Title:

Resolution to Extend the Recruitment for an Economic Development Manager and to Hire One Additional Administrative Intern.

Background:

This case will be acted upon by the City Council later this evening at the regular meeting as part of the consent agenda.

Staff was previously authorized to recruit and hire this position. Now, it is recommended that recruitment for the Economic Development Manager be extended in order to increase the pool of qualified candidates as the top previous candidate has withdrawn from consideration.

Also, staff anticipates bringing a revised hiring process and schedule forward for Council consideration at the next regular meeting May 28th

For a more detailed account of the Economic Development Manager position and the previous recruitment process please see the attachments.

Also, staff was previously authorized to hire an Administrative Intern to assist with event specific work, such as Happy Days. The recruitment process for this position was completed with great success. We interviewed many highly qualified candidates and are in the process of on-boarding one candidate. With the delay in the hiring of an Economic Development Manager, the upcoming special election, the un-winding of the Landform contract, the implementation of the strategic plan, and a variety HR projects; staff is seeking to bring on one additional intern to work on an as needed basis within Administrative Services. The costs associated with an additional intern would be well within the budget considering the salary expense not generated due to the delay in the Economic Development Manager hiring process. Not back-filling this work will possibly result in missed project deadlines, unsustainable workloads, below-standard work product, and/or overtime expenses for non-exempt employees.

Notification:

Observations/Alternatives:

Council may approve, reject or modify this proposal as desired. The rationale for hiring a full time Economic Development Manager has been previously demonstrated. The internship position provides a good value, and a needed staffing supplement, for the summer season.

Staff will also continue to use the development consultant, Mr. Mulrooney, on an as-needed basis.

Recommendation:

To authorize staff to extend the recruitment process for an Economic Development Manager and to hire one additional Administrative Intern.

Funding Source:

The maximum annual funding required for the Economic Development Manager position is estimated to be approximately \$101,000 (TIF @ 20%, EDA 20%, HRA 60%). Funding for this position is included in the 2013 budget.

The funding required for an additional Administrative Services Intern is approximately \$9305, and will be covered with the savings from the delay in hiring of the ED Manager.

Council Action:

Motion to recommend the City Council adopt resolution #13-05-085 to approve staff to extend the Recruitment for an Economic Development Manager and to Hire One Additional Administrative Intern.

Information

Title:

Report from the Personnel Committee - April 23, 2013 / Resolution to Hire an Economic Development Manager

Background:

Earlier this evening the Personnel Committee motioned to recommend approval of this case. The case was presented as follows:

At the February 12, 2013 meeting, the City Council motioned to approve a resolution directing staff to conduct a recruitment for an Economic Development Manager.

Staff conducted a recruitment based on the newly updated job description, including the addition of the Housing and Redevelopment Authority (HRA) duties and other updates necessary to best meet the needs of the City. Staff received fourteen applications; conducted six interviews and three candidates were interviewed a second time.

The top candidate, Mr. Sean Sullivan, was selected to advance in the recruitment process and was provided with a contingent job offer on April 9, 2013. Following that, Mr. Sullivan successfully passed the City's background check, reference checks and drug screen, as well as the work-style assessment.

It may be of interest to note that Mr. Sullivan worked for the City of Ramsey as an Economic Development Coordinator from 2000 to 2010 and is therefore very familiar with many of the City's current businesses, the economic development function, many City staff members and other professional contacts in the area. Since then, Mr. Sullivan has continued in his role as an economic development professional and has gained additional skills and credentials.

Notification:

History: The City employed an Economic Development & Marketing Manager from November of 2010 through March 2012. This position was vacated in March 2012, following a resignation. In April 2012, the Assistant City Administrator/Community Development Director position was vacated. Both positions were significantly involved in Economic Development.

Since then, with the City Administrator's general oversight and support, the Assistant to the City Administrator (previously known as the Management Analyst) has been covering many of the City's economic development duties; the Finance Director has been covering the Tax Increment Financing district responsibilities; and the EDA consultant Mike Mulroney has assisted with various economic development projects, as needed.

A needs analysis was conducted for this position. Based on results of that analysis, staff recommended that a full-time Economic Development Manager be hired to perform the City's economic development function. This position would be responsible for the development and implementation of economic development, programs, and services for both commercial and industrial businesses. Without this position it would be very difficult to attain many of the City Council's strategic goals; many of which focus on economic development.

Staff proposed a slight restructure of the position from Economic Development & Marketing Manager to Economic Development Manager to allow this position to focus specifically on economic development. The restructure would place more emphasis on real estate and development transactions such as negotiating and securing property

purchases for the purposes of development and redevelopment; as well as transferring much of the marketing and communications component (via electronic and printed media) to the Assistant to the City Administrator. Lastly, staff proposed continuing the Assistant to the City Administrator's role of assisting in some economic development duties in order to ensure continuity with internal and external customers, and to provide proactive back-up staffing for this important function.

Observations/Alternatives:

Staff recommends this hiring as the best way to properly address the City's economic development priority.

The Council may deny or postpone action on this recommendation to allow further review. However, neither of these alternatives allow this position to be hired in a timely manor.

Recommendation:

The Personnel Committee recommended hiring Mr. Sean Sullivan as the City's new Economic Development Manager, effective on or near May 28, 2013, at \$37.45 per hour (step 4 of the 2013 wage scale) with a credit of 5 vacation days for a mid-career hire.

Funding Source:

The annual funding required for this position, based on salary (step 4) and benefits is approximately \$91,895 (TIF @ 20%, EDA 20%, HRA 60%). Funding for this position is included in the 2013 budget.

Council Action:

Motion to approve resolution #13-04-075, to hire Mr. Sean Sullivan as the City's new Economic Development Manager, effective on or near May 28, 2013, at \$37.45 per hour with a credit of five vacation days.

Information

Title:

Report from the Personnel Committee - Meeting Date: January 22, 2013

Background:

Case 1: Consider a Resolution to Select a Chairperson and Alternate Chairperson for the Personnel Committee

Case 2: Consider a Resolution to Accept a Paid-on-call Firefighter's Resignation

Case 3: 2013 Fire Officer Selections

Case 4: Consider a Resolution to Approve the 2013 Non-Union Health Insurance Contributions and Non-Union Cost of Living Adjustments

Case 5: Consider a Resolution to Address Building Maintenance Staffing Needs

Case 6: Consider a Resolution to Recruit for an Economic Development Manager

Case 7: Consider a Resolution Regarding a Leave of Absence (This discussion will be closed to the public)

Case 8: Consider a Resolution to Authorize Staff to Recruit for a Replacement Patrol Officer Position from the Recent Patrol Officer Recruitment File

Notification:

See the attached Personnel Committee packet from the January 22, 2013 meeting for additional detail.

Recommendation:

Case 1: The Personnel Committee unanimously recommended appointing Councilmember Tossey as Chair of the Personnel Committee and Councilmember Backous as the alternate.

Case 2: The Personnel Committee unanimously recommended accepting the resignation of Mr. Cory Helgoe and to recruit for this position upon the next regular Firefighter recruitment.

Case 3: The Personnel Committee unanimously recommended approving the Fire Chief's recommendation for 2013 Fire Officer Selections.

Case 4: The Personnel Committee recommended 3/3 authorizing the non-union city health insurance contributions, 2/3 the option to waive health insurance in exchange for a cash benefit and 3/3 to increase the non-union wage scale by one percent (1%). Councilmember Backous was not in favor of offering the option to waive health insurance in exchange for a cash benefit.

Case 5: The Personnel Committee tabled this case pending additional information regarding room rental revenue.

Case 6: The Personnel Committee unanimously recommended authorizing staff to begin a recruitment process for an Economic Development Manager.

Case 7: The Personnel Committee unanimously recommended approving an additional leave of absence through

May 31, 2013; the maximum amount of leave time allowed per the City's Leave of Absence policy.

Case 8: The Personnel Committee unanimously recommended authorizing staff to recruit for a Patrol Officer from the recent Patrol Officer recruitment file in order to fill the position left vacant by the officer on an extended leave of absence.

Funding Source:

Case 1: There is no funding required for this action.

Case 2: There is no funding required for this action.

Case 3: Paid on Call Fire Officers pay is funded from line item 6104 Part-time Wages and Salaries

Case 4: Funding for both city contributions to health insurance and cost of living adjustment are included in the 2013 general and enterprise fund budget.

Case 5: N/A (This case was tabled.)

Case 6: The annual funding required for this position approximately \$87,210 (TIF @ 20%, EDA 20%, HRA 60%). Funding for this position is included in the 2013 budget.

Case 7: There is no funding required; there have been no expenses related to this employee since June 1, 2012.

Case 8: The Patrol Officer position (currently vacant) is budgeted for approximately \$102,429. The estimated annual funding required for a new officer in 2013 is between \$65,488 and \$72,292 (for a full year). Therefore, no additional funding is required.

Council Action:

Case 1: Motion to adopt resolution #13-02-033, Councilmember Tossey as Chair of the Personnel Committee and Councilmember Backous as the alternate

Case 2: Motion to adopt resolution #13-02-034, confirming the recommendation of the Personnel Committee to direct staff to accept the resignation of Mr. Cory Helgoe and to recruit for this position upon the next regular Firefighter recruitment.

Case 3: Motion to accept Fire Chief's recommendation for 2013 Fire Officer Selections

Case 4: Motion to adopt resolution # 13-02-035, confirming the recommendation of the Personnel Committee to authorize the non-union city health insurance contributions, the option to waive health insurance in exchange for a cash benefit and to increase the non-union wage scale by one percent (1%).

Case 5: N/A

Case 6: Motion to adopt resolution # 13-02-036, confirming the recommendation of the Personnel Committee to authorize staff to begin a recruitment process for an Economic Development Manager.

Case 7: Motion to adopt resolution # 13-02-037, confirming the recommendation of the Personnel Committee to approve an additional leave of absence through May 31, 2013; the maximum amount of leave time allowed per the City's Leave of Absence policy.

Case 8: Motion to adopt resolution # 13-02-038, confirming the recommendation of the Personnel Committee to recruit for a Patrol Officer from the recent Patrol Officer recruitment file in order to fill the position left vacant by the officer on an extended leave of absence.

CC Work Session**2.3.****Meeting Date:** 02/05/2013**By:** Colleen Lasher, Administrative Services**Title:**

Discussion Regarding the Economic Development Manager Position

Background:

At the January 22, 2013 Personnel Committee meeting, the Committee recommended that the City Council motion to approve a resolution directing staff to conduct a recruitment for an Economic Development Manager. The City Council will take action on the recommendation at the February 12, 2013 Council meeting.

In anticipation of this direction and in an effort to be immediately prepared to begin the recruitment following the February 12, 2013 meeting, staff is seeking the City Council's input on finalizing the position description, especially with regard to HRA related duties.

