

Additional public comments left on voicemail:

Summary:

XXXX XXXX left a voicemail expressing concerns about the implementation of AI and upgraded cameras for public safety in Mankato. XXXX argued that such technology would violate public privacy, be prone to abuse, and introduce biases against marginalized communities. XXXX advocated for the continued use of human police officers rather than relying on computer monitoring. XXXX provided XXXX contact information and invited further discussion on the matter.

Summary:

XXXXXX XXXXX left a voicemail expressing XXXXX opinion on the AI proposal. XXXXX mentioned that while there might be occasional benefits, XXXXX believes the risks and potential for abuse outweigh the positives. XXXXX is not in favor of the proposal and offered to provide further input if needed. XXXXX can be reached at 507-XXX-XXXX.
