

Chapter 26, Article XVI. Tobacco

Definitions:

Tobacco means cigarettes and any product containing, made, or derived from tobacco that is intended for human consumption, whether chewed, smoked, absorbed, dissolved, inhaled, snorted, sniffed, or ingested by any other means, or any component, part, or accessory of a tobacco product including but not limited to cigars; cheroots; stogies; perique; granulated, plug cut, crimp cut, ready rubbed, and other smoking tobacco; snuff; snuff flour; cavendish; plug and twist tobacco; fine cut and other chewing tobaccos; shorts; refuse scraps, clippings, cuttings and sweepings of tobacco; and other kinds and forms of tobacco.

Tobacco-related products means tobacco, tobacco-related devices, electronic delivery devices, and nicotine or lobelia delivery products as defined in this subdivision. "Tobacco-related products" does not include any tobacco product, electronic delivery device, or nicotine or lobelia delivery product that has been approved or certified by the United States Food and Drug Administration for sale as a tobacco-cessation product, as a tobacco-dependence product, or for other medical purposes, and is marketed and sold for such an approved purpose.

Tobacco-related devices means any tobacco product as well as a pipe, rolling papers, or other device intentionally designed or intended to be used in a manner which enables the chewing, sniffing, smoking or inhalation of vapors of tobacco or tobacco products. Tobacco-related devices include components of tobacco-related devices which may be marketed or sold separately.
