PROPOSED AMMENDMENT:

**VIII. USE OF ELECTRONIC COMMUNICATION DEVICES DURING
CITY COUNCIL MEETINGS**

The City Council's use of electronic communication devices, such as cell phones, during a City Council meeting may lead to the public's perception that a Councilmember is not paying attention to the subject matter at hand or that a Councilmember is receiving information relative to the subject matter at hand that other Councilmembers and members of the public are not receiving, either one of which is inimical to good government and transparency. Therefore, a Councilmember's use of electronic communication devices (i.e., cell phones, tablets, laptop computers), other than for the purpose of (1) accessing agenda materials, and (2) using teleconferencing software, is prohibited during City Council meetings.

This policy does not prohibit using an electronic communications device in the event of an urgent family matter. A Councilmember wishing to respond to such a message during a meeting shall do so during a recess or shall excuse him or herself from the meeting to place the return call or text in a manner that does not disrupt the meeting.

City employees shall not communicate with Councilmembers via electronic communication devices during City Council meetings.