Development Services Manager/Alternate HRA Executive Director Tim Gladhill will be present to discuss ways the Community Development Staff will assist the Economic Development Manager with housing related duties.

Traditionally, the Community Development Department has provided support to the HRA in terms of bringing forward requests from housing developers for assistance, seeking feedback from the community on housing issues, and generally seeking to maintain and improve the quality of the City's housing stock. In addition, the Community Development Department often serves as a primary City contact for current and potential residents for identifying housing related assistance programs available in the area.

Management Analyst Patrick Brama will also be on hand to present information on the Business Retention and Expansion (BRE) Program -- 2012 Executive Report. The BRE program is expected to be an ongoing City economic development effort under the new position. The report is of interest now, as it identifies potential priority areas for the City to consider.

Attachments:

- 1) Business Retention and Expansion Program -- 2012 Executive Report.
- 2) Personnel Committee draft minutes -- documenting the Committee's desire to include HRA duties within the Economic Development Manager's role.
- 3) EDA minutes reviewing position description.

Notification:**Observations/Alternatives:**

1) To accept the staff recommendation below with the addition of directing staff to supplement the Economic Development Manager's HRA duties/time commitments, on an as needed basis, with any available internal/external HRA resources, based upon the Development Services Manager's discussion.

2) Alternatively, the City Council may direct staff to involve the Economic Development Manager with HRA duties up to but excluding serving as the HRA Executive Director; with the City Administrator or the Development Services Manager serving as the HRA Executive Director. This option does not consolidate the economic development role for the City, which staff believes would be desirable. This option may be viable if all economic development duties are removed from the HRA.

3) Or, to direct staff to remove all HRA related duties from this position, redistribute the HRA portion of the funding for the Economic Development Manager's position, and look to other internal/external resources to address HRA related needs. With the current duties and holdings of the HRA, staff believes it is important to have this position assigned to the HRA.

Recommendation:

Staff recommends that the Economic Development Manager position be responsible for HRA related duties, including serving as the HRA Executive Director. If implemented, the combined role will create clarity for the City's internal and external customers and serve to streamline both functions.

Funding Source:

Not applicable at this time.

Council Action:

Consensus to move forward with recruitment of the Economic Development Manager position based upon the above staff recommendation.

Councilmember introduced the following resolution and moved for its adoption:

RESOLUTION #13-05-085

RESOLUTION TO EXTEND THE RECRUITMENT FOR AN ECONOMIC DEVELOPMENT MANAGER AND TO HIRE ONE ADDITIONAL ADMINISTRATIVE INTERN

WHEREAS, staff recently conducted a recruitment for an Economic Development Manager; and

WHEREAS, the finalist submitted a letter to the City Council resigning from the position which he was scheduled to begin on May 29, 2013; and

WHEREAS, staff is requesting authorization to extend the Recruitment for an Economic Development Manager; and

WHEREAS, staff is requesting to back-fill necessary administrative services work via hiring one additional intern to work on an as needed basis.

NOW THEREFORE BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF RAMSEY, ANOKA COUNTY, STATE OF MINNESOTA, as follows:

Confirms the recommendation of the Personnel Committee to do the following:

Motion to recommend the City Council adopt resolution #13-05-085 to approve staff to extend the recruitment process for an Economic Development Manager and to Back-fill Necessary Administrative Services Work by hiring one additional intern.

The motion for the adoption of the foregoing resolution was duly seconded by Council Member, , and upon vote being taken thereon, the following voted in favor thereof:

and the following voted against the same:

and the following abstained:

and the following were absent:

Whereupon said resolution was declared duly passed and adopted by the Ramsey City Council this the 14TH day of May 2013.

Personnel Committee

Meeting Date: 05/14/2013

By: Tim Gladhill, Community Development

Title:

Consider Authorization to Hire a Building Inspection Intern

Background:

Building Permit levels have consumed existing staffing and contracted service levels to the point where Staff cannot address non-permit administrative tasks without impacting response times to an unacceptable level. Staff is seeking a more cost-effective solution to addressing entry-level, routine administrative needs.

One such administrative task is the administration of the Subsurface Sewage Treatment Systems (SSTS). Per Minnesota Rule 7800, these private septic systems must be visually checked for evidence of leaks and measure and/or remove certain accumulations no less than once every three (3) years. The purpose of this provision is to ensure that systems are adequately maintained and do not pose a threat to public safety, water supplies, and soil conditions. The City has additional background on-line at www.cityoframsey.com/septic.

The City has over 4,200 private septic systems that the City is responsible for ensuring compliance with Minnesota Rules 7800. In conjunction with current permit levels and the number of systems that must be monitored, Staff does not have the capacity with existing staffing levels to even begin the process for 2013. In order to remain in compliance with Minnesota Rules, Staff is seeking authorization to recruit a temporary Building Inspection Intern.

Notification:

No notification is required.

Observations/Alternatives:

The current fee for a Septic Pumping Permit is \$10. Based on a cursory review, this rate does not cover all City costs associated with administering the program. The City incurs cost related to software, database administration, mailing, follow up, and data entry. There is also other costs including soft costs, overhead, IT, human resources, finance, etc. True costs to the City are likely closer to \$30 per permit. Staff is recommending that the City Council amend the 2013 Rates and Fees to change the Septic Pumping Permit to \$20. The rate has not changed since circa 2005/2005. Based on 2012 permits, that would bring a potential for an additional \$15,000 that could be used as revenue for the Building Inspection Intern. A separate case has been prepared to introduce an ordinance to amend the 2013 Rates and Fees related to Septic Pumping Permits.

This program is guided by Minnesota Statute and Minnesota Rules. If the City Council feels that the current arrangement or standards are not consistent with our vision, values, and goals, then Staff would recommend that the City Council work with the Minnesota Pollution Control Agency (MPCA) to review other alternatives. This would be a legislative issue that applies statewide.

Alternatives

Alternative #1 - Recruit a Temporary Building Inspections Intern. Staff recommends that the City Council authorize Staff to recruit for a Building Inspections Intern to assist with administrative tasks. The current workload of permit-related activities has stretched the department's capabilities to complete routine administrative tasks in a timely manner. This would be a temporary position that hours would be dependent upon permit levels and need. This recommendation would be contingent on amending the 2013 Rates and Fees.

Alternative #2 - Do not Recruit a Temporary Intern. This alternative is not recommended. Staff will continue to fall behind in data entry and administrative tasks, especially in terms of administration of Minnesota Rules 7800 (septic

systems). Over the past three (3) years, the City has already struggled to keep up with administering the program, and recently upgraded its software system to assist.

Note: Staff has become aware of a number of grant and third-party funding sources that may be available to assist the City in 2014. These opportunities may help to ease the burden of the City, and could be part of an analysis at the end of the year as to the effectiveness of the delivery and administration of this service by the City.

Recommendation:

Staff recommends that the City Council authorize Staff to recruit and hire a temporary Building Inspection Intern from the existing Intern pool, or if necessary, conduct a new recruitment; the hiring range is \$9.00 to \$11.00 per hour, D.O.Q.

Funding Source:

Funding for the position would be provided by revenue generated by Building Permits. Staff recommends that the rate for the Septic Pumping Permit be adjusted as noted above.

Council Action:

Motion to recommend that the City Council authorize Staff to recruit and hire a temporary Building Inspection Intern from the existing Intern pool, or if necessary, conduct a new recruitment; the hiring range is \$9.00 to \$11.00 per hour, D.O.Q.

Title:

Consider Authorization to End Contracted Building Official Services and Recruit a Regular, Full-Time Building Official

Background:

Staff is seeking authorization to end contracted Building Official services and to recruit for a regular, full-time Building Official. Per Minnesota State Building Code, the City is required to have a Building Official, whom is responsible for the local administration of the code, in some capacity. The City currently chooses to contract for professional services for this role. This is more of a leadership role for the Building Division compared to solely building inspection and plan review services. By recruiting a regular, full-time Building Official, that position can take a more active role in the daily management of the division, thus reducing the workload of existing staff, allowing time for other important tasks. The City's approach to delivering inspection and plan review services by way of contracted employee would not change.

In December of 2011, the City began contracting for Building Official services due to a vacancy in the position. The City had already been contracting for building inspection and plan review services. As part of this restructuring, it was determined that the Building Official role would be evaluated in six (6) months to determine a long term solution to this role. On July 10, 2012, the City Council discussed the potential to recruit a Building Official in Work Session. At that time, City Council chose to continue to contract for Building Official services. The 2013 Strategic Plan identifies a potential recruitment of a Building Official.

The Building Division is currently comprised of a Building Official (contract services-40 hours per week), a Building Inspector (contracted services-10 to 40 hours per week), a Permit Technician, and is supervised by the Development Services Manager. As part of the expense analysis of the Building Division, Staff recommends that the Building Official is needed 40 hours per week in order to provide timely response to plan review, inspections, customer service inquiries, administrative projects, and code enforcement throughout the year. This analysis is based on current and trending permit levels. It should be noted that a portion of the Building Official's time is spent on activities that are not directly tied to an active Permit review or inspection (such as administrative tasks and code enforcement activities). Some of these activities are delayed during peak permit levels to allow Staff to focus on administration of active permits.

The current contracted services provided by Inspectron, Inc. have been positive and have provided good customer service in a timely manner. Staff would recommend to retain Inspectron for the remainder of the services, such as building inspection, currently provided by this firm.

Notification:

No notification is required.

Observations/Alternatives:

Strategic Goals

As part of the 2013 City Council Strategic Goals, Staff has been analyzing expenses related to the administration of building permits, as well as the most cost effective way to deliver these services while providing continuity and stability in an efficient manner. The 2013 Strategic Plan notes a recruitment of a Building Official, a position that is currently being served by contracted services. After a full calendar year of analysis of contracting for Building Official services, it appears that recruiting a Building Official as a full-time, regular City employee remains fairly budget neutral. In addition, Staff is currently exploring ways to effectively and efficiently deliver these services.

Staff is currently exploring such things as ePermits, electronic/wireless field data entry, and streamlined/automated reporting; many of which have already been implemented.

The current rate for contracted services with Inspectron is \$50 per hour. Current service levels have required 40 hours per week of Building Official services and 20-30 hours per week of building inspection and plan review services. Specific to the Building Official function (not base inspection and plan review), it is assumed that the need is 2,000 hours of work hours required for the Building Official. The potential annual budgetary impacts are estimated at \$100,000. However, in 2012, the budgetary impact was \$91,000. Note: Due to the fact that the original contract was to provide building inspection and plan review services, and did not include providing Building Official services, it is anticipated that the contract may need to be revised to reflect the actual services provided in the future. Staff would recommend that the City remain with contract services for building inspection and plan review services on an as needed basis. Contracted services allow the City to respond better to seasonal variations in service level needs. In addition, the contracted services provide access to additional areas of expertise and review.

