

Highlights/Animal Care/Maintenance:

-
- A close-up photograph of a pig with dark, wrinkled skin eating from a shallow metal plate placed on the ground. The plate contains a mixture of food, including what appears to be a yellow egg yolk, red pieces of meat or vegetables, and some green herbs. The pig's head is lowered into the plate, and its snout is visible as it eats. The ground is dry and dusty, and a piece of red food is scattered nearby. In the background, a brown mesh fence is visible.
