AMR continues to staff in 3 posting stations, our main Country Club station, RFD station 1, and RFD station 5 staffed and in full operations aiding in efficient response times.

We are proud of our very successful education program and continue training local employees that work and live in the Roswell community. Currently we are sponsoring 3 employees in the paramedic program. **We have 2 that have graduated from the paramedic program and will be testing in January.** To date we have trained nearly 20 employees in successfully advancing their licensure level.

EMD priority dispatching, ProQA has had a large impact on response times. We have received multiple EMS only non-emergent calls for service. **This month we have responded to 187 EMS only calls.**

There was a decrease in total call volume this month, while there was an increase in EMS only responses. In our continued QI process, we continue to see an increase in response times and have reemphasized to our teams the importance of a timely response to all calls for service.

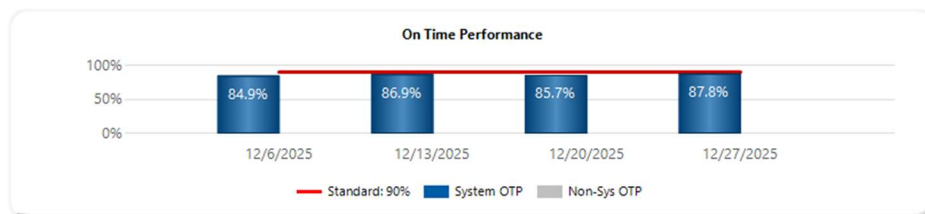

We are seeing the response times become quicker with out of the chute times less than 20 seconds and wheels rolling in under 1 minute.