However, contracted services for the Building Official role presents the possibility of disruption in the continuity of delivery of services. There are two (2) options to consider for providing Building Official services, depending on the level of guaranteed coverage the City Council is comfortable in providing. Option 1 would be to hire a Building Official as a regular, full-time employee of the City. This option would appear to be the preferred option if the City Council decides 40 hours of coverage per week is necessary year round. However, Option 2 would be to continue with contracted services for the Building Official. This option would be acceptable if the City Council is comfortable in assuming that the Building Official hours could be reduced in the non-peak times, thus creating some gaps in coverage.

The City does not have full control over assignments directed by the contracted services. The contracted service could decide to re-assign its staff over time to other locations resulting in the loss of expertise and know how specific to Ramsey. As each community has slightly different processes, rates, and permit software, it is necessary to provide the individual contractor with professional development related to the City's unique features and culture. Naturally, there are direct and indirect costs involved in contractor development and staff is concerned with potential turnover.

Staff would recommend an external recruitment to hire a full-time regular Building Official. Given the current fees paid for contracted Building Official services and the City's current Building Official pay scale, the net savings to the City could be approximately \$16,000 the first year with continued savings in years 2, 3, 4, 5. Year 6 (step 6---top of the scale) would be the only year when costs would be slightly more than the contracted rate (approximately \$1,972.00 more). These calculations include salary and benefits, are based on the 2012 pay scale, and are estimates only. The current contract for services is for \$50 per hour. Since the City does not pay vacation time to the contracted employee, the maximum number of hours paid for a full-time equivalent is 2,000 hours (\$50 x 2,000 hours = \$100,000). Savings would still be realized in monitoring contracted inspection hours and using only as needed. Finally, it is anticipated that the rate may increase slightly if the City chooses to continue to contract for Building Official services, which is in addition to the original scope of the contract. The current supervision structure is proposed to remain in place, with the Development Services Manager leading the Planning Division and the Building Division.

Note: The two (2) individuals currently serving Ramsey in contracted services would not be eligible for an internal recruitment. It is important to note that the contract with Inspectron includes a 'buy-out' clause if the City chooses to hire a current employee of Inspectron within one (1) of said employee providing service to the City. Said buy-out would be 10% of the employee's first year annual salary with the City.

Alternatives

Alternative #1 - Recruit for a full-time, regular employee to serve as the Building Official. Based on the size of the City, size of the organization and department, and sustained permit levels, Staff recommends that the City recruit a full-time regular Building Official. Based on the Development Services Manager's observations over the past two (2) years, this appears to be the most efficient way for the City to deliver the services of administering the Building Code. Staff is comfortable making this recommendation, as it appears to be fairly budget neutral in the early

stages of the pay scale of the position. In terms of long-range goals for the Community Development Department, Staff recommends that this is the most logical way to deliver the services in an efficient, consistent, and quality manner.

Alternative #2 - Remain with the current contracted employee arrangement for Building Official services. For reasons already mentioned above, Staff does not recommend this alternative at this time. That being said, the current arrangement has worked in an effective manner. Staff would be comfortable in continuing this arrangement if the City Council is comfortable with the current service levels and potential for more frequent turnover in the position.

Recommendation:

Staff recommends that the City Council authorize Staff to begin a recruitment to hire a regular, full-time Building Official.

Funding Source:

The Building Official position, whether a regular, full-time employee or contracted services, is a component of the General Fund. Expenses of the Building Division are paid by Building Permit revenue collected when Building Permits are issued. Assuming revenue projections in the 2013 budget are met, the costs of the position would already be covered as part of the current Professional Services Line Item. In response to revenue projections, the base permit levels are currently exceeding those year to date in 2012.

Council Action:

Motion to recommend that the City Council authorize Staff to begin a recruitment to hire a regular, full-time Building Official.

BUILDING INSPECTION SERVICES AGREEMENT

This agreement (this "Agreement") is entered into this 22 day of January 2010 by and between Inspectron, Inc., a Minnesota corporation with its principle place of business located at 15120 Chippendale Ave., Rosemount, MN, 55068 ("Inspectron") and the City of Ramsey an incorporated Minnesota city with its principle offices located at 7550 Sunwood Dr. N.W. Ramsey MN 56043 ("City").

WHEREAS, the City has adopted the Minnesota Building code (the "Code");

WHEREAS, the City requires building inspection services to ensure compliance with the Code;

WHEREAS, the City desires to enter into an agreement for the purchase of building inspection services with Inspectron; and

WHEREAS, Inspectron desires to provide such services to the City,

NOW THEREFORE, upon adequate consideration, the receipt and sufficiency of which is acknowledged, the parties hereto agree as follows:

1. **Inspection services.** During the term of this agreement, Inspectron agrees to perform inspection services as outlined in the proposal dated November 13, 2009 (attached hereto as Exhibit A).
2. **Condition of Inspection Services.**
 - a) City agrees to provide Inspectron with access to pertinent information, records, systems and data, as determined necessary in the discretion of Inspectron. The city shall provide all required forms. Inspectron shall assist in the responsibilities of administration and enforcement of the City's zoning ordinance by reviewing, as directed by the city, certain building permits for final zoning approval and land use. City shall hold Inspectron harmless and indemnify Inspectron from any and all claims that arise or may arise from zoning, land use, ordinances or incomplete or incorrect information on the permit application, except in the case of gross negligence by Inspectron. Such indemnification and hold harmless shall specifically include damages, claims costs and reasonable attorney fees.
 - b) Inspectron shall perform the services under this Agreement at such location and at such times as Inspectron deems appropriate while providing the coverage requested by the City.
 - c) Inspectron shall provide all tools, and communication devices it deems necessary to carry out the field services of this Agreement. The City shall provide an inspection vehicle and appropriate desk space for use by Inspectron employees for plan review, in the event plan review services are requested by the City.

- d) All employees of Inspectron performing services hereunder shall be certified State of Minnesota building inspectors.
- e) Inspectron agrees to proceed diligently and in accordance with its usual course and manner of business in providing the services requested by the city herein. Inspectron may at its discretion retain subcontractors in the performance of this agreement. Inspectron shall notify the City in the event a sub-contractor will be used. Inspectron is contractually responsible for all service provided including any subcontracted labor. Inspectron agrees to perform additional services, to which the parties agree during the term of this contract under the terms and conditions of this agreement.

3. **Term of Agreement.** This Agreement is effective commencing January 25, 2010 and shall consist of a period of six months of service. This Agreement may be automatically extended upon such terms and conditions as contained herein.

4. **Non-exclusive Agreement.** Inspectron acknowledges that the City is not granting it by this Agreement, the exclusive right to perform all of the City's commercial and residential building inspections and or plan reviews. The services performed by Inspectron shall be only those specifically directed by the City's Building Official.

5. **Payment.** In consideration of such consulting work, the City agrees to pay to Inspectron under the following schedule:

- a). Commercial and Residential inspections performed by qualified employees: \$50 hour
- b) Commercial and Residential Plan Review performed by qualified employees: \$50 hour

Hourly charges are inclusive of equipment charges, communication charges and overhead.

Work will be billed on a monthly basis and shall be due and payable upon receipt of such billing. The City upon receipt of such billing shall pay within 30 days.

Payments more than 30 days delinquent shall accrue a 1.5 percent monthly finance charge.

6. Notwithstanding the Agreement terms outlined in the November 13, 2009 "Proposal to the City of Ramsey", the City does not by this Agreement, contract with Inspectron for a minimum number of hours per week. The number of hours required of Inspectron shall be at the sole discretion of the City.

7. **Confidentiality.** Subject to compliance by the City with the State of Minnesota data practices laws, the City agrees that it will not reveal divulge or make known to any person, firm, or corporation any secret or confidential information during or after the term of this agreement. Confidential information shall be defined as knowledge, systems,

practices or other information submitted in writing or other tangible form designated as confidential by Inspectron. The City shall use such confidential information for the limited purposes of this agreement.

8. **No Employment Relationship.** Nothing in this Agreement shall be construed to create an employment, partnership, joint venture, license or agency relationship between the parties hereto and neither party shall have the right or authority to bind the other. For purposes of this Agreement, Inspectron shall be deemed an independent contractor. Inspectron's employees shall not be entitled to any employment benefits customarily given to City employees.

9. **Inspectron Employees.** The City agrees that it will not hire any of Inspectron's employees, who have provided services under this agreement, during the term of this contract or for a period of one year after the expiration or termination of this agreement, without the express written consent of Inspectron. In the event the City hires such Inspectron employee(s) (with or without express written consent of Inspectron); the City shall notify Inspectron and pay a fee of ten (10%) percent of the employee's 1st year annual salary with the City. Such payment shall be due upon the commencement of employment with the City.

10. **Termination.** This Agreement may be terminated by either party without cause upon forty-five (45) days written notice. Such termination shall not affect the rights and obligations of the parties accrued prior to the termination date or rights under paragraphs 3 and 4 above.

11. **Assignability.** This Agreement is not assignable by either party without the prior written consent of the non-assigning party.

12. **Law.** This Agreement shall be governed by the law of the State of Minnesota. The parties agree that the venue of any legal action arising under this Agreement shall be Anoka County, Minnesota. The parties further agree that in the event either party brings an action against the other to enforce any condition or covenant of this Agreement the prevailing party shall be entitled to recover its court costs and reasonable attorney fees in the judgment rendered in such action.

13. **Severability.** If any provision of this Agreement shall be held by any court of competent jurisdiction to be illegal, invalid or unenforceable, such provision shall be construed and enforced as if it had been more narrowly drawn so as to be legal, valid or enforceable. Such illegality, invalidity or unenforceability shall not have effect upon or impair the enforceability of any other provision of this Agreement.

14. **Indemnification.** Any and all claims that arise or may arise against Inspectron, its agents, servants or employees as a consequence of any act or omission on the part of Inspectron or its agents, servants, or employees while engaged in the performance of this Agreement shall in no way be the obligation or responsibility of the City. Inspectron shall indemnify, hold harmless and defend the City, its officers and employees against any and all liability, loss, costs, damages, expenses, claims or actions, including

attorney's fees which the City, its officers or employees may hereafter sustain, incur or be required to pay, arising out of or by reason of any act or omission of Inspectron, its agents, servants or employees, in the execution, performance, or failure to adequately perform Inspectron's obligations pursuant to this Agreement.

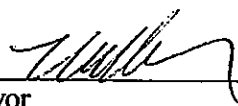

Inspectron shall further indemnify the City against all liability and loss in connection with, and shall assume full responsibility for, payment of all federal, state and local taxes or contributions imposed or required under employment insurance, social security and income tax laws, with respect to Inspectron employees engaged in performance of this Agreement.

15. Entire Agreement. This Agreement constitutes the entire agreement between the parties. This Agreement may be amended only by written agreement of both the City and Inspectron.

