Clerk Dull announced that there are three members of the public signed up to speak this evening.

JOANNE ZELINA, 2214 Wilson Dr.: Spoke regarding the motorsports park and a Cleveland Brewery coming to Lorain; also, going to the track and being taken for a ride around the track. The east side is improving and hopes council will continue to remember the east side.

ALBERT JACOBS, 1532 Lehigh Ave.: Spoke regarding the skate park. He is a big proponent of the skate park and would like to see the park getting built correctly. He stated he spoke with Adam from Spohn Ranch who designed the park, and the changes that had been noticed from the initial design. Adam stated the city did it in three phases. He inquired how they could get some of the stuff put back in and was told it is very hard once it is engineered stamp, but not impossible. He, himself, was in contact with no less than 12 major skate park companies, and at least 5-6 of them were in the process until the addendum came out. Going down to three, one of which was late via Fedex. Asked that we keep pressure on them.

BRANDON WYSOCKI, 319 Georgia: Spoke to Mr. Jacobs today and heard his concerns. He feels as though his concerns are valid, would like the skate park to be as meaningful as possible to the community. This project has been a long time coming, is grateful to all who helped make it what it is. Regarding the Esports team, they are going to Columbus to compete for the Nationals and for anyone wishing to contribute, they are accepting donations to help fund their trip.

REMARKS: COUNCILMEMBER ARROYO: Trying to get clarification, one question, if we were to deny this or to put it out for bidding, would it jeopardize the timeline to get it finished this year?

BHP DIRECTOR MATT KUSZNIR: In his opinion, it could jeopardize the timeline. A large sum of dollars, almost \$900,000 of CDBG is tied up in this project which causes a few issues if it were re-bid. The project not being completed by the November 1st timeliness deadline. If a sufficient amount of Block Grant Funds are not spent by the timeliness deadline, they risk paying funds back to Housing and Urban Development and potentially the allocation for the following year, or the difference between what the timeliness ratio and what they expect the following year. Does not believe it is a risk they feel they are in a position to take, they are hoping for approval tonight.

COUNCILMEMBER ARROYO: Since it has gone out for bidding, if it is opened back up, would it put the city in the position to be sued since there has already been an accepted bid?

DIRECTOR KUSZNIR: From experience, that has happened in the past. In previous projects where the city has thrown out bids and re-bid a project, the presumed lowest bidder from the first round filed a claim against the city.

SAFETY/SERVICE DIRECTOR: In this particular bid process, the city received two bids by the deadline, one was received after and was not accepted. The second

highest bid was 20% over the engineers estimate and the city has the right to reject due to it being over 20% of the city's estimated or opinion of probable cause. The lowest bid falls within that 20%. The review performed by BHP, verification of references, past projects and due diligence, the low bidder meets every checkbox. This gave the administration the confidence to bring the item to council for approval.

COUNCILMEMBER ARROYO: Sandusky has worked with this company, asked if we have contacted Sandusky about the property.

DIRECTOR KUSZNIR: Did reach out to staff in Sandusky. Erin, the Chief Planner, had glowing reviews of the contractor and the sub, Slip in Concrete and Spohn Ranch, the project was on budget and finished a month early. They were very happy with the project, no complaints.

COUNCILMEMBER BEARER: It is not always the lowest bid, it is lowest and best. When looking into Slip in Concrete, could not find their portfolio online, and wanted the feedback on how we decided that as being the best versus just the lowest.

SAFETY/SERVICE DIRECTOR CARRION: This project was designed by a known company, Spohn Ranch, they have designed many skateparks and also constructed design build services. For this particular project, Spohn Ranch is not only involved in the project, they are a subcontractor, they will be performing almost \$1M of the project. The technical parts that require the most experience, will be performed by this company. In the bid document that was submitted, there were line items and pricing included for the staff that will be working specifically on this park. The administration felt comfortable with this company and Spohn Ranch will be performing a bulk of the work.

COUNCILMEMBER SPRINGOWSKI: The initial design that was submitted has changed somewhat extensively. Items that are not there now. I do not think a week or two will kill us on this, but I would like to see it go to committee to allow people to have a say in this. I agree with Mr. Bearer, it is not always the lowest bid and not always the case of just checking boxes, I want to make sure we do the right thing. Moved by Mrs. Springowski, supported by Mr. Fallis, to refer the ordinance to committee.

