Schools	
Elementary and junior high	One space per staff member, plus one space per each two classrooms
Senior high school	One space per staff member, plus one space per five students
Post secondary	One space per staff member, plus one space per two students. In an instance where the school restricts the number of vehicles used by students and faculty, the parking requirement shall be based on the number of vehicles allowed under the restriction and other uses found on school property
Clinics	

General standards	One space per each 250 sq. ft. of floor area, plus one space per staff member
-------------------	---

(Code 2015, § 10.85(21); Ord. of 2-9-2004)

Sec. 7-88. Parking ratio.

All new rental units licensed after the effective date of the ordinance from which this article is derived shall provide off-street parking according to the following:

- (1) *One- and two-family dwellings in R-1 and R-2 districts.* For rental units licensed after the effective date of the ordinance from which this article is derived, two off-street parking stalls shall be provided for each dwelling unit.
- (2) *One- and two-family dwellings in R-3, R-4, and OR districts.*
 - a. For rental properties licensed after the effective date of the ordinance from which this article is derived, off-street parking spaces shall be provided for each dwelling unit based on the following ratio of square footage of sleeping rooms to required parking stalls:

<i>Square Footage</i>	<i>Parking Stalls</i>
70 to 119	1
120 to 169	2
170 to 219	3
220 to 269	4
270 and greater	5

- b. For a one-family dwelling, not less than two off-street parking stalls shall be provided and not more than five off-street parking stalls shall be required. For a two-family dwelling, not less than four parking stalls shall be provided and not more than ten parking stalls shall be required.
- (3) *Multiple-family dwellings in R-3 districts.*
 - a. For rental properties licensed after the effective date of the ordinance from which this article is derived, off-street parking spaces shall be provided for each dwelling unit based on the following ratio of square footage of sleeping rooms (each bedroom is considered separately) to required parking stalls, plus one guest parking stall per unit:

<i>Square Footage</i>	<i>Parking Stalls</i>
70 to 119	1
120 to 169	2
170 to 219	3
220 to 269	4
270 and greater	5

- b. For multiple-family dwellings, not less than three off-street parking stalls shall be provided and not more than six off-street parking stalls shall be required per unit.
- (4) *Multiple-family dwellings in R-4, OR, B-1 and B3 districts.* For rental properties licensed after the effective date of the ordinance from which this section is derived, ~~two~~ 1.5 off-street parking spaces shall be provided for each dwelling unit.