IN WITNESS WHEREOF, the parties hereto have executed this agreement on the day and year first written above.

INSPECTRON INC.

**Proposal for Building Inspection and Related Services for
City of Ramsey**

**Attention:
Mick Kaehler, Building Official
7550 Sunwood Drive NW
Ramsey, MN 55303**

November 13, 2009

Proposal to City of Ramsey MN

Scope of Services

Inspectron, Inc. proposes to provide part time building inspection and related services to the City of Ramsey. This service is intended to include inspecting properties and enforcing the Minnesota State Building Code under the direction of the City Building Official. This service will be provided for both residential and commercial projects.

Building Inspection

Inspectron Inc. will inspect properties and enforce the Minnesota State Building Code under the direction of the City Building Official.

Plumbing Code

Inspectron Inc. will provide enforcement and administration of the Minnesota State Plumbing Code and plumbing plan review services.

Rental Housing Inspection

Inspectron Inc. will be responsible for inspecting and enforcing the City's Rental Housing Ordinance, including but not limited to inspecting rental housing for license renewal, responding to complaint inspections and performing administrative tasks associated with the enforcement of the Rental Housing Ordinance.

Additional Duties:

Work regarding the above referenced codes and ordinances involves responsibility for plan review, scheduling, and inspection of residential and commercial buildings and other structures in regard to conformity with code requirements and technical standards, any administrative work in support of those duties assigned herein and enforcement. Work also involves determining building permit valuations for inspected construction projects and providing the City with Code revisions that are either desirable or required. These duties also include complaint investigations, hazardous building inspections and assistance with the prosecution of building code and hazardous building violations.

Other Services

Inspectron Inc. is also willing and able to provide the following services at the request of the City:

On-site Sewage Disposal Systems

Inspectron Inc. will provide On-site Sewage Disposal System review and inspections with its staff of MPCA certified inspectors. This would include review of new system designs, inspection of new and replacement installations and compliance inspections as necessary. All system installations will be documented with a record as built form.

Zoning Enforcement Scope of Services

At the request of the City, Inspectron Inc. will also enforce junk and other public nuisance complaints through thorough investigation, notification and assistance to the City Attorney with prosecution as necessary. Inspectron will provide fair and consistent nuisance enforcement that will include written inspection reports and necessary correspondence to the violator. Violation citations will be issued for all non-responsive, uncooperative violators.

Terms

Inspectron will have personnel available as needed 15-20 hours per week to cover the inspection services outlined in the Scope of Services. This schedule can be increased as necessary to meet the needs of the City.

Inspectron, Inc. will provide effective, efficient and expedient service by utilizing its team of inspectors and plan review staff for inspections and plan reviews. A designated inspector will be assigned but the full staff of Inspectron Inc. will be available. Ron Wasmund will serve as the Project Manager.

Inspectron, Inc. will provide the services listed in the Scope of Services at the hourly rate of \$50.00/per hour. Services will be billed to the City on a monthly basis.

Inspectron, Inc. will provide the services listed in the Onsite Sewage Disposal Systems Scope of Work at the hourly rate of \$50.00/per hour. Services will be billed to the City on a monthly basis.

Inspectron, Inc. will provide the services listed in the Zoning Enforcement Scope of Services at the hourly rate of \$65.00/per hour and will be added to the monthly invoice.

All communication, tools and insurance costs will be the direct responsibility of Inspectron, Inc. A Certificate of Insurance indicating all required insurance will be provided upon execution of a service agreement.

Inspections requested outside of normal business hours, M-F 8:00 a.m. to 4:30 p.m. will be billed \$75.00 per hour. A 1-hour minimum will apply.

Statement of Understanding

We/I have read the City's Request for Proposal (RFP) for part-time consulting services and fully understand its intent. We/I certify that we have adequate personnel, equipment and facilities to provide the City's requested services. We/I have thoroughly examined the RFP requirements, and our proposed fees cover all the services that we have indicated we can provide.

Respectfully Submitted,

Ron Wasmund
President
Inspectron Inc.

MINNESOTA RULES, CHAPTER 1300

ADMINISTRATION OF THE STATE BUILDING CODE

1300.0010 ADMINISTRATION.

This chapter provides administrative provisions for all Minnesota State Building Code rule chapters identified in part 1300.0050. If specific administrative provisions are provided in a statute or rule chapter, the specific administrative provisions apply.

Chapter 1315 shall be administered according to chapter 3800, and the Minnesota Electrical Act, Minnesota Statutes, sections 326.01, and 326.241 to 326.248. Provisions of this chapter that do not conflict with the Minnesota Electrical Act also apply.

1300.0020 TITLE.

The chapters listed in part 1300.0050, including the standards they adopt by reference, are the Minnesota State Building Code and may be cited as or referred to as the "code."

1300.0030 PURPOSE AND APPLICATION.

Subpart 1. **Purpose.** The purpose of this code is to establish minimum requirements to safeguard the public health, safety, and general welfare through structural strength, means of egress facilities, stability, sanitation, adequate light and ventilation, energy conservation, and safety to life and property from fire and other hazards attributed to the built environment and to provide safety to fire fighters and emergency responders during emergency operations.

The purpose of the code is not to create, establish, or designate a particular class or group of persons who will or should be especially protected or benefited by the terms of the code.

Subp. 2. **Application.**

A. The code applies statewide except as provided in Minnesota Statutes, sections 16B.72 and 16B.73, and supersedes the building code of any municipality. The code does not apply to agricultural buildings except with respect to state inspections required or rulemaking authorized by Minnesota Statutes, sections 103F.141, subdivision 8, and 326.2441.

B. The codes and standards referenced in a rule chapter are considered part of the requirements of the code to the prescribed extent of each reference. If differences occur between provisions of the code and referenced codes and standards, the provisions of the code apply.

C. In the event that a new edition of the code is adopted after a permit has been issued, the edition of the code current at the time of permit application shall remain in effect throughout the work authorized by the permit.

1300.0040 SCOPE.

The code applies to the construction, alteration, moving, demolition, repair, and use of any building, structure, or building service equipment in a municipality, except work located primarily in a public way, public utility towers and poles, mechanical equipment not specifically regulated in the code, and hydraulic flood control structures. Structures classified under part 1300.0070, subpart 12a, as IRC 1, IRC 2, IRC 3, and IRC 4 occupancies not more than three stories above grade plane in height with separate means of egress shall comply with chapter 1309 and other applicable rules. Other buildings and structures and appurtenances connected or attached to them shall comply with chapter 1305 and other applicable rules.

Exception: The following structures that meet the scope of chapter 1305 shall be

designed to comply with Minnesota Rules, chapter 1311:

- (1) existing buildings undergoing repair, alteration, or change of occupancy; and
- (2) historic buildings.

If different provisions of the code specify different materials, methods of construction, or other requirements, the most restrictive provision governs. If there is a conflict between a general requirement and a specific requirement, the specific requirement applies.

If reference is made in the code to an appendix, the provisions in the appendix do not apply unless specifically adopted by the code. Optional appendix chapters of the code identified in part 1300.0060 do not apply unless a municipality has specifically adopted them.

1300.0050 CHAPTERS OF MINNESOTA STATE BUILDING CODE.

The Minnesota State Building Code adopted under Minnesota Statutes, section 16B.61, subdivision 1, includes the following chapters:

- A. 1300, Minnesota Building Code Administration;
- B. 1301, Building Official Certification;
- C. 1302, State Building Code Construction Approvals;
- D. 1303, Special Provisions;
- E. 1305, Adoption of the International Building Code;
- F. 1306, Special Fire Protection Systems;
- G. 1307, Elevators and Related Devices;
- H. 1309, Adoption of the International Residential Code;
- I. 1311, Minnesota Conservation Code for Existing Buildings;
- J. 1315, Adoption of the National Electrical Code;
- K. 1325, Solar Energy Systems;

- L. 1335, Floodproofing Regulations;
- M. 1341, Minnesota Accessibility Code;
- N. 1346, Minnesota Mechanical Code;
- O. 1350, Manufactured Homes;
- P. 1360, Prefabricated Structures;
- Q. 1361, Industrialized/Modular Buildings;
- R. 1370, Storm Shelters (Manufactured Home Parks);
- S. 4715, Minnesota Plumbing Code; and
- T. 7670, 7672, 7674, 7676, and 7678, Minnesota Energy Code.

1300.0060 OPTIONAL ADMINISTRATION.

The following chapters of the code are not mandatory but may be adopted without change by a municipality which has adopted the code:

- A. chapter 1306, Special Fire Protection Systems;
- B. grading, IBC appendix chapter J; and
- C. chapter 1335, Floodproofing Regulations, parts 1335.0600 to 1335.1200.

1300.0070 DEFINITIONS.

Subpart 1. **Scope; incorporation by reference.** The definitions in this part apply to parts 1300.0010 to 1300.0250. For terms that are not defined through the methods authorized by this chapter, the Merriam-Webster Collegiate Dictionary, available at www.m-w.com, shall be considered as providing ordinarily accepted meanings. The dictionary is incorporated by reference, is subject to frequent change, and is available through the Minitex interlibrary loan system.

Subp. 2. **Administrative authority.** "Administrative authority" means a municipality's governing body or its assigned administrative authority.

Subp. 3. **Adult day care center.** "Adult day care center" means a facility that provides adult day care to functionally impaired adults on a regular basis for periods of less than 24 hours a day in a setting other than a participant's home or the residence of the facility operator.

A. "Class E" means any building or portion of a building used for adult day care purposes, by more than five occupants, for those participants who are capable of taking appropriate action for self-preservation under emergency conditions as determined according to part 9555.9730, and must meet Group E occupancy requirements.

B. "Class I" means any building or portion of a building used for adult day care purposes, by more than five occupants, for those participants who are not capable of taking appropriate action for self-preservation under emergency conditions as determined according to part 9555.9730, and must meet Group I, Division 4 occupancy requirements.

Subp. 4. **Agricultural building.** "Agricultural building" means a building that meets the requirements of Minnesota Statutes, section 16B.60, subdivision 5.

Subp. 5. **Building official.** "Building official" means the municipal building code official certified under Minnesota Statutes, section 16B.65, subdivisions 2 and 3.

Subp. 6. **Building service equipment.** "Building service equipment" refers to the plumbing, mechanical, electrical, and elevator equipment, including piping, wiring, fixtures, and other accessories, that provides sanitation, lighting, heating, ventilation, cooling, refrigeration, firefighting, and transportation facilities essential to the occupancy of the building or structure for its designated use and occupancy.

Subp. 7. **City.** "City" means a home rule charter or statutory city.

Subp. 8. **Code.** "Code" means the Minnesota State Building Code adopted under Minnesota Statutes, section 16B.61, subdivision 1, and includes the chapters identified in part 1300.0020.

Subp. 9. **Commissioner.** "Commissioner" means the commissioner of administration.

