Currentness

A. A municipality, by resolution or ordinance, may enter into development agreements relating to property in the municipality and to property located outside the incorporated area of the municipality. If the development agreement relates to property located outside the incorporated area of the municipality, the development agreement does not become operative unless annexation proceedings to annex the property to the municipality are completed within the period of time specified by the development agreement or any extension of such time.

B. A development agreement shall be consistent with the municipality's general plan or specific plan, if any, as defined in § 9-461, applicable to the property on the date the development agreement is executed.

C. A development agreement may be amended, or cancelled in whole or in part, by mutual consent of the parties to the development agreement or by their successors in interest or assigns.

D. No later than ten days after a municipality enters into a development agreement, the municipality shall record a copy of the agreement with the county recorder of the county in which the property subject to the development agreement is located, and the recordation constitutes notice of the development agreement to all persons. The burdens of the development agreement are binding on, and the benefits of the development agreement inure to, the parties to the agreement and to all their successors in interest and assigns.

E. Section 32-2181 does not apply to development agreements under this section.

F.
