

Projects Focus

The potholes continue to get repaired with two crews working to fix the problem areas in the streets. Mower crews are also active in keeping the weeds under control. The weed spraying crew is working the right of ways, and when the wind curtails spraying, they are picking up trash, preventing unsightly roadsides and driving hazards. The Alley crew continues to maintain the graveled alleys by leveling out the ruts and adding fresh gravel when needed. The sign crew has been keeping up with faded signs that need to be replaced and helping set up material for special events as needed.