Subp. 10. **Designate.** "Designate" means the formal designation by a municipality's administrative authority of a certified building official accepting responsibility for code administration.

Subp. 10a. **Family adult day services.** "Family adult day services" means a program providing services for up to eight functionally impaired adults for less than 24 hours per day in the license holder's primary residence according to Minnesota Statutes, section 245A.143. This includes programs located in residences licensed by the Department of Human Services for adult foster care, provided that not more than eight adults, excluding staff, are present in the residence at any time.

Subp. 11. **Family day care home.** "Family day care home" means a residence or portion of a residence licensed by the Department of Human Services under chapter 9502 for no more than ten children at one time of which no more than six are under school age, and must meet Group R, Division 3 occupancy requirements.

Subp. 12. **Group day care home.** "Group day care home" means any residence or portion of a residence licensed by the Department of Human Services under chapter 9502 for no more than 14 children at any one time, and must meet Group R, Division 3 occupancy requirements.

Subp. 12a. **International residential code (IRC) occupancy classifications.** International residential code (IRC) occupancy classifications are as follows:

IRC 1 single family dwellings;

- IRC 2 two family dwellings;
- IRC 3 townhouses; and
- IRC 4 accessory structures:
 - A. garages;
 - B. storage sheds; and
 - C. similar structures.

Subp. 13. **Mandatory terms.** "Mandatory terms" include "must" and "shall," which have the same meaning.

Subp. 14. **Manufactured home.** "Manufactured home" has the meaning given in Minnesota Statutes, section 327.31, subdivision 3, and for the purpose of determining occupancy separations, is considered a Group IRC 1 occupancy.

Subp. 15. **Master plan.** "Master plan" is a plan that has been reviewed for code compliance by the building official and stamped "Reviewed for Code Compliance."

Subp. 16. **Mayor and city council.** "Mayor" and "city council" mean governing body whenever they appear in the code.

Subp. 17. **Municipality.** "Municipality" means a city, county, or town; the University of Minnesota; or the state of Minnesota for public buildings and state licensed facilities.

Subp. 18. **Outpatient clinic.** "Outpatient clinic" means a building or part of a building used to provide, on an outpatient basis, surgical treatment requiring general anesthesia, kidney dialysis, or other treatment that would render patients incapable of unassisted self-preservation under emergency conditions. "Outpatient clinic" includes outpatient surgical centers, but does not include doctors' and dentists' offices or clinics for the practice of medicine or the delivery of primary care. Outpatient clinics must meet Group B occupancy requirements.

Subp. 19. **Performance-based design.** An engineering approach to design elements of a building based on agreed upon performance goals and objectives, engineering analysis, and quantitative

assessment of alternatives against the design goals and objectives, using accepted engineering tools, methodologies, and performance criteria.

Subp. 20. **Recyclable materials.** "Recyclable materials" means materials that are separated from mixed municipal solid waste for the purpose of recycling, including paper, glass, plastic, metals, automobile oil, and batteries. Refuse-derived fuel or other material that is destroyed by incineration is not a recyclable material.

Subp. 21. **Recycling.** "Recycling" means the process of collecting and preparing recyclable materials and reusing the materials in their original form or using them in manufacturing processes that do not cause the destruction of recyclable materials in a manner that precludes further use.

Subp. 22. **Residential hospice facility.** "Residential hospice facility" means a facility located in a residential area that directly provides 24 hour residential and support services in a home like setting for one to 12 persons who have been diagnosed as terminally ill with a probable life expectancy of under one year. A residential hospice facility must meet IBC Group R 4 occupancy requirements.

Subp. 23. **Supervised living facility.** "Supervised living facility" means a facility in which there is provided supervision, lodging, meals, and according to the rules of the Minnesota Department of Human Services and the Minnesota Department of Health, counseling and developmental habilitative or rehabilitative services to persons who are mentally retarded, chemically dependent, adult mentally ill, or physically disabled.

A. "Class A-1 supervised living facility" means a supervised living facility for ambulatory and mobile persons who are capable of taking appropriate action for self-preservation under emergency conditions as determined by program licensure provisions

for six or fewer persons, and must meet Group R, Division 3 occupancy requirements.

B. "Class A-2 supervised living facility" means a supervised living facility for ambulatory and mobile persons who are capable of taking appropriate action for self-preservation under emergency conditions as determined by program licensure provisions for seven to 16 persons, and must meet Group R, Division 4 occupancy requirements. Facilities with more than 16 persons must meet Group I-1 occupancy requirements.

C. "Class B-1 supervised living facility" means a supervised living facility for ambulatory, nonambulatory, mobile, or nonmobile persons who are not mentally or physically capable of taking appropriate action for self-preservation under emergency conditions as determined by program licensure provisions for six or fewer persons, and must meet Group R, Division 3 occupancy requirements.

D. "Class B-2 supervised living facility" means a supervised living facility for ambulatory, nonambulatory, mobile, or nonmobile persons who are not mentally or physically capable of taking appropriate action for self-preservation under emergency conditions as determined by program licensure provisions for seven to 16 persons, and must meet Group R, Division 4 occupancy requirements.

E. "Class B-3 supervised living facility" means a supervised living facility for ambulatory, nonambulatory, mobile, or nonmobile persons who are not mentally or physically capable of taking appropriate action for self-preservation under emergency conditions as determined by program licensure provisions for over 16 persons, and must meet Group I, Division 2 occupancy requirements.

Subp. 24. **State building official.** "State building official" means the person who,

under the direction and supervision of the commissioner, administers the code.

Subp. 25. **State licensed facilities.** "State licensed facilities" means a building and its grounds that are licensed by the state as a hospital, nursing home, supervised living facility, free-standing outpatient surgical center, or correctional facility.

Subp. 26. **State-owned buildings.** "State-owned buildings" means buildings and structures financed in whole or in part by state funds that are under the exclusive jurisdiction and custodial control of one or more state department or agency.

1300.0080 CODE ADOPTION AND AMENDMENTS.

Under Minnesota Statutes, section 16B.61, the code is adopted and periodically updated to include current editions of national model codes in general use and existing statewide specialty codes and their amendments.

Under Minnesota Statutes, section 16B.64, subdivisions 5 and 6, amendments to the code may be proposed and initiated by any interested person. Proposed amendments must be submitted in writing on a form provided by the commissioner.

1300.0090 DEPARTMENT OF BUILDING SAFETY.

Subpart 1. **Creation of enforcement agency.** There is hereby established in the municipality a code enforcement agency and the official in charge is the designated building official. The agency is referred to in the code as the "Department of Building Safety."

Subp. 2. **Appointment.** The building official shall be designated by the municipality according to Minnesota Statutes, section 16B.65.

1300.0100 [Repealed, 19 SR 1340]

1300.0110 DUTIES AND POWERS OF BUILDING OFFICIAL.

Subpart 1. **General.** The building official shall enforce the code. The building official may render interpretations of the code and adopt policies and procedures in order to clarify its application. The interpretations, policies, and procedures shall be in conformance with the intent and purpose of the code. The policies and procedures shall not have the effect of waiving requirements specifically provided for in the code.

Subp. 2. **Deputies.** According to the prescribed procedures of the municipality and with the concurrence of the appointing authority, the building official may designate a deputy building official and related technical officers, inspectors, plan examiners, and other employees. The employees have the powers delegated by the building official.

Subp. 3. **Applications and permits.** The building official shall receive applications, review construction documents, and issue permits for the erection, alteration, demolition, moving, and repair of buildings and structures, including all other equipment and systems regulated by the code. The building official shall inspect the premises for which the permits have been issued and enforce compliance with the code.

Subp. 4. **Notices and orders.** The building official shall issue all necessary notices and orders to ensure compliance with the code. Notices and orders shall be in writing unless waived by the permit applicant, contractor, owner, or owner's agent. Notices and orders shall be based on the edition of the code under which the permit has been issued.

Subp. 5. **Inspections.** The building official shall make all of the required inspections or accept reports of inspection by approved agencies or individuals. Results of inspections shall be documented on the job site inspection card and in the official records of the municipality, including type of

inspection, date of inspection, identification of the responsible individual making the inspection, and comments regarding approval or disapproval of the inspection. The building official may engage expert opinion necessary to report upon unusual technical issues that arise.

Subp. 6. **Identification.** The building official and deputies shall carry proper identification when inspecting structures or premises in the performance of duties under the code.

Subp. 7. **Right of entry.** If it is necessary to make an inspection to enforce the code or if the building official has reasonable cause to believe that there exists in a structure or upon a premises a condition contrary to or in violation of the code that makes the structure or premises unsafe, dangerous, or hazardous, the building official or designee may enter the structure or premises at reasonable times to inspect or to perform the duties imposed by the code, provided that if the structure or premises is occupied, credentials must be presented to the occupant and entry requested. If the structure or premises is unoccupied, the building official shall first make a reasonable effort to locate the owner or other person having charge or control of the structure or premises and request entry. If entry is refused, the building official shall have recourse to the remedies provided by law to secure entry.

Subp. 8. **Department records.** The building official shall be responsible for official records of applications received, plans, specifications, surveys, plot plans, plan reviews, permits and certificates issued, reports of inspections, and notices and orders issued. The records shall be retained for the period required for the retention of public records under Minnesota Statutes, section 138.17. Department records shall be maintained by the municipality and readily available for review according to Minnesota Statutes, section 13.37.

Subp. 9. **Liability.** The building official, member of the Board of Appeals, or employee charged with the enforcement of the code, while acting for the jurisdiction in good faith and without malice in the discharge of the duties required by the code or other pertinent laws or ordinances, is not rendered personally liable and is relieved from personal liability for any damage accruing to persons or property as a result of any act or by reason of an act or omission in the discharge of official duties. Any suit instituted against an officer or employee because of an act performed by that officer or employee in the lawful discharge of duties and under the code shall be defended by the legal representative of the jurisdiction until the final termination of the proceedings. The building official or any subordinate is not liable for cost in any action, suit, or proceeding that is instituted in pursuance of the code.

Subp. 10. **Approved materials and equipment.** Materials, equipment, and devices approved by the building official shall be constructed and installed in the approved manner.

Subp. 11. **Used material and equipment.** The use of used materials that meet the requirements of the code for new materials is permitted. Used equipment and devices shall not be reused unless approved by the building official.

Subp. 12. **Modifications.** If there are practical difficulties involved in carrying out the provisions of the code, the building official may grant modifications for individual cases, upon application by the owner or owner's representative, provided the building official finds that special individual reason makes the strict letter of the code impractical, the modification is in compliance with the intent and purpose of the code, and the modification does not lessen health, life, and fire safety or structural requirements. The details of action granting modifications

shall be recorded and entered in the files of the Department of Building Safety.

