ACCOMPLISHMENTS

- Patrol Conducted an emergency shift bid due to an officer going to SID and Officer Candelaria going to training.
- Traffic Officer R. Cardiel started his recon classes.
- Lt. Rhodes and TSU Tech S. Nguyen went to First Responder Mental Health Conference.
- Sgt. Tan Nguyen was recertified in defective tactics.
- Sgt. Best was returned to full-duty status.

PLANS FOR NEXT MONTH

- Patrol is continuing to conduct traffic details in problem areas and intersections.
- Establish a Sergeants promotional list.
- Changes within the RPD

ISSUES AND CONCERNS

- Patrol is working on our fleet due to all Dodge Durangos and Ford Explorers having manufacture issues. I talked with Dodge staff and learned the oil coolers in the Durangos are faulty. Most parts are on hold due to they are issues fixing or replacing parts. Fords are mostly electrical but by manufacturing issues not outfitting. With this in mind, it takes longer to track down the issues.
- One officer and one sergeant have their applications out to the oilfield.
- Sgt. Cavin is still out on military and one officer on FMLA. I had a Traffic Officer leave to NMSP; that hurt our traffic unit due to he was certified reconstruction. This takes that unit down to one officer and one sergeant when there should be four officers in this unit.
- Patrol is still losing officers to other departments for pay. Losing them to oilfield due to pay and to promotions. Patrol is now down to only 31 Patrol Officers and not growing. Even with the possibility of eight officers graduating, with promotions and losses we will see little to no growth on Patrol. We have a possibility of three officers coming back to RPD and two going to Patrol.
- Patrol fleet is holding for what we have for now, but when the eight get out of the academy will have a major issue with getting them vehicles and even if we do have vehicles, we will have no spares.

SWAT

Training:

Operator and TEMS training was conducted Thursday, February 12. Four members of Ruidoso PD attended to conduct joint training. Classroom was conducted at the SWAT building on hostage rescue, immediate action, and arrest teams. Live-fire range drills were done in the afternoon specific to hostage rescue. PT was conducted at the range.

Training for Operators, Trailers, TEMS, and Snipers was conducted on Thursday, February 26. We conducted PT at the Wool Bowl. We did the old SWAT PT test for PT. We then covered sniper-initiated hostage rescue tactics in the classroom at the SWAT building. We then went to the range and conducted live-fire sniper-initiated entries. This was the last portion of our hostage-rescue block which has gone on since January.

Callouts:

The team responded to one request for SWAT this month.

On February 4, the SWAT team was utilized in a multi-agency operation led by DEA. We coordinated with DEA, HSI, USMS, and NMSP in an effort to serve three federal search warrants and three federal arrest warrants. We were assigned to clear the residence and arrest the main target of the operation at 2309 N. Garden Ave. We did a pre-briefing and rehearsal February 3 and conducted the operation starting at 0500 on February 4. We utilized the drone with IR and a DEA air asset during the operation. At 0600 Operators Trong Nguyen and Bryan Barela breached the front gate under night vision which allowed us to pull all the way into the driveway with the PitBull. Callouts and announcements were conducted and the target was taken into custody without incident. Throughout all the search warrants DEA recovered approximately a pound of cocaine, two pounds of methamphetamine, several firearms, and arrested all three targets. The operation was a great opportunity for our newer team members to see advanced operational planning and multi-agency coordination.

Plans for Next Month:

Operators Willis, Barela, Franklin and Gamboa will be attending SWAT school March 2-6. SWAT tryouts will be for both Operator and Trailer positions March 11 and 12.

Equipment Update:

Same equipment status as last month. We are still down one sniper rifle from the E. 6th OIS. Agent Wentland received his replacement rifle from Sons of Liberty Gun Works after his rifle was seized. As equipment is being moved to the SWAT building, lapses have been found in our equipment with expired or outdated items. Purchase requests were sent through chain of command for gas mask filters (need), rifle rated shields (need), a new pole camera (want), 9 banger distraction devices (want), and a wallbanger (want). We currently have no gas mask filters or rifle-rated shields.

Issues and Concerns:

We are currently down one Operator position from Agt. Dollar leaving to HSI. We are expected to lose two more Operators within the month with Lt. Mahone's retirement and Sgt. Jefferson expected to leave. We currently have two trailer openings as well. We are not in a rush to fill these positions and will continue to hold the standards we have set.

Wednesday 2-4-2026

Det. Barrientos was called out to 802 El Dora for a shooting. Robert Lopez Jr. had shot his father Robert Lopez Sr. Sr. was attacking Jr.'s girlfriend and Jr. intervened. There was a size disparity between Sr. and Jr., as well as a history of violence. The shooting appears to be justified by self-defense. The case has been submitted to the DA's office for review, there were no arrests made in relation to the shooting on the night it occurred.

Det. Franklin was assigned a very complex identity theft/fraud case. An unknown female, later identified properly to be Maria Avila, had been living under the false name "Beatriz Bustamante" for at least the last 23 years.