- AYES- 7 Messrs. Springowski, Fallis, Drwal, Kempton, Carter, Torres, Bearer.
- NAYS- 4 Messrs. Dimacchia, Gonzalez, Arroyo, Thornsberry. The ordinance is referred to committee.

Ordinance 56-26

g.) Introduced by Mr. Thornsberry, an ordinance authorizing and directing the Director of Public Safety/Service of the City of Lorain, Ohio to purchase Sodium Chloride directly from the vendor awarded the 2026-2027 ODOT Sodium Chloride Summer/Winter Contract #018-27 for Lorain County and declaring an emergency. Moved by Mr. Thornsberry, supported by Mrs. Springowski, to suspend the statutory three reading rule.

LORAIN CITY COUNCIL REGULAR MEETING -COUNCIL CHAMBER, LORAIN, OH April 20, 2026

AYES- 11 Messrs. Dimacchia, Springowski, Fallis, Drwal, Kempton, Carter, Torres, Gonzalez, Arroyo, Bearer, Thornsberry.

NAYS- 0 None. The rule was suspended.

REMARKS: COUNCILMEMBER FALLIS: The property is going to go to the Land Bank and then to another entity. Is there language that would guarantee the City of Lorain that the property would be used for the intended purposes?

BHP DIRECTOR MATT KUSZNIR: It is typically put in the agreements between the City, the County Port and end user. That is not something that was discussed as it relates to this property. This property has been the subject of code enforcement, a lot of hours, time and money spent by the Public Properties Department because it is a dumping ground. The Housing Authority plans to take it and repurposing it and the adjacent property into an urban farm in coordination with a partner to support the Choice Neighborhood Planning Grant.

COUNCILMEMBER FALLIS: I would just like to see the City of Lorain have a bit more say in that.

Moved by Mrs. Springowski, supported by Mr. Dimacchia, to pass the ordinance.

Dear Senator Husted,

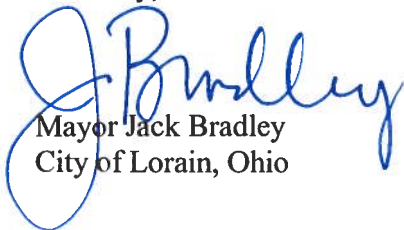

On behalf of the City of Lorain, I would like to express our sincere appreciation for your inclusion of the Sunset Pier Park Waterfront Revitalization in your submissions to the Senate Appropriations Committee as part of the FY27 Congressionally Directed Spending process.

This project will enable the City of Lorain to advance the next phase of redevelopment at the Sunset Pier Park Waterfront. Specifically, this project will support the installation of public safety access improvements, final streetscape build-out of the parking area, and the bulkhead stabilization needed along the West Finger Pier. These improvements will ensure public use and economic development along the waterfront can proceed safely and sustainably.

Your support for the Sunset Pier Park Waterfront Revitalization represents a meaningful investment in our community and region. We know that you are limited in your ability to submit projects to the Senate Appropriations Committee and greatly appreciate your selection of our application.

Thank you again for your leadership and dedication to Ohio's families and communities. While we recognize significant work lies ahead, the City of Lorain is deeply grateful for your efforts to this point.

Washington, D.C. 20515

Dear Congressman Latta,

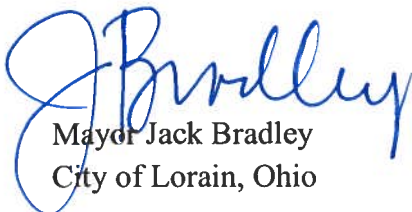

On behalf of the City of Lorain, I want to express my sincere gratitude for your decision to submit our FY27 Community Project Funding request to the House Appropriations Subcommittee on Commerce, Justice, Science, and Related Agencies.

As you know, the City of Lorain faces ongoing public safety challenges tied to violent crime and the resources needed to safely protect our residents and families. While the national trend is moving toward fewer homicides, Lorain is facing a local increase in lethal violence. These ongoing safety concerns necessitate the Lorain Police Department to have modern equipment and technology critical to address these concerns swiftly and efficiently.

Thankfully, your decision to put this project forward for Community Project Funding has provided the City's police department with an opportunity to acquire real-time crime center (RTCC) technology that will service local and regional public needs by using advanced analytics and shared data to view crime patterns. Ultimately, this will help ensure that law enforcement officers can effectively protect residents in Ohio's 5th Congressional District. We recognize you are limited in your ability to submit projects to the House Appropriations Committee and greatly appreciate your selection of our application.