Subp. 13. **Alternative materials, design, and methods of construction and equipment.** The code is not intended to prevent the installation of any material or to prohibit any design or method of construction not specifically prescribed by the code, provided that any alternative has been approved. An alternative material, design, or method of construction shall be approved where the building official finds that the proposed design is satisfactory and complies with the intent of the code, and that the material, method, or work offered is, for the purpose intended, at least the equivalent of that prescribed in the code in quality, strength, effectiveness, fire resistance, durability, and safety. The details of any action granting approval of an alternate shall be recorded and entered in the files of the Department of Building Safety.

Subp. 14. **Performance-based fire and life safety design.** The code official may approve performance-based fire and life safety designs if the code official finds that the proposed design has been conducted by an approved method. Approved performance-based designs are evidence of compliance with the intent of the code. Approvals under this subpart are subject to the approval of the building code official whenever the design involves matters regulated by the building code.

A. Design goals, objectives, and performance criteria shall be approved by the code official before submission of a performance-based design report, calculations, or analysis results. As a minimum, an approved performance-based design shall address the following objectives:

- (1) life safety of occupants;
- (2) firefighter safety;
- (3) property protection;

- (4) continuity of operations; and
- (5) safeguarding of the environment.

B. To determine the acceptability of a performance-based design, the code official may require the owner or agent to provide, without charge to the jurisdiction, a technical opinion and report. The code official may require the technical opinion and report to be prepared by, and bear the stamp of, a licensed design professional.

C. Performance-based designs shall be prepared by, and bear the stamp of, a licensed design professional competent in the area of work. The design professional shall provide written confirmation to the code official before a certificate of occupancy is issued that the performance-based design has been properly implemented, the operation or use of the building is within the limitations of the design, and adequate controls are in place to maintain compliance with the conditions of the design throughout the life of the building.

Subp. 15. **Tests.** If there is insufficient evidence of compliance with the code, or evidence that a material or method does not conform to the requirements of the code, or in order to substantiate claims for alternative materials or methods, the building official shall have the authority to require tests as evidence of compliance to be made at no expense to the municipality. Test methods shall be as specified in the code or by other recognized test standards. In the absence of recognized and accepted test methods, the building official shall approve the testing procedures. Tests shall be performed by an approved agency. Reports of the tests shall be retained by the building official.

1300.0120 PERMITS.

Subpart 1. **Required.** An owner or authorized agent who intends to construct, enlarge, alter, repair, move, demolish, or change the occupancy of a building or structure, or to erect, install, enlarge, alter, repair, remove, convert, or replace any gas,

mechanical, electrical, plumbing system, or other equipment, the installation of which is regulated by the code; or cause any such work to be done, shall first make application to the building official and obtain the required permit.

Subp. 2. **Annual permit.** In lieu of an individual permit for each alteration to an already approved electrical, gas, mechanical, or plumbing installation, the building official may issue an annual permit upon application for the permit to any person, firm, or corporation regularly employing one or more qualified trade persons in the building, structure, or on the premises owned or operated by the applicant for the permit.

Subp. 3. **Annual permit records.** The person to whom an annual permit is issued shall keep a detailed record of alterations made under the annual permit. The building official shall have access to the records at all times or the records shall be filed with the building official as designated.

Subp. 4. **Work exempt from permit.** Exemptions from permit requirements of the code do not authorize work to be done in any manner in violation of the code or any other laws or ordinances of this jurisdiction. Permits shall not be required for the following:

A. Building:

(1) one-story detached accessory structures, used as tool and storage sheds, playhouses, and similar uses, provided the floor area does not exceed 120 square feet (11.15 mm²);

(2) fences not over six feet (1,829 mm) high;

(3) oil derricks;

(4) retaining walls that are not over four feet (1,219 mm) in height measured from the bottom of the footing to the top of the wall, unless supporting a surcharge or impounding Class I, II, or III-A liquids;

(5) water tanks supported directly upon grade if the capacity does not exceed 5,000 gallons (18,927 L) and the ratio of height to diameter or width does not exceed 2 to 1;

(6) sidewalks and driveways that are not part of an accessible route;

(7) decks and platforms not more than 30 inches (762 mm) above adjacent grade and not attached to a structure with frost footings and which is not part of an accessible route;

(8) painting, papering, tiling, carpeting, cabinets, countertops, and similar finish work;

(9) temporary motion picture, television, and theater stage sets and scenery;

(10) prefabricated swimming pools installed entirely above ground accessory to dwelling units constructed to the provisions of the International Residential Code or R 3 occupancies constructed to the provisions of the International Building Code, which do not exceed both 5,000 gallons in capacity (18,925 L) and a 24 inch (610 mm) depth;

(11) window awnings supported by an exterior wall that do not project more than 54 inches (1,372 mm) from the exterior wall and do not require additional support, when constructed under the International Residential Code or Group R 3 and Group U occupancies constructed to the provisions of the International Building Code;

(12) movable cases, counters, and partitions not over five feet, nine inches (1,753 mm) in height;

(13) agricultural buildings as defined in Minnesota Statutes, section 16B.60, subdivision 5; and

(14) swings and other playground equipment.

Unless otherwise exempted, plumbing, electrical, and mechanical permits are required for subitems (1) to (14).

B. Gas:

(1) portable heating, cooking, or clothes drying appliances;

(2) replacement of any minor part that does not alter approval of equipment or make the equipment unsafe; and

(3) portable fuel cell appliances that are not connected to a fixed piping system and are interconnected to a power grid.

C. Mechanical:

(1) portable heating appliances;

(2) portable ventilation appliances and equipment;

(3) portable cooling units;

(4) steam, hot, or chilled water piping within any heating or cooling equipment regulated by this code;

(5) replacement of any part that does not alter approval of equipment or make the equipment unsafe;

(6) portable evaporative coolers;

(7) self contained refrigeration systems containing ten pounds (4.5 kg) or less of refrigerant or that are actuated by motors of one horsepower (0.75 kW) or less; and

(8) portable fuel cell appliances that are not connected to a fixed piping system and are not interconnected to a power grid.

D. Plumbing: See chapter 4715 for plumbing work that is exempt from a permit.

E. Electrical: an electrical permit is not required if work is inspected by the State Board of Electricity or is exempt from inspection under Minnesota Statutes, section 326.244. Obtaining a permit from the Board of Electricity does not exempt the work from other Minnesota State Building Code requirements relating to electrical equipment, its location, or its performance.

Subp. 5. **Emergency repairs.** If equipment replacements and repairs must be

performed in an emergency situation, the permit application shall be submitted to the building official within the next working business day.

Subp. 6. **Repairs.** Application or notice to the building official is not required for ordinary repairs to structures. The repairs shall not include the cutting away of any wall, partition, or portion of a wall or partition, the removal or cutting of any structural beam or load bearing support, or the removal or change of any required means of egress, or rearrangement of parts of a structure affecting the egress requirements; nor shall ordinary repairs include addition to, alteration of, replacement, or relocation of any standpipe, water supply, sewer, drainage, drain leader, gas, soil, waste, vent or similar piping, electric wiring, or mechanical or other work affecting public health or general safety.

Subp. 7. **Application for permit.** To obtain a permit, the applicant shall file an application in writing on a form furnished by the Department of Building Safety for that purpose. The application shall:

A. identify and describe the work to be covered by the permit for which application is made;

B. describe the land on which the proposed work is to be done by legal description, street address, or similar description that will readily identify and definitely locate the proposed building or work;

C. indicate the use and occupancy for which the proposed work is intended;

D. indicate the type of construction;

E. be accompanied by construction documents and other information as required by the code;

F. state the valuation of the proposed work;

G. be signed by the applicant, or the applicant's authorized agent; and

H. give other data and information required by the building official.

Subp. 8. **Action on application.** The building official shall examine or cause to be examined applications for permits and amendments within a reasonable time after filing. If the application or the construction documents do not conform to the requirements of pertinent laws, the building official shall reject the application and notify the applicant of the reasons. The building official shall document the reasons for rejecting the application. The applicant may request written documentation of the rejection and the reasons for the rejection. When the building official is satisfied that the proposed work conforms to the requirements of the code and applicable laws and ordinances, the building official shall issue a permit.

Subp. 9. **Time limitation of application.** An application for a permit for any proposed work shall be considered abandoned 180 days after the date of filing, unless the application has been pursued in good faith or a permit has been issued; except that the building official is authorized to grant one or more extensions of time for additional periods not exceeding 180 days each. The extension shall be requested in writing and justifiable cause demonstrated.

Subp. 10. **Validity of permit.** The issuance or granting of a permit or approval of plans, specifications, and computations, shall not be construed to be a permit for any violation of the code or of any other ordinance of the jurisdiction. Permits presuming to give authority to violate or cancel the provisions of the code or other ordinances of the jurisdiction are not valid. The issuance of a permit based on construction documents and other data shall not prevent the building official from requiring the correction of errors in the construction documents and other data. The building official may also prevent occupancy

or use of a structure that violates the code or any other ordinance of this jurisdiction.

Subp. 11. **Expiration.** Every permit issued shall become invalid unless the work authorized by the permit is commenced within 180 days after its issuance, or if the work authorized by the permit is suspended or abandoned for a period of 180 days after the time the work is commenced. The building official may grant, in writing, one or more extensions of time, for periods not more than 180 days each. The extension shall be requested in writing and justifiable cause demonstrated.

Subp. 12. **Suspension or revocation.** The building official may suspend or revoke a permit issued under the code if the permit is issued in error; on the basis of incorrect, inaccurate, or incomplete information; or in violation of any ordinance or regulation or the code.

Subp. 13. **Placement of permit.** The building permit or a copy shall be kept on the site of the work until the completion of the project.

Subp. 14. **Responsibility.** Every person who performs work for the installation or repair of building, structure, electrical, gas, mechanical, or plumbing systems, for which the code is applicable, shall comply with the code.

1300.0130 CONSTRUCTION DOCUMENTS.

Subpart 1. **Submittal documents.** Construction documents, special inspection and structural observation programs, and other data shall be submitted in one or more sets with each application for a permit.

Exception: The building official may waive the submission of construction documents and other data if the nature of the work applied for is such that reviewing of construction documents is

not necessary to obtain compliance with the code.

The building official may require plans or other data be prepared according to the rules of the Board of Architecture, Engineering, Land Surveying, Landscape Architecture, Geoscience and Interior Design, chapter 1800, and Minnesota Statutes, sections 326.02 to 326.15, and other state laws relating to plan and specification preparation by occupational licenses. If special conditions exist, the building official may require additional construction documents to be prepared by a licensed design professional.

Subp. 2. **Information on construction documents.** Construction documents shall be dimensioned and drawn upon suitable material. Electronic media documents are permitted to be submitted when approved by the building official. Construction documents shall be of sufficient clarity to indicate the location, nature, and extent of the work proposed and show in detail that it will conform to the code and relevant laws, ordinances, rules, and regulations, as determined by the building official.

