

Dear Mr. Anderson,

I received your letter last week regarding the removal of a Deck/Platform/Structure behind my address at 15653 Juniper Ridge Dr NW PID # 24-32-25-11-0022. I have no issue removing the structure in question, however I was wondering if I could have a 60 day extension due to the winter season. It is on a steep snow covered bank. I shoveled it off this weekend and removed over half of the deck boards. Being that it is exposed to the elements, its now covered in ice. I will keep working on it as weather permits.

I will fully comply with the order and I am sorry for any issues it may have caused. Thank you in advance for your consideration.

Sincerely,

David Clossey
