

Project Focus

The Sign crew has been designing, assembling, and installing 31 signs for the Sunset Road DIET while continuing with the replacement of damaged signs throughout the city, and deploying barricades as well as other equipment where needed. Patch crews continue repairing potholes in problem areas throughout the city. The Spray crew increased spraying medians and rights-of-ways, and picking debris on roadways. The mower crew continues to mow city properties for the spring season. In addition, members of the Streets Department continued to work together on various projects at the RV Lot for the Air Races, clearing a blocked alley piled with tumble weeds, and setting the new signs for the Sunset Road DIET.

2nd St Mill and Fill Sunset to Eastern City Limits

Annual City-Wide Striping

March 2026 Employee Spotlight

The operations of the City of Roswell's crusher operation features a high-capacity crusher producing 100 tons of material per hour, requiring skilled and coordinated equipment operations. This performance is driven by our dedicated Crusher Crew-Francisco Javier (Javi) Marquez, Andrew Quintero, and Jose Vital (pictured left to right) who consistently demonstrate professionalism, technical expertise as well as a strong commitment to safety in every task.

The Street Department as well as other departments rely on these operators to deliver critical materials and provide dependable heavy equipment support for all major city projects.
