1. City and EDA of Ramsey Business Subsidy Policy

The following business subsidy criteria are intended to satisfy the requirements of Minnesota Statutes, §§116J.993 through 116J.995 (the "Act"). The term "City" means the City of Ramsey. The term "project" means the property with respect to which the business subsidy is provided.

A. MANDATORY CRITERIA

All projects must comply with the following criteria:

1. But For Test. There is a substantial likelihood that the project would not go forward without the business subsidy.
2. Wage Policy. If the project results in the creation of any jobs, the wage for each part-time and full-time job created must be, within two years of the date assistance is received (as defined in the Act), at least equal to 70% of the most recent median wage figure for the Twin City 7 County Metro County as published by the Minnesota Department of Employment and Economic Development or such greater amount as the City may require for a specific project.
3. Economic Feasibility. The recipient must demonstrate to the satisfaction of the City that it has adequate financing for the project and that the project will be completed in a timely fashion.
4. Compliance with Act. The business subsidy from the City must satisfy all requirements of the Act.
5. Minimum Subsidy Amount: Financial assistance in the form of a business subsidy of \$25,000 or more; and business loans and guarantees of \$75,000, must be reported to the Department of Employment and Economic Development. A public hearing is only required if the business subsidy is greater than \$150,000.

B. POLICY

1. The City recognizes that the creation of good paying jobs is a desirable goal which benefits the community. Nevertheless, not all projects assisted with subsidies derive their public purposes and importance solely by virtue of job creation. In addition, the imposition of high job creation requirements and high wage level requirements may be unrealistic and counter-productive in the face of larger economic forces of influence and the financial and competitive circumstances of an individual business. In determining the requirements for a project under consideration for a business subsidy, the determination of the number of jobs to be created and the wage levels therefore will be guided by the following principles and criteria:

- a. The evaluation of projects will take into consideration the project's importance in and benefit to the community from all perspectives, including created or retained jobs.
 - b. If a particular project does not involve the creation of jobs, but is nonetheless found to be worthy of support and subsidy, assistance may be approved without any specific job or wage goals if permitted by applicable law.
 - c. In cases where the objective is the retention of existing jobs, the recipient of the subsidy will be required to provide evidence which demonstrates that the loss of those jobs is specific and demonstrable.
 - d. The setting of wage and job goals will be informed by (i) prevailing wage rates, (ii) local economic conditions, (iii) external economic forces over which neither the City nor the recipient of the subsidy has control, (iv) the financial resources of the recipient and (v) the competitive environment in which the recipient's business exists.
2. Because it is not possible to anticipate all the needs and requirements of every type of project and the ever-changing needs of the community and in order to retain the flexibility necessary to respond to all proposed projects, the City retains the right to approve projects and business subsidies which may vary from the principles and criteria set forth herein.

C. PROJECT EVALUATION CRITERIA

The project review and evaluation criteria are the following:

1. Jobs and Wages
 - a. New Jobs. The minimum net number of direct full time equivalent jobs to be created or retained by the proposed project for a period of at least two years from the estimated benefit date.
 - b. Payroll. The minimum annual net payroll (including employer contributions for health benefits) to be generated at the end of the second anniversary date of the estimated benefit date.
2. Tax Base
 - a. Increase in Tax Base. The net increase in property taxes estimated to be generated by the project in the second full year of operation.

