Police

Customer Service Award

Enrique Luna, Senior Center

Mr. Enrique Luna is the recipient of the customer service award due to the great customer service that he has displayed throughout his 19 years of employment with the City of San Luis. Enrique has a lot of exposure to the community and with seniors of our community. He displays great customer service not only for our internal customers at the senior center but also with WACOG staff and outside providers such as the Yuma Community Food Bank. Enrique is always willing to give a helping hand and is highly deserving of the customer service award.

Achievement Award

Yolanda Dueñas, *Facilities*

Recently, Yolanda took it upon herself to research and implement a maintenance process for generators for Police, Fire and our Yuma Regional Communication Systems IT room located in the Public Works Yard. These three generators are the power backups for our public safety departments and communication systems. These are crucial systems that have been overlooked in the past and would like to present Yolanda with the Achievement Award for her time and dedication in ensuring these systems are getting the routine maintenance they require. Thanks to her involvement, it was discovered that one of the generators was not operational and she immediately took action to ensure it got repaired.

Award of Excellence

Communications Division

The Award of Excellence goes to the Communications Division. These men and women dispatch all emergency responders to the scene and talk directly to the people who call asking for help. Often they are overlooked because they are not the ones riding to the scene but they are critical in emergency situations. When assisting over the phone, dispatchers take calls with a calm and reassuring voice, all while crucial information is being provided to those responding.

We are very fortunate to have such dedicated and professional dispatchers who recently have dealt with very stressful situations. It takes a special person with unique skills. We admire you, and thank you for the job you do.

Safety Award

Facilities Division

It is with great pleasure to present Facilities with the Safety Award this 3rd Quarter. In addition to performing their job at an exemplary level, the Facilities Division demonstrates an extraordinary commitment to making sure that all City buildings are maintained and always keeping safety in mind.

Facilities has demonstrated exemplary performance above and beyond the scope of assigned responsibilities and has brought about significant change to safety by utilizing and applying City safety practices and procedures, as well as bringing in a positive change to our safety culture.

Thank you Facilities for your dedication and hard work!

Employee of the Quarter

Omar Angulo, *Police*

Mr. Omar Angulo is the recipient of the Employee of the 3rd Quarter award. Omar began working with the Police Department as Transit Enforcement Officer in May of this year, and staff immediately recognized that every interaction that he has with colleagues or the public is infused with enthusiasm and dedication.

People make the difference and one of those people is Omar. Let us be grateful for the people who make us smile, and the people we can count on to get the job done. His hard work and creativity is appreciated by all.