We recognize that significant work lies ahead, but the City of Lorain is deeply appreciative of your efforts to this point.

Sincerely,

Mayor Jack Bradley
City of Lorain, Ohio

3. Land Covenants

This contract is subject to the requirements of Title VI of the Civil Rights Act of 1964 (P. L. 88-352) and 24 CFR 570.601 and 570.602. In regard to the sale, lease, or other transfer of land acquired, cleared or improved with assistance provided under this contract, ECHD shall cause or require a covenant running with the land to be inserted in the deed or lease for such transfer, prohibiting discrimination as herein defined, in the sale, lease or rental, or in the use or occupancy of such land, or in any improvements erected or to be erected thereon, providing that the City of Lorain and the United States are beneficiaries of and entitled to enforce such covenants. ECHD, in undertaking its obligation to carry out the program assisted hereunder, agrees to take such measures as are necessary to enforce such covenant, and will not itself so discriminate.

4. Section 504

ECHD agrees to comply with all Federal regulations issued pursuant to compliance with Section 504 of the Rehabilitation Act of 1973 (29 U.S.C. 794), which prohibits discrimination against the individuals with disabilities or handicaps in any Federally assisted program. BHP shall provide ECHD with any guidelines necessary for compliance with that portion of the regulations in force during the term of this Agreement.

B. Affirmative Action

1. Approved Plan

ECHD agrees that it shall be committed to carry out pursuant to the City's specifications an Affirmative Action Program in keeping with the principles as provided in President's Executive Order 11246 of September 24, 1966. The City shall provide Affirmative Action guidelines to ECHD to assist in the formulation of such a program. ECHD shall submit a plan for an Affirmative Action Program for approval prior to the award of funds.

2. Women- and Minority-Owned Businesses (W/MBE)

ECHD will use its best efforts to afford small businesses, minority business enterprises, and women's business enterprises the maximum practicable opportunity to participate in the performance of this contract.

As used in this contract, the terms "small business" means a business that meets the criteria set forth in section 3(a) of the Small Business Act, as amended (15 U.S.C. 632), and "minority and women's business enterprise" means a business at least fifty-one (51) percent owned and controlled by minority group members or women. For the purpose of this definition, "minority group members" are Afro-Americans, Spanish-speaking, Spanish surnamed or Spanish-heritage Americans, Asian-Americans, and American Indians. ECHD may rely on written representations by businesses regarding their status as minority and female business enterprises in lieu of an independent investigation.

3. Access to Records

ECHD shall furnish and cause each of its own divisions or subcontractors to furnish all information and reports required hereunder and will permit access to its books, records and accounts by the City, HUD or its agent, or other authorized Federal officials for purposes of investigation to ascertain compliance with the rules, regulations and provisions stated herein.

4. Notifications

ECHD will send to each labor union or representative of workers with which it has a collective bargaining agreement or other contract or understanding, a notice, to be provided by the agency contracting officer, advising the labor union or worker's representative of ECHD's commitments hereunder, and shall post copies of the notice in conspicuous places available to employees and applicants for employment.

5. Equal Employment Opportunity and Affirmative Action (EEO/AA) Statement

ECHD will, in all solicitations or advertisements for employees placed by or on behalf of HFH, state that it is an Equal Opportunity or Affirmative Action employer.

6. Subcontract Provisions

ECHD will include the provisions of Paragraphs X.A, Civil Rights, and B, Affirmative Action, in every subcontract or purchase order, specifically or by reference, so that such provisions will be binding upon each of its own divisions or subcontractors.

C. Employment Restrictions

1. Prohibited Activity

ECHD is prohibited from using funds provided herein or personnel employed in the administration of the program for: political activities; inherently religious activities; lobbying; political patronage; and nepotism activities.

2. Labor Standards

ECHD agrees to comply with the requirements of the Secretary of Labor in accordance with the Davis-Bacon Act as amended, the provisions of Contract Work Hours and Safety Standards Act (40 U.S.C. 327 *et seq.*) and all other applicable Federal, state, and local laws and regulations pertaining to labor standards insofar as those acts apply to the performance of this Agreement. ECHD agrees to comply with the Copeland Anti-Kick Back Act (18 U.S.C. 874 *et seq.*) and its implementing regulations of the U.S. Department of Labor at 29 CFR Part 5. ECHD shall maintain documentation that demonstrates compliance with hour and wage requirements of this part. Such documentation shall be made available to the City for review upon request.

