

## 2018 Rain Barrel and Compost Bin Sales

There's still time to join RAM and be a host site for the 2018 rain barrel and compost bin sale season. For inquiries or to set up a sale event, contact Beth at [beth@recycleminnesota.org](mailto:beth@recycleminnesota.org) or (651) 641-4589

### Why host a sale?

- Encourages and promotes waste reduction
- Educates residents on waste reduction best management practices
- Closes the loop on recycling by promotion and use of recycled products
- Engage in direct communication with residents of your district
- Offers tangible items to residents of your community

### New products!

This year, in partnership with Recycling Connections, RAM will be selling the Home Composter; bigger than the previously sold Earth Machine.
