Hello Gunny,

Thanks again for the quote.

Could you provide me with an estimate of what the "plus fees" would be?

Martha,

I was able to submit for bid assistance for this 2018 Model your price after \$10,000 rebate will be \$29,800 plus fees.

Thank you

Gunny

Hello Gunny,

Earlier this year I requested a quote for a work truck from you.

Attached is what you sent us.

We are getting ready to purchase a truck for our department soon.

Can you please provide me with an updated quote?

Thank you,

Martha,

I have no way to know what the rebates will be on 2018 model but will try to give good estimate.

The Bid assistance is not yet available but on this truck 2017 model the rebate is \$9500

I think it will be at least \$5000 so this truck would be about \$38,000 out the door.

Thank you
