

FALL STARWATCH PARTY

Delve into the stories behind the constellations and marvel at celestial wonders through two of Minnesota's largest mobile telescopes, offering close-up views of faraway objects.

Mike Lynch, a retired meteorologist with WCCO Radio and a veteran of over 50 years in astronomy, will guide us through a tour of visible celestial subjects such as the moon, planets, star clusters, galaxies and more. He'll also showcase a telescope-astrophotography system for glimpsing distant galaxies. Mike, an author and columnist, brings unparalleled expertise to this stargazing adventure.

Feel free to bring lawn chairs and blankets for comfort. The event is primarily outdoors, so dress warmly. Indoor facilities are available for restroom access and warming up.

Registration is required.

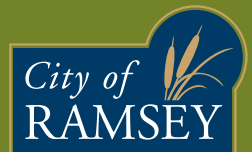

**Saturday, September 20
8:30-10 p.m.**

**Elmcrest Park
16303 Quicksilver St. NW**

Cost: \$12.50 per person

Max Enrollment: 40
