6. SUMMARY OF CURRENT EVENTS

Mayor Gerardo Sanchez reported that this afternoon the Congressional Delegation voted unanimously to support the \$147 million that are destined for the Port of Entry. If this occurs, there should be a functional Port of Entry in two (2) to three (3) years. The City of San Luis will not stop until it is guaranteed. On a separate note, he added that he met today with the city's interns from Arizona State University. It feels good to have this internship program to assist these students in gaining experience. He hopes that this program continues for years to come and is very impressed with the quality of the community's students taking advantage of it for future jobs. He also thanked the Parks & Recreation Department and those involved for the 4th of July festivities which was organized in three (3) weeks.

Council Member Matias Rosales thanked Economic Development and Public Works for their hard work in organizing the packet for the application of a grant for the Cesar Chavez Boulevard expansion project.

Vice Mayor Africa Luna-Carrasco reported she attended the Library Board meeting and they applied for a grant for hotspots and the San Luis Branch will partake if granted. She added that they were approached by Yuma Police Department to have a substation at the Main Library and are looking into the possibility of achieving this. This is something that could probably occur with the City of San Luis Police Department in the east side of San Luis in the future as it is growing rapidly. She mentioned that she has participated at the Congressional meetings and both Mayor Gerardo Sanchez and Council Member Matias Rosales have done a great job in taking the lead for the Port of Entry project.

Council Member Gloria Torres reported that two (2) weeks ago, she attended the Western Arizona Council of Governments (WACOG) Board meeting and they approved CDBG funds for \$626,000.00 for San Luis and believes it will be used for streets.

Council Member Jose Ponce reported he has been participating in community meetings and seminars with Campesinos Sin Fronteras.

7. CALL TO THE PUBLIC

Ms. Beatriz Arroyo, resident, stated that the Mayor spoke about jobs for the youth, and asked what about people her age who can only find a job in the fields. Due to the COVID-19 pandemic it was difficult to find a job even in the fields because they did not want any female employee. She became unemployed and has applied at local stores in San Luis as she does not have a reliable means of transportation to Yuma. She added that it is sad to see that local stores only hire people from San Luis Rio Colorado, Sonora and asked why they do not give the opportunity to local residents. She stated that some do not get hire because they are females, aged and do not speak English. She believes this is something the Mayor and City Council should take into account.

Mayor Gerardo Sanchez said the city will check into what can get be done, however legally they are entitle to hire whom they wish, unless they receive an incentive then that is when they are required that they have to hire locally.

Ms. Sharon Arroyo, resident, stated that her concern is the long lines to cross, she added that it is difficult for her to get to her house and that the traffic police officers are a mess as they do not know what to do; the 18-wheelers are stuck there. She does not know what the city is doing about this. The roundabouts on Main Street are not working out as they are closed.
