

**COMING  
SOON**

# Central Park Playground Grand Re-opening

The Central Park playground was installed **28 years ago by volunteers**. Since then, thousands of young people have enjoyed it—now these residents can bring their children to the **new, even larger playground** following construction in April.

Come celebrate the **grand reopening** with the Ramsey Parks and Recreation Commission! We will have an evening full of **family friendly fun** such as yard games and food truck eats. Be among the first to explore the new playground and take part in the celebration.

Afterwards, you're invited to stay for the regular **May Parks and Recreation Commission meeting** at the park to hear about the latest in park and trail initiatives and provide your input on a new community art plan.

**Thursday, May 8**

from 5-6:30 p.m.

Loral I Delaney Central Park  
7925 161st Ave NW

The Park and Recreation Commission meeting begins at 6:30 p.m. with Citizen's Input.

**See you there!**