ECHD agrees that, except with respect to the rehabilitation or construction of residential property containing less than eight (8) units, all contractors engaged under contracts in excess of \$2,000.00 for construction, renovation or repair work financed in whole or in part with assistance provided under this contract, shall comply with Federal requirements adopted by the City pertaining to such contracts and with the applicable requirements of the regulations of the Department of Labor, under 29 CFR Parts 1, 3, 5 and 7 governing the payment of wages and ratio of apprentices and trainees to journey workers; provided that, if wage rates higher than those required under the regulations are imposed by state or local law, nothing hereunder is intended to relieve HFH of its obligation, if any, to require payment of the higher wage. ECHD shall cause or require to be inserted in full, in all such contracts subject to such regulations, provisions meeting the requirements of this paragraph.

3. Section 3 Clause

a. Compliance

Compliance with the provisions of Section 3 of the HUD Act of 1968, as amended, and as implemented by the regulations set forth in 24 CFR 135, and all applicable rules and orders issued hereunder prior to the execution of this contract, shall be a condition of the Federal financial assistance provided under this contract and binding upon the City, ECHD and any of ECHD's subrecipients and subcontractors.

Failure to fulfill these requirements shall subject the City, ECHD and any of the ECHD's subrecipients and subcontractors, their successors, and assigns, to those sanctions specified by the Agreement through which Federal assistance is provided. ECHD certifies and agrees that no

contractual or other disability exists that would prevent compliance with these requirements.

ECHD further agrees to comply with these “Section 3” requirements and to include the following language in all subcontracts executed under this Agreement:

“The work to be performed under this Agreement is a project assisted under a program providing direct Federal financial assistance from HUD and is subject to the requirements of Section 3 of the Housing and Urban Development Act of 1968, as amended (12 U.S.C. 1701).

Section 3 requires that to the greatest extent feasible opportunities for training and employment be given to low-and very low-income residents of the project area, and that contracts for work in connection with the project to be awarded to business concerns that provide economic opportunities for low-and very low-income persons residing in the metropolitan area in which the project is located.”

ECHD further agrees to ensure that opportunities for training and employment arising in connection with a housing rehabilitation (including reduction and abatement of lead-based paint hazards), housing construction, or other public construction project are given to low- and very low-income persons residing within the metropolitan area in which the CDBG-funded project is located; where feasible, priority should be given to low- and very low-income persons within the service area of the project or the neighborhood in which the project is located, and to low- and very low-income participants in other HUD programs; and award contracts for work undertaken in connection with a housing rehabilitation (including reduction and abatement of lead-based paint hazards), housing construction, or other public construction project to business concerns that provide economic opportunities for low- and very low-income persons residing within the metropolitan area in which the CDBG-funded project is located; where feasible, priority should be given to business concerns that provide economic opportunities to low- and very low-income residents within the service area or the neighborhood in which the project is located, and to low- and very low-income participants in other HUD programs.

ECHD certifies and agrees that no contractual or other legal incapacity exists that would prevent compliance with these requirements.

b. Notifications

ECHD agrees to send to each labor organization or representative of workers with which it has a collective bargaining agreement or other contract or understanding, if any, a notice advising said labor organization or worker's representative of its commitments under this Section 3 clause and shall post copies of the notice in conspicuous places available to employees and applicants for employment or training.

c. Subcontracts

ECHD will include this Section 3 clause in every subcontract and will take appropriate action pursuant to the subcontract upon a finding that the subcontractor is in violation of regulations issued by the grantor agency.

ECHD will not subcontract with any entity where it has notice or knowledge that the latter has been found in violation of regulations under 24 CFR Part 135 and will not let any subcontract unless the entity has first provided it with a preliminary statement of ability to comply with the requirements of these regulations.

4. Drug-Free Workplace

ECHD will continue to provide a drug-free workplace by:

- a. Maintaining a Zero Tolerance Drug Policy;
- b. Posting in conspicuous places available to employees and applicants for employment, a statement notifying employees that the unlawful manufacture, sale, distribution, dispensation, possession, or use of a controlled substance or marijuana is prohibited in ECHD's workplace and specifying the actions that will be taken against employees for violations of such prohibition;

Stating in all solicitations or advertisements for employees or subcontractors placed by or on behalf of ECHD that ECHD maintains a drug-free workplace.