3. Land Use
 - a. Compliance with Comprehensive or Other Plans. Whether, apart from any needed services to the community described in section 5 below, the project is compatible with the comprehensive plan and permitted uses for the property.
 - b. Marginal Property. Whether the project is located on property which needs but is not likely to be developed or redeveloped because of blight or other adverse conditions of the property. For example property may be so blighted that the cost of making land ready for redevelopment exceeds the property's fair market value.
 - c. Design and/or Other Amenities. Whether, as a result of the business subsidy, the project will include design and/or amenity features not otherwise required by law. For example, the project may, at the request of the City, include landscaping, open space, public trails, employee work out facilities or day care facilities which serve a public purpose but are not required by law.
4. Impact on Existing and Future Public Investment
 - a. Utilization of Existing Infrastructure Investment. Whether and to what extent (a) the project will utilize existing public infrastructure capacity and (b) the project will require additional publicly funded infrastructure investments.
 - b. Direct Monetary Return on Public Investment. Arrangements made or to be made for the City to receive a direct monetary return on its investment in the project. For example, the business subsidy may be in the form of an interest bearing loan or may involve a project sharing arrangement.
5. Economic Development
 - a. Leveraged Funds. For every dollar of business subsidy to be provided for the project, the minimum amount of private funds which will be applied towards the capital cost of the project.
 - b. Spin Off Development. The dollar amount of non-subsidized development the project is expected to generate in the surrounding area and the need for and likelihood of such spin off development.

- c. *Growth Potential*. Based on recipient's market studies and plans for expansion, whether and to what extent the project is expected within five years of its completion, be expanded to produce a net increase of full time equivalent jobs and of payroll, over and above the minimum net increase in jobs and payroll described in section 1 above.
6. Quality of Life
 - a. *Community Services*. Whether the project will provide services in the community and the need for such services. For example, the project may provide health services, retail convenience services such as a nearby grocery store, or social services needed in the community.
 - b. *Natural Environment*. Whether the project will add to, or detract from, the environment. It is a reflection of what is important to the community - clean air and water, beautiful scenery, recreational opportunities, and a strong desire to pass along these attributes to future generations.
 7. Other
 - a. *Other Factors*. Depending on the nature of the project, such other factors as the City may deem relevant in evaluating the project and the business subsidy proposed for it.

D. ADDITIONAL CONSIDERATIONS

The City will give consideration to one or more of the issues listed below in determining whether to provide financial or other assistance to a project as a business subsidy:

1. The City may consider the requirements of any other business subsidy received, or to be received, from a grantor other than the City.
2. If the business subsidy is a guaranty, the amount of the business subsidy may be valued at the principal amount of the guaranteed payment obligation.
3. If the business subsidy is real or personal property, the amount of the subsidy will be the fair market value of the property as determined by the City.

4. If the business subsidy is received over time, the City may value the subsidy at its present value using a discount rate equal to an interest rate which the City determines is fair and reasonable under the circumstances.

As used herein "benefit date" means the date the business subsidy is received. If the business subsidy involves the purchase, lease, or donation of physical equipment, then the benefit date occurs when the recipient puts the equipment into service. If the business subsidy is for improvements to property, then the benefit date refers to the earliest date of either: when the improvements are finished for the entire project, or when a business occupies the property.

E. FINANCIAL ASSISTANCE NOT CONSIDERED A BUSINESS SUBSIDY

The following forms of financial assistance are not a business subsidy as per Minnesota Statutes, §§116J.993, Subd.3 and therefore do not require a public hearing:

1. A business subsidy of less than \$150,000;
2. Assistance that is generally available to all businesses or to a general class of similar businesses, such as a line of business, size, location, or similar general criteria;
3. Public improvements to buildings or lands owned by the state or local government that serve a public purpose and do not principally benefit a single business or defined group of businesses at the time the improvements are made;
4. Redevelopment property polluted by contaminants as defined in section [116J.552](#), subdivision 3;
5. Assistance provided for the sole purpose of renovating old or decaying building stock or bringing it up to code and assistance provided for designated historic preservation districts, provided that the assistance is equal to or less than 50 percent of the total cost;
6. Assistance to provide job readiness and training services if the sole purpose of the assistance is to provide those services;
7. Assistance for housing;
8. Assistance for pollution control or abatement, including assistance for a tax increment financing hazardous substance subdistrict as defined under section [469.174](#), subdivision 23;
9. Assistance for energy conservation;
10. Tax reductions resulting from conformity with federal tax law;

