Good afternoon! I've served on the Beach Management Advisory Committee for a couple of years but did not this past year. Brent asked me if I would apply again and I was quite honored. So, I would like to be considered again as I enjoyed being a part of this group. Having grown up in Nueces County, and Port Aransas more specifically, I have an interest in our beaches, the dunes, and their future. Thank you for your consideration.

Regards,  
Shelley