Subp. 3. **Manufacturer's installation instructions.** When required by the building official, manufacturer's installation instructions for construction equipment and components regulated by the code, shall be available on the job site at the time of inspection.

Subp. 4. **Site plan.** The construction documents submitted with the application for permit shall be accompanied by a site plan drawn to scale, showing the size and location of new construction and existing structures on the site, distances from lot lines, the established street grades, and the proposed finished grades, and it shall be drawn according to an accurate boundary line survey. In the case of demolition, the site plan shall show construction to be demolished and the location and size of existing structures and construction that are to remain on the site

or plot. The building official may waive or modify the requirement for a site plan if the application for permit is for alteration or repair or when otherwise warranted.

Subp. 5. Examination of documents. The building official shall examine or cause to be examined the accompanying construction documents to ascertain whether the construction indicated and described complies with the requirements of the code and other pertinent laws and ordinances.

Subp. 6. Approval of construction documents. If the building official issues a permit, the construction documents shall be approved in writing or by a stamp, stating "Reviewed for Code Compliance," dated, and signed by the building official or an authorized representative. One set of the construction documents that were reviewed shall be retained by the building official. The other set shall be returned to the applicant, kept at the site of the work, and open to inspection by the building official or an authorized representative.

Subp. 7. Previous approvals. The code in effect at the time of application shall be applicable.

Subp. 8. Phased approval. The building official may issue a permit for the construction of foundations or any other part of a building or structure before the construction documents for the whole building or structure have been submitted, provided that adequate information and detailed statements have been filed complying with pertinent requirements of the code. The holder of the permit for the foundation or other parts of a building or structure shall proceed at the holder's own risk with the building operation and without assurance that a permit for the entire structure will be granted.

Subp. 9. Design professional in responsible charge.

A. The building official may require the owner to engage and designate on the building permit application a licensed design professional who shall act as the licensed design professional in responsible charge. If the circumstances require, the owner shall designate a substitute licensed design professional in responsible charge who shall perform the duties required of the original licensed design professional in responsible charge. The building official shall be notified in writing by the owner if the licensed design professional in responsible charge is changed or is unable to continue to perform the duties.

The licensed design professional in responsible charge shall be responsible for reviewing and coordinating submittal documents prepared by others, including phased and deferred submittal items, for compatibility with the design of the building.

When structural observation is required by the code, the inspection program shall name the individual or firms who are to perform structural observation and describe the stages of construction at which structural observation is to occur.

B. For the purposes of this part, deferred submittals are defined as those portions of the design that are not submitted at the time of the application and that are to be submitted to the building official within a specified period.

Deferral of any submittal items shall have the prior approval of the building official. The licensed design professional in responsible charge shall list the deferred submittals on the construction documents for review by the building official.

Submittal documents for deferred submittal items shall be submitted to the licensed design professional in responsible charge who shall review them and forward them to the building official with a notation indicating that the deferred submittal documents have been reviewed and that they have been found to be in general conformance

with the design of the building. The deferred submittal items shall not be installed until their design and submittal documents have been approved by the building official.

C. Work regulated by the code shall be installed according to the reviewed construction documents, and any changes made during construction that are not in compliance with the approved construction documents shall be resubmitted for approval as an amended set of construction documents.

1300.0140 VIOLATIONS.

It is unlawful for any person, firm, or corporation to erect, construct, alter, extend, repair, move, remove, demolish, or occupy any building, structure, or equipment regulated by the code, or cause any of those actions, in conflict with or in violation of the code. The building official may serve a notice of violation or order on the person responsible for the erection, construction, alteration, extension, repair, moving, removal, demolition, or occupancy of a building or structure in violation of the code, or in violation of a permit or certificate issued under the code. The order shall direct the discontinuance of the illegal action or condition and the abatement of the violation.

1300.0150 VIOLATIONS, PENALTY.

A violation of the code is a misdemeanor under Minnesota Statutes, section 16B.69.

1300.0160 FEES.

Subpart 1. **Schedule of permit fees.** The applicant for a permit for a building; structure; or electrical, gas, mechanical, or plumbing system or alterations requiring a permit shall pay the fee set forth by a fee schedule adopted by the municipality.

When submittal documents are required to be submitted by this chapter, a plan review fee shall be required. The plan review fee shall be established by the fee schedule adopted by the municipality.

Exception: The fee schedule adopted by the municipality may exempt minor work from plan review fees.

Subp. 2. **Fees commensurate with service.** Fees established by the municipality must be by legal means and must be fair, reasonable, and proportionate to the actual cost of the service for which the fee is imposed.

Subp. 3. **Building permit valuations.** The applicant for a permit shall provide an estimated permit value at time of application. Permit valuations shall include total value of all construction work, including materials and labor, for which the permit is being issued, such as electrical, gas, mechanical, plumbing equipment, and permanent systems. Building permit valuation shall be set by the building official.

Exceptions: Building permit valuations for the following structures shall be based on the valuation of on-site work only:

A. manufactured homes containing a Housing and Urban Development (HUD) certification label;

B. prefabricated buildings with a Minnesota Building Codes and Standards Division prefabrication label; and

C. industrialized/modular buildings with an Industrialized Building Commission (IBC) label.

Subp. 4. **Building permit fees.** Building permit fees shall be based on valuation.

Exceptions:

A. one- and two-family dwelling maintenance permits for roofing, siding, windows, doors, or other minor projects may be charged a fixed fee;

B. permits for plumbing, mechanical, electrical, or other building service equipment systems may be based on valuation or charged a fixed fee; and

C. replacement of a residential fixture or appliance cannot exceed the permit fee limitation established by Minnesota Statutes, section 16B.665.

Subp. 5. Plan review fees for similar plans. When submittal documents for similar plans are approved under subpart 6, plan review fees shall not exceed 25 percent of the normal building permit fee established and charged by the jurisdiction for the same structure.

Subp. 6. Plan review of similar plans.

A. Any number of similar buildings may be built from a master plan if:

(1) plan review fees have been paid for the master plan;

(2) a code change has not occurred that impacts the design of a master plan;

(3) the similar building has the same physical dimensions and structural design as the master plan;

Exception: The following modifications to the master plan are not considered to be significant modifications, according to Minnesota Statutes, section 16B.61, subdivision 1, and are permitted for dwelling units and their accessory structures built to the International Residential Code, and residential occupancies built to the International Building Code that are three stories or less in height and their accessory structures:

(a) foundation types to include walkout, lookout, and full basement;

(b) foundation materials to include poured concrete, masonry units, and wood;

(c) garage dimensions;

(d) roof design changed by a revised truss plan approved by the building official;

(e) bays or cantilevered floor areas;

(f) decks and porches; and

(g) other modifications approved by the building official;

(4) occupancy groups other than those identified in the exceptions listed in part 1300.0160, subpart 6, item A, subitem (3), must be the same type of construction and occupancy classification and must have the same exit system;

Exception: Minor changes to the exit access; and

(5) the similar plan is based on a master plan for which the municipality has issued a permit within the last 12 months.

B. Plan review fees for similar building plans must be based on the costs commensurate with the direct and indirect cost of the service, but must not exceed 25 percent of the normal building permit fee established and charged by the municipality for the same structure.

C. The plan review fee charged for similar building plans applies to all buildings regulated by the code regardless of occupancy classification including industrialized/modular buildings constructed under a program specified in Minnesota Statutes, section 16B.75.

D. The applicant must submit a new plan set and other information as required by the building official for each building reviewed as a similar building.

Subp. 7. Payment of fees. A permit shall not be issued until the fees prescribed by the municipality have been paid.

Subp. 8. Work commencing before permit issuance. If work for which a permit is required by the code has been commenced without first obtaining a permit, a special investigation shall be made before a permit may be issued for the work. An investigation fee established by the municipality shall be collected and is in addition to the required permit fees, but it may not exceed the permit fee.

Subp. 9. **Fee refunds.** The municipality shall establish a permit and plan review fee refund policy.

Subp. 10. **State surcharge fees.** All municipal permits issued for work under the code are subject to a surcharge fee. The fees are established by Minnesota Statutes, section 16B.70. Reports and remittances by municipalities must be filed with the commissioner, directed to the attention of the state building official.

Surcharge fees imposed by the state are in addition to municipal permit fees. Surcharge report forms and information may be obtained by writing the commissioner, to the attention of the state building official.

1300.0170 STOP WORK ORDER.

If the building official finds any work regulated by the code being performed in a manner contrary to the provisions of the code or in a dangerous or unsafe manner, the building official may issue a stop work order.

The stop work order shall be in writing and issued to the owner of the property involved, to the owner's agent, or to the person doing the work. Upon issuance of a stop work order, the cited work shall immediately cease. The stop work order shall state the reason for the order and the conditions under which the cited work will be permitted to resume.

1300.0180 UNSAFE BUILDINGS OR STRUCTURES.

A building or structure regulated by the code is unsafe, for purposes of this part, if it is structurally unsafe, not provided with adequate egress, a fire hazard, or otherwise dangerous to human life.

Building service equipment that is regulated by the code is unsafe, for purposes of this part, if it is a fire, electrical, or health hazard; an unsanitary condition; or otherwise dangerous to human life. Use of a building, structure, or building service equipment

constituting a hazard to safety, health, or public welfare by reason of inadequate maintenance, dilapidation, obsolescence, fire hazard, disaster, damage, or abandonment is, for the purposes of this part, an unsafe use. Parapet walls, cornices, spires, towers, tanks, statuary, and other appendages or structural members that are supported by, attached to, or a part of a building and that are in deteriorated condition or otherwise unable to sustain the design loads that are specified in the code are unsafe building appendages.

The building official may order any building or portion of a building to be vacated if continued use is dangerous to life, health, or safety of the occupants. The order shall be in writing and state the reasons for the action.

All unsafe buildings, structures, or appendages are public nuisances and must be abated by repair, rehabilitation, demolition, or removal according to Minnesota Statutes, sections 463.15 to 463.26.

1300.0190 TEMPORARY STRUCTURES AND USES.

Subpart 1. **General.** The building official may issue a permit for temporary structures and temporary uses. The permit shall be limited as to time of service, but shall not be permitted for more than 180 days. The building official may grant extensions for demonstrated cause.

Subp. 2. **Conformance.** Temporary structures and uses shall conform to the structural strength, fire safety, means of egress, accessibility, light, ventilation, and sanitary requirements of the code as necessary to ensure the public health, safety, and general welfare.

Subp. 3. **Termination of approval.** The building official may terminate the permit for a temporary structure or use and order the temporary structure or use to be discontinued if the conditions required in this part have not been complied with.

