Council Update

The Weekly Update. In an attempt to streamline the Weekly Update process, staff will no longer be using the AgendaQuick program. Because AgendaQuick is geared more toward creating agendas, the process we had to use to do the Update was fairly time consuming. The Weekly Update will still be available on the website through Laserfiche for public viewing. **The change will take place next week.** Brief instructions are as follows: go to the City's website - www.cityoframsey.com, click on Agenda, Minutes & Weekly Update in the far left column of the Home Page (just like you do now), click the link for Archived Agendas, Minutes & Weekly Updates (LaserFiche), click on Weekly Update, 2013, and then the current date. This change will save a few "clicks" for everyone who wants to view the Update as well!

Stoney River Groundbreaking. An incorrect date for the groundbreaking for Stoney River was listed under Mayor/Council/Staff Input on the 9/10 Council agenda. The correct date is Wednesday, September 25, at Lord of Life Church.

Save the Date:

- **167th Avenue Node Future Land Uses** – Thursday, September 26, 2013 – 6:00 – 9:00 p.m. – Alexander Ramsey Room
- **Former Municipal Center Collaborative Process** – Thursday, October 24, 2013 – 6:00 – 9:00 p.m. – Lake Itasca Room
