MEMORANDUM

Date: 8/05/2026

To: Site Plan and Traffic Advisory Committee

From: Joe Smith, PE – Assistant City Engineer

Subject: Resolution for Directing Traffic Control Signage
Valliant Lane and Woodland Avenue Intersection

Construction Services staff recommend adding a NO OUTLET (W14-2a) sign to the existing street name sign assembly at the intersection of Valliant Lane and Woodland Avenue. The sign should be mounted below the Valliant Lane plaque on the current assembly if feasible; otherwise, a new support will be installed to ensure proper placement and visibility. Back-to-back signs should be provided so that the sign is visible from both directions along Woodland Avenue (arrow orientation as appropriate).

W14-2a

This recommendation addresses concerns raised by a resident along Valliant Lane of vehicles unintentionally turning down Valliant Lane. The sign location and existing condition are depicted in Figure 1.
