

2014 Minnesota Statutes

282.01 TAX-FORFEITED LANDS; CLASSIFICATION, SALE

Subd. 1a. Conveyance to public entities.

(a) Upon written request from a state agency or a governmental subdivision of the state, a parcel of unsold tax-forfeited land must be withheld from sale or lease to others for a maximum of six months. The request must be submitted to the county auditor. Upon receipt, the county auditor must withhold the parcel from sale or lease to any other party for six months, and must confirm the starting date of the six-month withholding period to the requesting agency or subdivision. If the request is from a governmental subdivision of the state, the governmental subdivision must pay the maintenance costs incurred by the county during the period the parcel is withheld. The county board may approve a sale or conveyance to the requesting party during the withholding period. A conveyance of the property to the requesting party terminates the withholding period.

A governmental subdivision of the state must not make, and a county auditor must not act upon, a second request to withhold a parcel from sale or lease within 18 months of a previous request for that parcel. A county may reject a request made under this paragraph if the request is made more than 30 days after the county has given notice to the requesting state agency or governmental subdivision of the state that the county intends to sell or otherwise dispose of the property.

(b) Nonconservation tax-forfeited lands may be sold by the county board, for their market value as determined by the county board, to an organized or incorporated governmental subdivision of the state for any public purpose for which the subdivision is authorized to acquire property. When the term "market value" is used in this section, it means an estimate of the full and actual market value of the parcel as determined by the county board, but in making this determination, the board and the persons employed by or under contract with the board in order to perform, conduct, or assist in the determination, are exempt from the licensure requirements of chapter 82B.

(c) Nonconservation tax-forfeited lands may be released from the trust in favor of the taxing districts on application to the county board by a state agency for an authorized use at not less than their market value as determined by the county board.

(d) Nonconservation tax-forfeited lands may be sold by the county board to an organized or incorporated governmental subdivision of the state or state agency for less than their market value if:

- (1) the county board determines that a sale at a reduced price is in the public interest because a reduced price is necessary to provide an incentive to correct the blighted conditions that make the lands undesirable in the open market, or the reduced price will lead to the development of affordable housing; and

(2) the governmental subdivision or state agency has documented its specific plans for correcting the blighted conditions or developing affordable housing, and the specific law or laws that empower it to acquire real property in furtherance of the plans.

If the sale under this paragraph is to a governmental subdivision of the state, the commissioner of revenue must convey the property on behalf of the state by quitclaim deed. If the sale under this paragraph is to a state agency, the commissioner must issue a conveyance document that releases the property from the trust in favor of the taxing districts.

(e) Nonconservation tax-forfeited land held in trust in favor of the taxing districts may be conveyed by the commissioner of revenue in the name of the state to a governmental subdivision for an authorized public use, if an application is submitted to the commissioner which includes a statement of facts as to the use to be made of the tract and the favorable recommendation of the county board. For the purposes of this paragraph, "authorized public use" means a use that allows an indefinite segment of the public to physically use and enjoy the property in numbers appropriate to its size and use, or is for a public service facility.

Authorized public uses as defined in this paragraph are limited to:

- (1) a road, or right-of-way for a road;
- (2) a park that is both available to, and accessible by, the public that contains improvements such as campgrounds, playgrounds, athletic fields, trails, or shelters;
- (3) trails for walking, bicycling, snowmobiling, or other recreational purposes, along with a reasonable amount of surrounding land maintained in its natural state;
- (4) transit facilities for buses, light rail transit, commuter rail or passenger rail, including transit ways, park-and-ride lots, transit stations, maintenance and garage facilities, and other facilities related to a public transit system;
- (5) public beaches or boat launches;
- (6) public parking;
- (7) civic recreation or conference facilities; and
- (8) public service facilities such as fire halls, police stations, lift stations, water towers, sanitation facilities, water treatment facilities, and administrative offices.

No monetary compensation or consideration is required for the conveyance, except as provided in subdivision 1g, but the conveyance is subject to the conditions provided in law, including, but not limited to, the reversion provisions of subdivisions 1c and 1d.

(f) The commissioner of revenue shall convey a parcel of nonconservation tax-forfeited land to a local governmental subdivision of the state by quitclaim deed on behalf of the state upon the favorable recommendation of the county board if the governmental subdivision has certified to the board that prior to forfeiture the subdivision was entitled to the parcel under a

written development agreement or instrument, but the conveyance failed to occur prior to forfeiture. No compensation or consideration is required for, and no conditions attach to, the conveyance.

(g) The commissioner of revenue shall convey a parcel of nonconservation tax-forfeited land to the association of a common interest community by quitclaim deed upon the favorable recommendation of the county board if the association certifies to the board that prior to forfeiture the association was entitled to the parcel under a written agreement, but the conveyance failed to occur prior to forfeiture. **No compensation or consideration is required for, and no conditions attach to, the conveyance.**

(h) Conservation tax-forfeited land may be sold to a governmental subdivision of the state for less than its market value for either: (1) creation or preservation of wetlands; (2) drainage or storage of storm water under a storm water management plan; or (3) preservation, or restoration and preservation, of the land in its natural state. The deed must contain a restrictive covenant limiting the use of the land to one of these purposes for 30 years or until the property is reconveyed back to the state in trust. At any time, the governmental subdivision may reconvey the property to the state in trust for the taxing districts. The deed of reconveyance is subject to approval by the commissioner of revenue. No part of a purchase price determined under this paragraph shall be refunded upon a reconveyance, but the amount paid for a conveyance under this paragraph may be taken into account by the county board when setting the terms of a future sale of the same property to the same governmental subdivision under paragraph (b) or (d). If the lands are unplatted and located outside of an incorporated municipality and the commissioner of natural resources determines there is a mineral use potential, the sale is subject to the approval of the commissioner of natural resources.

(i) A park and recreation board in a city of the first class is a governmental subdivision for the purposes of this section.

(j) Tax-forfeited land held in trust in favor of the taxing districts may be conveyed by the commissioner of revenue in the name of the state to a governmental subdivision for a school forest under section 89.41. An application that includes a statement of facts as to the use to be made of the tract and the favorable recommendation of the county board and the commissioner of natural resources must be submitted to the commissioner of revenue. No monetary compensation or consideration is required for the conveyance, but the conveyance is subject to the conditional use and reversion provisions of subdivisions 1c and 1d, paragraph (e). At any time, the governmental subdivision may reconvey the property back to the state in trust for the taxing districts. The deed of reconveyance is subject to approval by the commissioner of revenue.
