A. Chief's Report

Chief Cheney stated he would answer any questions regarding his written report. Mr. McCracken asked about the status of the new K-9. Chief Cheney stated the K-9, named Pempo, passed the state certification and started work on Monday. Mr. McCracken commended the staff at the police station as he recently had some friends visiting from Germany, and they took a tour of the police station which they really enjoyed. Mr. Derksen asked Chief Cheney to place Long Road on the list for the speed trailer as a constituent reached out to him with concerns regarding speeding on Long Road. Chief Cheney stated that they have worked the Long Road area quite a bit and would definitely add it to the list for the speed trailer. Mr. McCracken stated that he talked to Mr. Butcher about trying to figure out a way to add some sidewalk in that area and Mr. Butcher is looking at some options, but it would be great to find a way to connect the bike trail to Pickerington Ponds. Mr. Kemper inquired if there have been any issues with the designated outdoor refreshment area (DORA). Chief Cheney stated he has not been made aware of any issues with the DORA.

A. Parks & Recreation Director Report

Mr. Butcher stated he would answer any questions regarding Mrs. Medinger's written report. Mr. Kemper questioned if there would be any major expenses associated with the pool. Mrs. Sanders stated that we put some money into the pool last year. Mr. Butcher stated that we did not have any shut-downs this year because of cloudy water, so we should be in good shape. Mr. Derksen questioned if there have been any conversations about contracting out for pool staff next year. Mr. Butcher stated that we have talked to two companies and both of their estimated cost proposals exceeded our revenue.
