Our Water, Our Future:

Resources in the Northeast Metro

A series of community forums on preserving water resources

"Business as usual" is depleting the region's most robust source of groundwater, the Prairie du Chien-Jordan aquifer. Out of sight, but hardly out of mind for residents of the northeast metro, who are getting a first-hand glimpse of the impact of depleting aquifers on surface waters.

Join local officials, the Metropolitan Council, U.S. Geological Survey and Minnesota Department of Natural Resources for the first in a series of community information forums, beginning with a review of groundwater; where it comes from, its relationship to lakes, rivers and streams, what's happening to water supply, and the consequences of inaction.

FOR IMMEDIATE RELEASE

Anoka County Wins National Transparency Award

The Anoka County website, www.anokacounty.us, has won a [Sunny Award](#)! The Sunny Award is presented by the Editors of [Sunshine Review](#) to honor the most transparent government websites in the nation. These outstanding websites have scored an “A+” transparency grade on Sunshine Review’s Transparency Checklist. This year, only 247 of the more than 7,000 government websites ranked by Sunshine Review earned a Sunny Award. Anoka County is the only county in Minnesota to receive the perfect A+ rating.

“We have worked hard to ensure that we are accountable to the taxpayers and transparent about how we use their tax dollars. Providing as much information as possible via our website helps us meet our mission to serve our citizens effectively and efficiently,” according to Anoka County Board Chair Rhonda Sivarajah.

The Sunshine Review uses a 10-point transparency checklist to evaluate the content of every state and local government website. Anoka County was lauded for posting a wide range of content to the county website including a detailed breakdown of the annual budget, audit reports, contact information for elected officials, meeting agendas and minutes, lobbying expenditures, and information about property taxes, permits and licenses, contract bids, and other public records. It can all be found at www.anokacounty.us.

“The Sunny Awards recognize governments that make transparency a priority. The winners of the Sunny Awards are cities, counties, and school districts that proactively share the public information that empowers citizens and keeps government accountable to the people,” said Michael Barnhart, President of Sunshine Review. “We would like to congratulate Anoka County for being a champion for transparency and serving as a leader to every state and local government around the nation.”
