

Predictable is Preventable®

## **SUMMARY OF THE UNIQUE FEATURES OF THE LEXIPOL SYSTEM**

Lexipol is America's leading provider of risk management services and resources for public safety organizations, delivering its services through a unique, web-based development system with an integrated training component. Lexipol has helped public safety agencies reduce risk and stay ahead of litigation trends, while communicating clear and concise policy guidance to their employees. Additionally, Lexipol has established a unique set of risk management tools for public safety organizations by integrating agency-specific, customized policy manuals with the Daily Training Bulletin service accessed through a web browser. The comprehensive Lexipol service is not available through any other public or private resources or organizations.

The program is unique in several ways, and there is no other system that offers the following integration in one package:

1. Online (software-as-a-service) policy manual content, document management, training content and testing through web-based proprietary system tools.
2. Regular and urgent updates to content via web-based tools.
3. Daily Training Bulletins (DTBs) that are based on realistic scenarios and written by public safety personnel, including online and real-time testing modules.
4. Archiving of all versions of the agency's policy manual, as well as capturing of user electronic signatures that acknowledge policy updates and Daily Training Bulletin records and test results.
5. Linking between the Daily Training Bulletins and policy sections to which the DTB applies.
6. Robust reporting features, including exception reporting with export to MS Excel capabilities.
7. Contemporary policy content that may be modified by the agency via proprietary online tools, thus reducing policy development time significantly.

## **ADDITIONAL FEATURES INCLUDE:**

**Proprietary System and Software Tools:** Over 150 core policies based on federal standards and case law, state statutes and case law, regulatory actions and law enforcement best practices. The client agency has full editing capability to customize the manual to reflect the agency's mission and philosophy.

**Updates:** Lexipol provides regular semi-annual electronic and interactive updates in response to legislative mandates, case law and evolution in best practices. It also provides client alerts and urgent updates in response to precedent-setting court decisions or events that call for immediate changes to policy.

**Policy Training:** The integrated Daily Training Bulletin component is a customized, scenario-based daily training program that links directly to the policy manual and is accessed online via a web browser. DTB records are also archived for easy retrieval.

**Adaptability:** Our clients range from small agencies to large agencies with more than 3,500 sworn personnel, including municipal police departments, county sheriff offices, county district attorneys, port police, probation departments, school district and university police, tribal police, fire departments and a diverse group of state regulatory agencies.

**Scale:** More than 1,600 public safety agencies with 100,000 officers or deputies in 16 states use the Lexipol system. Our subscriber base is one of the largest private networks of law enforcement policy collaborators in the nation.

**Archiving:** Each version of the agency's policy manual is archived on the Lexipol servers, which allows for easy retrieval by the agency. This is an invaluable resource in defense litigation or personnel matters that call for authenticated copies of policy or training records years after an incident.
