Sewer Crew has been using the Vactor to jet rodding the sewer lines on sewer maps to clean and maintain lines in the city. Sewer Crew is maintaining RIAC, Kids Care, Mystec lift stations.

Total of 6 in Department to include (2) Sr. Equipment Operators (3) Equipment Operators. (1) Vacant position Positions requires CDL class B with tank and air brake endorsements.

Sewer crew installed two new 6' manholes at air center RV Park due to new installation of sewer line due to Air Races.

New Construction of Lift station began in March at RIAC lift station.

Kids Care and Mescalero lift station is serviced and maintained on weekly basis to ensure proper functionality.

PLANT OPERATORS

Monthly Plant flow – 100.64 Million Gallons

Plant operator makes daily rounds and verifies and collects data of pumps and motors making adjustments to our aeration basins for blowers to maintain ammonia/nitrates and keep a healthy basin and keep plant operational. WWTP operators conduct daily operations to be vital part of treatment of wastewater for the City of Roswell. Maintenance of the entire Wastewater system completed daily by plant operators.

7/13-15/26 operators dropped Basin#1 through GBT due to maintenance and repairs. 7/14/26 AARC came out and did walk through inspection everything good.

Molzen Corbin came out to locate all gate valves in the waste water system due to new construction of gates.

Groundskeeping and watering of lawns for facility has begun with repairs to sprinkler heads. Mowing, edging and weed eating are continuous for 23 acres.

Daily/Regular maintenance as needed on equipment

Weekly cleaning of irrigation screens.

Solids handling is being accomplished in drying beds to dry sludge. Solids handling is a priority for Class A sludge. Temping and turning sludge piles to release sludge to public after lab analyzed for ecoli.

Currently utilizing Water plant equipment to help move our drying solids and turn sludge piles. Purchase of new John Deere loader ETA in September.

Plant Operators are currently seeking certifications through UOCP (New Mexico Utility Operator Certification Program)

Total Employees 8

(1) Sr Operator

(5) WWTP Operators plant operations
