

Board and Commission Recruitment

Current Status: There are currently eight open seats due to terms expiring or resignations. Of those eight seats, four members are seeking reappointment. All four members seeking reappointment are in good standing and recommended for reappointment. The City’s policy for the Recruitment, Application, and Interview Process of Appointing City Board and Commission Members states that incumbents will be allowed to continue to serve until a successor is appointed.

We have received eight applications from individuals that are not currently serving, but would like to be considered for a board or commission.

All applicants have been advised that we will reach out to reschedule interviews when a new date has been determined.
