PERSONNEL JUSTIFICATION for Reclassifications, New Positions, Additional Hours		Fire Department staffing levels have not increased since 2004. Since that time, there have been increases in calls for service and city growth with the addition of residential/commercial properties. This position will assist with the City's strategic initiative of improving the safety of the community and also gain personnel credit to ultimately lower the ISO classification rating. This position will be responsible for responding to calls for service as a firefighter and conducting code compliance inspections and performing preplanning activities. This position will also be responsible for developing and implementing life safety education programs. This work will include preparing and presenting fire prevention and fire safety education programs, initiating and maintaining partnerships and communications with schools, community groups and businesses; developing brochures and educational materials for public distribution.	Assigned to patrol to continue level of basic services. Based on estimated growth and calls for service. Strategic Goals: Improve & maintain safety of community, create a strong positive image and enhance customer service	This person would be responsible with helping maintain the city's streets, storm sewer infrastructure, and traffic signage. Some of the core responsibilities would include street sweeping, snow plowing, street repairs, and traffic sign fabrication and installation.	The current part-time admin assistant has quickly proven to be a valuable asset to the Engineering Department by showing a strong ability to learn & assist with a wide range of tasks, and to work independently in completing assigned tasks. Increasing the hours for this position from 20 to 40 hours per week will allow more tasks to be delegated to the admin assistant allowing the City Engineer and other Engineering staff to focus on higher priority work such as completing corridor studies on County & State Highways, developing trail and stormwater pond maintenance policies, implementing a city-wide asset management program & promoting on-line bidding through QuestCDN.	This position would replace both the current Recreation Program Intern and the summer park intern position. Duties would include coordination of all Ramsey's recreation programs, the Draw Summer Event series, and Happy Days. Duties would also include assisting the parks department with administrative support tasks.	Assigned to patrol to continue level of basic services. Based on estimated growth and calls for service. Strategic Goals: Improve & maintain safety of community, create a strong positive image and enhance customer service
