Re: Termination of City Improvement Project #18-02, HY-10 Street Reconstructions

On Tuesday, October 23, 2018, the Ramsey City Council adopted Resolution #18-218 accepting the Feasibility Report for Improvement Project #18-02, HY-10 Ramsey Street Reconstructions, including Staff's recommendation to shelve the project until it is no longer needed, or until abutting property owners request that the streets be repaired, such as in the form of a petition.

The City strives to allocate resources as cost-effectively as possible by completing the proper improvements at the proper time. Considering the significant potential for re-development of the HY-10 Ramsey development, the City felt it would make the most sense to shelve Improvement Project #18-02 at this time. This effectively means the City will not propose to improve the streets in this development while waiting to determine if re-development will occur.

Even though Improvement Project #18-02 was shelved, the City's Public Works Department plans to repair and/or replace the bituminous pavement in and around the intersection of 147th Avenue and Ferret Street this summer.

This will be the last communication you will receive regarding this terminated improvement project. If you have any questions, please contact me at 763-433-9825 or bwestby@cityoframsey.com.

Sincerely,

Bruce Westby
City Engineer
