Ms. Cisneros,

Thank you for the opportunity to submit a proposal to provide security services to your 4th of July celebration event. We will provide quality trained personnel to provide security, guest services, crowd management, and a welcoming atmosphere for your patrons and guests.

With consideration of the job duties and expectations we propose the following holiday rates:

Account Manager	\$845.00 Flat rate
Security Officer Supervisor	\$24.28 per hour
Security Officer	\$21.25 per hour
General Service Rep Supervisor	\$18.35 per hour
General Service Rep	\$18.21 per hour

All contracts, regardless of length, should reflect the following mutual understanding between City of San Luis and Arizona Veteran Security:

1. All shifts shall be compensated at the proposed rate, per person-hour, with a minimum of four (4) hours per staff requested.
2. Arizona Veteran Security is responsible for the hiring, training and supervision of all security officers assigned to client's location.
3. Arizona Veteran Security shall maintain general liability insurance in the amount of two million dollars during the length of any agreement.
4. City of San Luis and Arizona Veteran Security Management will agree to payment terms that are beneficial to both parties.

Arizona Veteran Security is looking to form partnerships that are beneficial to both companies. We will assist you with accomplishing your business goals by providing personnel and services that fit your business needs. You have direct access to myself and any designated supervisor which enables you to make immediate business decisions to insure that we are providing the service you expect.

I look forward in hearing from you.