Establishing an ongoing drug-free awareness program to inform employees about:

- i. The dangers of drug abuse in the workplace;
- ii. ECHD's policy of maintaining a drug-free workplace;

- iii. Any available drug counseling, rehabilitation, and employee assistance programs; and
- iv. The penalties that may be imposed upon employees for drug abuse violations occurring in the workplace;

- v. Including the provisions of the foregoing clauses in all third-party contracts, subcontracts, and purchase orders that exceed ten thousand dollars (\$10,000.00), so that the provisions will be binding upon each subcontractor or vendor.

D. **Conduct**

1. **Assignability**

ECHD shall not assign or transfer any interest in this Agreement without the prior written consent of the City thereto; provided, however, that claims for money due or to become due to ECHD from the City under this contract may be assigned to a bank, trust company, or other financial institution without such approval. Notice of any such assignment or transfer shall be furnished promptly to the City.

2. **Subcontracts**

a. **Approvals**

ECHD shall not enter into any subcontracts with any agency or individual in the performance of this contract without the written consent of the City prior to the execution of such agreement.

b. **Monitoring**

ECHD will monitor all subcontracted services on a regular basis to assure contract compliance. Results of monitoring efforts shall be summarized in written reports and supported with documented evidence of follow-up actions taken to correct areas of noncompliance.

c. **Content**

ECHD shall cause all of the provisions of this contract in its entirety to be included in and made a part of any subcontract executed in the performance of this Agreement.

d. **Selection Process**

ECHD shall undertake to ensure that all subcontracts let in the performance of this Agreement shall be awarded on a fair and open

competition basis in accordance with applicable procurement requirements. Executed copies of all subcontracts shall be forwarded to the City along with documentation concerning the selection process.

3. Hatch Act

ECHD agrees that no funds provided, nor personnel employed under this Agreement, shall be in any way or to any extent engaged in the conduct of political activities in violation of Chapter 15 of Title V of the U.S.C.

4. Conflict of Interest

ECHD agrees to abide by the provisions of 2 CFR 200 and 570.611, which include (but are not limited to) the following:

- a. ECHD shall maintain a written code or standards of conduct that shall govern the performance of its officers, employees or agents engaged in the award and administration of contracts supported by Federal funds.
- b. No employee, officer, or agent of ECHD shall participate in the selection, or in the award, or administration of, a contract supported by Federal funds if a conflict of interest, real or apparent, would be involved.
- b. No covered persons who exercise or have exercised any functions or responsibilities with respect to CDBG-assisted activities, or who are in a position to participate in a decision-making process or gain inside information with regard to such activities, may obtain a financial interest in any contract, or have a financial interest in any contract, subcontract, or agreement with respect to the CDBG-assisted activity, or with respect to the proceeds from the CDBG-assisted activity, either for themselves or those with whom they have business or immediate family ties, during their tenure or for a period of one (1) year thereafter. For the purposes of this paragraph, a "covered person" includes any person who is an employee, agent, consultant, officer, or elected or appointed official of ECHD, ECHD, or any designated public agency.

5. Lobbying

ECHD hereby certifies that:

- a. No federal appropriated funds have been paid or will be paid, by or on behalf of it, to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement;
- b. If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement, it will complete and submit Standard Form-LLL, "Disclosure Form to Report Lobbying," in accordance with its instructions; and
- c. It will require that the language of paragraph (d) of this certification be included in the award documents for all sub awards at all tiers (including subcontracts, sub grants, and contracts under grants, loans, and cooperative agreements) and that all Departments shall certify and disclose accordingly:
- d. Lobbying Certification

This certification is a material representation of the fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by section 1352, title 31, U.S.C. Any person who fails to file the required certification shall be subject to a civil penalty of not less than \$10,000 and not more than \$100,000 for each such failure. ECHD certifies or affirms the truthfulness and accuracy of each statement of its certification and disclosure, if any. In addition, ECHD understands and agrees that the provisions of 31 U.S.C. § 3801 et seq., apply to this certification and disclosure, if any.

6. Copyright

In accordance with the requirements of the Flood Disaster Protection Act of 1973 (42 U.S.C. 4001), ECHD shall assure that for activities located in an area identified by the Federal Emergency Management Agency (FEMA) as having special flood hazards, flood insurance under the National Flood Insurance Program is obtained and maintained as a condition of financial assistance for acquisition or construction purposes (including rehabilitation).

