April 7, 2016 Workshop

- Thank you for your time to let residents provide input into the process. It helps just to look at options and know how decisions were made.
- Regarding the development, road traffic and Dobbs counter argument that they can't bring trucks from the back because it would compact the soil, which would make septic unfeasible:
 - You could still have a road and just have all trucks/construction traffic come in thru the one spot versus coming all the way down Bowers Drive. So not the back of each lot, but in thru one access point and that would get them on the road to access the lots from the front.