11. Workers' compensation and unemployment insurance;
12. Benefits derived from regulation;
13. Indirect benefits derived from assistance to educational institutions;
14. Funds from bonds allocated under chapter 474A, bonds issued to refund outstanding bonds, and bonds issued for the benefit of an organization described in section 501(c)(3) of the Internal Revenue Code of 1986, as amended through December 31, 1999;
15. Assistance for a collaboration between a Minnesota higher education institution and a business;
16. Assistance for a tax increment financing soils condition district as defined under section [469.174](#), subdivision 19;
17. Redevelopment when the recipient's investment in the purchase of the site and in site preparation is 70 percent or more of the assessor's current year's estimated market value;
18. General changes in tax increment financing law and other general tax law changes of a principally technical nature;
19. Federal assistance until the assistance has been repaid to, and reinvested by, the state or local government agency;
20. Funds from dock and wharf bonds issued by a seaway port authority;
21. Business loans and loan guarantees of \$150,000 or less; and
22. Federal loan funds provided through the United States Department of Commerce, Economic Development Administration; and
23. Property tax abatements granted under section 469.1813 to property that is subject to valuation under Minnesota Rules, chapter 8100.

Date of Public Hearing: 1-13-09

2. City and EDA of Ramsey Tax Abatement and Tax Increment Financing Policy

A. PURPOSE

The purpose of this policy is to establish the City's position relative to the use of Tax Abatement (§§469.1812 through §§469.1815) and Tax Increment Financing (§§469.174 through §§469.1799) (TIF), also referred to in this document as the *business assistance programs*, or *business assistance*. This policy shall be used as a guide in the processing and review of applications requesting the use of Tax Abatement and Tax Increment Financing. It is the expressed intent of the City to minimize the risk and amount of business assistance to a project and to leverage its public dollars to maximize private sector funding.

The City is granted the power to utilize the business assistance programs by Minnesota Statutes 2008 as cited. The fundamental purpose of the business assistance programs is to encourage desirable private development or redevelopment within the City that would not occur *but for* the assistance provided. Further information related to the States business assistance programs and links to State Statutes can be found at www.state.mn.us.

The City will approve or reject requests for business assistance on a case by case basis taking into consideration established policies, project criteria, and the project's demonstrated public purpose. Meeting all policy criteria does not guarantee approval of the requested business assistance. The City maintains its ability to approve or deny the request at its discretion.

B. PUBLIC PURPOSE OBJECTIVES

The City will consider the use of business assistance programs which demonstrate the achievement of one or more of the following public purpose objectives:

1. To encourage redevelopment of priority sites within the City as determined by the City Council and EDA.
2. To retain local jobs and/or increase the number and diversity of jobs that offer stable employment and/or attractive wages and benefits.
3. To enhance and/or diversify the City's economic base.
4. To encourage additional unsubsidized private (re)development.
5. To remove blight and/or encourage (re)development of commercial and industrial areas.

6. To assist in creating environmental sustainability.
7. To provide a diversity of family housing and alternative housing choices.
8. To promote neighborhood stabilization and revitalization by the removal of blight and the upgrading of existing housing stock in residential areas.
9. To accomplish other public policies which may be adopted such as the promotion of quality urban or architectural design, energy conservation, and decreasing capital and/or operating costs of local government, or any of the following:
 - Utilization of architectural and landscaping techniques that will enable the components of the project to blend with the natural environment.
 - Mitigation of project impact on the natural environment.

C. POLICY POSITIONS

1. Business assistance shall be provided in a form that minimizes the risk of public participation.
2. Business assistance requests for up-front project financing through the sale of bonds or other internal sources may require personal guarantees of the developer. These requests shall be addressed on a case by case basis.
3. Business assistance shall not be provided for projects requiring land and/or building purchases at prices in excess of fair market value.
4. Business assistance shall not be provided to developers/projects that cannot adequately demonstrate an ability to complete the proposed project on time and on budget.
5. Assistance will be provided based on \$25,000 per qualified job created as referenced in Section 1.A.2 in the Business Subsidy Policy unless a waiver is provided by the City Council.