C. Lead-Based Paint

ECHD agrees that any construction or rehabilitation of residential structures with assistance provided under this Agreement shall be subject to HUD Lead-Based Paint Regulations at 24 CFR 570.608, and 24 CFR Part 35, Subpart B. Such regulations pertain to all CDBG-assisted housing and require that all owners, prospective owners, and tenants of properties constructed prior to 1978 be properly notified that such properties may include lead-based paint.

City of Lorain

Lead Hazzard Reduction Program Policies and Procedures

Department of Building, Housing and Planning
200 West Avenue
Lorain, OH 44052

I. Program Description

Erie County Health Department (ECHD) project area includes both Erie and Lorain County Health Districts. ECHD will work alongside Lorain County Health Department to reduce lead hazards. ECHD's target population is low to moderate income residents in compliance with HUD selection criteria for children under 6 years of age residing in owner-occupied units constructed prior to 1978.

II. Erie County Health Department (ECHD)

ECHD provides services and regulates matters pertaining to the public health and safety within Erie County, Ohio. The Erie County Board of Health has tasked the administrative staff with the goal of seeking out opportunities to reduce the impacts of blood lead poisoning on children within the health district.

III. The City of Lorain and Erie County Health Department Collaborative

The City of Lorain will match at a maximum of 35% of the total project cost to cover the cost of owner-occupied and rental units. ECHD will blend HUD dollars with the City of Lorain's CDBG, Local Home Beautification, State Revolving Loan and owner/landlord match to assist the homeowner. These funds are utilized to help low- and moderate-income individuals stay in their homes through fixing maintenance issues the owner is financially unable to afford, such as replacing windows, doors and enclosing/encapsulating deteriorated lead paint.

IV. Environmental Review (ER)

ECHD will be completing the Tier One and Tier Two Environmental Reviews (ER) for all properties receiving funding through this initiative. ECHD Environmental Review Specialist (ERS) will also complete the Historic Review (HR) approvals for all properties receiving lead-based paint hazard reduction assistance through the Ohio Historic Preservation Office (OHPO). All approved ER's will be entered into the HEROS workspace.

I. Subrecipient Selection Process:

1. Subgrantee: As the primary Department of Housing and Urban Development (HUD) grantee, ECHD has selected Lorain County Health District (LCHD) as the collaborating

partner for Lorain County. LCHD was selected by ECHD as the agency that will act on behalf of ECHD. LCHD will continue to effectively meet the needs of Lorain City Residents. LCHD services include inspections of property for hygiene, safety, conducts lead based paint education, investigations and screenings, conducts home visits to prenatal and postpartum woman, newborn home visits, children and medical handicaps, and provides all age groups with immunizations and health education.

2. Contractors: ECHD determines the contractor(s) selection process. Contractors are selected based on their holding of a current lead abatement contractor license. All contractors will hold a current lead abatement contractor license. All contractors will provide proof of current general liability insurance and workers compensation coverage prior to commencement of the project work at the beginning of each calander year.
3. Laboratory Services: ECHD utilizes Schneider Laboratory based out of Richmond Virginia to perform and analysis dust and soil samples. Schneider is a National Lead Laboratory Accreditation Program (NLLAP) approved laboratory. The data will then be used for risk assessment and clearance reports.

V. Prioritization of Properties

ECHD determines the final ranking of the unit to be assisted based on the eligibility and priority status of all applications submitted: Selection and prioritization of units for inclusion in the program is dependent on the following:

- ✓ Hazards determined in the Lead Inspection Risk Assessment (LIRA) Report
- ✓ Age and condition of unit
- ✓ Percent of AMI (area median income) level
- ✓ Number of children <6 years old living in or regularly visiting the unit
- ✓ Blood lead level data and lead hazard control orders associated with unit
- ✓ Demographic information of applicants
- ✓ Structural integrity of unit
- ✓ Visual assessment of unit
- ✓ Estimated cost for remediation
- ✓ Potential for contributing resources (local match)
- ✓ Flood plain management data
- ✓ Property tax status of unit (homes delinquent on property taxes are ineligible)
- ✓ Number of occupants in unit
- ✓ Potential for conflicts of interest including family members of project partners, lead abatement contractors and their family members, and others associated with grant partners. Employees of project partners are not eligible for funding
- ✓ Applicants submitting applications for multiple properties
- ✓ Units previously receiving funding for lead abatement within the past 20 years

VI. Temporary Relocation

ECHD has budgeted relocation funding assistance for approximately 100 families. ECHD will have the responsibility of identifying alternate housing for displaced families. Every effort will be made to identify friends or family members who may be able to provide temporary housing while the work is ongoing. ECHD will utilize HUD's occupancy standards and Uniform Relocation Assistance and Real Property Acquisitions Policies Act of 1970 (42.U.S.C.4601 and 49 CFR part 24).

