During excavation activities on the 2022 Riverdale Drive Trunk Utility Improvements the residential septic tank, located at approximately STA 2+00 on Riverdale Drive, was encountered and it has collapsed. The residential home and septic tank were proposed to be demolished during the subsequent roadway project (SP 02020-121, SAP 199-115-005) later this year. Since this now presents a health and safety risk, the septic tank will be pumped and removed under this contract. Attached is the MPCA Abandonment form for reference.