D. PROJECT REQUIREMENTS

All projects requesting business assistance must demonstrate the following:

1. That the project is not financially feasible but-for the use of Revolving Loan Fund, Tax Abatement or Tax Increment Financing.
2. That the project will comply with all provisions set forth in Minnesota Statute chapters 116j.993 through 116j.995, as amended (Business Subsidies).

3. That the business assistance request complies with all provisions set forth in Minnesota Statutes 2008 chapters 469.1812 through 469.1815 as amended (Tax Abatement), and chapters 469.174 through 469.1799 as amended (Tax Increment Financing).
4. That the project is consistent with the City's comprehensive plan, land use plan, and zoning ordinances.

E. APPLICATION PROCESS

1. Applicant submits a Business Assistance Application (Exhibit A) to the EDA and/or City.
2. Staff reviews the application and completes the Application Review Worksheet (Exhibit B).
3. Staff uses results of the Worksheet to inform the EDA/City.
4. EDA reviews proposal, provides comments, and makes an advisory recommendation to the City Council on denial or approval of the request within 30 days.
5. If advisory approval is granted, staff prepares all necessary notices, resolutions and certificates.
6. City Council holds public hearing(s) on the proposed project to consider the advisory recommendation(s).
7. The City Council grants final approval or denies the request.

C. PUBLIC PURPOSE OBJECTIVES

It is the policy of the City and EDA of Ramsey that the business assistance should result in a public benefit as identified in items 1-10 below. Please indicate how the proposed project will accomplish this by checking the appropriate boxes. **Attach additional narrative as Part 7.**

- 1. To encourage redevelopment.
- 2. To retain local jobs and/or increase the number and diversity of jobs that offer stable employment and/or attractive wages and benefits.
- 3. To enhance and/or diversify the City's economic base.
- 4. To encourage additional unsubsidized private (re)development.
- 5. To remove blight and/or encourage (re)development of commercial and industrial areas.
- 6. To create housing opportunities.
- 7. To provide a diversity of housing.
- 8. To provide a variety of family housing ownership alternatives and housing choices.
- 9. To promote neighborhood stabilization and revitalization by the removal of blight and the upgrading of existing housing stock in residential areas.
- 10. To accomplish other public policies which may be adopted such as the promotion of quality urban or architectural design, energy conservation, and decreasing capital and/or operating costs of local government.
 - Utilization of architectural and landscaping techniques that will enable the components of the project to blend with the natural environment.
 - Mitigation of project impact on the natural environment.

Desiring to purchase land and build a 185,000 sq ft manufacturing building with 50,000 ft. of office, on 40 acres in order to house our entire manufacturing operation as well as engineering and support staff. This will leave us ample land and space to further develop and expand over time. We have planned an additional 50,000 sq ft in future warehouse expansion on the proposed building, but may choose to develop this extra space immediately due to efficiencies in building and costs.

Part 4

We are looking to make an expansion of our business so that we can handle more and larger projects, and continue to hire teams of high-tech and engineering personnel. There are more companies that could take advantage of the advanced automation equipment solutions that we provide. However, it will only be possible for us to make this great investment if we know that there is support from the communities that we are looking to partner with on this relocation. There are options to stay and expand in our current facility, to move into existing warehouse space, etc. that are less expensive options. We have looked at buildings in Coon Rapids on Xeon St, Lino Lakes, and Fridley, and several others that we explored as options. They would all require rework and additions, and the cities' assistance in doing so was not on pace with the proposal of building new in Ramsey and its TIF proposal. We are looking to the future and for potential growth that can come from designing a plant to our needs and have space for future expansion. This Ramsey site allows us to have the greatest growth opportunity. Along with expected volume and revenue growth within an expanded footprint, there will be an increase from our current 125 person team. Our staff, roughly 40% of whom are engineers, will grow significantly with our increased capacity. Our initial estimates show that total combined costs of land acquisition, building, new equipment purchases, and increase in labor, exceeds our current funding by roughly 10 – 15%. This type of expansion project will not be possible without assistance from a City who encourages our presence locally, and shares investment in the economic benefit our company will bring.