1300.0200 [Repealed, 19 SR 1340]

1300.0210 INSPECTIONS.

Subpart 1. **General.** Construction or work for which a permit is required is subject to inspection by the building official and the construction or work shall remain accessible and exposed for inspection purposes until approved. Approval as a result of an inspection is not approval of a violation of the code or of other ordinances of the jurisdiction. Inspections presuming to give authority to violate or cancel the provisions of the code or of other ordinances of the jurisdiction are not valid. It shall be the duty of the permit applicant to cause the work to remain accessible and exposed for inspection purposes. Neither the building official nor the jurisdiction is liable for expense entailed in the removal or replacement of any material required to allow inspection.

Subp. 2. **Preliminary inspection.** Before issuing a permit, the building official may examine, or cause to be examined, buildings, structures, and sites for which an application has been filed.

Subp. 3. **Inspection record card.** The building official shall identify which inspections are required for the work requiring a permit. Work requiring a permit shall not be commenced until the permit holder or an agent of the permit holder has posted or otherwise made available an inspection record card that allows the building official to conveniently make all required entries regarding inspection of the work. This card shall be maintained and made available by the permit holder until final approval has been granted by the building official.

Subp. 4. **Inspection requests.** The building official shall provide the applicant with policies, procedures, and a timeline for requesting inspections. The person doing the work authorized by a permit shall notify the building official that the work is ready for inspection. The person requesting an

inspection required by the code shall provide access to and means for inspection of the work.

Subp. 5. **Approval required.** Work shall not be done beyond the point indicated in each successive inspection without first obtaining the approval of the building official. The building official, upon notification, shall make the requested inspections and shall either indicate the portion of the construction that is satisfactory as completed or notify the permit holder or an agent of the permit holder of any failures to comply with the code. Any portion that does not comply shall be corrected and the portion shall not be covered or concealed until authorized by the building official.

Subp. 6. **Required inspections.** The building official, upon notification, shall make the inspections in this part. In addition to the inspections identified in this subpart, see applicable rule chapters in part 1300.0050 for specific inspection and testing requirements.

A. Footing inspections shall be made after excavations for footings are complete and any required reinforcing steel is in place. Materials for the foundation shall be on the job, except that concrete need not be on the job if the concrete is ready mixed according to approved nationally recognized standards.

B. Foundations:

(1) Foundation inspections for poured walls shall be made after all forms are in place with any required reinforcing steel and bracing is in place, and prior to pouring concrete.

(2) All foundation walls shall be inspected prior to backfill for specific code requirements.

(3) The foundation inspection shall include excavations for thickened slabs intended for the support of bearing walls, partitions, structural supports, or equipment.

C. Concrete slab and under floor inspections shall be made after in slab or under floor reinforcing steel and building service equipment, conduit, piping accessories, and other ancillary equipment items are in place, but before any concrete is placed or floor sheathing installed, including the subfloor.

D. Rough in inspection of plumbing, mechanical, gas, and electrical systems shall be made before covering or concealment, before fixtures or appliances are set or installed, and before framing inspection.

E. Inspection of framing and masonry construction shall be made after the roof, masonry, framing, firestopping, draftstopping, and bracing are in place and after the plumbing, mechanical, and electrical rough inspections are approved.

F. Energy efficiency inspections shall be made to determine compliance with Minnesota Energy Code requirements.

G. Lath and gypsum board inspections shall be made after lathing and gypsum board, interior and exterior, are in place, but before any plastering is applied or before gypsum board joints and fasteners are taped and finished.

Exception: Gypsum board that is not part of a fire resistive assembly or a shear assembly.

H. Protection of joints and penetrations in fire resistance rated assemblies shall not be concealed from view until inspected and approved.

I. Installation of manufactured homes (mobile homes) shall be made after the installation of the support systems and all utility service connections are in place, but before any covering material or skirting is in place. Evaluation of an approved anchoring system is part of the installation inspection.

J. Fireplaces must be inspected for compliance with applicable requirements of

the code and the manufacturer's installation instructions.

K. A final inspection shall be made for all work for which a permit is issued.

L. Special inspections shall be as required by the code.

M. In addition to the inspections in items A to K, the building official is authorized to make or require other inspections of any construction work to ascertain compliance with the code and other laws that are enforced by the Department of Building Safety.

Subp. 7. **Inspection agencies.** The building official is authorized to accept inspection reports by approved agencies.

1300.0220 CERTIFICATE OF OCCUPANCY.

Subpart 1. **Use and occupancy.** No building or structure shall be used or occupied, and no change in the existing occupancy classification of a building, structure, or portion of a building or structure shall be made until the building official has issued a certificate of occupancy for the building or structure under this part. Issuance of a certificate of occupancy is not approval of a violation of the code or other ordinances of the municipality. Certificates presuming to give authority to violate or cancel the code or other ordinances of the municipality are not valid.

Exception: A municipality has the option of requiring certificates of occupancy for:

- A. "U" occupancies constructed under the International Building Code;
- B. accessory structures constructed under the International Residential Code; or
- C. used manufactured homes moved into or within a jurisdiction.

Subp. 2. **Existing structures.** The legal occupancy of any structure existing on the date of adoption of the code shall be

permitted to continue without change except as specifically required in chapter 1311.

Subp. 3. **Change in use.** Changes in the character or use of an existing structure shall not be made except as specified in chapter 1311.

Subp. 4. **Moved buildings.** Buildings or structures moved into or within a jurisdiction shall comply with the provisions of the code for new buildings or structures.

Exception: A residential building relocated within or into a municipality need not comply with the Minnesota Energy Code or Minnesota Statutes, section 326.371.

Subp. 5. **Certificate issued.** After the building official inspects a building or structure and finds no violations of the code or other laws that are enforced by the Department of Building Safety, the building official shall issue a certificate of occupancy containing the following:

- A. the building permit number;
- B. the address of the structure;
- C. the name and address of the owner;
- D. a statement that the described portion of the structure has been inspected for compliance with the requirements of the code for the occupancy and division of occupancy and the use for which the proposed occupancy is classified;
- E. the name of the building official;
- F. the edition of the code under which the permit was issued;
- G. the use and occupancy classification;
- H. the type of construction;
- I. if an automatic sprinkler system is provided; and
- J. any special stipulations and conditions of the building permit.

Subp. 6. **Temporary occupancy.** The building official is authorized to issue a temporary certificate of occupancy before the completion of the entire work covered by the permit, provided that the portion or portions shall be occupied safely. The building official shall set a time period during which the temporary certificate of occupancy is valid.

Subp. 7. **Revocation.** The building official may issue a written suspension or revocation of a certificate of occupancy issued under the code if the certificate is issued in error or on the basis of incorrect information supplied, or if the building or use of the building, structure, or portion of the building or structure is in violation of any ordinance or regulation or a provision of the code.

1300.0230 BOARD OF APPEALS.

Subpart 1. **Local board of appeals.** In order to hear and decide appeals of orders, decisions, or determinations made by the building official relative to the application and interpretation of this code, there shall be and is hereby created a board of appeals. The building official shall be an ex officio member of said board but shall have no vote on any matter before the board. The board of appeals shall be designated by the governing body. Appeals hearings must occur within ten working days from the date the municipality receives a properly completed application for appeal. If an appeals hearing is not held within this time, the applicant may appeal directly to the State Building Code Appeals Board.

The board shall adopt rules of procedures for conducting its business and shall render all decisions and findings in writing to the appellant with a duplicate copy to the building official and to the state building official within five working days of the decision. For jurisdictions without a board of appeals, the appellant may appeal to an appeals board assembled by the state of Minnesota,

Department of Labor and Industry's Construction Codes and Licensing Division.

Subp. 2. **Qualifications.** The board of appeals shall consist of members who are qualified by experience and training to pass on matters pertaining to building construction and are not employees of the affected jurisdiction.

Subp. 3. **Limitations on authority.** An application for appeal shall be based on a claim that the true intent of this code or the rules legally adopted thereunder have been incorrectly interpreted, the provisions of this code do not fully apply, or an equally good or better form of construction is proposed. The board shall have no authority to waive requirements of this code.

Subp. 4. **Final interpretive authority.** The state building official has final interpretive authority for all codes adopted as part of the code except for the plumbing code when enforced by the Commissioner of Health and the electrical code when enforced by the State Board of Electricity. A request for final interpretation must come from a local or state level building code board of appeals. The procedures for final interpretations by the state building official are as established in Minnesota Statutes, section 16B.63.

1300.0240 DISCLAIMER CLAUSE.

The inclusion of specific requirements relative to the manner of installation of any building or portion of any building or building equipment in one or more parts of the code does not limit this procedure to any particular type of installer or provide a basis upon which determination of the right to perform a procedure shall be made. The authority for this determination is in the various licensing statutes or ordinances for each type of installer who performs the work.

1300.0250 SEVERABILITY.

The invalidity of any provision of the Minnesota State Building Code does not

affect any other provisions of the code that can be given effect without the invalid provision and, to this end, the provisions of the code are declared to be severable.

Personnel Committee

4. 4.

Meeting Date: 05/14/2013**Submitted For:** Jim Way**By:** Jim Way, Police

Title:

Title of the Command Position Created by a Recent Resignation Within the Police Department

Background:

At the regular Council Meeting on April 23, 2013, Council directed staff to begin the process for filling the Police Captain position created by the resignation of Captain Dwyer. The process to fill the command position is currently underway. One item that was not covered at the April 23 meeting was the title of the position to be replaced.

At the time of Captain Dwyer's resignation, the police department had been functioning with two Captains. One of the Captains oversaw the Support Services Area of the department. This area includes the two investigators, a Crime Prevention Specialist, a Community Service Officer, the Office Supervisor and three Police Technicians. The second Captain oversaw the patrol area of the department. This includes the four patrol sergeants and 13 patrol officers. The 15 Reserves and 10 Explores also fall under this area.

Attached to this case is the current Police organizational chart.

Observations/Alternatives:

The police department has been functioning very well under the current format of two Captains. It was very clear who reported to whom and who supervised whom within the department.

An alternative to the current structure would be one Captain and one Lieutenant. The Lieutenant would then report to the Captain who would then report to the Chief. The pro's of this structure would be a slight savings to the City in wages. The con of this structure is that there is not currently a pay structure for a Lieutenant and there is not any space in the current pay structure to add this position. Additionally, this format creates a lineal structure rather than a compound structure in the organization.

Recommendation:

Staff recommends keeping the current command structure that was in place at the time of the Police Captain resignation. The current structure allows the Captains to be trained in both command areas and for a seamless transition to each duty. It would continue with the compound command structure with easy identifiable supervisors of the department.

Funding Source:

Position was budgeted for and a savings will occur because the new commander, whether it is a Captain or Lieutenant, will not be at top of the wage scale. All Sergeants are at the Step 6 or top of the wage scale for that position. They would start at the Step 4 of the Captains position. Attached to this case is the current pay scale for Sergeant and Captain position.

Council Action:

Consensus on title for command position.

Action to be place on May 28 Regular Council Agenda