URA policy is utilized to ensure that the fair and equitable treatment of families/individuals is displaced as a direct result of programs or projects undertaken by a Federal agency or with Federal financial assistance.

It provides important protection and assistance for people affected by projects involving acquisition, rehabilitation, or demolition of real property. ECHD will make every effort to relocate the family/individual to a nearby location, especially to maintain the same school district, if applicable.

Relocation costs will be covered within the job cost limitations established in the ECHD budget. In most cases, relocation will last no longer than necessary (usually 10 days or less). Families/individuals will be allowed to return to the property upon completion of a successful clearance examination.

VII. Applicant Selection

Homeowner/Household grant awards will be given to qualified Lorain City residents, with priority given to families/occupants with lead poisoned or exposed children from birth to 6 years of age. The second, tier priority will go to qualified applicants with children from birth to 6 years of age or pregnant mothers. Third-tier priority will be given to qualified applicants who have children birth to 6 that visit the home at least 6 hours or more per week. Applicants' homes will not exceed 80% AMI. Income is verified by obtaining a hard copy from employer, documented verbal third party, and tenant/landlord declaration. In some cases, ECHD may accept a notarized statement certifying their reported income.

VIII. Occupant Protection

Each project will require that an Occupant Protection Plan be developed by the lead abatement contractor in accordance with HUD Guidelines and Ohio regulations (40 CFR 745.227). The lead abatement contractor will be required to submit this plan to ECHD prior to the start of the project. The plan shall remain at the worksite for the duration of the project and shall consider the safety of the occupants and their belongings. ECHD will randomly review the Occupant Protection Plans for compliance purposes.

IX. Blood Lead Level Testing and Program Referral

Blood testing requirements (Ohio Administrative Code 3701-30-02) state that primary health care providers of children under six years of age shall determine if the child has had a blood lead screening test. If the child has not had a blood lead screening test and is between the ages of nine months and seventy-two months, the provider shall determine if the child is at risk of lead poisoning.

If any child under six years of age is determined to be at risk of lead poisoning but has not had a blood lead screening test or has had a blood lead screening test but the results are not available, the primary health care provider shall order a blood lead screening test.

It is recommended that a child at risk of lead poisoning has a blood lead screening test at the time of the child's one and two year well child visits and annually thereafter as medically indicated.

X. Process for Developing Work Specifications

Upon completion of the lead/risk and healthy homes assessment a report shall be submitted to the ECHD for review and assignment to an Ohio Department of Health Licensed Lead Abatement Contractor that is enrolled in the Lead-Based Paint Hazard Control Grant as a contractor. The ECHD shall assign the project according to the contractor in rotation.

ECHD Program Manager or his/her designee shall meet at the project site with the property owner and contractor for a project evaluation meeting to determine the best course of reducing lead hazards by using either abatement or interim controls.

The ECHD Program Manager or his/her designee and contractor will obtain all measurements and quantities for producing project cost estimate/specifications for the project. The Program Manager or his/her designee will then use the project estimator excel spreadsheet and reference the Residential Repair & Remodeling Costs and/or the Means Residential Cost Data estimating manuals for determining cost estimates for contractors.

XI. The Evaluation Process

Once final clearance has been achieved, the contractor will schedule a final walk through with the homeowner and Program Manager or his/her designee. Punch-list items will be addressed prior to the final walk-through meeting. Larger projects may require a walk-through prior to the final walk-through meeting to allow the contractor ample time to correct any deficiencies.

All final documentation and final payment authorization documents will be signed and submitted to the Program Manager or his/her designee at the conclusion of the meeting. The homeowner will then receive the ongoing maintenance documentation, which identifies all the work items that require his/her ongoing monitoring to ensure the home remains lead safe.

All documents will be provided by the Program Manager or his/her designee at this meeting and be listed on a final paperwork check list to be signed by homeowner acknowledging

receipt. If for any reason the work is deemed unacceptable by the Program Manager or his/her designee or the homeowner, the contractor will not receive final payment until the work is corrected and approved.
