

This project will enable the City of Lorain to advance the next phase of redevelopment at the Sunset Pier Park Waterfront. Specifically, this project will support the installation of public safety access improvements, final streetscape build-out of the parking area, and the bulkhead stabilization needed along the West Finger Pier. These improvements will ensure public use and economic development along the waterfront can proceed safely and sustainably.

Your support for the Sunset Pier Park Waterfront Revitalization represents a meaningful investment in our community and region. We know that you are limited in your ability to submit projects to the Senate Appropriations Committee and greatly appreciate your selection of our application.

Thank you again for your leadership and dedication to Ohio's families and communities. While we recognize significant work lies ahead, the City of Lorain is deeply grateful for your efforts to this point.

Sincerely,

  
Mayor Jack Bradley  
City of Lorain, Ohio
